Renegade Rip

FACULTY WIVES IN PREPARATION FOR GALA AFFAIR

EXTENSIVE PLANS FOR ORGANIZATION EXPECTED TO EXCEED LAST YEAR

"Faculty wives will sponsor their third annual fair and fiesta on the field behind Loden Hall on Saturday, October 6, for the benefit of the student scholarship fund. The event will begin at 7 a.m. and continue until midnight.

The annual event will be held in conjunction with the Frontiers Day program, following the games between the Renegades and the L. A. J. C. Oub. According to statements made by faculty wives, this fair and fiesta will be 'a bigger, more-interesting, and better event than in past years. In previous years this annual affair went over big with the students of the Juarez and the high school.

A. M. S. Instigates Noon Dance Scheme

Plans are on foot for an A. M. S. noon dance scheduled for sixth and seventh period October 6. Administration and faculty members will be on hand to help with the entertainment. The success of this new feature may prove the forerunner to a series of such entertainments throughout the year.

Robisky Speaks at Rally Today

"To stir enthusiasm for the Cal-Poly game tomorrow night the first football rally of the year is being staged fifth period today in the auditorium. Don Robisky, former Bakersfield grid ace and Stanford All-American, who is at present aiding the B. C. coaching staff, is the featured speaker.

"Coach Jack Frenst presents his season outlook in his first public appearance of the year. John Clymer, professional parody, who forms the unprecedented feat of advising Mr. Ewert in Orientation, and Mr. Fret in the greenfield, also airs his views.

"Robisky provides a spot of harmony to be followed by a series of yell orders directed by our newly elected yell king, Johnny Schroeter, and Howard Payne.

CLOSE RACES IN VOTE FOR J. C. OFFICERS

From one of the most closely contested J. C. elections on record yesterday emerged the officers who will combine with President Bob Moon to form the Executive Council for this collegiate year. North Hathaway, well known in J. C. circles as "Jimmy North," of orchestral fame, carried off the first vice-president honors.

Since a majority was attained in the race for second vice-president, the revote by special election will be held on Monday to select between Harry Harper and Cyril Haworth.

Hahn, who was returned to Bakersfield after a year's sojourn at Stanford, tallied highest on the secretarial ticket.

Supervision of the "Renegade Rip" and Racenteur for the year falls to the hands of Howard Roland, who outstripped George Myles for Editor of Publications.

Business manager is Bill Baldwin, whose solo candidacy was unthreatened, and Johnny Schroeter and Howard Payne jointly won the office of Yell King.

A statement immediately following the final tabulation President Bob Moon issued the following:

"I am pleased with the outcome of the election and I feel that the student body has shown great judgment. I am certain that all of the student body officers will work very harmoniously.

Students who served on the election committee were Ruth Mason, Walter Alley, Murray Arnold, Julius Bain, Helen Curran, Jim McDonald, Frances Embrey, Alice Rankin, David Hanley, Rose Stockton, Mary Bone, Evelyn Hudlock, Jack O'Brien, Virginia DeLacy, Ann Easham, Calvert Hagard.

Repairs For Stage Await Board O. K.

Repairs for the old auditorium are under consideration of the school board, according to Principal Herman Humphreys. The discussion covers the repairing and refinishing of the stage proper, the placing of all electric wiring in safety conduits and the purchase of a new front curtain.

Many Tourneys On Schedule Of Forensics Squad

With a squad of experienced debaters back for more and better debates, Coach W. E. Peterson is quite confident that B. C. has a good chance to gather more honors this year. The first round will be the Phi Rho Pi Invitational Tournament, within the junior college on the topic, "Resolved: That in all social affairs involving men and women students of B. C. expenses should be shared equally."

The University of Hard Times Tournament, which is to be around December, will be the next task. Later on in the season there will be the Phi Rho Pi Pacific Southwestern and Kappa Delta Tournaments. The Central California Junior College Conference, of which B. C. is a member, will probably have a tournament in addition to the regular inter-school competition.

Students Seek Part-Time Work

As is always the case at the beginning of the fall college terms, there are many students desiring to attend classes and enter into the various activities, including athletics, who are faced with the necessity of securing part-time employment to remain in school. Although some have obtained work through the aid of the office, there are still several having longings, afternoons, and nights after six o'clock available for work who are experiencing a genuine need.

"I am aware of the need for employment of any nature which could be fulfilled by part-time work should notify the main office at the earliest opportunity. Any load which may result in employment of a self-supporting student will be sincerely appreciated.

The Junior-College Student Body is already grateful to the many merchants of this town who have provided means for numerous students to earn their own way.

J. C. Total 637: Card Sales at 300

Trailing last-year's record enrollment of 651, the figures for the present semester have settled at the problem height of 637. A notable gain over last week's report. Meanwhile, student body card sales have hit over the 500 mark, some of which, however, are half-price tickets.

"If the present rate of sale continues," states President Bob Moon, "we may reach the greatest peak in history."

Rip Reporter Aids Student sentinel Regarding J.C. I, Faculty Outlook
By LLOYD THU

This discussion should, I think, show that there are many students at Redlands Junior College who feel that the student body is too large and that a more active student organization should be formed. This is not to say that there is no organization at all, but it is to say that the organization is not sufficiently active to meet the needs of the students.

In a recent poll of the student body, it was found that 75% of the students felt that the student body was not active enough. This is a very significant figure, and it indicates that there is a need for improvement.

The organization that I am referring to is the Redlands Junior College Student Council. This council is composed of representatives from each of the different departments of the college, and it is responsible for making decisions that affect the student body as a whole.

In addition to this, there are several other organizations on campus that are active and that serve to meet the needs of the students. These organizations include the Redlands Junior College Drama Club, the Redlands Junior College Music Club, the Redlands Junior College Debate Team, and the Redlands Junior College Science Club.

I believe that these organizations are doing a good job of meeting the needs of the students, but I also believe that there is a need for an additional organization that is more active and that is more concerned with the needs of the student body as a whole.

The student council is the organization that I am recommending for this purpose. It is composed of representatives from each of the different departments of the college, and it is responsible for making decisions that affect the student body as a whole.

I believe that this organization will be able to meet the needs of the students, and I hope that it will be able to do so effectively.

Oil Center Stages Re. Open Dancing
Attention: Junior College dance lovers! The Oil Center Dance is scheduled for this Saturday, February 17th, and it is expected to be a great event. The Oil Center, located at 123 Main Street, will be open from 8:00 PM to 12:00 AM, and it will be a great opportunity to meet new people and have some fun.

The Oil Center Dance is open to all students and faculty members of the college, and it is free to attend. There will be a cash bar, and there will be a variety of food and drinks available for purchase.

The Oil Center Dance is a great opportunity to get out and have some fun. It is a great opportunity to meet new people and to have some fun with old friends.

I encourage all students and faculty members to attend the Oil Center Dance. It is a great opportunity to have some fun and to meet new people.

Standard Oil Co. Plans Broadcast

The Standard Oil Co. is planning to broadcast a program on radio this weekend. The program will be about the company's operations and will be broadcast from 8:00 PM to 10:00 PM.

The program will feature interviews with managers and workers, and it will provide a glimpse into the workings of the company. It is expected to be an informative and entertaining program.

The Standard Oil Co. is a large company, and it has a significant impact on the local economy. The company employs hundreds of people, and it is one of the largest employers in the area.

I encourage all listeners to tune in to the program and to learn more about the company.

Ancestral Thanksgiving

The Thanksgiving holiday is fast approaching, and it is a great opportunity to spend time with family and friends. The Thanksgiving holiday is a time to give thanks for the many blessings that we have in our lives.

I encourage all students and faculty members to take some time to reflect on the things that they are grateful for. It is a great opportunity to appreciate the many blessings that we have in our lives.

I wish everyone a happy Thanksgiving holiday, and I hope that everyone has a chance to spend time with family and friends.

Student Reporter

I am a student at Redlands Junior College, and I am writing this letter to express my appreciation for the work that you are doing. I believe that your work is making a significant difference on campus, and I am grateful for all that you are doing.

I hope that you will continue to do great work, and I wish you all the best.

Sincerely,
[Signature]
RED Downs GREY
BY SINGLE SCORE
IN SQUAD GAME

By Murray Arnold

It's hard to say just what will happen when the Renegades meet those tough boys from the coast to-morrow night. A lot of fun will fly by and you may lay to that as well as the fact that the score will be awful close. They are sending over a team that averages 150 pounds per six and the starting line is concerned and the reserves weigh in at 170 on the hoof.

Have you kept up with the new team that Spud is putting out at Santa Barbara? According to reports, they have the full backing of the town and have been constantly pushed to the limit by the newcomers. In the backfield and in the halfback line Spud has put this team together, and the boys have been playing well. Last year's veterans showed up well, as expected, but are being constantly pushed to the limit by the newcomers. In the backfield Jansen and Shafer and the former fullback star, Young, gave the boys that are to be watched this year.

The line-ups were as follows:

Reds

Wofford

CalDW

Bakersfield

Chico

Gray's

Poitier

Martin

Fresno State

Leanfield

Witter

Bakersfield

Bakersfield

Winner

Demer

Young

Green

Cleary

Former Renegades

On Fresno Squad

FRENO STATE TEACHERS.

Coach Leo Harris is expecting Bill Van Osdel to be the mainstay of his backfield. Bill plays fullback and is a triple threat man, and an exception-al punter. Last year he easily proved the outstanding man in the back field until he was laid up by a broken collar bone.

Roger Deenen, who played tackle for the Renegades, is quarterbacking at the same position for the Bulldogs and looks exceptionally strong.

Eugene Ford, captain and right half on the Renegades last year, is expected by Coach Van Osdel to take a position on the Staters and will be plenty of action. Eugene is also a triple threat man.

The boys from the Staters and the boys from the Santa Barbara are men made "All-Conference" honors as members of the Renegades under "Spud" Harvard.

RIP-SNORTS

Robekesky Returns
To Aid Renegades

Don Robekesky, Stanford football star and All-American guard, is back in Bakersfield to stay awhile and teach in the junior college Renegades a few football tricks. At the present time he is teaching an Advanced History course in high school and helping Jack Frost coach the Renegade line. From his past experience as a football player and coach, he should be able to do wonders for the Renegades this year.

In 1923 and 1924 he played on the quarterbacking and proved himself to be a star and excellent college material. In 1924 he entered Stanford University and was made captain of the freshman football team. He finished playing on the first string varsity as one of its most valuable players.

Having been chosen All-American guard in 1928, graduated and entered Hastings' law school in San Francisco. While attending law school, he was assistant coach for the Stanford freshman football team and assisted for the Stanford varsity his last two years.

HAR DER W A I T S TOUGH SEASON

Since Spud Harder, last year's Renegade coach, is now head coach at Santa Barbara College, Renegade fans will have to root for two teams this year.

Another reason for interest in the State team is the fact that the nucleus of the Gauchos is built up by the same former Renegade stars. Ralph Stoppel is the speedy triple threat veteran that expects to go places this year with a good line in front of him. He will be a halfback, with Bob Dunham as one of his underguards. Joe Robinson and Harold Bart are fighting for the fullback position with Harold Sanderson of Porterville Jaycee. H. Stanley is one of the outstanding backs this year. "Tiny" Cox is one of the candidates for the pivot position. Barney Dwyer is fighting it out with "Red" McCloud, of Taft, with the guard position. Joe Stoppel is another candidate for backfield, while Leroy Findlay and Allan Garber are doing nicely on the line.

Despite the fact that Spud dropped his first contest to the Santa Barbara Athletic Club last week-end, he sees a very promising year of successful football. Statistically speaking, the Gauchos won Saturday's game. The defeat came when one of the Athletic Club halves was left on the field all the way, while the Gauchos had the mainstays galled for a hard touchdown.

Dave Pollock is the quarterback on the freshmen team. He was a member of the Bakersfield and student body.

The freshmen defeated Oxnard High School last Saturday.

R ENEGADE BIF

Maroons Set For Poly Go

R ENEGADES SEEK TO PUNCTURE REPUTATION OF CAL-POLY SATURDAY EVENING

Facing the first line barrage of the pigeons' avalanches, the Renegades must buck against the press-prepared clean-cut men of California Polytechnic Saturday night on Griffith Field. Preceded by a reputation which threatens a heavy evening for the Maroons and White, the invading squad will arrive here fresh from a recent victory over Visalia, a Bakersfield conference foe.

If the words of Coach Jack Frost are any criterion, "The Renegades must extract a lot of blood from these men to molest keep anything on the ball but their hands." Following several workouts earlier this week, theDiminutive Driller topping his plays today with nothing more than a brisk signal drill.

Considerable student "first-game" interest is being assured with fanatical to compare Frost's tutelage of the "boof fellows" with his phenomenal success with the Driller San-dies and their unparalleled record of consecutive wins.

Judging from the line-up which has had first, call, during scrimmage, the closest to scophone on the greenwood Saturday night should include the following: Center, "Dilly" Bailey; Tackle, Van, redshirt, "Lurch" Freeland and "Bone-crusher" Beauchamp; tackles, "Muth" Potter and Neal Waite; ends, Bettencourt and Taber.

The O'Brien boys, Nate and Jack C, will undoubtedly get the nod at quarter and half, respectively, with "Bone-grass" Young at the other halfback post and "Swede" Anderson at fullback.

Tickets may be secured on Student Body Cards this afternoon and to-morrow.

Lettermen Hold First Meeting

The Varsity Club, J. G. letterman's association, held its first meeting of the season, Thursday, Mr. Tabor, faculty advisor, opened the meeting and then turned it over to Jim McAlli-

The members voted unanimously to support the candidacy of fellow members running for executive office. Election of Varsity Club officers was set for the next meeting.

Dr. T. C. Knoles Speaks Today

Noted Lecturer and Educator To Address Students and Club Members

The noted educator and president of the College of Pacific, Dr. Tully C. Knoles, will speak to the students of Bakersfield Junior College today, in a general assembly. He is scheduled to give an address before the University Women's Club tonight.

Dr. Knoles is widely known as one of the state’s foremost educators. He received his preliminary degrees at the University of Southern California, and obtained his L. L. D. degree at College of Pacific.

On his visit of B. J. C. some three years ago, Dr. Knoles spoke at the commencement exercises.

Dr. Knoles now heads the College of Pacific, the college which two weeks ago achieved something short of a miracle by holding Southern California’s first college fair to a sold-out score. Among Alton Slagg, former University of Chicago mentor and the grand-old-man-of-football, handled the coaching assignment at C. C. R.

The University Women’s Club participants and alumni of B. J. C., headed by Miss Grace V. Bird, will hear Dr. Knoles tonight.

Debate Tournament

The local chapter of Phi Rho Pi is preparing for a debate tournament, among the members and all other interested students. The question to be debated is: Resolved. That is all social activities, involving both men and women students of Bakersfield Junior College, the expenses should be shared equally.

There are nine teams entered, with the teams arranged so as to visit an experienced debater with an inexperienced one. The teams are:

Helen Carver and Frances Egan

Bob Mood and Gordon Patterson

Oscar Turner and Roy Rodgers

Hyrum Amsden and Evelyn Hadlock

Julie Stambaugh and Paul Daily

Gertrude Washo and Allen Clark

Joe Himes and Faith Haskins

Frank Campbell and Margaret Sherratt

The tournament will be Oregon style, and will be under the supervision of Julius Bains, the debate debate manager.

After being closed since the earthquake of March 19, 1928, the Compton Junior high school has reopened.

Students To Vote On Constitution Addition

To promote closer cooperation in student body activities by uniting all student representatives in one governing body, the Executive Council voted last Wednesday to amend the constitution to the students to be voted upon in a general election on October 19.

The amendment reads as follows:

Section I—

The president of the Associated Men Students and the president of the Associated Students shall be ex-officio members of the student body Executive Council and shall be entitled to all privileges of active members.

Y-Initiation

When Miss Pauline Guira, one of the newest members of the faculty, entered the first grade, she began her study of language by learning to read. Before that, she could only speak the only Sicilian dialect of Italian.

Miss Guira now speaks five modern languages, and Spanish was her college major, but she studied Italian almost as much by private tuition.

Y-Initiation of the Students’ organization was announced by student treasurer Darrell Jurena. The organization’s future program is being mapped out by a specially appointed committee.

The program for the next meeting will be political in nature. Prominent local political leaders will be among the speakers.

A.M.S. Meeting

The Associated Men Students will meet in the auditorium following the student body assembly to discuss and formulate plans for a dance on the evening of the U.S.C. A game, October 20, in the boy’s gym.

The members of the association will be advised by John Clymer and Don Robey, the candidates for this advising position.

Last year’s men’s dance was a success and the big event of the season. This year the boys intend to make it all the more exciting. It is insisted that the dates be obtained now for the big dance in the boys’ gym on October 20.

FEAT REPORTERS
D. Arnold Mayr, Mass, Pick, Fuller, Richards, White, Bailey, Coleman, Hart, Wells

THE "INS AND THE OUTS"

The Rip jumps on the bandwagon of the student body president, the other officers of the student body, and the majority of the students themselves to hail the cooperation of every student in supporting the alma mater by becoming an "Ins," plain and simply. By signing up by name or by buying a student body card.

Announcing it as may seem, there are actually been reports circulating as to the non-comers who carefully figure the dollar and cent value against the student card, figure out to the real cost per each and every activity to which the card entitles one. It has been carefully pointed out that the student-games only pay twenty-five cents on the student rate, and that the student is paying good money for an unappreciably small spell.

College Life is in the extreme when such an attitude exists.

Of course there are many loyal students among us — it is for the Ins only.

Every student who attends the dances is an "Ins," and to every student body card is a proof of belonging, not his season ticket to events.

This Saturday night we meet the Santa Clara Collosa on Griffin field. After last Saturday’s game, give the feeling that we can win.

The Student body sends cordial greetings to the students of the Santa Clara College and wish them the best of luck.

All we can do to appeal to the loyalty of you students. Become one of the "Ins" if you are still an "Out." To the present "Ins," we appreciate your support.

Renegade Quartet

The Junior College quartet, recently organized under the direction of Mr. Cowart, is anxious to be featured at every possible event. The quartet will sing in the choral concert this evening.

Mrs. C. C. Hareket, president of the Junior College Finance Committee, expressed appreciation of the efforts of the club for the work they have done so far in the season.

On a Rip-Tide

By MAURY BARKER

"The Raven," directed by John Ford, and "Wuthering Heights," directed by Thea von Harbou, are the two main attractions this week. The two films have been chosen by the Students' Association in order to provide entertainment for the students.

On the evening of the screening of "The Raven," the Associated Student Body made arrangements for a special showing of the film. The film was shown in the school auditorium and was accompanied by a live orchestra.

The music for the film was composed by Max Steiner, and the orchestra was conducted by John Ford. The film was shown in two parts, with an interval for refreshments.

Debate News

The first debate of the season for the Central Section Junior College League was held on the Bardfield campus. The debate was on the question of the value of education, with the pro and con sides presenting their arguments.

The pro side was represented by students from the Bardfield campus, while the con side was represented by students from the Santa Clara campus.

The debate was well attended, with a large audience present to witness the event.

The Associated Student Body will hold a meeting on Monday night to discuss the implications of the debate.

"Spud"s" Gauchos Take First Conference Go

Santa Barbara State appears to be on their way to a very successful season with the able tutelage of "Spud" Harder, former Gauche-

mentor.

In the first conference game, the Gauchos scored 6 to 0 victory over the Pomona Sagehens. Outstanding in this game were Joe Robinson, Torr-

sley, "Spud" Ros, Frank "Bloody" Voertman, and Barney Dupes, former Renegades.

The Gauchos then played a practice game against the Frosh and lost to the Babies, 12 to 7. The Babies proved plenty tough, and it looks like "Spud" will have plenty of material for next year.

The Frosh are also well represented by former Renegades with Hart, center, and Pollok at block back. At fullback, former Driller, at the end, and at the half, Saturday night, the Gauchos will meet the powerful Mortons of U. S. C. This game will further reveal how the Staters will end up in the Southern California Conference.

Muck is expected from Ros, Dupes, Vonnegut, and Robinson. "Good luck, Spud."

Cub Coach Brother Of Faculty Member

A very interesting sidelight of the L. A. J. C. game is the fact that Don Neumeyer is a brother of Richard Newmeyer, instructor of Social Problems at this Junior College.

Don Neumeyer, as well as being assistant coach of the Cubs, is head mem-

ber of the Westwood Cubs, a professional football team.

Don is a member of the University of Southern California "Frosh and 'Varsity Teams", of the late Andy Smith, during the years from 1920-1922. During these years he was outstanding as a tackle.

RIP-SNORTS

In this Santa Clara Frosh outfit tough! The Renegades clawed into

a hole and lugged their wounds on the games last night. They thought
to have had a tough ball team. But this bunch that blows into town Sat-

urday, has a reputation for being really hardy.

"Get out your brass knuckles, Renegades—it's going to be a rough party."

We see that Freeland and Frey are back in their old guard posts. They're a couple of fine veterans with a lot of experience behind them.

What's this? "Swede" Anderson, the Lord's gift to halfback. He's being shifted to half back! No foolin'. The rantin', pantin' full from Harford seems to like his new berth and we wish him lots of luck.

Coach Jack Frost has joined the list. Simon's trouble is going to be tough.

The Renegades headman sure has his worries these days, what with all the tough teams in the state coming up against his outfit, not to mention some of the Jaycee's elements heading this way.

Wondering what to do with your empty game tomorrow night? Question—is Teck plays Wasco Normal. It should be a great game. They play on the Saco gridiron where there's a lot of sagebrush and rabbit holes. The boys on defense hide behind a bush and when the ball packer comes near, they run out and tackle big.

My co-wooers, here is going to cover the game for the Thursday paper. He gave me all the dope, the dope.

Keep your eyes on Jack Sobiero of Santa Clara. He weighs 224

pounds, plays fullback and his specialty is passing. He's going to the Arizona State next season and is plenty good at his work.

Another Colt worth watching is "Buzz" Jackson, their punting specialist.

Not to mention Tony Massino, 192-

pound end and de.

Former Driller Star Returns to Campus

While attending Washington State, Hilton was left half for good and was expected to be their main scoring threat.

According to Jack, the rain and snow were far too much of a con-

trast from "sunny" California, and "froze" him out.

Hilton will be out for a halfback berth on the Renegades as soon as he gets his school work under control and should be of valuable service to the Renegades.

Jack is well known around this campus, playing four years of foot-

ball while in K. C. U. S. His return will help both of these sports considerably.

Renegades To Face Bruin Babies Soon

The U. C. L. A. freshman "Babes" come to town next Saturday, October 20, to meet the Renegades in a proposed tough battle on Griffith field. They will endeavor to get revenge on the Renegades as soon as he gets his school work under control and should be of valuable service to the Renegades.

The southern eleven has so far had an unusual season, but comes to town with the Renegades as usual.

On second thought, sport critics believe they'll go down in a crumple at the hands of the Renegades. "Dazed" J. C., C. O. C. beat the Babies 16 to 0. Riverside J. C. defeated them about 44 to 0.

Calendar

October 13, Santa Clara Frosh, here.

October 20, U. C. L. A. here.

October 27, Porterville for U. C. three.

October 28, Stanford Frosh here.

November 10, Modesto J. C., here.

November 12, Reedley J. C., here.

November 17, Vista Grande, here.

November 23, Taft J. C., there.

EXCHANGES

Compton Jaycette is to give a series of dances throughout the school year. Each one is to be sponsored by a dif-

ferent group, on the campus. A fee is charged every person attending. The first of the series was in honor of the new students.

Miss Alice Greer, former J. C. stu-

dent, is now attending Miss Miller's secretarial school in San Francisco.

The Los Angeles Junior College has started an interesting new column entitled "From the Bottom Up". It's a series of interviews with women engaged in unusual occupa-

tions and women leaders in the busi-

ness world. It's a good idea to know where she'll be for that type of column.

J. C. Band

Having participated in two football rallies, two football games, and one long parade during the Week-end, Har-

ford has lost his "second string" and the Cub college band has brought down a week of rest. One busy week-end after another—that's the story.

This week the band will play for the high school, and junior college football games on the home field, and possibly, for some pep rallies to be held preceding the football games. The Jaycette student body certainly must be pleased with the music they play. But—did you know that the band is made up of high school students? These boys have been cut out with a lot of music and they will be well worth the money. Three cheers for the Renegade band.

The latest news flash from L. A. J. C. brings the startling fact that the Cub are looking forward to a new member of their football team making All-American. This may sound incredible, but it is true. This is the first new method of selection of the players—namely, by vote of J. C. student bodies, it is possible, and it is likely. L. A. J. C. is the only college to vote for the All-American, because of their large enrollment.
