RENEGADES-TARTAR CLASH SATURDAY NITE

JAYSEE TO BATTLE VISALIA ELEVEN

Only Conference Game to be
Played on Home Field
This Season

By WILLIAM DAVIES

COMING ATTRACTION

Griffith Field Opera House
Presents

Theo Harder's Four Act Play,
"All's Quiet on the Players' Bench"

Featuring

A complete change of characters
Saturday 7:30 p. m. One performance.
Positively not a motion picture.

With "Spud" Harder casting nine freshmen in the leading roles for Saturday night's Visalia-Jaysee performance, a record crowd is expected to witness the only Renegade home conference engagement of the season.

To serve notice to Visalia and all those with designs on Bakersfield Jaysee's private property—the valley title—the boys are rehearsing their act daily under the personal direction of Coaches Harder and Peterson. The Renegade mentors hope to hang the "No Trespassing" sign over the Maroon and White goal line.

Caressing the pigskin with a loving touch, the yearling backfield should give the invaders a few pointers on "Touchdown Technique." Lewis, Stanley, Alston and Kriem show more than a football uniform. Kriem, at full, has a different slant on things—he's a portsider, a southpaw. If Visalia is going to be pawed over at all, why not in the good old southern fashion.

It's hard to find anything wrong with Peterson's line. With patience and personal instruction, the wall has grown from a mere boulevard stop into a massive candelabra cactus. When the ball carriers sight Ransome and Findley, they usually detour. Moral: Remember how Mount Vesuvius hit Naples!

The cash customers who shield the concrete slabs of Griffith Field Saturday night against the moderate westerly wind will witness a well-groomed Visalia aggregation running plays from Carlisle Indian formation. The invaders' attack is formed around Gould, captain and quarter. He is head and shoulders above his teammate in both offensive and defensive work. Carrying the brunt of Visalia's scoring threat, the northern hopes depend largely on the reception Gould receives on his jaunts with the ball. The passing combination, Gould to

RENEGADE RIP POSSIBLE BI-MONTHLY IF STUDENTS CHOOSE TO SHARE ORACLE

This time it isn't whether it's "to be or not to be", but rather whether it's "to be this or that". The proposition is:

The Bakersfield Junior College Student Body should devote the money set aside for school publications to the publication of a year book, rather than the school paper, the Renegade Rip.

We can't have both! It is EITHER the bi-monthly paper and the usual Renegade section in the High School "Oracle", OR a separate year book, exclusively for Junior College.

This is a question which concerns EVERY student in Junior College. Our action will set the precedent to be followed by students for several years to come. We must decide NOW, so put a little thought on it, make up your mind, and VOTE.

Friday, October 10, is the date set for the special election; the polls will be open from 8 until 3. It's up to YOU!

New Forensic Coach Now Planning Early Debate Activities

TYPE OF MATERIAL WILL HOLD
DEBATE INTEREST, SAYS
COACH

Tryouts for the Junior College debate squad will be held Friday, October 17. Everyone interested should sign up with Mr. Clemenson in J. C. 204-5 as soon as possible. A general meeting of all contestants was held last Friday afternoon. Instructions were given on briefing, preparing and organizing speeches. A probable question for debates was voted on for try-outs.

Prospects for success look very bright this year with four debaters from last year's squad and several star high school speakers on the list. Previous experience is not necessary, however, for one to try out for the squad. Ten or twelve debaters must be chosen for the test, thus giving everyone a chance. Those who were unable to attend this meeting are urged to see Mr. Clemenson and receive individual instruction.

McCain, is another matter that may need personal attention.

Coach Harder announces his starting line-up as follows: Bruce and Dalbom, ends; Findley and Mitchell, tackles; Chenoweth and Ransome, guards; Maderias or Wooding, center; Lewis, quarter; Alston and Stanley, halves, and Friem, full.

To alternate with that combination in case of injury or substitution, nine other frosh—Tener, Smith, Roe, Usery, Baker, Van Osdel, Guthrie, Higginbotham and Stockel—will be ready for duty.

Anyway, it's 50-50 or FIGHT.

Snappy Programs to Feature Assemblies

EVERY ORGANIZATION ASKED
TO PRESENT MONTHLY
ENTERTAINMENT

Following a plan whereby student assembly programs will be given by each organization, the program committee has worked out a schedule for the entire year. In order to create a greater degree of interest as well as insure large attendance, the executive committee voted on this plan at the last meeting.

The members of the committee are Dick Bruce, James Moon and Kathryn Krammes.

The schedule follows:

October 17, Delta Psi Omega; November 21, French Club; December 19, Kappa Rho Sigma; January 16, A. W. S.; February 13, Omega Tau; March 13, Spanish and German Clubs; April 10, Varsity Club; May 15, Scribblers, College "Y", and Phi Rho Pi.

Community Theatre Seeks Student Talent

All Junior College students who are interested in dramatics and wish to take part in the plays to be put on by the Community Theatre should see Mrs. Allan B. Campbell as soon as possible. Although the cast for the first play of the year, "The Royal Family," has been practically chosen, there will be other opportunities, as the theatre expects to produce at least three more plays. Mrs. Campbell states that there are usually many parts for young people, and she desires all students who are interested, regardless of experience, to try out.

NEW INSTRUCTORS ENTER RANKS OF JAYSEE FACULTY

ENGLISH AND SCIENCE ARE
DEPARTMENTS FAVORED
BY ADDITION

Of the five new Junior College instructors three of them are claimed by the English department; one by the Department of Natural Science, and one by the Department of Social Science.

Mr. Frank N. Clemenson, who takes Mr. Tallman's place as instructor of Public Speaking, obtained his degree in the University of Utah, after which he was principal in a Utah high school until 1929. Last year he was instructor of Public Speaking in the San Diego High School.

Miss Henrietta J. McLean, a graduate of U. C., was employed by the sales department of the Pacific Telephone and Telegraph Co. in San Francisco during 1928, and at the Emporium in San Francisco in 1929. She is teaching Business English here this year.

Miss Bonaro Wilkinson, now teaching J. C. English and Journalism, received her degree at Cal, took a year of graduate study there, and then taught in K. C. U. H. S. from 1925 to 1928. Last year she took graduate study at the Columbia University.

Mr. Percy I. Chamberlain, the new Chemistry teacher, has degrees from University of Washington and Stanford. He was a teacher and principal in Washington high schools from 1921 to 1928. The last two years he was an instructor at Reedley High.

Economics, Business, Economy and Orientation claims Mr. George C. Ingelow. He obtained his A. B. and M. A. at Stanford, following which he was head of the History department of the Humboldt State Teachers' College from 1914 to 1917. From 1917 to 1927 he taught Social Science at the San Francisco Poly High. His Alma Mater, Stanford, claimed him during 1928 and 1929 as assistant in the Department of Economics, after which he took a year's course as pre-candidate for Ph. D at the University of London.

The worthy proctor pounding the noiseless (?) typewriter—Harry Tibbett writing notes to the ladies—The freshmen congregated at one table and the second, third and fourth year students at the other—Floyd Cook concentrating on some deep subject—Max in frowning concentration over his math.

RENEGADE RIP

Published by the students of the Kern County Union Junior College in the interest of a unified student body:

Editor of Publications: Walter Frost; Associate Editor: Bill Wharton; News Editor: Alice Rude; Sports Editor: Kay Faber; Feature Editor: William Davies; Social Editor: Kathryn Krammes; Exchange Editor: Nancy Ann Holson; Faculty Advisor: Marian Higginbotham, Bonars Wilkinson

REPORTERS

Joe Goodwin, Carol Buchner, Jack Rees, Dan Wooding, Grace McGraw, Jane Jensen, Eldon Sprayberry

ONE OR BOTH

This issue of the Renegade Rip begins another year of service to the organization which it represents. Its policies are the policies of the College. It reflects the traditions and gives voice to the organizations which exist within the student body.

Loyal as it is to its constituents it wishes a chance to present its case before the election on Friday. We believe that the creation of a spirit of separation from the high school and high school activities is one of the major aims of the Junior College student body.

If we have done well at all with an edition published once a month, we can promise better returns with a bi-monthly edition and with a large share of the "Oracle" for our own year book.

ORGANIZATIONS

The short story section of the Scribblers' Club will hold its first meeting Oct. 15, at the apartment of Miss Gately, 2310 Truxtun avenue. As advisor of the group Miss Gately has asked that all interested in the writing of short stories to be there at 7:30.

Besides the journalism group, who are laborers on the Rip, there will be an active poetry group this year. Students interested in belonging to the group should give their names to Miss Wilkinson, advisor.

Plans for taking in new members took main place in the business of the Kappa Sigma meeting held on October 2. Names will be voted on at the next regular meeting, Oct. 18.

The College Y. M. C. A. is looking for new members. Six of its last year's men have left the good old Jaycee; James Hare is at Calif. Aggie, the Esteps are at sea, Ed Donat went to Pomona, Herschel Champlin to Stanford and Cornie Siemens to Cal.

President Glen Gregory, also president of the San Joaquin Valley J. C. Y., and Mr. Sagen, advisor, are planning to take a large delegation to the valley conference at Lake Sequoia.

A German Club will be added to the list of organizations this year. Miss Rendtorff, German instructor, states that there are enough second year students to organize a club.

The Varsity Club is having a get-together meeting this week. Mr. Taylor, sponsor for the letter men, and Bob Wardwell, vice-president of the group, will call the meeting.

The local chapter of Omega Tau, Jaycee honor society, is to have a meeting this month. The purpose will be to note the list of casualties and make plans for the year.

Mr. Ewert, as advisor, states that there are six of last year's twelve remaining. Some of this twelve were lost through transfer and graduation.

SO WE'VE HEARD

Ex-Renegades on Other Campuses Bits of this and that about these and those ex-Renegades and Renegadettes who are partaking of higher education—and what not.

It seems there was a rally, followed by a dance at U. C. the other night and several students, among whom were found Bill Hulsey, Ann Derby, Lois Woodward, and some other Bakersfieldians, awoke the next morning completely unprepared for classes.

From all reports, several cuts are being piled up against the names of some of our ex-comrades. That's why they make so many A's and B's, and why they all have bids to the honor society.

While we are speaking of honor students: None other than Lois Woodward has a bid to the Phi Beta Kappa's. But then, we remember how she always parked in a quiet spot and studied. "As they sow so shall they reap."

A leopard cannot change its spots, we hear, so we weren't surprised to learn that Marjorie Dennis is most often to be found doing "hi-powered" math in the Berkeley library.

It's hard to figure out how that Derby girl has time to study, what with being a Zeta Tau Alpha, having a new Chevy, and attending most of the Cal. dances, and what-nots—but they, some people can—and Ann always did get away with it.

Clad in Sophomore jeans, Charlie Coiby, so they say, usually is reclining on the balustrade which connects Sather Gate with the main entrance to the Berkeley campus. There he sits, nearly every day, and watches the howling mob travel to and from.

We hear Vance Lewis has been laid up in the hospital for several days, but is recovering rapidly. Perhaps it was over-study. Such things have happened.

It seems Jewell, Charlotte Ann, Thelma, and Emily are always in too much of a rush to get any information from them. More about them later reports.

Howard Anderson, trust him, has been seen parked on the Stephens Hall stairs conversing with some strange co-ed. He always had a way with women.

Some people have all the luck. Here that Olson girl is traveling over the whole country—right at present being parked with the rest of the Olsons in Swedish Center, Minneapolis. But it

PREMIER ACTIVITY IS RITZY AFFAIR

Oh, and was the Scramble a success! Freshmen, sophomores and teachers were all there. Every one of them declared it the best and biggest mixer yet. Anyone who missed, it lost a good time and a chance to see the football squad dressed up.

The Junior College's new venture, the choral club, made its first public appearance and entertained with school songs. Among them was the Renegade Victory song. George Snider's orchestra furnished good music, and cards amused those who did not dance.

Katherine Goods was general chairman for the mixer. She was assisted by Dorothy Lynn, refreshments; Harry Tibbet, Barbara Shields, Carol Buchner, Harold Taber, Dorothy Lynn, and Joe Goodwin, decorations.

J. C. Chemists Turn Theory to Practice

Apparently harmless tomato sauce was, upon analysis, discovered to be a deadly poison by the J. C. science instructor, P. J. Chamberlain, last week. The tomato sauce was submitted by A. Marjeny, local Italian, who, with his wife and three children, was a near victim of the unfamiliarity of chemical reaction.

Mr. and Mrs. Marjeny like tomato sauce and manufactured a large quantity in a galvanized wash tub. Friends of the Marjenys, Mr. and Mrs. G. Vito, first called to their attention the possibility of tainting by the tub and asked them to submit a sample to the chemistry department before using any of it.

According to Mr. Chamberlain, the acids in the tomato compound dissolved and absorbed nearly all of the zinc with which galvanized iron tubs are coated, as well as some of the iron.

This is one of the most extraordinary cases ever brought to the J. C. science department and is one of the first of its kind. The school laboratories have often been used by Bakersfield people to determine the chemical make-up of well water, minerals and such things but the case in question is one of the most startling ever encountered.

won't be long till Helen is back with us again.

Norton Smith and Ed Stanley seem to be happily settled in Colorado. They are living with a bunch of other "miners"; and unless they've changed they are probably enjoying life tremendously.

Scribblers Launch Year's Activities

The "baby of the family," although it had a few knocks and tumbles last year which almost disabled it, managed to keep its balance most of the time, and is going to make another brave attempt to get itself noticed.

The Scribblers' Club, youngest organization in Junior College, is going to re-organize on Wednesday of next week at 7:30 p. m. at the home of Miss Miriam Gately, 2310-Truxtun Ave. Miss Gately and Miss Wilkinson are advisors of the group.

As was the case last year, there will be three divisions to the club: The Journalistic, composed of those who write for the Renegade Rip; the Short Story group, and the Poetry group.

These three groups will meet separately once a month to do their reading and constructively criticize one another's work.

The monthly meetings of the club as a whole, however, will be purely social.

SPIRIT SHOWN AT FIRST ASSEMBLY

Re-n-e-g-a-d-e-s! The J. C. student body suddenly came to life when the first general assembly was held three weeks ago. In order to get into the proper spirit, Harry Tibbett was elected yell leader by a unanimous decision.

Miss Bird, dean, gave a short talk on "Individuality" in which she stated that college students should be individuals and that they should depend upon their own opinion more than upon that of someone else.

The decision was made that student body cards should be presented when students called for the new Renegade stickers so that there would be no confusion in the distribution. John Crawford presided at the meeting.

Renegades Flash Maroon Numbers

Football players and state convicts have one thing in common—numbers.

The 1930 squad will flash maroon colored numerals and shoulder lines on snow white jerseys. Being of gabardine cloth, the colored figures will not fade when laundered.

The following is the list of "numbered" men:

- Bruce, 37; Roe, 57; Dupes, 50; Martin, 58; Ransome, 52; McNamara, 51; Smith, 49; Gabriel, 48; Guthrie, 31; Dalbom, 35; Stockel, 30; Van Osdel, 45; Maderas, 55; Tener, 53; Wharton, 56; Findley, 54; Higginbotham, 34; Ussery, 29; Baker, 47; Dumble, 42; McBratney, 41; Morthland, 46; Lewis, 39; Stanley, 33; Mitchell, 38; Alston, 32; Rilcoff, 40; Jennings, 43; H. Rexroth, 44 and Penn, 36.

Red's Rips

Well, well, here we are back again after three months' vacation(?) The old joint looks about the same, except for some new faces (and some old ones). We are pleased to notice that the old study hall looks about the same except for a rearrangement of tables and an almost universal quietude.

Now that the Glendale massacre is over the boys can settle down to business and play football for a while.

This being the first of the school year, I suppose a few words of that old hooey about getting in your good looks the first month would be appropriate. But seriously speaking, it is an excellent policy to make a good impression of the Profs the first month. They are inclined to overlook minor discrepancies later on.

It is rather interesting to not the number of "foreigners" attending our fair institution. Oregon, Washington, Georgia, Texas (Louisiana, Minnesota, Kansas, Missouri, Arkansas and McFarland, all make their contributions to our student body.

Harry Tibbett, serenading the French class—Herb and Kay in Herb's Ford—Tiny and Shorty Carlock strolling along—Ray Loya whistling at the high school babes—the little group congregated in front of the University—the long line in front of the cafeteria at noon—Miss Gately and Miss Rentorff discussing affairs of great moment in the J. C. hall—

Speaking of brawls, why couldn't we have them a little oftener and charge a slight tax for entrance? How about? Huh?

Glendale Junior College suffered a 9-7 setback at the hands of U. C. L. A. Frosh on the Westwood gridiron Friday, September 26. Both teams scored touchdowns and conversions in the fourth quarter. The Babe's victory margin was a safety in the second period.

Those outside the field must have seen a sign—probably the dollar sign.

When trouble runs in pairs, Berry will be both of them. That boy has "six" appeal.

Saturday was the big night in San Bernardino. Everybody—the board of trustees, the faculty, the school kids, and Mr. and Mrs. John Public—was on hand to see the Junior College field lighted for the first time. Nearly 800 attended.

When Sparks scored in the second quarter, the Indian rooters were shown that there is a Santa Claus. The pass, Van Osdel to Stockel, was the turning point to the contest.

NEW EXECUTIVES HOLD MEETING

Newly elected student body officers met Thursday to discuss a tentative budget for the year. The disposal of the funds caused wide discussion, and only a tentative decision was reached.

The problem of a separate J. C. annual was left to the decision of the student body. Student body meetings are to be held every Friday after grades go in. Regular meetings of the executive committee will take place every Thursday during seventh hour.

Officers present were John Crawford, president; Richard Bruce, vice-president; Kathryn Krammes, secretary; James Moon, treasurer; Walter Frost, editor of publications; Glendon Rodgers, business manager; and Byron Apperson, athletic manager.

New J. C. Building Under Construction

All Junior College classes except those that meet in the science building will be moved into the new building on California avenue for the next semester. Twelve classrooms, a large study hall, an overflow study hall large enough for two hundred students, and rooms for temporary classes will be found in the new building.

It is hoped that the present temporary building in back of Ludden hall will be done away with at that time. The J. C. study hall now in use will be converted into a general meeting room for organizations.

Another feature in the new rooms will be more chairs and no desks, making them real college classes. All will be ready by January 27, the opening date of the spring semester.

JR. COLLEGE MUSICIANS FORM STRING QUARTET

Harmony shall prevail throughout the Junior College this year, for we have a string quartette composed of Jaycee students. Mr. Parker, who is the director, plays 1st violin; Leslie Chatfield, 2nd violin; Birdie Suydam, viola; and Beverly Stancliff, cello.

These ambitious musicians rehearse six hours a week, Monday and Wednesday nights in the sound-proof room upstairs in the J. C. building. Reports are that within a month they will be on the list of public entertainers. Mr. Parker has several fine engagements for the quartette in the offing.

Judging from the fame won in the past years, we can expect some successful performances from our quartette this year.

Long Beach and Los Angeles junior colleges, according to pre-season dispatches, are "well-off" this year. Oak Smith of the Beach city-claims he has one of the "best dressed" teams in the conference, while Los Angeles has 22 returning lettermen. The big city gridders are an addition to the newly formed jaycee circuit.

RENEGADES LOSE TO BUCCANEERS IN FIRST GAME

Possession may be only nine points of the law, but it turned out to be thirty-three points of the Renegades' first 1930 ball game.

Unable to catch the pigskin, Berry, or Jolley, the Bakersfield Junior College literally dropped a 33-0 verdict to Glendale's Buccaneers in the first night sectional gridiron struggle staged on Griffith Field.

Bakersfield's passing combination, Van Osdel to Bruce, featured the Renegade's offensive play, while Lewis and Ussery broke loose for substantial gains during the second half.

Wright's "canned" music and Ernest Dalbom's "movietone" voice added spice to the evening's performance.

The visitors scored twice in the first quarter. Berry's kick, fumbled by the Renegade safety, was recovered by Glendale on Bakersfield's seven yard line. After two line attempts and an offside penalty, Berry passed over the line to Harris. Later, Berry traveled 59 yards through the entire field for the second touchdown.

"A Jolley good pass" of 45 yards, Jolley to Robinson, added six more points to the score sheet in the second period. The conversion added another.

Bakersfield displayed a scoring threat in the last quarter when Baker's bullet pass to Bruce advanced the ball to the 18 yard line. The march, marred with fumbles, ended nine yards short of a touchdown. Jolley dented the Renegade line for another touchdown early in the final period. Team mate Berry sprinted the ends for the final score. Both were converted.

Table with 2 columns: Bakersfield and Glendale. Rows list players and their positions: Bruce LE, Carter; Rae LT, Smithson; Dupes LG, Ryan; Martin C, Moulder; Ransome RG, Magee; McNamara RT, Taylor; Smith RE, Edwards; Gabriel Q, Berry; Dalbom LH, Rohrbaugh; Guthrie RH, Harris; Stockel FB, Jolley.

BLUE BOOKS ORDAINED FOR ALL EXAMINATIONS

Blue books are to be used for all examinations, Miss Bird has announced. This means all monthlies or previously announced tests. Dailies and surprises are not included.

The blue book custom has been followed for some time in the universities, and has proved practical. These books, with which most of us are familiar, can be bought for a nickel at any nearby stand. The convenience which they offer the student and the grader are worth the price. No more lost pages and more compact tests to

RENEGADES SCALP SAN BERDOO INDIANS

SONS OF MAROON AND WHITE TAKE 15 TO 6 VICTORY

Displaying a dazzling deceptive attack that completely bewildered the opposition, Coach Theo "Spud" Harder's Bakersfield J. C. Renegades sent San Bernardino's Indians to their happy hunting grounds by virtue of an impressive 15-6 victory in last Saturday evening's dedication of San Bernardino's night football.

Outplayed, outfought and out-matched, the Indians took advantage of numerous breaks and penalties to stave off the hungry rushes of the powerful Bakersfield Squad. Time after time the Maroon and White machine walked the pigskin within scoring distance only to have a costly penalty remove the threat. Thus handicapped, it was not until the second half that the Renegades broke into the scoring column.

Sweeping around the ends behind superb interference for big gains, Stockel furnished the major thrills of the evening. Once in the open, the shifty left half was hard to stop.

Van Osdell's right hoof contributed largely to the downfall of the Braves. Bill's kick-off ball traveled over the goal line, while his punting repeatedly placed the Redskins on the defensive. The big full back showed a vast improvement in the ball lugging department during the last half of the game.

At quarter Gabriel had the Indians guessing and his peppy chatter had the boys walking hard every play. Higginbotham, Guthrie, Eppery and Lewis performed in capable manner, continually working their way into the open.

Coach Art Schaefer's fast backfield was effectively halted before their interference formed by the Bakersfield forwards, Dupes and Smith, were on hand to see that those backs received no encouragement. Sparks, Ramsey and Ward gave the Renegades the most trouble.

Attempting to repeat last season's victory over the Maroon and White, San Bernardino took advantage of a timely break early in the second quarter. A punting punt got away from Stockel, the safety, and Ward of the Braves recovered on the Renegade's six yard line. Ramsey carried the oval through the line to the one yard mark. Three trials late, Sparks plunged over. The placement failed.

Later in the second period the Renegades came back strong only to lose the ball on downs on the Redskin's one yard line. Back came the boys to drive to the 30 yard line only to receive a 25 yard penalty. Thus the half ended with San Bernardino leading 6-0.

Bakersfield tallied first in the third quarter. Van Osdell's pass from the Redskin's 45 yard line to Stockel

HOOPSTERS DRILLED IN FUNDAMENTALS

Although King Football sits on his throne, Basketball is not entirely subdued.

Under the guidance of Basil H. Peterson's "Fundamentals of Basketball," twenty basketball candidates of "Spud" Harder's J. C. gym class are working out three days a week during the seventh period.

The fundamentals—handling the ball, passing, shooting, pivoting, dribbling and personal care—are stressed with a short scrimmage session at the end of the training period.

"A basketball team is no better than the way in which it executes the fundamentals. . . A good basketball team is thoroughly drilled in all these fundamentals," Peterson writes.

Mr. Peterson offers a sound code for the success of the player.

"A player should never become discouraged. Remember Rome was not built in a day. . . Persistence and determination are prerequisites of a good basketball player," the Renegade coach concludes.

With the season in the dim distance, another Marshall may be uncovered.

ABOUT THE CAMPUS

Well, the big scramble is over at last. And what a scramble. We have it on good authority that it was the best brawl thrown by anyone in a good many moons. Our personal opinion of the affair is that it is best every put on in this school.

caught the San Bernardino backfield flatfooted. Stockel tucked in the oval on the 30 yard line and sprinted over the goal line standing up. Gabriel bucked center for the extra point, placing the Renegades in the lead 7-6.

Van Osdell, punting from the Redskin's 44 yard line paved the way to Bakersfield's second touchdown. The ball, muffed by Bartholomew, was recovered by Smith on San Bernardino's 8 yard line. On the first play Stockel galloped the distance for the score. The plunge for the extra point was stopped. Renegades 13, Indians 6.

The final count came in the last period when Sparks, taking a bad pass from center, was stopped behind his goal line. Final score: Renegades 15, Indians 6.

The starting line-up:
 Bakersfield Pos. San Bernardino
 Bruce LE Del George
 Roe LT Johnson
 Dupes LG De Weese
 Smith C Sims
 Tener RG Ward
 McNamara RT Flynn
 Northland LE Bloomquist
 Lewis QB Bartholomew
 Stockel LH Ramsey
 Higginbotham RH Sparks
 Van Osdell FB Lakin

ANNOUNCE 1930 GRID SCHEDULE

Bakersfield J. C. 1930 Football schedule:

October 11—Visalia J. C. (here).

Oct. 18—Long Beach J. C. (there).

Oct. 24—Santa Barbara Frosh, (here).

Nov. 1—Taft J. C. (there).

Nov. 8—Porterville J. C. (here).

Nov. 15—San Luis Obispo J. C. (here).

Nov. 21—Fresno State Frosh (there).

Dec. —State Title Play-off if winner of conference title.

Latin Element Adds "The Old Fire" to Team

Welcome, "Furriners."

Representatives of seven states—Arkansas, Kansas, Texas, South Dakota, Oregon, Washington and California—constitute the personnel of Coach "Spud" Harder's 1930 aggregation.

John Ussery drifted all the way from Bauxite, Arkansas; Clifton Dalbom hails from Wichita, Kansas; and Buster Maderias strayed in from Sherman, Texas.

The other "strangers" on the squad are second year men. Homer Ran? some, Brookins, Oregon; Sam Northland, Lead, South Dakota; and Martin Gabriel, Seattle, Washington, complete the list.

With exception of Roe, Kern County is homelike to the other warriors.

The big tackle hails from Montebello High in this golden state.

Judge—But if you weren't going to steal the chickens, why were you in the chicken yard?

Rastus—I was just testin' my will-power, jedge, dat's all.

NEW RULINGS FOR ATHLETES

To meet the requirements of the northern and southern conferences, Bakersfield Junior College has changed her eligibility standards.

The following rules must be complied with in order to compete on the football team:

1. Carry at least 13 hours of work of collegiate grade and be passing in at least 12 of these hours.

2. Have successfully passed 10 or more hours during your last semester in this or any other Junior College or College.

3. Everyone is required to pay the student body fee of \$5.00 in order to compete in any student body activities.

RENEGADES DISPLAY CHAMPIONSHIP FORM

To mold the Maroon and White machine into shape for a little drive, Coach Theo "Spud" Harder is sending his charges through vigorous drills and scrimmages.

With the line guaranteed to "Hold Everything" and the jerseys not to fade, the Renegade ball carriers should prove a menace to all aspirants of Bakersfield's football laurels.

The squad is thriving on work. "Sadie," the dumb one, is being severely punished and the charging machine sternly battered. The offensive and defensive weaknesses of the Glendale tilt are being ironed out. Deception, speed, and power have returned to camp after a week's absence. Revamped, the varsity is hardly recognizable as the line up that bowed to Berry, Jolly and Company. Another struggle with the southern Junior College would prove interesting—very interesting.

Last Wednesday's informal combat is a fair judge of comparative strength, Coach Harder has plenty of reserve power, an essential in grid-iron warfare. Only one touchdown separates his first and second teams. Offensively, the Maroon and White aggregation displays a potential threat, but the defensive work, although brilliant at intervals, is still a bit erratic.

The obstacle in the path of progress—injury—has taken its early season toll, striking twice in the same position—center. With Martin and Maderias out of the line-up indefinitely, the Renegade mentor has Smith, former Driller center and J. C. end, performing in the important pivot position. Roe is sporting a bad leg but works out daily.

That Ussery boy wanders far, once in the open. In a recent practice John carried the inflated oval 70 yards through the "enemy" to score.

Higginbotham and Stockel are taking frequent jaunts through the line and around the ends for yardage. Lewis is the same old "Power House", while Dalbom is playing good defensive ball. Guthrie, after a slow start, is showing plenty of drive. Van Osdell's arm-and-toe is a valuable asset to the local squad.

In the line Ransome, Dupes, McNamara and Roe display a decided improvement in their play. It appears that Wharton, Findley and Tener are very much in the running. While improving upon his defensive work, Bruce, end, has lost none of his ability to receive passes. Northland is working out in Smith's former end position.

Mr. Ewert—Who can tell me a thing of importance that did not exist years ago?
 Tiny Martin—Me.
