College Council is a collegial consultative body designed to serve the good of the College. The group facilitates timely, factual, and clear communication between constituents and the President as a means to develop recommendations to the President for decisions on collegewide matters, particularly on college goals, planning, budget, facilities, accreditation, and the Decision-Making Document.

Members of the council represent the four constituency bodies at the college: students, faculty, classified staff, and management.

This page will serve as the jumping off point to other resources available at various places on the campus/district network.
