BAKERSFIELD, CALIFORNIA, NOVEMBER 4, 1932

NO. 2

TAFT DEBATE TEAM COMES HERE TODAY

JAPAN-MANCHURIAN QUESTION TO BE DEBATED

One of the most bitterly contested debates of the season was scheduled to take place in J. C. 10, today, at 11 o'clock, when the Taft Junior College debaters were to meet the local team on the question: "Resolved, That the Japan-Manchurian Policy Is Justifiable."

Coach Wiley Peterson's charges have been working for some time on this question and expect to overcome their opponents with as little difficulty as possible. The members of the local debate squad who will compose the two teams have not been selected as yet, but all the members of the squad are well prepared on this question, and whatever combination Coach Peterson decides on will be sure to uphold the reputation of the entire squad and of Bakersfield Junior College.

First Conference Debate

As this is the first conference debate of the season, as many students as possible have been urged to come out and support the debaters.

Non-Conference Tilt

A non-conference debate with Visalia was held recently to determine the new members of Phi Rho Pi, national J. C. debate society. Bakersfield was victorious on both sides of the question.

On the strength of the results of this trial debate plus the representation from last year's debate squad, Coach Peterson predicts a year of unusual success in forensic activities.

Revelers' Orchestra Entertains Students

The second student body meeting of the semester was held third period, October 27. After making a few announcements about the freshman assembly and the pep rally for the Visalia game, Glenn Bultman, president, presented Francis Hopper, who led the student body in a few yells. This was the first opportunity that Hopper had had for running the entire student body through the yells.

Mr. Bultman then introduced Mr. Jaggard, who displayed one of the maroon and white football blankets which were obtained through the efforts of the Patrons' Club, Kappa Rho Sigma, and the A. W. S.

The remainder of the program was turned over to the Revelers, who entertained the student body with a number of popular tunes.

HELP BEAT VENTURA!

HONOR SOCIETY HEARS CHAIRMAN KERN G. O. P.

Mr. Clarence Bradshaw, chairman of the Republican party in Kern County, spoke at the last meeting of Alpha Gamma Sigma, honor society. Mr. Bradshaw spoke on the Republican party, discussing some of its issues, policies and its platform. He also distributed literature concerning it. At the close of his lecture, a discussion period was held.

The next meeting is scheduled for Thursday, November 17. At the meeting plans for a trip to Carissa Plains will be made. These plains are well known for the numerous Indian paintings that are left on the rocks. Mr. Ted Charlewood was appointed as chairman of the committee on arrangements.

Plans for an Inter-Nation Week, which will probably be held next semester were discussed. It was decided that, as a part of the week's program, each teacher would be asked to lecture on an international problem during one period of class time.

In this way, it is believed, interest in international affairs will be stimulated.

Y. M. C. A. HEARS POLITICAL TALKS

The junior college "Y" held a very interesting meeting on October 27. Talks on political topics included the Democratic and Republican stands on the reparations question, the Republican stand on prohibition, and the socialist platform. Following the talks there ensued a lively discussion.

Members and prospective members present were: Harold Haught, Stanford Jackson, Ed Paxton, Leonard Graves, Lee Kaff, Gerald and Harold Estep and adviser George Sagen.

At the conclusion of the meeting, president Harold Haught announced that the next regular meeting would be held on November 17. Members and those desiring to become members are urgently requested to attend this meeting.

FORMER STUDENT PHI BETA KAPPA

The following is an excerpt from a letter recently received by Miss Grace Bird from Cornelius H. Siemens, a former student in B. J. C.:

"I want to take this opportunity to inform you that I have just been elected to membership in Phi Beta Kappa, Alpha of California, here at the University of California, as well as to membership in Pi Mu Epsilon, the national mathematics honor society. I'm sure the advice from you and the training received in your schools has helped me to attain these distinctions."

Mr. Siemens attended Bakersfield Junior College in 1929-1930.

During this period he was active in junior college activities. He played on the first string basketball team, making his letter; took an unflinching interest in the junior college "Y", and played a prominent part in the student body play, "The Queen's Husband."

Choral Club Meets To Elect Officers

Members of the Choral Club met last Thursday afternoon, October 27, and elected officers for the new year. This was the club's first meeting of the semester. It was decided that no dues would be charged this semester. The purpose of the choral club is to assist in social events and entertainments throughout the school year.

Officers who were elected include: Lloyd Barte, president; Marjorie Collins, vice-president; and Florence Moore, secretary and treasurer. Miss Fullerton will serve as adviser for the group.

FORMER DRILLER ACE IS INJURED

"Jiggs" Payne, former Driller backfield ace, sustained serious injuries last Saturday while playing for Fresno State against College of the Pacific at Stockton. It is reported that both his legs were broken.

CLEVER COMEDY WILL BE GIVEN NOVEMBER 15

DATE IS CHANGED BECAUSE
OF CONFLICT WITH
U. C. L. A. GAME

The Importance of Being Earnest," the scintillating social comedy by Oscar Wilde, will be presented by Delta Psi Omega, dramatics fraternity, Tuesday evening, November 15, in the high school auditorium.

Under the direction of Miss Ethel Robinson, the all-star cast, composed of leading players in former junior college productions, is busy with final rehearsals.

The play, which abounds in clever lines and amusing situations, is one of Wilde's most popular works, and affords a good amateur cast unusual opportunity for rapid-fire comedy.

What will happen when the sweethearts of two young men take the reins into their own hands, leave their suitors, and fall in love with the same man—a rounder? What will their young men say, and do? How will tragedy be averted? Surprises and laughs are in store for the audience on November 15.

Members of the all-star cast include: Virginia Voll, Fay Helm, Jane Bellows, Marian De Cew, Al Price, John Crawford, Leslie Buchner, Dick Bailey and Donald Ayer.

Rooting Section Planned By Frosh

At the freshman assembly held seventh period on Thursday, October 27, plans for a rooting section composed of first-year men were discussed. Glenn Bultman, president of the student body, presented some of the benefits of an organized rooting section.

The purchase of maroon and white caps for rooters was favored.

CALENDAR

- Nov. 5—Football game, B. J. C. vs. Ventura (here).
- Nov. 11—Armistice Day.
- Nov. 12—Football game, B. J. C. vs. U. C. L. A. Freshmen (L. A.)
- Nov. 15—"Importance of Being Earnest."
- Nov. 18—Football game, B. J. C. vs. Taft (Taft).
- Nov. 21-25—Thanksgiving holidays.
- Nov. 24—Football game, B. J. C. vs. Modesto (here).
- Dec. 24-Jan. 1—Christmas vacation.
- Jan. 27—Close of first semester.

CAN WE BEAT VENTURA?

Tomorrow night, the Bakersfield Junior College Renegades will meet the visiting Pirates from Ventura. So far, the locals have lost only one game. Can they come through with the necessary force and drive to insure victory against the coast team?

Despite the partial crippling of the Bakersfield team through illness and injury, and the enviable record of Ventura, the Renegades are going into the game filled with the old fighting spirit, and are counting on the student body's support.

Some highlights on the results of some of the previous games played by both teams give a slight edge to Ventura: San Bernardino J. C. defeated our team 7-6, and Ventura beat San Bernardino, and Long Beach tied Santa Monica. Then, several weeks ago, we defeated Long Beach 25-6. Who has the statistical advantage?

However, what the football team relies on while in actual conflict is not statistics, but SUPPORT! If every individual student will take it upon himself to come out to Griffith Field Saturday night and support his team, the football boys cannot fail to do their part and WIN!

Come to the game and yell!

LETTER BOX

In response to several requests, the staff announces that hereafter a special column devoted to suggestions and criticisms from the student body will be run. These comments may deal with the management of the paper or student body affairs.

A box will be placed in the main office where these contributions may be left, or they may be given directly to the Editor. No anonymous letters will be accepted for publication, although the author's initials placed at the bottom of any communication will be considered as a proper signature.

This is your chance to get back at the person who prints all the "dirt!"

Let us hear from you!

AS OTHER COLLEGES SEE IT

"The fellow who wastes his time crying at the first of the semester, is usually cynical or sobbing when grades come out. It's all in the start you make."—The Viking from Long Beach Junior College.

Prohibition Topic Of Areopagus

For the past month the Areopagus club meetings have been devoted to discussion of prohibition. On October 14 members of the club attended Kathleen Norris' lecture on amendments-1 and 2, relating to the enforcement of the prohibition amendment.

After the lecture Miss Norris met and discussed questions with individual members.

At the meeting held October 18, Isabelle Hanawalt gave a report on the psychological and physiological effects of alcohol on the human body. At the following meetin, Oct. 25, Shirley Andrews discussed the platforms of the three leading political parties regarding a talk on state and federal enforcement of prohibition.

The last meeting was held Oct. 30. Esther Bassett talked on the Wright Act. After the meeting, members enjoyed a Hallowe'en frolic at the home of Evelyn Schmidt. Miss Schmidt is in charge of the program for the coming month.

RE-ANNOUNCE CONTEST

Such interest was manifested in the short story writing contest that the editorial staff of the Renegade Rip has decided to continue this contest until further notice.

The name of the contestant having submitted the best short story thus far will be announced in the next issue of this paper.

Provisions of this contest are:
 1. All persons holding student body cards are eligible.
 2. Only one manuscript may be submitted by each eligible person each month.

3. All manuscripts must be typed and double spaced, original fiction or true stories.

4. They must be of 100 words or less.

5. All rights for re-publication will be reserved by the author.

6. The editorial staff reserves the right to be the sole judge in this contest.

7.—The Renegade Rip staff will assume no responsibility for the return of manuscripts. (Author should keep carbon copy).

Baldwin, Morgan New J. C. Teachers

Paul Baldwin, a former Bakersfield student, has returned this fall as professor of zoology and bacteriology in junior college. He received his A. B. at Stanford in 1928 and his M. A. from the same university in 1931.

Mr. Baldwin's experience includes four years of advanced work in San Jose and a year as bacteriologist in that city.

Bakersfield Jaycee has added Miss Ruth Marie Morgan as a new member of the junior college and high school faculty. She is an instructor in music theory, music appreciation and boys' glee club.

Miss Morgan's home is in Hollywood. She was graduated from Scripps College, Claremont, receiving her A. B. in 1931. Further study included a graduate year at the University of California, and a summer at U. S. C.

This is Miss Morgan's first year of actual teaching. She is very active in her position as sponsor of the high school and junior college musician's club.

Jack Coogan, now eighteen years old, has registered as a student at the University of Santa Clara, where he successfully tried out for a position as yell leader.

"A Successful Calamity," to be produced on Nov. 18, was chosen for the semester student body play at Long Beach Junior College.

Faculty members of the University of Arizona last week agreed to donate one day's salary each month to create a fund for the relief of needy students.

Famous Kid Party Is Big Success

A "famous kid" party was given by the Associated Women Students in the girls' gym, Friday night, Oct. 21. About 100 of the women students attended the party; most of them dressed as famous juveniles; many carried their dolls, secretly thankful for the excuse to show off their darlings. Others, more modern, brought their flasks, or were they merely milk containers?

Well, anyhow, some of the girls were dressed so that people could guess whom they were trying to represent. Isabelle Hanawalt, president of the A. W. S., was dressed so that people thought she was trying to imitate Little Red Riding Hood. Maybe they were right. Anyway, she booked a prize. Shirley Mae Andress found at the last minute that she didn't have time to dress for the party, so she pulled on her overalls and ran. On the way she stepped in some mud with her bare feet. As she stumbled in the door, she absent mindedly grasped a convenient pole. Imagine her surprise when she was enthusiastically greeted as Tom Sawyer. Maybe there was method in her madness. Eleanor Champion forgot to wash her face and take out her curl papers. She was more than a little chagrined to discover that her friends thought she looked like Topsy. It was an even toss up as to whether Marian De Cew was trying to look like herself or little Eva. She SAID she looked like little Eva—so that's that.

The girls entertained themselves royally by indulging in their usual favorite pastimes, blowing bubbles, jumping the rope, and playing postoffice, marbles and whatnot. Afterward, they gorged themselves on ice cream, cake and chocolate. The affair was somewhat exclusive; in fact all men were excluded, some of them forcibly.

SCIENCE FRAT MEETS TO ELECT NEW OFFICERS

The time honored and venerated order of Kappa Rho Sigma gathered last Tuesday night in Science I for its first meeting of the season.

Officers were elected as follows: Bill Stemen, president; Anton Ozanich, vice-president; and Paul Pong, secretary-treasurer.

The Kappas will be especially remembered from Kappa week last year, during which bewhiskered and booted Kappas infested the campus in simulation of "49'ers.

Although the primary aim of this organization is the advancement of science, social functions are not neglected and plans are already under way for a full year.

Eligible pledges are being investigated. Last year the Kappas made several trips, including one to Death Valley.

J. C. Instructor Has Game With Ely Culbertson

Miss Maybelle Mentzer, instructor in the French department of the local Junior College, has again taken up her duties after an interesting trip through Europe.

During the eight weeks spent abroad, Miss Mentzer visited many of the European countries, including England, France, Holland and Switzerland. In the countries visited, she saw most of the worth-while places of interest. However, Miss Mentzer's sojourn in Europe was not limited to sight seeing: She attended the Institute du Pantheon, and the Sorbonne, in Paris, where she made an advanced study of the French language.

Miss Mentzer returned to the United States by way of Canada on the steamer Empress of Britain. During this voyage she met many celebrities, including Ely Culbertson, of contract fame. With him she said that she had many enjoyable games of bridge. "I had a most pleasant visit abroad, and I anticipate another trip to the Continent," said the local instructor.

The First Month

By BETHUNE

Some people do more thinking during the first month of school than during the rest of the semester.

A great part of this unusual thinking activity is carried on by those individuals of an independent state of mind, who are firmly and immutably convinced that school should not have started until a month later.

Far be it from these high-spirited persons to bow to the dictates of an unreasonable society. What were brains made for if not to deliver their owners from tyrannical and high-handed injustice? So thinking, our heroes immediately and without thought of personal interests, begin a terrific and unyielding endeavor to right the great wrong inflicted on them by a merciless and malignant fate.

This is when the real self-sacrifice begins: the unceasing planning over schedule cards at various stages of the battle, the innumerable trips to the "Office" to have them changed. There is a frantic racking of brains for excuses for these changes, and the disagreeable feeling that regardless of all these heroic efforts, one is going to be required to pay for this spree in hard study later on.

These students, after a month's seige, are usually too spent from this tremendous mental exertion to do any more work for the rest of the semester.

Fond Mother—"I hope my little darling has been as good as gold all day."
 Nurse—"No, ma'am, he went off the gold standard about tea-time."

He—"I graduated from Taft J. C. She—"Funny things happen at Bakersfield too."
 He—"Well, at last I've passed Latin."
 She—"Honestly?"
 He—"Don't be so inquisitive!"

Camp—"Did you fill your date last night?"
 Van Osdel—"I hope so; she ate everything in sight."
 "Your studies are suffering, son. Do you need a coach?"
 "No, Dad, a roadster'll do."

And now we find that times are so hard that, according to some collegians who should know, the wages of sin have taken a ten per cent cut.

RIPPING 'EM

Up One Side Down the Other

A brunette in the hand is worth two blondes in the bush. How about it, Sarg?

And there is Jack Busby imitating Maxine Shomate's laugh in S. B. assembly. (The imitation was TOO good.)

Vance Anderson gets back to nature and is seen climbing over and under the study-hall tables. Nature in the Raw is Seldom Mild, is it Vance?

Today's riddle.—If—Cutshall—cuts Miller out, who is going to cut Cutshall out??

Does anyone know who the brunette is that our S. B. president isn't going to get?

And there is J. C. caught doing a Romeo and Juliet with Jean Maurer in front of the junior college building. There is more than one way to get a new pair of football pants. If you don't believe us, ask Rufus Thornton!

Boy, are we jealous of the pep the Estep twins show as yell-leaders? Hi Hi.

Wee Willie's education about the weaker sex is being enlarged by a professor by the name of Davis.

The "Cow Club" (Mu-Mu) tries to make the first string football team. Don't get discouraged; there's still track, basketball and baseball!

We're wondering if a certain gal from Delano is really the aunt of a certain drum major from Bakersfield? "Clever, these Chinese."

Shortly after the last issue of the Renegade Rip the author heard some comment on the article depicting Mr. Berrigan as one of this institution's leading wits. . . . The consensus of opinion seemed to be that this statement was just half right.

And if you don't think Harry Miller will be an "All American" some day, just ask him. He can give you a whole earful about it.

"Why don't YOU run for president, pop? You'd look swell on a three-cent stamp."

He—"I graduated from Taft J. C. She—"Funny things happen at Bakersfield too."

He—"Well, at last I've passed Latin."
 She—"Honestly?"
 He—"Don't be so inquisitive!"

Camp—"Did you fill your date last night?"
 Van Osdel—"I hope so; she ate everything in sight."
 "Your studies are suffering, son. Do you need a coach?"
 "No, Dad, a roadster'll do."

And now we find that times are so hard that, according to some collegians who should know, the wages of sin have taken a ten per cent cut.

Exchange

Mr. Richard Brothers has a one hundred per cent record in the "sleeping contest" carried on in Mr. Ingelow's geography class. Other contestants were easily outclassed.

Patrons of Canady's Dance Pavilion received a treat (some were shocked) when girls appeared from the A. W. S. "Kids Party" in—shall we say costumes?

The business at Newberry's 5 and 10 is picking up.

Margaret Bailey and Taft got together at the Porterville game. They say Lucille Ballagh fell pretty hard, too.

The schedule for fall romances is: Marie Rodkey vs. Bill Stemen. Jerry Douglas vs. Lowell Ball. Marie Long vs. Norton Jaggard. That Blonde vs. Harry Miller.

Impression: Isabelle Hanawalt munching peanuts with Jack Bethune at the Long Beach game. Darrell Berrigan was also present.

And about that Hanawalt n' Bethune affair, John Young, former B. J. C. student and debater, has made several trips from U. C. L. A. to see just what the "odds" against him are. . . . Well Isabelle, you're the "book-er."

Father—"What history are you studying this semester, son?"
 L. Ball—"Well, really, Dad, I couldn't tell you; you see the cover is off my book."

Since when have the Bobs taken up singing seriously? We want to know what the attraction is for Pete Kump in Paso Robles. Who is Rufus Thornton's Sugar? We wonder how Max Cameron enjoyed the first half of the Porterville game?

Did Bob Strauss keep the chain straight at Porterville?
 Then there's the proverbial Frosh who thinks that his economics prof rides to class on a business cycle.

But don't forget there's the freshman who was so dumb that he thought an Alaska Sucker was a rich Eskimo.
 Lowell—Something seems wrong with this engine, it—
 Gorry—Don't be silly; wait until we get off the main road.

Frosh at Harry Coffee's—I want a pair of corduroy pants.
 Clerk—How long?
 Frosh—How long? I don't want to rent them—I want to buy them!

Barber—to college student—"Oil changed, sir?"
 Harold Estep—"Where ya goin'?"
 Gerald—"Library. Watch you gonna do?"
 Harold—"Oh, I'll get my date over the phone."

Returning to Bakersfield after an absence of more than a year, Miss Violet Franz, instructor in the French department of the local junior college, reports a happy coincidence in meeting, while in Paris, Miss Maybelle Mentzer, another French instructor from Bakersfield.

The meeting took place just as Miss Mentzer was preparing to board a train en route to the British Isles, where she would embark for the United States. The teachers, unknown to each other, had both been in Paris for several weeks.

Miss Franz was on the Continent for nearly a year, during which time she not only traveled extensively but also spent several months engaged in research work in France.

Among the most interesting cities she visited in Europe was Geneva. Here she became acquainted with many of the members of the League of Nations, among them Dr. Holsti, permanent delegate to the League from Finland. Through his influence she was admitted to the League meetings as a guest of honor.

Miss Franz returned from Europe directly to Los Angeles on the Johnson liner Balboa, that she might arrive home in time to resume her duties as French instructor in the local J. C.

J. C. French Teachers Meet While In Paris

Returning to Bakersfield after an absence of more than a year, Miss Violet Franz, instructor in the French department of the local junior college, reports a happy coincidence in meeting, while in Paris, Miss Maybelle Mentzer, another French instructor from Bakersfield.

The meeting took place just as Miss Mentzer was preparing to board a train en route to the British Isles, where she would embark for the United States. The teachers, unknown to each other, had both been in Paris for several weeks.

Miss Franz was on the Continent for nearly a year, during which time she not only traveled extensively but also spent several months engaged in research work in France.

Among the most interesting cities she visited in Europe was Geneva. Here she became acquainted with many of the members of the League of Nations, among them Dr. Holsti, permanent delegate to the League from Finland. Through his influence she was admitted to the League meetings as a guest of honor.

Miss Franz returned from Europe directly to Los Angeles on the Johnson liner Balboa, that she might arrive home in time to resume her duties as French instructor in the local J. C.

SOCIAL SCIENCE HEARS TALKS ON PROHIBITION

The Social Science Club is continuing its study of the prohibition situation. Each of the Tuesday night meetings is devoted, in part, to talks on assigned topics relative to the prohibition question. Both sides of the question are comprehensively dealt with. The balance of the time is given over to a lively discussion.

There are, at the present time, nineteen members in this society, all of whom are genuinely interested in the discussion on prohibition.

In accordance with former plans, on October 11, the Social Science group and neophytes journeyed to Pelican Island on October 11. There, armed with picks and shovels, the neophytes established their worthiness to belong to the organization by their ability to uncover Indian relics. The girls' social science club, known as the Areopagus Club, joined with the boys in this trip to Pelican Island.

The two best relics found were an arrow-head and a jaw-bone, unearthed by Margaret Bailey and Gerald Estep.

The outstanding feature of the Social Science Club is that it includes in equal membership both college students and professors.

VISALIA TARTARS COMPLETELY ROUTED BY RENEGADES 59-0

VISITORS OVERWHELMED BY SECOND STRING

Visalia went down to a crushing defeat at the hands of the Renegade second and third strings last Saturday night by a score of 59-0. The Visalians were no match for the better trained and better equipped Bakersfield squad.

In comparison with last year's squad, Visalia must be faced with a shortage of material. But they must be given credit for their courage. After the game, one Visalia player doubled up his fists and said, "Well, maybe we can't play football, but we can fight." Undoubtedly an Irishman!

"Wee Willie" was finally sent to the showers in order to save his brother's financial standing. He gets a five-spot for every touchdown!

Eugene Ford also scored for Bakersfield by long runs. All in all, the men who played their first game against Visalia showed up remarkably well and it is to be hoped that they will see plenty more action!

Said the account in a weekly newspaper: "Sam Hopkins accidentally shot himself while hunting. One of the wounds was fatal, but friends will be glad to hear that the other one is not serious."

New Grid Machine

An altogether new type of grid machine is being used daily by "Spud's" charges in the southwest corner of Griffith Field.

The machine first began to take form two weeks before school opened when "Spud" and Herb McBratney were busy cutting timbers and digging post holes in preparation for its erection. The principle of the new machine is to train players in the fundamentals of "submarining" and use of the hands on defense. At opposite ends of the machine are two 6x8 inch posts upon which are pads constructed along the order of shock absorbers. All linemen use this device to develop the defensive use of the hands and hips.

The middle section of the machine is composed of two pairs of bags suspended from cross-arms. The bags are filled with approximately 100 pounds of sand and hang two feet from and parallel to the ground. This section of the machine is to develop the "submarining" tactics of the guards and tackles.

Many favorable opinions have been expressed as to the training value of Spud's creation, and steps have been taken toward patenting the machine.

FORMER ACES TO PRACTISE FOR RENEGADE TILT

A new grid team will be seen on Griffith field soon. Spud's Renegades need some real competition, so he has requested some of his old stars to come back and show 'em how it's done! The new squad will have a couple of weeks' practice and then pit themselves against Harder's proteges.

Those former Renegade stars who are expected to get into the scrimmage are: "Bog" Dougherty, "Hig" Higginbotham, "Red" McBratney, "Hi" Stanley, "Pin-head" Mier, "Governor" Smith, and other still unidentified men. More material is needed and no questions as to grades, character, etc., will be asked if those wishing to join this outfit will just bring along their brass-knuckles!

First Year Women Defeat Sophomores

The first-year women's association football team defeated the sophomores after a hotly contested series of three games.

The scores for the three games were: Tuesday, October 25, freshmen 0, sophomores 0; Wednesday, Oct. 26, freshmen 2, sophomores 0; and Thursday, Oct. 27, freshmen 0, sophomores 0.

Five-minute quarters were played by the teams.

Those who received points are as follows: Freshmen: Captain, Edna Dickinson; members, Evelyn Baldwin, Jean Christie, Kathryn Hauck, Anabel Hulme, Josephine Marek, June Oldershaw, Jean Osborne, Thelma Rankin, Eva Mae Anderson, Beatrice Allen, June Myers and Martha Marek.

Sophomores: Captain, Evelyn Schmidt; members, Victoria Achin, Margaret Bailey, Lottie Ellen Cave, Catherine Colborn, Holly Howsman, Marie Long, Olive Sharp, Adele Thayer, Tessie Williams, Laura Zimmerman, Margaret Belsit, Eleanor Mae Green, Barbara Shields and Margaret Nicholson.

Corrective Class Has Novel Games

Instead of eating Grape-Neritz to keep neat, trim figures and cheerful dispositions, women of B. J. C. have adopted strenuous games of horse-shoes, ping pong and croquet.

Under the direction of Miss Law, keen competition has been stimulated in these classes of restrictive and corrective gym students. Already marked improvement has been made in the developing of more athletic and attractive figures, and the encouraging of wider grins.

RENEGADES ENCOUNTER PIRATES IN TOUGH GAME HERE SATURDAY

HARDER MEN HIT BY OLD MAN "FLU"

If you had seen Spud and Pete before the game Saturday night, you would probably have noticed quite a few drops of sweat dripping from their brows.

When the game time came Saturday night, a check-up revealed that seven men of the already diminished squad were ill with the flu.

Garing, Meudell, Van Osdel and Garber, the first three of whom were supposed to start the Visalia game, were home in bed with the flu.

Hawkins, another player who had been counted on to start, was present but he was in no condition to dress for the game. He had to satisfy himself by watching it from the sidelines.

Black was also listed to start the game, but he had been ill all day Friday and was still running a temperature.

"All-American" Miller was feeling tough, the result of an attack of the flu, but because of the shortage of tackles he started the game anyway.

Besides all the sick players to worry about, the coaches also had a few injured ones. Included in the list of injured players was "B. B." Sargent, who suffered from an injured ankle.

J. C. Broadcast

Pep Rally For Visalia Game

Over one hundred students attended the second pep rally broadcast over station KERN last Friday afternoon.

This rally, preceding the B. J. C. Visalia game, although not as boisterous as the one held two weeks ago, was equally successful.

New features added to the already spicy pep program of music and yells were a piano solo by Jack Mumford, and a vocal selection by Dorothy Harpster with piano accompaniment by Harold Carlock.

Coach "Spud" Harder engaged Gribbin and Wilton, two members of the Renegade team, in interview. In concluding, Harder made a short radio address upon recent measures taken to make football safer for the players.

BRIGHT FUTURE FOR BASKETBALL FORESEEN

Although basketball practice does not start for some time, many former junior college and high school stars, and many excellent prospects anxiously await Coach Peterson's summons.

Some of the foremost pre-season prospects are: Barrett, Ball, Benton, Haworth, Hawkins, Gribbin, Harrel and Robinson.

The schedule for the season has not yet been definitely arranged.

VENTURA HAS DEFEATED BOTH SANTA MONICA AND SANTA MARIA

Next Saturday night, Nov. 5th, the Renegades will tangle with the Ventura Pirates on the local field. In their last two games, the Pirates have emerged on the upper end of the score, defeating both Santa Monica J. C. and Santa Maria J. C., the latter by a score of 12-6.

The Pirates are an exceptionally fast squad and offer the greatest threat in their passing attack. They use the U. S. C. type of shift on offense and a 6-2-2-1 defense.

In their tussle with Santa Maria, the center of the line proved to be the Pirates' weakest point.

Arnett and Davison, two Pirate tackles, are stellar performers on the line, while Kalies and Cochrane are neat ground-gainers from their backfield posts. Kalies also passes. Spraggins and Lindsay are efficient blockers, while Reed, fullback, is a battering ram on offense and a sure tackler on defense.

The starting line-up in their last game was as follows: LE, Minger; LG, Tuley; T, Arnett; C, Culver; RG, Pool; RT, Davison; RE, Basham; Q, Spraggins; LH, Lindsay; RH, Kalies; F, Reed.

Harder Points For U. C. L. A. Frosh!

Coach "Spud" Harder foresees a large star in the crown of his junior college Renegades.

The games played thus far have attracted more fans than ever before. The squad has met the best of the junior colleges and the men have given excellent accounts of themselves.

Spud modestly declares that the team is just getting started... better look out, U. C. L. A. Frosh!

An 80-piece band, directed by Coach Arthur Schuettner, head of the Men's Physical Education Department, will make its initial appearance Saturday afternoon when Los Angeles Junior College and Compton meet.

The entire student body of the Sacramento Junior College spends \$51,000 monthly or \$513,000 each year.

NOTICE

All men wishing to compete in the Junior College cross country run please report to Coach Harder immediately.

Although a definite date has not been decided upon, the meet will be held within the next two weeks.

All men planning to compete will be wise to start training now.
