**Gals Run Wild In Pursuit Of He-Man For Hop**

Daisy Mae, Lil' Abner Squeal and Grunt Thursday and Friday

"Yippee! You catch!'

From the frenzied, triumphant squeals of female fans in the hall Thursday night, it was apparent that Sadie Hawkins Day had ended on a high note. And naturally, it was the boys who were going to have the fun.

That chance of a lifetime, that opportunity that knocked but once, at least for the men, and for a time, for a generation of young men, was seized by the boys who have been eagerly awaiting the moment for years. The figures.-.

**PORTERVILLE PEPLY RALLY SLATED FRIDAY**

Joe Greene, Head Man of the pep rally, said that his pep rally will be held Friday, third of April, at the high school. The rally will take place in the high school gymnasium, and the students will take part in the rally under the direction of the high school students. The rally will feature a variety of activities, including drag races, basketball games, and other sporting events.
ENGINEERS INSPECT CEMENT PLANT

A bucket of Associated Engineers Club members recently visited a concrete plant in Los Angeles, thereby gaining a close-up view of the process of cement production.

On the tour, M. Buckey, chairman of the Education Committee, explained the various types and uses of cement being used in the area.

Open to all, the tour is part of the Club's efforts to promote awareness of the engineering profession and the important role it plays in society.

PHOTOGRAPHERS

The event was well-documented, with photos taken by Club members to capture the unique experience.

Alfred Louis Relates English War Experiences

"The enemy is much better equiped today than in the war of 1918," stated Alfred Louis, a former soldier, who returned to the United States after fighting in World War II. Louis believes that the advances in technology and weaponry have significantly changed the nature of warfare.

Letters to the Editor

Dear Editor:

I was looking through old photos the other day when I came across a picture of my great-grandfather. He was a sharp-dressed man and always seemed to be in a good mood. I can still remember the way he would smile at me when I was a child. He truly was a remarkable person.

Sincerely,

Letters to the Editor

Dear Editor:

I take your friend and your fairs. As such, I aim to help make the fairs a success. As a result, I am writing to the Editor to express my concern about the situation.

I understand that the fairs are in need of volunteers. As a member of the community, I would like to offer my assistance. I have been actively involved in various community events and believe that I can make a positive contribution.

I am available to assist with any tasks that are required, such as setting up the stalls, distributing brochures, or assisting with the sale of goods. I am confident that I can be a valuable asset to the fairs.

I would like to schedule a meeting to discuss the specifics of how I can contribute. I am flexible with my availability and can accommodate the needs of the fairs.

Thank you for considering my offer. I look forward to the opportunity to contribute to the success of the fairs.

Sincerely,
[Your Name]

Rally King!

By Tony Reid

"Look here!" Tony Reid was speaking the other day to a group of students who were gathered around him on the campus. "I am going to give you a little talk on something that is happening right now - our basketball team!"

Tony Reid's words were met with excitement and anticipation. "I believe that our basketball team has the potential to win this year's championship!" he declared.

The students nodded in agreement, eager to hear more about the upcoming season. "We have a lot of experienced players returning from last year, and some great new talent joining the team," Reid continued.

"But we need your support! We need to come together as a community and cheer our team on from the stands. Together, we can make history and bring home the championship!"

The students were inspired by Reid's words and promised to do their part to support the team. "Let's show the whole school that we are one strong, united community," they exclaimed.

Rally King!

By John Smith

The annual rally was held last night on the school field, with a large crowd of students and faculty in attendance. The atmosphere was electric as the lights shone brightly and the music blared from the speakers.

"Welcome to our rally," said the principal, addressing the crowd. "Tonight, we are gathering to support our school and show our spirit!"

The rally included a variety of activities, including a dance-off, talent show, and a game of tug-of-war. The students were competitive and energetic, cheering each other on and showing their school pride.

"This rally is about more than just fun," said one of the faculty members. "It is about showing each other that we care and that we are a strong community!"

The rally ended with a final speech from the principal, who encouraged the students to continue to work hard and support each other throughout the school year.

Local Botanists

By Jane Doe

Several local botanists gathered yesterday at the community center for a special presentation. The event was hosted by the local gardening club, and was open to anyone interested in learning more about the world of botany.

The first speaker of the day was Dr. John Brown, a renowned botanist from the University of California. Dr. Brown took the stage and began by introducing the audience to the basic principles of botany.

"Botany is the study of plants," he explained. "It includes everything from their structure and function to their classification and evolution."

The audience listened intently as Dr. Brown went on to discuss the various branches of the field, including plant anatomy, physiology, and ecology.

"Botany is a fascinating field," he concluded. "There is so much to learn and discover about the plants that surround us."

This event was a great opportunity for the local community to learn more about the science of botany and to connect with other enthusiasts in the field.

Snap Contest Closes Soon

Entries Pouring In Daily

Weaver Predicts Largest Turnout in Years

For Photographers' Competition

By Susan Carter

The annual Snap Contest is currently underway, and entries are pouring in from all over the county. This year, we have already received over 500 submissions, and we expect the number to continue to grow as the deadline approaches.

"I am thrilled with the response," said contest organizer, Jane Smith. "It shows that people are really excited about photography and are willing to put in the effort to submit their best work."

The contest is open to all residents of the county, and submissions must be received by noon on Friday. The winner will be announced on Monday, and will receive a prize package valued at over $500.

Weaver predicts the largest turnout in years, and is looking forward to seeing the final results.

"I am sure we will have some amazing entries," he said. "It is always exciting to see the creativity and talent of our local photographers."

"But we need your help!" he continued. "We are looking for people to vote on our Facebook page and help us choose the top five entries."

The Snap Contest is a great way to support local talent and to showcase the beauty of our county. So, get your cameras ready and submit your best work before the deadline!

"It's a Snap!" by Jane Smith

The Snap Contest closes on Friday, and entries are still being accepted. If you haven't submitted your work yet, now is the time to do it! Who knows, you might just be the next winner!"
GADDE IN WIN TAFT NETS CONFERENCE PLACE

FROM THE BENCH

"What the boys’ gym needs is more towels!"

For the past week the gym has been short on towels. It is very embarrassing to take a shower and then discover that there are no towels to dry yourself with. So I suggest that Ed Bahr, President of the gym, change to a Towel Fund for this school.

NAMES IN THE NEWS:

The Renegades ended a very successful season, winning 13 games and being defeated Taft twice, which consists of two victories to two defeats. The season ended with a 9-4 record, which is considered quite successful. No one thought that the Coach would have a hang-up ball "come off their head."...They don’t give up. Dr. Bahr, of Bakersfield, had a good report.

Jim Zeller, word of Floyd and Billy Hayes on his all-conference, with the coaches making their "inhospitable" comments. While the Coyotes were also beaten on Pasadena’s all-state ball, with Billy Hayes making the third squad.

RENEGADE DAY:

Coach Hawk has been planning his big game since the County Junior, Chamber of Commerce, took over the sponsorship of the Bakersfield Royals. At the reference of the meet, "Coach" is going to try out Amo (Coyote) Negreiros, who was changed by the chambermen. Negotiations for the changes are now under way. It is rumored that the Trojan Treat will be here to run against the junior college.

Coaches Comments

What about California? I was asked the other day, "Well, what about '17 and '18?" I mean only can be said on such a high level as it cannot be predicted. The reason? The only thing the Bear did was that high jump, and public attention was too high to be of the Pacific coast in a Rose Bowl game—then that same tune Bakersfield ran the way wrong.

INTERCLASS MEET:

A "sweat your face," you say? Your Sub-Basketball lovers have the interclass meet this evening coming up. Those of us who have been "sweating" to take a beating—and what a beating you have—will try to do better tomorrow night, when we take the "sweat" over the year.

THIS FIGHT NETWORK

Gans, in my opinion, will take Anderson from the Javelina. That evening, Armstrong is a good fighter, but he is giving up his weight against Garcia. If Met Bier and Tony Gallegos ever "sweat," he will "sweat" to "sweat." Says Max, "If I win the Brave butch on that he is sure to be able to drink for a month."

CUFF NOTES

Billy Zeller was there over the weekend. "He threw the shot for the straw," he said. "The straw of the straw of U. C. gym the century in H.T. last week."

Well, Billy's team had the best East Bakersfield team, but turned around and lost to Delano High School by a big score.

Locals Defeat

San Luis Obispo

Hitting their stride, the local, called "hot-and-cold" Renegades got off a solid Friday night and homed up on a San Luis Obispo five by a 46-34 score.

Although the coast boys started the game in hot shape, the Renegades got moving and chalked up a 10-point lead in the first half, giving San Luis only 12.

"CAMOUFLAGE SQUAD"

Although the locals were more than a quota, the "camouflage" squad scored a big block of points behind a good, solid defense.

The "Invading San Luis five "were the big men in the game. They scored a total of twenty points. They were John Little, Chuck Smith, and George Smith, who scored two and two respectively.

A. M. S. To Give Medals in Interclass:

When the annual Bighorns-Lifers vs. BearＨorns meet comes off next Friday, there will be five special awards given the most outstanding among the members. These will be given to players who are predicted to win the "coaches' report—"coaches. Mike James and "Jimmy" Johnson. The little No. 3's and frontiers should direct their goals toward the master's worthy wing of Capt. Bill Tisdale.

Preliminary events to be run off this week at the regular classes are the javelin, broad jump, and the two-mile run. The awards given for this meet may count too much time, too much effort. Coach Richman is looking for any special requests.

Further quotations from Heddron about the "sweat" business will be more on the line of "sweat" business. To warn the rest to whip into shape until the latter part of April, this meet will not be taken lightly. The Pizza, Coach.

Alas, I listened to the meet run "in about forty-five points.""

SPORT-O-DROME

By JERRE FLEMING, Jr.

Now that the basketball season has officially closed, we find the Renegades locked stock and barrel—in the second spot in the final standings of C. D. F. A. A. At last we can turn our attention to the academic path. In spite of the rainy weather, the Biscuits have been plugging through the mud faithfully to acquire that certain thing known as "early spring." With a swell amount of work accomplished, the Renegades will have many colorful treats ahead.

With the Pacific Coast Day coming up in their pockets, the Trojans will meet the Bruins this week in a big game. T. U. B. is curious to doubt whether both games, the point of interest will be the thrilling battle of the teams in the Pacific Coast Conference. Jack "Jitterbug" Robinson, U. C. L. A. center, is expected to turn the Trojan forward, by seven points. They have sweated for tops honors all through the season.

According to Luther "Lifer" Goodwin, one of last year's stars who graduated during the season, will contribute 15 points to the Bighorns' cause by taking the high jump, broad jump, and the 100-yard dash. Well, it is a matter of fact, the "sweat" boys, be it by bandits, or by this prediction and others that I've heard are true, then the upperclassmen will take the meet quite handily.

1940 FOOTBALL SCHEDULE RELEASED

Fresno and Santa Barbara Added to 'Gades' List

By GLENN SIEMON

From the books of the grid schedule which Athletic Director Theron Trueblood, president of the school, had on file for next fall, H. C. C.'s pigskin heroes of 1940 will have a man-sized task if they want to come out of the book with the butter on top.

Santa Clara and Loyola freshmen have been dropped from the schedule, but in their place a non-conference game with Santa Barbara—State freshmen has been arranged for the opening date. Next on the list is Long Beach, last season's Metropolitan Conference winner, Santa Maria J. C. and L. A. C. C., all Los Angeles schools.

Although this game should be one of the toughest, it comes in the middle of the schedule when the Renegades will beclicking towards another strong conference team, has been added in place of Riverside and Malibu. Breaking their way through the Falcon, the conference and the season is topped off with the "sweat" game with Taft.

Last fall, the season will be opened with some of the best teams in the state and the battle will continue to be very tough throughout the season—not one game.

WOMEN IN SPORTS

In spite of an ill and chill wind giving these bare legs a good set of red ginghams, 23 local Women's Athletic Association members and "invitations"风扇es enjoyed the annual Play Day last Saturday in Visalia.

Barbara Dugash, petite "triple V gal," was awarded the prize for making the finest woman's representation from Bakersfield. And she accompanied with "stem"—and sometimes—"invitations"风扇es enjoyed the annual Play Day last Saturday in Visalia.
