NO. 4

Semester Finals to Start Wednesday

Boeing School To Make Awards In Aeronautics

To any of the students of the Junior College who are interested in aviation and intend taking professional action in the field later, there is a wonderful opportunity in the scholarship awards from the Boeing School of Aeronautics at Oakland.

AWARDS OFFERED

The W. E. Boeing scholarships are awards to deserving college men who have determined on aviation as a vocation. Winners of the 1931-32 awards may enroll in the quarter beginning either July 5 or October 3. The awards are as follows:

First award: The W. E. Boeing Master Pilot Ground and Flying scholarship—a nine months' course, including 204 hours of flying and 924 hours ground school. Tuition value is \$5,275.00.

The minor awards include three scholarships from which the successful candidate may choose. The Boeing master mechanics course covering 1444 hours of ground school with tuition valued at \$700; the Boeing master pilot ground course, nine months course, covering 824 hours of ground school, with tuition valued at \$625; and the Boeing private pilot ground and flying course, including a course of two to four months, covering 105 hours of ground school and 22 hours of flying, tuition is valued at \$645.

ELIGIBILITY REQUIREMENTS

Each candidate is required to present a letter from the Dean stating that the candidate has maintained a scholastic standing sufficiently high to classify him in the upper one-half of his class for the entire period of his college enrollment.

He will be asked to write an essay of not more than 2000 words on any one of the following subjects: 1. Trends of Development in Air Transportation, 2. Progress of Safety in Aviation, 3. Trend of Airport Design and Development, 4. Radio as an Aid to Aviation, 5. Importance of Proper Co-ordination of Federal and State Laws Governing Air Transportation, 6. Modern Aircraft Instruments, and 8. Designs in Relation to Speed of Aircraft.

Further information concerning these awards may be obtained in Miss Bird's office.

Dance Proceeds To Help Buy Varsity Blankets

Plans for raising money to buy blankets for the Varsity Club were discussed at a meeting of the A. W. S. last Thursday. It was decided to restore the former price of the noon dance, 10 cents, to help pay for these blankets. It was also noted that a social function for the Junior College women and their mothers would be held sometime during the earlier part of next semester.

Mrs. Aldrich, adviser of the A. W. S., gave an informal talk cautioning the girls about cramming for the finals. She pointed out that late hours for cramming, besides being detrimental to the health, really give no lasting value to the student. The question of girls smoking near the vicinity of the campus and its influence upon the impressions of outsiders was also discussed by Mrs. Aldrich.

It was decided that at all following meetings programs and talks will be given. These programs will be under the direction of different girls appointed by Marion Higginbotham, president of the A. W. S.

Minutes of the meeting were read by Helen St. Clair, secretary, and Elizabeth McGann, treasurer, announced that the A. W. S. has \$47.26 in the treasury.

PHYSIOLOGY TO BE GIVEN IN J. C.

Enlarging the scope of science subjects in the Junior College, a new course, Physiology 1A will be taught by Lyman Benson next semester. Lectures in this subject will be given on Mondays, Wednesdays and Fridays with laboratory sessions on Wednesday and Friday afternoons.

Other classes to be given next semester which will not necessitate the fall term's work for entrance are English 1A in two sections, psychology 1A, chemistry, and political science. Mr. Ewert will have a 4A history class and Mr. Taber will have a 3A mathematics period. Miss Deal will have a section of French A, and Miss S. Petersen will have German A. A 31A mathematics class will be taught also.

Santa Monica J. C. won the Southern California cross-country meet held at the U. C. L. A. course by nosing out Compton by one point.

Separate P. T. A. For Jaysee Aid Now Organized

A new parent-faculty-student club was formed Wednesday, January 6, when the Junior College Parent-Teachers Association was separated from that of the high school.

During this regular meeting of the joint organization, the new group was approved. The purpose of the club will be in the financial aid to needy students, the buying of blankets for the football boys, helping in any way with social affairs when asked to do so, furnishing necessary transportation, and in acting as a general advisory group to students needing financial or social aid. Plans are already being made to help the student body with the annual spring conference of junior colleges to be held here next March.

Glendon Rodgers, Harry Tibbetts, Kay Goode, and Kay Faber, of the executive committee, were special guests at the last meeting. During the afternoon a discussion upon the value of such an organization to the junior college took place. Members of the executive committee, Miss Bird, and Mrs. J. F. Faber, chairman, acted as the speakers.

Another highlight of the last meeting was the talk by Mrs. Dana Bing upon various colleges, their requirements, tuition charges, living facilities, etc. All of which was of interest to both mothers and students. Miss Grace Bird, dean, was the chief speaker. Her topic was "Occupation and Leisure."

A special meeting of Junior College mothers will be held Wednesday afternoon, January 27, when the group will have its final organization.

POSSIBLE GRADS AT MID-TERM

If circumstances continue fair for six present students at B. J. C., a fine crop of mid-term graduates will leave at the end of the semester. According to reports from the Dean's office, Kay Goode, Orval James, and Milton Kief are almost certain to graduate. Lucille James, Glendon Rodgers, and William Wharton are possible graduates. At any rate, the campus is due to receive a heavy loss in population.

Many new students are expected to enter for the spring session, and an enrollment of over four hundred and fifty is expected.

Students Prepare For Worst As First Term Ends

With the close of the first semester next Thursday the subject of finals and registration for the second semester rises. As posted on the bulletin board in the Junior College study hall, finals will begin next Wednesday and end on the following Wednesday. They will be given in J. C. 12 and all students must bring blue books with them.

Registration will take place Thursday afternoon and Friday morning, January 27 and 29. In case it is necessary for anyone to register before that time he should see Miss Bird as soon as possible. Regular or part time students who are in attendance this semester will register in J. C. 12, post graduate students in J. C. 113, and new students, who were not in attendance here this year, in J. C. 114.

New students entering Junior College will not be required to take an examination in Subject A but are to enroll in either an English 1A class or a Subject A class. After a trial of two weeks they will then be placed in a definite English class.

To make certain that there will be no uncertainty about the time the finals will be given, the entire program is as follows:

Wednesday, January 20, at 8:45 a. m., Orientation 1A.

Wednesday, January 20, at 10 a. m., Orientation 2A, Orientation 3A.

Wednesday, January 20, at 12:30 p. m., Subject A, English 1A, English 56A, Commercial English 31A.

Thursday, January 21, at 8:45 a. m., French A, German A, Latin A, Spanish A.

Thursday, January 21, at 12:30 p. m., Pub. Speaking 1A, Mathematics C, Engineer Math. 30A, Chemistry 1A Sec. I, Chemistry 8 and 9, Psychology 1B, Steno. 30A, Geol. 1A (J. C. 114).

Friday, January 22, at 8:45 a. m., Mathematics 3A, Zoology 10, Music 4A, History 4A, Economics 1A, Bus. Organ. 31A, French C, German C, Spanish C.

Friday, January 22, at 12:30 p. m., Mathematics 4A, Botany 2A, Chemistry 1B, History 8A, Political Science 1A.

Monday, January 25, at 8:45 a. m., Zoology 1A, Physics 1A, Physics 2A.

Monday, January 25, at 12:30 p. m., Chemistry 1A, Sect. 2, Physics 1C.

(Continued on Page Two)

RENEGADES TRIP CAL-POLY IN SEASON'S FIRST GAME

**BASIL PETERSON'S MEN SHOW
VISITORS 37-14 SCORE**

Led by a red-haired atom of energy with a dead-eye for the basket, the Renegade hoopsters badly outpointed the Cal-Poly quintet in a rather slow but at times exciting game. "Pocket Ben" West was very much in evidence during the game, being ably assisted by other members of the team. The previously referred to atom of energy was high-point man of the game with 16 points. Carroll, of the visitors, and Haworth tied for second honors with 8 points each.

Coach Peterson's fast-breaking offense kept the ball in Cal-Poly's territory most of the time while his zone defense broke up the visitors' offensive thrusts before they could become effective.

Not too much can be said about the Cal-Poly guards. They covered the floor well and as a result the Jaysee "basket slingers" had to be content with shooting from anywhere back of the foul line.

Just because a fellow doesn't make a lot of points doesn't mean that he is useless, so the observers want to watch the efforts of "Edward G." Higginbotham, otherwise known as "Hig." He played a hard, driving game and if passes were baskets he would have been on top.

Furthermore, don't forget Crawford, the standing guard who always plays a great game at sliding around on his knees and who also was kicked out because he treated some of the Cal-Poly boys ungentleman-like.

Then, there were Barret and Haworth, the two former Driller stars, who fit in with Pete's system with ease. They can always be counted on to assist or make the art of bringing home the bacon, more commonly called "winning a basketball game."

Pete's so-called second string, Stanley, O'Connor, Walker, Tyack, and Van Osdel, although not getting to play much of the game, showed that they also play basketball.

The preliminary game was well taken care of by the J. C. Goofs and "Dal's" middleweights. It was a tough break for Coach Rodgers Goofs to lose to Dal, but he is an old-timer at the game. Just let him look out for the "Goofs" next time.

The Renegades vs. San Joaquin Grain Saturday night looked bad for the Grain for awhile, being 21-9. Then the worm turned and Grain closed the score up to 21-20 J. C. favor, and finally ended 24-20 in favor of the Jaysees.

The J. C. outfit was pretty ragged at times and played in spurts. They were not nearly so good as they were the night before, and more hard practice this week should take off the rough edges.

LINEUPS

Bakersfield (37)— —Cal-Poly (14)
West (16).....F..... Oliveras (2)
Barratt (4).....F..... Gralch (1)
Haworth (5).....C..... Carroll (8)
Higginbotham (5) G..... McLean (12)
Crawford.....G..... Vandam
Bakersfield subs: O'Connor (4), Van Osdel (2), Tyack, Koff, Stanley, Walker. Cal-Poly subs: Peters, Cox (1), Vervias, Wallace.

SAN JOAQUIN GRAIN GAME

O'Connor (1).....F..... Renfree
Stanley.....F..... Twaddell (10)
Walker (6).....C..... Lemucchi (7)
Van Osdel (2).....G..... Cuen
Tyack.....G..... Hawkins (1)
J. C. subs: Stemen, Higginbotham (4), Barratt (4), West (4), Haworth (3), Crawford. S. J. Grain subs: Green, Guthrie.

Wharton's What-Nots

Now that the (censored) finals are rapidly approaching, many heretofore happy and carefree students are no longer seen in the Loiterers' Row in front of the J. C. building. They are seeking more quiet surroundings apart from the mob in which to attempt to assimilate at least a mediocre amount of knowledge before the dreaded events.

Another item—also censored—we wonder if some of the instructors are as tired with lectures as their students become during classes?

After the hail storm Tuesday, which left the campus with a clean, white covering, the college children enjoyed sporting about and petting each other with "snowballs" made of hail. A good time was had by all—the Honorable Gilbert Homfeld included!

We notice that Referee Jack Byfield had his old eagle eye working well in Friday night's game. Fouls were called right and left, let the gyps fall where they may!

And then there's Mr. James discussing marriage in the study hall. We wonder why he thinks the way he does on many phases of the above subject?

As we've heard before: "It's a great life if you don't weaken"—but who wants to be strong? So, I take this opportunity of saying au revoir, and off to sleep for another month.

"Did you hear about the student at the University of Alabama who got thirteen "B's" and an "F"? The "F" was his grade on "How to Study" given by the psychology department. "Oh, the irony of it all!"

Mills College Weekly.

CAL-POLY RETURN GAME TO BE PLAYED SATURDAY

FROSH CAPTURE SOCCER TITLE

The freshmen girls won the soccer championship last week by defeating the sophomores two out of three games. This victory makes the chances even for the season's championship, since the association games were won by the sophomores last month.

Girls on the winning Frosh team are: Victoria Achin (Capt.), Margaret Bailey, Genevieve Borel, Lottie Ellen Cave, Katherine Colburn, Holly Howsman, Felishe Sarioberry, Evelyn Schmidt, Vivian Smoot, Adele Thayer, Ruth Mary Westfall, Shirley Mae Address, Eva Filkel, Emma Finck, and Charlotte Way.

The defeated sophomores are: Frances Weaver (Capt.), Katherine Faber, Audrey Gill, Marian Higginbotham, Dorothy Johnson, Helen Knight, Doris Thornber, Elizabeth McGinn, Una Walters, Priscilla Willard, Laura Zimmerman, Nona Louise Cripps, Theresa Lacasella, Mary Kay Sheaff, and Lucille Sloan.

HOLIDAYS BRING FORMER STUDENTS

The past Christmas season has attracted many old grads and former students back to the B. J. C. campus. Some of last year's grads who returned home for the last holidays were:

Kathlyn Krammes from San Diego; Wilma Greenstreet from Woodbury's Business College in Los Angeles; Mr. and Mrs. Bruce Crawford (nee Millys Thorp) of Los Angeles; Dick Bruce, Byron Apperson and Barbara Shields from U. C. L. A.; William Hulsy and Margaret Burton from California; Bob and Ralph Wardwell from Stanford; Phil Healy from U. S. C.; Ralph Stocckel from Santa Barbara; Evelyn Likely from Occidental, and Helen Clark from San Jose.

The second largest telescope in the world has been installed in the astronomy department in Pasadena J. C.

Final Supplies

Now that the finals are approaching, Mrs. Edith B. Donaldson, proprietress of the Blue and White Lunch Stand, sends her wishes of good luck to all Renegades and Renegadettes.

It is to be remembered that all teachers require blue books for all examinations. Mrs. Donaldson wishes that students may know that all school supplies and Bakersfield Junior College blue books may be obtained from her and at Robesky's store also.

HARD WEEK-END CONTEST FOR CASABA TOSSERS

The Renegades' third basketball tilt is to be played off Saturday night against the strong Cal-Poly squad on their home courts. The entire squad, 18 in all, are making the trip. The "Goofs," or third string men, are scheduled to play a preliminary game with the Cal-Poly "goofs" and are in high spirits at the prospects. "Pete" expects to start the same squad that started the last game, with Haworth at center, West and Barrett, forwards, and Crawford and Higginbotham, guards.

Cal-Poly's outstanding threats are McClain, guard, and Vandam, center. Although Saturday's contest is not a league game, it will be a close battle due to Cal-Poly's high rating as a prospective contender for league honors next year.

The games scheduled for the following week-end are league games—Visalia at Visalia, and Reedley at Bakersfield.

SMILE WITH ME

"Well, Sambo," said an American judge, "So you and your wife have been fighting again. Liquor, I suppose?"

"No, sah," said Sambo, "she licked me this time."

Kind old lady—"My good man, you had better take that street car home."

L. Findlay—"Sh' no ushe. Wife wouldn't let me keep it in the house!"

And then there's Mildred Gibson so nearsighted that she wears her glasses to bed to see the boy of her dreams!

A. Smith: "I s'pose you find your wife can live on your income all right?"

L. Findlay: "Oh yeh, but it's up to me now to make another one for myself."

Host: "Then you did get here to-night, after all?"

Absent minded Prof.: "Yes. I meant to forget to come but I forgot to forget it."

NEW TOPIC CHOSEN FOR DISCUSSION GROUP

The Areopagus members are now studying the topic of "Unemployment Insurance." This group, made up of women students interested in current problems, met last week with the Social Science Club and heard Mrs. Ingelow's lecture on the above topic.

Alice Davis and Evelyn Schmidt were recently admitted as new members.
