WHAT IS OUR MISSION STATEMENT?

It is the mission of the Bakersfield College Department of Public Safety to serve the campus community, safeguard lives and property, and maintain an environment in which learning can take place. To fulfill this mission, the Department of Public Safety provides a variety of public safety services for students, faculty and the community.

The Department of Public Safety is staffed by state-certified Officers. Public Safety Officers patrol the campus on foot and bicycles as well as vehicles providing security and enforcing parking regulations of the Kern Community College District.

Public Safety services include crime prevention, lost and found property control, emergency/disaster management, crime and accident reporting, parking control, and security escort services.

REPORTING CRIMES

Bakersfield College encourages victims of crimes to report incidents immediately to the Department of Public Safety regardless of how insignificant the crime may appear. To report a crime, a victim or witness need only call 395-4554 or 395-4555.

A Public Safety Officer will respond as quickly as possible to take the information and investigate the incident. College administrators receive reports about crimes and incidents on a regular basis.

ACTUAL CRIME AT BAKERSFIELD COLLEGE

The Bakersfield College crime rate is not extensive, however, like any other community there are incidents the community, students, faculty and employees need to know and be aware. The following chart illustrates the actual number of crimes reported to Bakersfield College Department of Public Safety in the past three calendar years.

CRIME STATISTICS COMPARISON

Bakersfield College Department of Public Safety patrols four campuses; the main campus at 1801 Panorama Dr., a residential neighborhood, the Weill Institute located in the downtown business section at 2100 Chester Ave., a satellite program being held at Stockdale High School at 2800 Buena Vista Rd., and the Bakersfield College Delano Campus at 1450 Timmons Ave in Delano California, both located in residential areas.

Numbers in the three-year comparison shown in this booklet are based on reports completed by Bakersfield College Department of Public Safety and cover the calendar year from January 1 to December 31. The figures represent the number of investigations and completed reports for the criminal activities listed.

CRIME PREVENTION

Bakersfield College has taken steps to prevent crime. These efforts include:

- 24-hour patrols – includes walking patrols and bicycle patrol by Public Safety Officers
- Easy access emergency "Code Blue" telephones which call directly to 395-4554 or 395-4555.
- Public Safety Officers are dispatched by the Departments base radio.
- Burglar alarms in key areas.
- Escort service for students, faculty and employees upon request
- Campus Camera System - CCTV
- Cadet Program

Bakersfield College continues to increase efforts to prevent crime. We have improved our night lighting in areas that have student traffic after dark. There will be several Public Safety Officers on foot that will give quick accessibility to trouble areas. A cadet program is established to assist in providing a safer environment for the college community, and at the same time a professional service to students, faculty members, staff and visitors.

Each student, faculty member and employee plays a key role in efforts to prevent crime on campus. Be cautious, careful and alert to reduce the risk of theft or incidents that might compromise your safety.
It is an unfortunate fact that criminal incidents of all types occur on college campuses. Bakersfield College Public Safety Department will make public the nature of crimes and how frequently they occur. Bakersfield College follows this practice because we believe that reporting this information to the public increases community awareness of the importance of taking steps to prevent criminal activity.

BAKERSFIELD COLLEGE SEXUAL ASSAULT POLICY

Per Education Code 67385

Bakersfield College recognizes that sexual assault is a very serious issue, and will not tolerate acts of sexual assault on campus or at any College sanctioned event. Sexual assault includes, but is not limited to, rape, sodomy, oral copulation, and penetration with a foreign object, sexual battery, or threat of sexual assault. The College and the Bakersfield Police Department will investigate all allegations of sexual assault with cooperation and consent of the victim. In addition, the College will also make provisions to assist the victim in securing support services, including medical aid and counseling services through our strategic partners listed below. Victims of sexual assault are entitled to change academic schedules or classes if so requested and if such changes are reasonably available. **The identity of victims of sexual assault can be made confidential pursuant to California Penal Code Section 293.**

In all cases of sexual assault, we recommend collaboration with the Bakersfield Police Department to seek criminal charges, make arrest, and/or seek and emergency protective order. Furthermore, victims have the option of filing civil suits to recover damages resulting from the sexual assault. Disciplinary proceedings at the College will be administered by the Vice President of Learning Services or his/her designee in accordance with the Bakersfield College policy on Student Conduct and Due Process. Both the victim and the suspect are afforded equal opportunity to have others present during a campus disciplinary proceeding and each will be informed of the outcome. Students found culpable for sexual assault may be arrested, expelled, suspended, placed on probation or given a lesser sanction for good cause, depending on the gravity of the offense and consistent with due process procedures.

If you become a victim of sexual assault, on or off campus, do the following:

- **Get to a safe place --- Call 911 to contact Emergency Personnel or request Medical Aid**

CLEARY ACT

AND

CODE OF FEDERAL REGULATIONS

TITLE 34, VOLUME 3, PAGE 476 CFR # 2 (B) SECTION 4 (I)

Authority of Public Safety Officers

Bakersfield College Public Safety officers have been granted administrative authority by the Board of Trustees and College President to investigate, apprehend, and arrest anyone involved in illegal acts on campus. If a student commits minor offenses involving District or College rules and regulations, the Department of Public Safety may refer the individual to the Dean of Students, located in Campus Center # 4. Other more serious offenses of District or College rules and regulations may also be investigated and handled by the Department of Public Safety.

What is the Cleary Act?

The **Jeanne Cleary Disclosure of Campus Security Policy and Campus Crime Statistics Act**, codified at 20 USC 1092 (f) as a part of the **Higher Education Act of 1965**, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private intuitions of postsecondary education participating in federal student aid programs are subject to it. Violators can be "fined" up to $27,500 by the U.S. Department of Education, the agency charged with enforcement of the Act and where complaints of alleged violations should be made, or face other enforcement action.

The Cleary Act, originally enacted by the Congress and signed into law by President George Bush in 1990 as the **Crime Awareness and Campus Security Act of 1990**, was championed by Howard & Connie Cleary after their daughter Jeanne was murdered at Lehigh University in 1986. They also founded the non-profit Security of Campus, Inc. in 1987. Amendments to the Act in 1998 renamed it in memory of Jeanne Cleary.

Annual Report

Schools have to publish an annual report every year by October 1st that contains 3 years worth of campus crime statistics and certain security policy statements including sexual assault policies which assure basic victims' right, the law enforcement authority of campus police and where students should go to report crimes. The report is to be made available automatically to all current students and employees while prospective students and employees are to be notified of its existence and afforded and opportunity to request a copy. Schools can comply using the Internet so long as the required recipients are notified and provided the exact Internet address where the report can be found and paper copies are available upon request. A copy of the statistics must also be provided to the U.S. Department of Education.

Crime Statistics

Each school must disclose crime statistics for the campus, unobstructed public areas immediately adjacent to or running through the campus, and certain non-campus facilities including Greek housing and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other school officials who have "significant responsibility for student and campus activities" such as student judicial affairs directors. Professional mental health and religious counselors are exempt from reporting obligation, but may refer patients to a confidential reporting system which the school has to indicate whether or not it has.

Crimes are reported in the following 7 major categories, with several sub-categories: 1. Criminal Homicide broken down by a.) Murder and Non-negligent Manslaughter and b.) Negligent Manslaughter. 2. Sex Offenses broken down by a.) Forcible Sex Offenses (includes rape) and b.) Non-forcible Sex Offenses; 3. Robbery 4. Aggravated Assault; 5. Burglary; 6. Motor Vehicle Theft; and 7. Arson.

Schools are also required to report the following three types of incidents if they result in either and arrest or

disciplinary referral:1. Liquor Law Violations; 2. Drug Law Violations; and 3. Illegal Weapons Possession. If both an arrest and referral are made only the arrest is counted.

The statistics are also broken down geographically into “on campus,” “Residential facilities for students on campus, “non-campus buildings, or “on public property” such as streets and sidewalks. Schools can use a map to denote these areas. The report must also indicate it any of the reported incidents, or any other crime involving bodily injury, was a “hate crime.”

Access to Timely Information
Schools are also required to provide “timely warnings” and a separate more extensive public crime log. It is these requirements which are most likely to affect the day to day lives of students. The timely warning requirement is somewhat subjective and is only triggered when the school considers a crime to pose an ongoing “threat to students and employees: while the log records all incidents reported to the campus police or security department.

Timely warnings cover a broader source of reports (campus police or security, other campus officials, and off-campus law enforcement) than the crime log but are linked to those crime categories required in the annual report. The crime log includes only incidents reported to the campus police or security department, but covers all crimes not just those required in the annual report, meaning crimes like theft are included in the log. State crime definitions may be used.

Schools that maintain a police or security department are required to disclose in the public crime log “any crime that occurred on campus…or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department.” The log is required to include the “nature, date, time, and general location of each crime” as well as its disposition if known. Incidents are to be included within two business days but certain limited information may be withheld to protect victim confidentiality, ensure the integrity of ongoing investigations, or to keep a suspect from fleeing. Only the most limited information necessary may be withheld and even then it must be released “once the adverse effect…is no longer likely to occur.”

The log must be publicly available during normal business hours. This means that in addition to students and employees the general public such as parents or members of the local press may access it. Logs remain open for 60 days and subsequently must be available within 2 business day of a request.

All criminal offenses such as murder, rape, assault, robbery and auto theft are reported to the Bakersfield Police Department and joint investigative efforts with investigators from the College and the Police Department may be deployed to solve these serious felony crimes. The prosecution of all criminal offenses, both felony and misdemeanor, are conducted at the Superior Court of Kern County.

MEGAN'S LAW

'Megan's Law'

In 1994, seven year old Megan Kanka was tricked into Jesse Timmendequas' house in Hamilton Township, New Jersey. Jesse Timmendequas, the neighbor, was a convicted sex offender with two prior convictions for sexual abuse of a child, but no one in the neighborhood knew that. Once Megan was inside, Timmendequas raped and murdered her. Eventually, Timmendequas was convicted for the murder of Megan Kanka.

Following the death of Megan a grass roots movement led to the removal of the prohibition of law enforcement notifying the public of the presence of serious and high-risk sex offenders living in their community. On May 17, 1996, President Clinton signed the Federal "Megan's Law". This law permitted law enforcement to release relevant information to protect the public from sexually violent offenders.

For the past fifty plus years California has maintained a record of those individuals convicted of sexually related crimes. In 1995 California instituted the Child Molester Identification Line, which was expanded in 1996 with the passage of California's Megan's Law. This law, allows for the first time, public access to information on serious and high-risk sex offenders.

In California sexual offenders are classified by the Department of Justice into one of three sexual offender categories, **High Risk**, **Serious**, or **Other**. The criteria for each of the categories are defined in the California Penal Code.

In summation, a High-Risk registrant is a Serious sex offender who has been convicted of a combination of offenses including a violent sex offense and other crimes. High-Risk status must be determined and verified by the Department of Justice. Generally, these "High-Risk" sex registrants pose a greater threat of re-offending based on their prior criminal acts.

A Serious Sex Offender is required to register with law enforcement if they have been convicted of:

- Assault with intent to commit specified sex offenses
- Rape
- Sodomy
- Lewd and lascivious conduct with a child or dependent adult
- Oral copulation
- Continuous sexual abuse of a child
- Foreign object penetration
- Child molestation
- Kidnapping with intent to commit specified sex offenses
- Felony sexual battery
- Felony enticement of a child for purposes of prostitution
- Abduction of a child for purposes of prostitution

The Other sexual offender categories consist of persons convicted of possession of pornography, spousal rape, indecent exposure, or misdemeanor sexual battery - OR - juveniles adjudicated in juvenile court. Persons falling within the Other category are NOT subject to public disclosure.

For a complete list of all crimes which require registration go to the California Department Justice page at http://caag.state.ca.us/registration/soffenses.htm

The law is not intended to punish the offender and specifically prohibits using the information to harass or commit any crime against the offender. It recognizes that public safety is best served when registered sex offenders are not concealing their location.

It is imperative that pro-active efforts are taken by each citizen to educate and protect themselves and loved ones against crime. The Attorney General now provides the public with Internet access to detailed information on registered sex offenders.

This expanded access allows the public for the first time to use their personal computers to view information on sex offenders required to register with local law enforcement under California's Megan's Law.

The Department of Public Safety encourages all Staff and Students to educate themselves on registered sex offenders in there area. Please visit the California Department of Justice listing at http://www.meganslaw.ca.gov/
