Scholarship Offered To Local Potential Nurses

Scholarship time is the time for spring! And who knows but what a scholarship may be the springboard upon which some deserving college woman may vault into a nursing school. With the spring need for expertly trained nurses in their own the Kern County Medical Society Women's Auxiliary have made it possible for some brilliant student to continue with her studies and training at some other university.

As this is the first year that the award has been offered, the Auxiliary would like to have as many as possible apply for the scholarship. The gift will be for the amount of fifty dollars, which will aid greatly in purchasing nursing supplies and books in the higher institution.

Wives of the doctors and medics who comprise the Kern County Medical Society are the members of this unique organization. Being as close to the profession as one might be without being actually in it, they can sense the need for better trained nurses. Many of the members have been nurses themselves and can appreciate what such a reward would have meant to them if it had been available.

Conditions for the scholarship for the present are that the applicant shall have completed a pre-nursing curriculum and shall be eligible to transfer to a nursing training institution. The award was made known to Dean Bird by Mrs. Keith McKee, Dean Bird and Dean of Women Esther Sargent will meet in the very near future to discuss the last details of the scholarship. Interested women may make application to either of the Deans within the next few weeks.

Season's Tournaments Over For Debaters

Having recaptured their sense and tied for fourth, the local debate squad ended this year's season with a blaze of victory at the C. C. C. A. tournament held at Berkeley last Saturday.

Frances Thaddeus won the women's extemporaneous speaking contest and Alice Saecker tied for second place. Walter Lewis captured the men's extemp. contest and placed third in this little part of the tournament. John Schatz won third place in men's extemp.

Florence McKaig won first place in women's extemp. with her outstanding oration, "What's the Thing?"

Walter Lewis and John Schatz, defeated through four rounds of debate, tied for first place with a Rockley team.

Coach and Mrs. McKaig made the trip north with the squad.

Music Festival Slated For Friday

Annual Gathering To Convene in Delano

With breathless audiences and soft voices creating the sweet rhythm and enchanting voices of singers from valley high schools and junior colleges, the Kern County Annual Music Festival will be held at the Delano High School auditorium Friday night. Five hundred students from Maricopa, Taft, Shafter, McFarland, Wasco, Delano, Tehachapi, East Bakersfield, and Bakersfield will participate in this annual music affair.

Closing the program, a huge massed chorus made up of members of the choral clubs of most of the schools will sing three numbers: "Cherubim Song" by Borntinsky, "Gloria" by Cadman, and "Immortal Song" by Tschakovsky. J. Arthur Lewis of Los Angeles will be the director for these musical numbers. Mr. Lewis will be remembered for his directing of community singing at the Chamber of Commerce Music Festival at the Fairgrounds last May.

The college orchestra will play "Marche Hongroise" by Berlioz under the direction of Mr. Burt. The all-county band, made up of members of the best high school and junior college students will perform for the first time in the Music Festival. Then the band will play "Huldigungs-march" by Grieg and "Andante Cantabile" from Tschakovsky. All students in the all-county band will be given a \$5.00 scholarship. Students in the all-county band will be given a \$5.00 scholarship. Students in the all-county band will be given a \$5.00 scholarship.

Horrible Names Give Botanists Headaches

English names of flowers are not so easy to remember as the Latin names of flowers. Botanists are having a hard time remembering the names of the plants that are in the garden. The names of the plants are so long and so complicated that they are a headache to the botanists.

One hundred specimens of the plants were shown to the botanists. The botanists were having a hard time remembering the names of the plants.

Information For Election Hopefuls

It is not too late to turn in a petition for the office of Director of Public Relations and the Director of Student Activities. The first named office will be the most interesting on the campus for a student interested in publicity, advertising and building up. The position will carry an implied salary, it will enable the officer to make many new contacts, and he will be able to pull the strings of the college in the West.

The Director of Student Relations will handle a job much like the Activities Board Chairman handles this position. He or she will further direct the activities, will help clubs to run programs, to secure new members and will be able to find new students in finding a club or organization that they would like to join.

Requirements for holding office are simple. Just make sure that the candidate has a "C" average, or a grade-point ratio of 1.60. Fill out a petition bearing the names of fifty or more College men and women, all members of student body cards. Give this petition to Dean Bird or to Paul Combs by Thursday at the latest and be prepared to speak at the picnic on Friday. Each candidate should have some prominent student introduce him to the audience.

Orators Leave Speaking—Try Acting

"Oh! You don't mind while you're making this change if I taste a little of the winners? No!" says Madam Castella in the play "Wonders on Wednesday" to be given by students of Miss Linton's Public Speaking class in Shafter this evening as part of the program given each year by local dramatists in celebrating high school graduation.

The play opens with Mrs. Foster, played by Barbara Banning, coming out of a room in a high school, while "preparing" for a high school graduation. Mrs. Foster, played by Barbara Banning, is a high school teacher. She is a high school teacher. She is a high school teacher.

All, including the audience, are surprised by the sudden change in the play. The play is a surprise. The play is a surprise. The play is a surprise.

Delta Psi To Present Skit Friday

One-Act Comedy Friday 3rd Period

Delta Psi Omega will present a one-act comedy, "The Managers", at the student body assembly next Friday in the Elm Grove, according to Lois Marie Bolger, program chairman.

Nancy Sargent, Paul Gilmore, and Tony R. are the managers of the skit. The play, a story of two old sea captains and their wives, was very well received when presented to Delano and McFarland audiences last week.

Rip Staff Vote "OK" to Dirt Columns

8 to 6 Tally Says "Personality" Strip Should Be In

Answering local agitation for something "snappy" in the Rip, a vote of the staff called by the Editor Jack Monday was favorable to the inclusion in the paper of a column designed to satisfy the agitators.

DEFINES ISSUE
Prior to taking the tally, a definition of the popular term "dirt column" was made. A consensus of opinion declared that a "personality" column containing witty quips and cracks about the doings of local students was the proper interpretation of the term. The staff was unanimous in their declaration that such a column should never be allowed to influence anything but the campus.

PERSONALITY
With the issue clarified, the staff voted on the issue. The staff voted 8 to 6 in favor of the inclusion of a "personality" column in the Rip. The staff voted 8 to 6 in favor of the inclusion of a "personality" column in the Rip.

NEXT WEEK
Which of the two columns will be the "personality" column? The staff will vote on the issue next week.

Candidates Throw Hats In Ring

An unfortunate apathy is being shown toward student offices thus far in the forthcoming election for next semester's officers. Five positions on the student body executive council are as yet without a single candidate.

Monday afternoon, the records showed that Jim Chamber and Bob Stewart were running for president. Gene Smith was running for vice-president. Tracy Bunch for editor of the Rip. Tom Boyd for business manager of publication and Ardis Davies, Alva Digner, and Frances Kixaid for secretary.

As yet, there are no candidates for the offices of first and second vice-presidents, rally chairman, and the two new offices, Director of Student Activity and Director of Public Relations.

Ominous signs of the coming election are making their appearance in the form of campaign posters bullying the candidates. They are gradually appearing here and there on the otherwise bare walls of the campus halls.

Political Party Looms As Power In Elections

Gradually growing in numbers and mounting in strength, the past two weeks have seen the appearance of a loosely organized group of up-and-coming freshmen who are convinced of the need for some very definite reforms on the local campus. According to an unnamed leader of the movement, the reforms intend to (1) increase school (2) a student union (eventually), (3) a new and separate campus (eventually), (4) a student participation in college affairs, (5) an end to student idleness and apathy.

Motto of the revolutionary group is "Vote, Vote, Vote" which is a play on the words "Vote, Vote, Vote" which is a play on the words "Vote, Vote, Vote".

According to rebel spokesmen, the revolutionists plan to militantly support these changes who intend to be progressive and liberal in their administration next semester.

Raconteurs Shaping Up For Delivery Last of May

50 Copies Still Available At \$2.00

Rock-ing-as-in "Raconteur"—in its infant cradle, the "yet-very-young" year book, has been quietly maturing under the watchful eye of Hope Outland, editor, who sits and prays while the engraver goes to work. "It's all in his hands now," she said, wringing her hands. "We don't know just when they will arrive but expect them about the last of May."

The Artcraft Press is printing the book. Pictures are received daily from the engraver for the proofing. After the pictures are sent to the printer, the book takes a definite shape when it is sent south to be covered and bound.

The 150 books first sold for \$1.25 but the sale price is now \$2.00. There are still 50 books yet to be sold with Ed Baker, Monroe Homer, Josephine Fanucchi, Loven Voth, Joe Garone, Arthur Johnson, Bill Pollock, Glenn Siemon and Paul Gilmore. Joe Angeles, business manager, stated, "the few books left are going fast and all are expected to be sold in a very short time." "Also," he continued, "the books can still be bought on the time plan and a definite date will be set for collection."

EXEC. COUNCIL:

One of my earnest desires has been to hold a student body office. I believe that everyone should devote some of his time participating in the workings of the school, and holding an office is the best way to do this.

The office of Business Manager of the Student Body requires a person of integrity and ability. I believe that I possess these necessary qualifications and I am earnestly soliciting all votes.

BEHIND THE

It never occurs to a box of eighteen that some day he will be just as dumb as his father.

The column is dedicated today to the best friend of man, the most noble kind of dog—the hot dog—that not only does not bite the hand that feeds it, but feeds the hand that bites it.

We columnists (a-hem) sometimes have to conjure up a mood to get in the groove, or, if you will, to dig up an inspiration. So here I am in my room which is too cluttered up with knick-knacks to be livable, but which is a wonderful place to shop around in during an otherwise dull Sunday afternoon. It's corny from the floor to the ceiling, being done up in a conglomeration of past school election signs, traffic signs, cups (stolen ones), cobwebs, souvenirs of persons, places, and events, portraits of Will Rogers and Knute Rockne, pictures of school chums of an earlier day right up to the present, (ye-ow! Somebody is moaning low on "Stormy Weather" on the radio close by), heroes, past loves (heart-breakers, believe me!), college banners, stacks of annuals (that make you feel funny when you read some of the signatures, and notes in them—kind of lump-in-the-throat sensation), a ukelele with one string, poems, snapshots, well, "junk," would properly describe the whole works, but each item has a history so I just can't part with anything. In one corner sits a 1918 job of a phonograph which is blaring away at the moment, on one of those jazz hits of the Twenties replete with crying trombones and all the trimmings. Now, here goes "Yes, We Have No Bananas" ... hey hey! Remember?

College newspapers are a great asset to the school's popularity. Up to date, our newspaper has dispensed the news in the space provided very efficiently. We have a good medium in which the business of Bakersfield can advertise. However, the Rip is now ready for expanding. This would provide more space for club news, social events, personality ("dirt") column, sports, front page news, and advertising. This expansion could be paid for by the revenue received from advertising.

I believe Bakersfield Junior College wants a larger paper and that is what I will work for next term.

Sequoia Conference Grets Local Student Christians

Nineteen local delegates, the second largest representation there, of the Student Christian association journeyed to Lake Sequoia over the weekend for their annual conference, where Bakersfield led the devotionals, Truett Bunch, Veda Green, Bob Higley, and Bill Gaddal arranged the program.

Round table discussions of the Bible, migrants, and trade unions filled out the activities when conferees of Fresno State College, Visalia, Porterville, Lindsay, and Tulare junior colleges weren't treasure-hunting, folk-dancing, or sports indulging.

Besides those mentioned above, others who trooped north were: Evelyn Van Wy, Virginia Gibson, Veda Jones, Edith Harris, Lois Fike, Dorothy Burke, Amelia Hopkins, Roseltha Humphrey, Virginia Clausen, Alice Dodson, Jack Garriott, Leon Moynier, Milton Brock, Don Peaslee, and Dewey Girard. Messrs. Sagen and Robertson accompanied the group.

SCHOOL SPIRIT
—Harold Gerrish and Bill Pollock, who have plenty of the old "get-up-and-go" to put over plays, athletics, yearbooks, dances—generally always in there pitching for old Rutgers—understand the candidates are throwing a bling this Friday eve—cha cha cha! ... to the Relays, men, for plenty will be cooking. It comes second to the trek to "Big Game" and has a lot to offer. A good part of Bakersfield is always on hand for the event. Our "Red Patrol," headed by Glenn Siemon and Doug Rappley will lead off, for they need an early start, followed by the plutocrats riding in safe automobiles and trains, and trailed by the hitch-hiking element: Chambers, Baker, and Company.

Well, let's go vote!

Much stress has been placed upon the importance of experience as a qualification for the office of Editor of the Raconteur. As Art Editor during the past year, I found that my training in layouts and lettering far outweighed experience. If elected, I may not produce a masterpiece in the history of bookmaking, but all of my training will be used toward an original and an individual yearbook.

Next year we hope to make B. J. C. one of the most outstanding Junior Colleges in the state. This can be done by a close co-operation between you, the students and the man that holds this new office. The publicising of our J. C. can be brought about in two ways—

(1) Externally—by publicising campus life and school activities to other schools in the west.

(2) Internally—by publicising campus life and school activities right here in the college.

Crowd Avers Best Student Body Picnic In Years

Georgina Harlow, Violet McDonald, Leslina Herndon and Susie the Flossie Sargent provided a smashing climax to the Student Body Picnic at Jefferson Park last Friday afternoon. Entering the beauty contest, all four of the men flaunted their wares in the faces of those assembled. After all had admired the "Girls" and had acclaimed Susie Sargent to be the most pulehritudinous, he was presented with a lovely prize.

Egg throwing proved the most popular sport with the spectators seemingly taking the yolk of it. Another attraction was the honeymooners' relay, wherein the males and females, exchanged clothing in their rush for the train. A tug of war between the Frosh and Sophs ended in a decisive win for the Frosh, after the rope had been tied to a tree for further traction. For the women, a dummy was set up and all women present were invited to toss rolling pins at the dummy, setting in some much needed practice, because all the contestants had about a six foot pull to the left, narrowly missing the audience gathered on the sidelines.

The picnic opened with loud music from the Rally Committee's horns which got everyone in a fighting mood. Then the candidates were led up to the platform and presented their views and vied for the votes. Most popular spot on the field was the refreshment stand where ice cream and punch was served gratis to anyone who could fight his way through the mob to get to it.

In the evening, a dance was given by the student body, featuring Moynier's orchestra. Due to some competition from Harry Owens and his hula-dancers at a local nite-spot, the crowd was small but the jive was hot. Credit for the successful affair should go to Glenn Siemon, assisted by Fred Mulroy, Dave Weaver and Joe Garone.

"Cheap Skate"

Coaster Crew To Cut Capers In Exclusive Rollo-Dome Skate Fest

Ball Bearings Oiled, Floor Smoothed For Collegian Fun-Searchers Friday Night At 11:00

Designed to meet the financial limitations of the average collegian's budget, the Rally Committee sponsored "Cheap Skate" will take over the floor of the local roller parlor this Friday night at 11 o'clock.

Planned by that master fixer, Joe Garone, this coaster festival is expected to draw a large crowd of fleet-footed skaters, and a larger crowd of those not so good.

PRICE TEN CENTS
One thin dime, ten pennies, two nickels, or the tenth part of a dollar will be the ONLY CHARGE for entrance into the exclusive sanctum of the wooden-floored, emporium. Inside, skates will be free, music will be free, games will be free, and soft drinks will also BE FREE! Tapping the Rally Committee's till was the subtle method used to finance this gargantuan deal, for it is obvious that the dime admission would not cover the costs of renting the Rollo-Dome exclusively and providing soft drinks.

LOTS OF FUN BOY
Anyone who thinks he has any chance at all of keeping his feet with skates on is hereby informed that these exclusive Jaycee skate parties are really a lot of fun. It is reported that everybody in the know comes, and has a good time. There is no point placed on being a proficient skater, because there are always plenty of kids there in exactly the same boat.

GARONE SEZ:
"Grab on our 'Gades, and get on the boat. The Rally Committee is spending part of the money you spent on student body cards for this affair, and you are entitled to share in the fun. Come one, come all, to the biggest fun bargain of the year, the "Cheap Skate!"

2ND VICE

"School programs that will be entertaining and interesting to all students, that will be a credit to the college, and that will increase school spirit—this is what every Jaycee student wants for next year. And I want the chance to show you that I can give you this kind of entertainment."

Radio Club Gives Monday Night Broadcasts

"A worn-out actress who is given the chance to become the person she was thirty years ago but who decides that she would not want to have to live her life again"—this was the plot of a skit presented over the Radio Club Hour, Monday evening at 9:00 over KERN.

"The Fountain of Youth" was written by Ida Atkins for the U. S. C. Radio Workshop. Shirlann Pentzer and Jack Leddy, local college students, were featured in the play.

Plans are being made for an interview program concerning Visitors Day, May 24. Interviews will be with those advising and taking part in the program of Visitors Day and will be presented Thursday, May 23.

Farewell Dance June 6

Advance Information On Year's Biggest Social Event

Soft lights—beautiful women—rustling formal—gay laughter—all blending into a symphony of gaiety. Farewell Formal happiness and pleasure fill the dancers to overflowing. This is the final of the year, the last for many of the college men and women. June 6th, Thursday evening at the Woman's Club is the setting for this season's do.

Climaxing a week packed with banquets, dances and teas, the Formal reaches a high point in the year's festivities, the last before the summer march toward Commencement. Social Affairs Chairman Fred Mulroy gave out tentative plans today for the dance which is to be highlighted with decorations by the Associated Women Students.

Always kept for memories, the dance programs this spring are to be of maroon suede embossed with white lettering, while on the inside is oyster-white parchment with maroon shading. White silk pencil cords complete the programs.

It is not too early to get a date for the Formal, because there is always a mad rush at the last to find one, which often leaves many men without a partner.

Amos Alonzo Stagg, recognized and loved by Americans as the most outstanding football coach alive today, addressed Y. M. C. A. dads and lads at their annual Father and Son banquet held recently at the Elk's Club. Standing firm and erect, the bronzed father of collegiate football told the dads that they must be worthy of their sons, that they should be pals with them and share their problems. WHAT DAISIES GROW FROM

Naw, we're not going to mention it. No foul substance, no dried-up mud—just poisonous stuff. Argal... Just like Ivory soap 'cause they're 41 per cent pure and 59 per cent lye. So sorry, really, are these little items: There are a couple of rotten apples in the state of Washington according to the info about Art Round and Ellis Melville, a couple of Easter bunnies (dumb bunnies) who sent 30 bucks up their and said: "Come down for the holidays, gals." P. S.: The gals bought Easter outfits instead, have sent back but fifteen smackers.

People are curious over other peoples, for instance: Who, the unidentified orchestra leader was who took Minnie Lee (Call me Gloria) Warnock to Earl Carroll's last week end. And is this Margaret Wyland, a U. S. C. coed, what made Jumper Bill Tinsley hop down south last Sat. or was it the track meet? Ah-h-h.

Larry Butterfield, he of the famous (we could say notorious, but Mama don't allow no grime in here) code of honor, is rumored being hindered by that same code in his designs on bashful Don Johnson's girl friend Mary Jo Gutterbach.

PASSING-BY

(I'm sorry, E. V. Durling). Claude Ford and Bob Nutter have publicly announced that they are definitely in circulation, unattached, waiting... no, I don't say anything. But Ford boy, what is you doing about your silent case on Betty Brasher? And passing by we also learn that Bill Hayes and Jim (Whatta Deal) Chambers found two Ginderebas with a '40 Buick and no Fairy Godmother. Alva Digler will be trekking to the Fresno Relays with that city's local boy, one Bud Stanniford. At the same time a collegian cavalcade made up of those Red Riders, the BOOKIE BOYS will be diggin' in the same direction.

One Filthy McNasty contributes that Fred Conley is plus Delia Payden. Freddy dear writes plays with Delia as the heroine, touching ch.

NOTES AND NUTS

Bill McClintock hauled to the Taft J. C. Prom by one of their local chickens (or a fowl).

It wouldn't make any difference which one of the Stoddard twins a gal knew—they're both THAT attractive.

DEAR HAROLD:

You are such a Lover Boy. How do you do it? I'd like to inform lots of other boys of your charm, and how you acquired it. Marie Briggs and her icebox during the week and Patty Allen on Friday night. 'Stoo bad you had to work Saturday night.

RALLYMAN

Bill Clanin

Although I'm new at student rally activities, I am interested in the office of Rally Chairman. I would like to see what can be done to initiate a comic sticker for Jay-seer's windshields, and perhaps a series of card stunts for football games.

I would like to put the Rally Committee on a paying basis; to put it solidly behind the student body in order to stimulate a more unified school spirit in group activities.

If you have confidence in my ability to fulfill the duty of Rally Chairman, I will do my best to merit that trust.

Plans for a farewell dinner and swim at the Motel Inn are being rushed by the college Engineer's Club. The party will take place tomorrow evening.

President Charles Avery announced that Bill Clauson and Jim Atkinson were chosen as program chairman for next year. Avery went further to say that their job would be to conduct next year's elections for the new officers.

The retiring officers are: Charles Avery, President; Marvin Carter, Secretary; Don Hopper, Treasurer; and John Kim, Sergeant of Arms.

RIP ED.

"It's easy to make a lot of promises just to get elected and I'm not going to do that. But I'd like to say that if I'm made editor of the Rip I'll put everything I've got into putting out exactly the paper you want next year, whatever that might be. As Dave said, I've had first-hand experience in putting out the Rip but I don't have a lot of preconceived high school ideas that I'm going to force down your throats.

I want to have the whole student body as my advisory committee next year, not any special group who want to run the paper and the school through me. You'll have more sports, more photos, more society, more news, and more Rip if I have your support today and next year."

Fashion Note For Summer

What to wear for Sophomore Day. What to wear for the Formal. What to wear for the Baccalaureate services and for Commencement. If these problems have been bothering a tip may be in order. For Sophomore Day any sport ensemble is in the swim. Brown and white shoes, a tropical tie (or none at all), sport shirts or soft-collared summer shirts are effective. By all means wear a coat to the luncheon, with comfortable shoes that can be danced in with ease, for the luncheon will feature an afternoon dance.

For the various parties and banquets that come along, light Palm Beach suits are popular. Sport coats and slacks of summer material are cool and always acceptable. To the more formal affairs can be worn the new Palm Beach formal, consisting of white jacket with the flowing lapels, black trousers and black patent shoes. To avoid the cost of regular formal pumps, which often cost six dollars and up, merely buy a dollar pair of plain shoes, get a high shine on them and throw them away after the dance (if you can afford to). The summer formal is set off with a maroon tie, handkerchief, and lapel flower with matching studs of ruby glass.

For that afternoon picnic after finals Levis are good, as are slacks suits (if you can stand them) and regulation cords. Services for Baccalaureate almost require a dark suit, but it won't matter because the robe will cover all but the last six inches of the pant's cuff. Commencement calls for anything that you will be wearing for the party or get-together after the exercises. Generally a suit of some kind is worn, more as a custom than anything else. No matter what is worn, no noses will be lifted, because it is our privilege to be original and most important, comfortable!

Apologies to Frank's Bowling Alley. Contrary to information previously printed here, there is no special price for students. The only concession made to student trade is when there are more than thirty persons in a party and they come in the afternoon.

ACTIVITIES

Claudine Johnson

B. J. C. has 850 students. Fifty is the number that attended our annual J. C. inter-school track meet last month. This is only one of many examples of the lacking school spirit and student participation in extra curricular activities.

Miss Bird's recent study of former J. C. students proves that activities are invaluable for later success.

I have an organized platform, so give me your vote. Next year we will make J. C. like an airplane—not a sunken boat.

2ND VICE

Eleanor Hanawalt

I'm running for Second Vice President. The duties of this office are the same as those of the former Program Chairman. I've had some experience in program arrangement and I certainly think it's great. Give me your vote and I'll give you some swell programs.

'Gades Win Third Successive C.C.J.C. Meet Bakersfield To West Coast Relays Saturday

Bakersfield To Enter Ten In Fresno West Coast Relays

By GUS PAPPAS

Coach P. M. Bliss and ten rough and ready tracksters will invade the fair of the West Coast Relays at Fresno this Saturday afternoon, May 11.

The locals will enter in one relay event, which will be the mile relay. Tony Rice will be in the number one spot and Bill (Tiger) Miller will trot the second quarter. Richard (Pinky) Mohr, new addition to the team, will run third with Art Johnson anchoring the anchor leg.

SMALL SCHOOL EVENT

The relay is for schools who have the enrollment of less than 1000 students. Taft, Visalia, Porterville, and Modesto will be in the same event so that will give the home boys some trouble.

FIELD EVENTS

Since there is no small school field events, the Renegades heaves will compete with the bigger junior colleges.

Lawrence will meet up with the toughest competition of the year when he matches his strength with the others. Three lads from Modesto Junior College have tossed the shot over 50 feet.

Bill (ex-super man) Tinsley will be in the money when he competes in his favorite event. Bill lost last week, but he's out for blood and not from Simon's body.

HURDLES

Mike (lap-job) Janzen has entered the high hurdles in order to gather a few stray points that may be wandering around. Mike will be in a keen field of hurdlers and he should have trouble.

Mike is still mad because of his bad flop over a hurdle at Visalia, said Mike. "They should be steps over those stools."

Lineups: Mile Relay—Rice, B. Miller, Mohr, and A. Johnson. After-nite, Bob Lane. Discus—O'Connor and D. Johnson. Broad Jump—Tinsley. Shot—O'Connor. Javelin—O'Connor and D. Johnson. Pole Vault—Gillette.

WOMEN in SPORTS

With Esther Foley searing batters by taking action shots and June Oxford pitching like a demon, W. A. A. fastly moving baseball tryouts Thursday finally ended in a Frosh victory. Approximately half of the Soph squad were freshmen, incidentally.

At the tryouts captains were elected, Nadine Sepulveda, sophomore, and Margaret Wittig, freshman. Yesterday another game was scheduled, and tomorrow the third in the tournament will be played off.

FILLING FEED

Hearty appetites were satisfactorily appeased after the Thursday tryouts, when the group and adviser, Miss Cowart, adjourned to Jastro Park for a super-super wienie roast.

Hard-working feminine athletes will receive awards next Thursday night at their annual Award Banquet according to W. A. A. adviser Miss Cowart. The following girls will be honored with letters.

Barbara Douglass, Vivian Fore (and pin), Esther Foley (pin), Josephine Fanucci, Barbara Fillmore, Anne Guiney (pin), Lois Gillespie, Claudine Johnson, Yvonne Loustalot

Gawgia Slugger

Red McWhorter, 'Gades rip-roaring outfielder from Georgia, is one of the best batters on the Bakersfield Jay-see baseball nine. McWhorter of time playing in the role of a "clutch" hitter, really comes through with a timely hit. Red will be back again next year with the 'Gades.

These Athletes Give Each Other The Bird

Four junior college students will take part in the Badminton finals to be completed this week. Elmer Shores, and Bob Stinson remain in the fourth period tournament, and Wayne Morrison and Lawrence Baldwin are still in the fifth period struggle.

Obis are fairly even as to the outcome of the finals, but a slight edge is allowed Wayne Morrison, last years' champion.

Three games will be played by Storey and Stinson and three more by Baldwin and Morrison.

(pin), June Oxford, Grace Rossetto, Roberta Shurban, Margrith Tobler (and pin and guard), Margaret Wittig.

Nadine Sepulveda and Florence Mohr, both of whom have already earned letters will receive just pins; Mary Martin, president, will receive both pin and guard.

BICYCLE RIDE

Is scheduled for next Monday at four. This is an extra recreational activity. Three of such extras are worth ten points, so don't forget.

Week-End Baseball Guns Boom

Taft Clash Here Friday

Steamrolling to a smashing C. C. J. C. A. conference championship, the Renegade baseball nine takes on Reedley up north today and Taft here Friday in the final games of the season.

FRIDAY'S GAME TO BE HOT

Friday's game with the Taft Cougars promises to be a "killer-diller." Although the 'Gades skinned the Cougars 6-3 in their last encounter, Taft took Cal Poly into camp 8-5. Bakersfield dropped one to the Poly team, 7-1, and sneaked out a 6-5 win in another.

REEDLEY UP NORTH

Traveling north, the local sluggers will take on Reedley on the up-state diamond. Bakersfield sunk the Reedley machine 18-0 in five innings in their first game, but miracles can happen.

VICTORY GIVES TAFT SECOND PLACE

The west-siders will definitely be most consistent man on the team, out for blood since a victory over the will start behind the plate. Mike 'Gades will give them second place. A udap has returned from his fishing in the conference. If the impossible trip and will be on duty in left field happens, and Reedley wins today and Taft pulls a fast one Friday, the lows: c—Frank Nutt; p—Claude Ford; Cougars will be tied with the Rene- or Roy Murray; 1b—George Norri- gades for first place in the confer- kane; ss—Elsworth Cannon; 2b— Frank Brown; 3b—Jim McWhorter; out—Dave Gardner; cf—like Poulgin- ous; if—Mike Audap.

This would mean a play off in a series of games. Incidentally, the Taft

Renegades Win Third Straight Jaysee Conference Title; Visalia Upsets Taft For Second

Diminutive Dick Browning of Visalia Outstanding Athlete in the Meet

Bakersfield Jaysee's powerful Renegade track and field squad won their third Central California Junior College Conference championship in a row last Friday night under the aces at Visalia.

Although the Renegades won only four events, they stacked up enough seconds, thirds and fourths to sum up their 46 points and the meet along with it.

LAST GAME

The season will be wound up with the final game with Taft Saturday on the Calif. and T streets diamond. Whether they win or not the college horschiders will have completed an almost perfect season. To date they have won every conference game and lost only one scheduled non-conference battle.

Couch John Clymer declined to state whether Claude Ford or Roy Murray would start on the mound for the locals. Both boys have been pitching ideally ball throughout the season and either one would be sure to clean up Saturday.

O'CONNOR WINS

Butch O'Connor scored a double as predicted. O'Connor won the shotput with a heave of 44 ft. 8 1/2 in. the discus at 133 ft. 6 1/2 in. and took third in the javelin.

Other records were broken in the 120 yd. high hurdles, the two mile run, and the mile relay mark.

Renegades Win Third Straight Jaycee Conference Title; Visalia Upsets Taft For Second

Diminutive Dick Browning of Visalia Outstanding Athlete in the Meet

Bakersfield Jaycee's powerful Renegade track and field squad won their third Central California Junior College Conference championship in a row last Friday night under the stars at Visalia.

Although the Renegades won only four events, they stacked up enough seconds, thirds and fourths to sum up their 46 points and the meet along with it.

VISALIA STRONG

Pulling a major upset over Taft's Cougars, who were considered by many to win the meet, Visalia turned over the "dope" bucket and slid into second place with a neat 41½ points.

Dick Browning, whom I predicted would win three events and also place in the broad jump if he entered the event, did just that; Browning won the 100-yard dash, the 220-yard dash, the 440-yard dash, the 880-yard dash, the 1,640-yard dash, the 1,900-yard dash, the 2,200-yard dash, the 2,640-yard dash, the 3,200-yard dash, the 3,640-yard dash, the 4,400-yard dash, the 5,280-yard dash, the Graduates' Courtesy Card

Graduates are invited to select their graduation apparel from Brock's. Presentation of this advertising card will entitle you to a 10 per cent discount on your purchases.

For girls in both Fashion Floor and our Economy Department downstairs.

For young men in the Men's Shop. The only exception being Palm Beach Suits—which are not subject to the discount.

BARBECUE

Lots going on this week around school, but not much outside. Thursday, the male contingent gets together for their annual stag barbecue. It is to be held at the school farm. Price: 15c.

Also at the school rancho, on Stine Road the women students are holding their Last Roundup Barbecue on Friday. Only a dime for this.

DANCE

If everyone survives the glutinous stuffing with barbecue and beans, there will be a very worthwhile dance Friday night at the Woman's Club. Bobbie Dade and his Colored Gentlemen of Swing hold forth. Admission: Student Body Cards or one dollar per couple.

Motel Inn's beautiful new Palm Room opens its door for the first public dance tonight. Later on in the summer it will be open to the public two or three nights a week. Tariff tonight: \$1.10 a couple.

STAGE

The senior class of the High School presents a little epic entitled "The Poor Nut" Friday night at the Bakersfield High School auditorium. Admission for students: thirty-five cents.

SCREEN

Fox: Up to Sunday, Vivien Leigh and Robert Taylor in "Watch the Bridge" plus "Two Girls on Broadway" with Lana Turner and George Murphy. Starting Sunday "Primrose

WHAT DAISIES GROW FROM

FRESH WEDNESDAY, FRESH NEWS, US FRESH THING

Last week's rabble was a mass of type; this week's 'll probably be a mess of tripe. GADZOOKS! what am I saying?

Oh yeah. Anent the Bob (Gigggle-gigggle-tee-hee) Stewart-Nadine (She's the tennis star). Sepulveda match: We're yalling about whether or not it's a love game with Nadine serving (Bob with the O) or whether the score's love all. Our tennis language, where, comes another serve.

Once upon a time last week rumors with an earthy appearance were going around about Tony Reid. Report was that he was steady, as a result of a bus romance, a high school girl named Jean Haupt. But last night Mr. Reid showed up at the Lifers Club fling with a local co-ed.

IN THE CENSUS TAKEN BY OUR SENSES. . . We see that our blooming bachelor Freddie Mulroy finally dated a woman. . . Frances Grothaus. We also see "Bookie" Baker with a big list of Visalia babes for future reference. We hear that Elsie Cantelberry and Rosemary Dunlap ditched George (Oh Georgina!) Harlow last Friday night at the skating rink; that Dwight Long and Peggy Ross are going steady; that Marie Briggs "talked" Harold Gerrish into taking her to the Newman Club Formal. We FEEL that you are beginning to SMELL the walls of a gopher's house so "nuff said.

This week's touching episode concerns Paul Gilmore, who 'tis said, was done taken to Delano by Dorothy Bassett. . . there to be shown off to all the home town folks. "P. G." was probably non-plussed by all the goings-on.

PASSING BY. . . We discover the fact that we might blackmail Minnie Lee Warnock, but we wouldn't 'cause we're nice. Well, almost. Funny thing but there are sets and sets of twins around here, but none of them are an all-female set. Maybe women are the dumber sex. (Oh rap my knuckles girls.) With Truett Bunch coming to school with a skinned nose and Margaret Vestry with a faint black eye anything could have happened on Gene Smith's victory picnic at Kern County Park the other night.

Dear Katie Sinwell: . . . How in the Samm Hill did you get six boys to drag you home from the Cheap Skate or did you go not-for the ride but to play guardian to Ford, Shimmer, Adkins, etc.

—You and Harold Gerrish—Wow!!

Path with Ginger Rogers and Joel McCrea and "Angel From Texas" with Eddie Albert and Rosemary Lane.

Nile: Starting Thursday "Saturday's Children" with Joan Garfield plus Anne Shirley and "Isle of Destiny" photographed in "Cosmopolis."

Opening Sunday "20 Mule Team" that saga of Death Valley. "Bring your own water," says Mr. Cotton.

There are two tragedies in life. One is not to get your heart's desire. The other is to get it.

A. M. S. - A. W. S. ANNUAL BARBECUES TOMORROW AND FRIDAY

Men Tomorrow

Resounding to the battle cry of several hundred savage men folk on the search for food and pleasure, the old school farm on Stine road will be worked over in royal fashion when the mighty men of the AMS take over for their annual Barbecue and Derby Day tomorrow at 3:30.

HOW TO GET THERE

Men can either follow Glenn Siemon's crimson gow-buggy or else heed the following directions for finding the scene of the excitement. The school farm is preferred as a location over the park because it is closer, and should make it possible for a larger number of men to attend. Go west from the school to Oak street, and turn south and go as far as Brundage lane. Then turn right toward Stockdale, until Stine road is reached. Turn south (left) again on Stine road, and there you are," says Harold Gerrish, the power behind the throne.

GALS FRIDAY

"Hang on to your suspenders, gals! Y'all are just natchally bound to get them snapped right off of you by all the excitement and surprises you're in for at the A. W. S. barbecue Friday afternoon!" Shifting her plug from one cheek to another, Two-gun Evelyn Van Wy declared in this manner yesterday, when caught out by the corral breaking a few mustangs for the party.

It is generally conceded that this weather-beaten, tough old sage of the range did not exaggerate a bit.

Just to give a hint of what's in store, Mary Martin is in charge of games, Alva Digier is putting on a Freshman stunt, and the "I-don't-get-it" girl, Minnie Lee Warnock, is directing a Sophomore stunt. Besides that, there'll be a hay ride tour of the ranch with "Toughy" H. R. Dickson himself as guide.

GOOD! GOOD! PLENTY, PLENTY!

And food! Shirlann Pontier is whipping up some salad dressing from a secret formula that's been in her family for years, Frances Grothaus is lending her very capable hands toward food, too.

No one need stay away because she doesn't have a way to get there.

"Speedy" Pat Allen is arranging rides for everyone out to the barbecue and back again to school.

The time is from 3:30 to 7:00 p. m.

find the ten cent piece hidden in the beans."

WHAT WILL BE THERE

The first, and of course, the most important item will be the barbecued cow, whose picture appears on this page. There will be plenty of meat for all. Then, other delectable edibles will be found in the form of beans, ice cream, cake, hot sauce, buns, and infinitum.

After the feeding is over, men can reduce the abdominal swelling by including in all sorts of games. Featured will be faculty-student baseball and football games. Various other sorts of entertainment is planned by that master mixer, Herb Shively.

All the food is being prepared by Castro, well known locally for his unusual ability to reduce a live cow into the most tempting barbecued meat that has ever been seen. It is reported that his beans are also without equal.

LAST CHANCE

All men are urged to attend, as this is the last chance they will have to participate in a general AMS get-together. Reports show that every body has a great time, and opinion has it that not only does a person deny himself a swell afternoon, but he's a deadhead if he does not come.

"So hop in those wagons, pals," shouts Happy Harold, "and come on down, between 18th and 19th on the old school farm!"

Happy Harold and Silly Shively, shown above with Clarabelle, the bovine producer of that well-known lactical fluid, who is to give her all to make the AMS barbecue tomorrow a huge success. If anyone is afflicted with sympathy pains, we quote Harold who says "Aw-w-w, we're not really gonna kill that old cow!"

Embryonic Atom-Busters Anticipate Outing in Hills

Laying aside all consequential curricula experiments from the club of the same name head for the hills Saturday noon to be guests of "Man Mountain Sagen" at his cabin in the wilds up above Pine Flats. There those atom-busters will attempt to solve the impossible problem of busting into digestible form their adviser's delicious granite biscuits.

Among the feature attractions, president Bernie Shay declares he isn't letting the government cheat him out of a 1939 deer ticket that he didn't get to use, so everyone is looking forward to some tender barbecued venison steaks. Dewey Girard has promised everybody a chance to try out his new fishing license, Clark Wiedmann and Louis Wilson expect to pan a small fortune of gold (sym-Au; At. Wt.—197.20; At. No.—79), and the rest will rehearse a 48-hour version of Rip Van Winkle.

Such profit did the club garner from their Bobbie Dade dance, the affair was free to Lifers and their guests. Many alumni, such as Dave Fanucci—Au; At. Wt.—197.20; At. No.—79), and Gillis McKee, attended. Mr. and Mrs. Van Odel, and Mr. Paul Freed chaperoned the face-feed.

With the walls resounding to the cries of "Bring me some more chow duck!" "Where's the Beer?" and sundry witticisms, members of the Lifers' Club last night held their bi-annual whing-ding at the Chinese Village.

BLISSMEN WILL MEET SANTA MONICA

FROM THE BENCH

By GUS PAPPAS
Competing in a fast field of junior college hurdlers at the West Coast Relays, Mike (Modest) Janzen hit two hurdles and still came up with fourth position. Mike had to turn on the heat to come from last place.

NO SUPPER
A few of the local trackmen went without their suppers after the track meet, from breaking too many light bulbs which belonged to the Hotel Fresno, plus violent handling with their drain pipe.

ZAMPERINI WHO?
Once upon a time a Louie Zamperini thrilled crowds with his brilliant running. In the West Coast Relays, last year he came up from 50 yards behind to beat Cecil Cole of California in the mile of the mellow relay.

Today, this same lad is just another college runner. Stanford's most improved trackster, Paul Moore has beaten Zamperini twice when he came from 25 yards behind to nip almost the once-great Trojan.

CALLING-DR-KILDARE
Stanford played dearly for their victory at the relays. Clyde Jeffery received a cramp in his leg when he breastst the tape in the 880-yard relay.

Paul (Sensation) Moore was hit by Earl Meadows' pole when he walked across the pole vault runway. Stan Anderson competed with a broken rib. Girard re-injured his leg. Out side of that the Indians were in fine shape.

HORSE EXPERT
Colonel Merwin Schimer, from the deep South, (Southern part of Shafter town) says he can name the winners of every horse race in the country. I believe he picked Bemick to win the Derby and Die to win the Preakness.

CUFF NOTES
Bliss is glad that next week's track meet will be the last. He can't stand to see his team lose. Pinky Mohr and the Stoddard twins are being picked by the C. I. O. as the reason for practicing to be barbers without the possession of a license. Former junior college star, Elmer J. Croson will enter the AAU track and field meet this June.

Spring Practice For Football Team

Coach Jack Frost has called all football players to report for junior college football practice starting next Monday afternoon.

"No suits will be issued," says Frost. "The boys will just learn a new formation which I'm going to put into use next year."

The boys who are expected to turn out for the two weeks session are: Sully Sullivan, Jim McWhorter, Elmer Montgomery, Bill McIntock, George Tatsuno, Frank Senterier, Richard Reagan, Nate Morrison, Tom Lindley, Burr Baldwin, Vernon Gifford, E. P. Burley, Tom Fujii, Floyd Nord, Morris Harrison, Dave Kolha, Bill Baker, Eugene Cassidy, Don Wachob, Charles Wakefield, Reginald Edwards, Glenn Siemon, Gus Pappas, Barrett Baldwin, Roy Lemucchi, and Bob Newman.

COACH FROST ORDERS PRACTICE

Renegades Take League Crown In C. C. J. C. C.

Mike Audap Has High Batting Average

Ending the baseball season with only one set-back, the Bakersfield Renegades, under the directing and brilliant coaching of John Clymer, captured first place in the newly organized Central California Junior College baseball conference.

Better known as the Dodgers of the West, the locals went undefeated in league play. Taft Junior College shared the second place spot with the Visalia Tartars.

GOOD PITCHING
A great deal of credit is given to pitchers Roy Murray and Claude Ford for their flawless chugging through the whole season. Murray was credited with one defeat when the locals lost to Cal Poly in the first game, while Ford went through undefeated.

GAME RESULTS:
Games 13—Coalinga 0.
Games 13—Visalia 19.
Games 13—Santa Maria 2.
Games 13—Delano High 2.
Games 13—Visalia 4.
Games 6—Taft 3.
Games 18—Reedley 0.
Games 21—Coalinga 7.
Games 1—Cal Poly 7.
Games 6—Cal Poly 5.
Games 15—Reedley 6.
Games 20—Taft 3.

Mike Janzen Gets Fourth Place In Fresno Relays

Bakersfield's Renegade Tracksters came through as expected in the Junior College division of the Fresno West Coast Relays last Saturday afternoon and evening and made one point.

It was timber-topper Mike Janzen, who came across the finish line in fourth place to gather in the one and only point for the locals. Mike also placed fourth last year in the same event, which was the high hurdles.

The relay team finished up in fourth place in the small Junior College mile relay event. Composed of Tony Rice, Bill Miller, Richard Mohr, and Art Johnson. The hometown boys ran the race in the fastest time that was ever turned in by a Bakersfield Junior College relay team. Clock was 3:29.35.

O'CONNOR SHUT OUT
Trojan O'Connor was shut out of the three field events in which he was entered. John Gillette cleared 12 feet, but he was also out of the money.

Clymermen Win Over Reedley In Baseball Game

Winning their seventh consecutive league game, the unbeatable Renegade bat swingers smothered Reedley 15-6 last Wednesday on the northern diamond.

Elsworth Cannon, ex-grid star, hurled four innings allowing two hits. Jack (Gable) Taylor finished the game and allowed seven smacks.

McWHORTER DANGEROUS
Again Jim McWhorter proved himself a dangerous man with a bat. McWhorter slugged a good one far out into the outer pasture for the only homer, and later he got off a nice triple.

BATTING PRACTICE
Mike Audap, steady outfielder, got in some good batting practice with a triple and two singles. Roy Murray, Delano demon, also pounded out a triple and a single while the Poulogianis boomed three hits in six trips to the plate.

Reedley never threatened during the entire game.

Renegades To Compete In Final Track Meet Visitors Favored

By Glenn Siemon
Winding up the season, the powerful Renegade Track Squad takes on Santa Monica Junior College in a dual meet Saturday at 2:00 p. m. in Griffith Bowl.

Led by high hurdler Mike Janzen, the team will be at full strength with the exception of Bob Lane, steady 880 and relay man, who has to work. Santa Monica will arrive here with a hot sprinter, Pickerts by name, who showed his stuff last year in the 100 and 220 yard dashes.

Last year the local squad met the southerners at U. C. L. A., and the coast boys emerged at the big end of a 79-52 score. Coach Bliss stated, however, that Santa Monica was definitely not as strong as last year. Since the beach squad entered only one man in the Fresno Relays last week, they can not have anything exceptional.

Baseballers Win; Defeat Taft in Final Game
Swamping Taft Cougars 20-3, the Renegade baseball machine closed a perfect season last Friday on the California and T Streets diamond.

The Bakersfield Renegades, coached by John Clymer, emerged from the game as the first Central California Junior College Association winner. They easily won every one of the eight conference games, and lost only one of the three scheduled non-conference battles.

ALLEY FIZZLES
Taft's supposedly great pitcher, Eugene Alley, pooped out in the fourth period. Until then nothing much had happened, though in the period Alley walked three. A run was scored on a fielder's choice and four more were chalked up through hard hits by the Bakersfield brigade.

Roy Murray, Delano flash, pitched eight innings, striking out ten and allowing ten hits. Elsworth Cannon hurled the last period. Nothing much is known of the Santa Monica bunch but they are sure to make it tough for the locals. As usual, the Gades will rack up a lot of points in the field events through "Butch" O'Connor in the shot, discus, and javelin, and Bill Tinsley in the broad jump.

ENDS SEASON
Brilliantly colored lantern slides, owned and operated by the twinkling-eyed lady herself, of Kern County's famous wild flowers were projected and narrated upon by Mrs. Lewis A. Burtel last Wednesday afternoon in the lecture hall to the IA. Botany-wise students of Messrs. Freed and Merson.

Started in 1930 by Edward J. Symmes, architect and flower-lover, each of the 300 slides in the present collection were painted on black and white stills, and then mounted on glass plates, explained Mrs. Burtel. Lapsed-time laboratory movies of flowers unfolding and taken by Arthur W. Pillsbury of Berkeley concluded the program.

Awarding of Honors and Relaxation Day Planned For Next Wednesday

Beale Park To Be Scene of Afternoon Breathing Spell And Athletic Awards

Giving students that oft-spoken of "walk around the block" before taking another crack at the demon exam, a big afternoon of entertainment has been planned by the Rally Committee for next Wednesday, a week from today in Beale Park. Under the shady trees, removed for the moment from the heat and concentration of the examination room, students will relax for a while before taking the next "big push."

AWARDS GIVEN
Main business to be handled at this get-together will be the awarding of letters, and other insignia of honor to the outstanding athletes and their managers during the past year. A program has been planned by the fertile mind of Jester Joe Garone, which will emphasize the theme of the afternoon, which is merely the enjoyment of a last outdoor get-together for collegians. Refreshments will be free.

THE PLACE, THE TIME
Beale park is the place, awarding will take place in the Greek amphitheatre, and the time is set for 2:30 to 5:00. Beale Park is two blocks south of the school, on Oleander.

McKaig's Bunch Bilkes Banquet Buster
After dinner speeches bored fifteen assorted persons Monday night at the El Adobe Motel. Because no text books had been required of the class, the members decided to hold the meeting and get some actual experience. Leonard McKaig, public speaking instructor sat at one end of the table and glowered in his own sweet way while Master of Ceremonies Arthur Sargent led off with brilliant repartee during the evening. Dick Stotts led off because he was the largest, he was closely followed by Lee Farrell, William Duell, Winifred Wiebe and Bob Bray. The next group bored the audience just as badly, but every once in a while loud guffaws rang out.

Those who were lucky enough to get even a minor laugh in addition to the above were such masters of oratory as Pat Lucas, Robert Booth, Fred Mulroy, Thurman Stephens, Bob Stinson, Maybelle Garing, Sam Moyses, Peggy Bain and Leonard McKaig. Huge, sizzling, juicy steaks with spaghetti and everything were piled high upon the table. After eating for an hour or so, the group resigned to speech making. El Adobe reported a sudden decline in patronage just as they started speaking, although this is simply a dirty piece of propaganda.

Farewell Dance Looms After Finals

Woman's Club, June Sixth, Roland Evans Set For Event

Flowers and formal. Men in white, men in pastels, men in formal wear. All enjoying the last dance of the semester, the Farewell Formal on June 6, Thursday evening in the Woman's Club. Decorations for the formal are in charge of the Women Students, under the direction of Dorothy Schmidt, artiste exquisite. As in the past, the evening will be complemented by the programs which will be given to each couple. Maroon suede with oyster-white parchment have been selected this year. Music will be taken care of by Roland Evans, a veteran music maker here at the College. Lists of the patrons and patronesses will be published just as soon as they are available. Handling all arrangements for the formal is Fred Mulroy, First Vice-president and chairman of the social affairs committee.

Neophyte Actors

Tremble As Initiation Nears

Dastardly villains, languishing heroines, and upright heroes will snore, defy, and rescue for fame, honor, and membership in Delta Psi Omega, honor-dramatics society, tonight, in Adm. I before an audience of active members. The pledges will give their all in a little opus, entitled, "He Ain't Done Right By Our Poor Nell" which has everything but a sawmill and a railroad track.

After formal initiation, the members will partake of refreshments, it is to be hoped, not as corny as the entertainment which preceded it. Pledges to be initiated tonight are Irene Imbler, Jeanne Thomas, Carol Chornis, Lucille Farnsworth, Delia Payden, Donald Graves, Paul Combs, Glen McKibben, and Frank McNaughton.

Offices Traded During Song At Assembly

Unprecedented installation of student body officers took place last Friday in the lecture hall third period before a small audience in the last assembly of the year. Exchange of chairs to symbolize the passing on of respective burdens, and encouraging hand-shakes and words of admonishment from the retiring officers pronounced the solemn induction.

Wildly acclaimed, the A-Capella Choir led by tuxedoed Mr. Clark who bowed appreciatively at each junction, filed out in triumphal glory and in their maroon gowns after amazing ears with the following repertoire of harmony: "Were You There?" (Negro spiritual), "In Autumn," "I Been 'Buked," "Behold, We See Him," "It's Me, O Lord," "Reflection," "Spirit O' the Lord Done Fell On Me," and "Envoy." Miss Shaffer, the adviser.

Edith Baker Cops Patrons Club Award; Gets U. S. C. Award

Miss Edith Baker, prominent student on the local campus, was recipient of both the P. T. A. \$100 cash award and a "national" tuitional scholarship to the University of California, it was announced recently.

The cash award is offered each year to the most outstanding graduate by the High School Junior College P. T. A., formerly the Junior College Patrons Club. Ten tuitional scholarships are offered by the university to students all over the nation on the basis of scholarship, activity, and a competitive examination.

Miss Baker in her two years here has been editor of the Renegade Rip, member of the Alpha Gamma Sigma, Phi Rho Pi, the Raconteur staff, an outstanding debater and has been active in radio dramatics. At the present time she is officially rated as the leading debater in the national Phi Kappa Phi honorary debate society, and has the distinction of having gained the highest possible rank in the organization in every field of public speaking contests.

With speech as her major and social science as her minor, Miss Baker plans to enter U. S. C. next fall. Miss Baker plan to continue her activity in debate at the university.

Curtain Falls On German Club's Successful Year

Ring down the last backdrop on the year's social season, the German Club's picnic at Kern County Park last Sunday proved to be the year's most successful event.

With two truck loads of chattering Deutschers loosed upon the greenwards of the park, events such as swimming, volleyball, and softball were enjoyed. The day's fun really began when the food was placed before the mob.

Larry Butterfield, Feuhrer of the organization claimed jubilantly that the club made money on the affair. "We served 'em ersatz food, ha! ha!" Innocents upon whom this foul plot was perpetrated are as follows:

Chauffeur, Joe Davis, guests, Bill Nabers, Juanita White, Bill Lovitt, Mildred Gibson, Fred Goodall, Peggy Byers, Paul Gaddard, Dona Gorsching, Walter Tatsuno, Willie Zumwalt, Betty London, and Nelson Haag. Amelia Miller, Hugh Ellsaesser, Loren Voth, Bill Dobrenen, Arthur Johnson, Nancy Skaggs, Katherine Sinwell, Helen Kelly, Don Johnson, Don McIntire, and Harold Kelley. The group was accompanied by Miss Shaffer, the adviser.

Alliteration, conjugation, synecopation, jazz—finals loom in the all too near offing for local book-worms as the final test for grades approaches. Set-up on this Friday by vacations and open-house days, the ominous approach of the exams has set the doors of the library swinging like a rug-cutters dream, and has caused many forgotten books to shed their dust and come to the aid of the student.

Even those who "never crack a book" have succumbed to the enthusiasm of the moment and are hot on the trail of forgotten facts in the universal ambition to crack those finals wide open.

For teachers, whose greatest joy is "to give an exam—we think they are fun", this period is one where they can wield the proverbial powers of the master over the servant. At this time of the year, as no other, they can say "I told you so" to the lagging student, and make it stick.

APPLE STOCKS-RISE
Local fruit vendors are reporting a sudden upswing in the number of apples sold lately. It has also been shown, by a recent check, that the sale of "Dr. Fudd's Super Polish Wax" has gone up to a striking extent.

SOPHS PLUG
The sophs, realizing that membership in next year's Lifes' Club depends upon how poor their grades are this term, are plugging with both brain cells to achieve this marvelous objective. All true sophs are pledged not to fill their fountain pens more than once a week during finals. When the pens run dry during a theme on Plato's Republic, the soph is able to retire with honor from the field. Another group is planning a ban on blue books, and expect thereby to save a great deal of needed money.

Instead of copying answers from their shirt sleeve cuffs onto the blue book, (really a wasteful operation) sophs in the know are just cutting off the cuff and handing that in.

A huge fund is being raised by a prosperous group of sophs for the purpose of buying off the readers in J. C. 207. Members of this financial clique expect to slide through in OK style. One of the readers was recently overheard to say: "I'm counting on this little windfall to get myself some new stockings."

FRESHMEN PLUG
The freshmen, poor innocents, not yet being sufficiently versed in the world of diplomacy, may be found in the library, doing it the hard way, i. e., studying.

NO PAPER NEXT WEEK

The staff will suspend publication of the Rip next week because of the supreme importance of finals and the scarcity of any other news. The Rip expects to publish a one page issue Wednesday, May 29, followed by the final issue the first few days of June.

Local Bandmen
Broadcast Over
NBC Airwaves

After putting the finishing touches on their required selection, "Manx Overline", in preparation for the regional band festival in Long Beach May 12, the local band played for a big coast-to-coast broadcast on Sunday morning. Section practices were held all during the week, as well as several after-school rehearsals.

Because of the band's superior performance at the semi-final festival last month, officials of the National Broadcasting Company, asked, Mr. Burt to prepare his group to play on the "National Music and Youth" program, heard here on Sunday morning from 7:30 to 8:00 o'clock. The band will play three selections, the same ones used in their competition on Saturday.

Mr. Burt was told by an NBC official that the band sounded like a symphonic organization. If the group wins a superior rating in competition, it will again be declared one of the best 15 in the United States.

More than half of the musical unit is made up of newcomers this year, and at the beginning of the term, little hope was held for taking highest honors again. With all the hard practice members have put in, however, prospects are good, according to Mr. Burt, that they will again bring back honors for Bakersfield and Kern County.

Bulwer-Lytton.

To prove what a tough job these diplomats have in making decisions, a bunch of us were gathered around the old barrel, the other afternoon trying to figure what to do with Germany if she is defeated. Some serious minds were included in this gathering. Everything was suggested from the Allies doing a "Sherman's March" through Germany, to a "square deal" for Germany. Certainly the responsible nations of the world will have their hands full trying to prevent this tragedy from happening again twenty years hence, and at the same time trying to be humane towards Germany, (if she loses, of course). We adjourned without any concrete peace term formula.

SUMMER PLANS.

Shiveley's—life guarding; Jack Hannaman—truck-driving at Huntington Lake; Mike Audap—sheep herding; Luke Johnson—farming; Rusty Rebeck—has pick of several jobs; Larry Butterfield—running harvester at Paso Robles; Elvin Rude—night caller at Santa Fe Railroad.

Hope Cutland To

On Scholarship

Editor of the Raconteur Hope Cutland was awarded a \$100 anonymous cash scholarship by Stanford University, it was announced recently. Miss Cutland won the award on the basis of her scholarship, activity in school affairs, and a state-wide competitive examination.

In addition to editing the 1940 year book, Miss Cutland has been president of the Lance and Shield, a member of the Alpha Gamma Sigma, French Club, Activity Board, Executive Council, and the A Cappella Choir. She was a finalist in the voting for the Patron's Club Honor Trophy.

Miss Cutland plans to continue her course in nursing at the university, when she enters there next fall.

Although bacteria are everywhere present, students grow their own in "pure culture" (single species), started by contacting a film of agar, which lined the petri dishes (glass dish with fitted glass cover), with bacteria from their breaths, or from bugs, or from other means. "Infection" termed the operation.

Soon after the contacted petri dishes were placed in an incubator that maintained a constant, warm temperature, to facilitate growing, splashes of gray bacteria appeared and multiplied in size wherever the gelatin-like agar film had been coughed upon. Upon inspection, as many different kinds were discernible.

Rediscovering, or rather affirming, the scientific accomplishments of their famous predecessors, young disciples of bacteriologists Koch and Pasteur have been introduced to this fascinating new field under the enthusiastic instruction of their 1A Botany professor, Mr. Merson. His special interest in bacteria can be traced to his Berkeley college days, when he was laboratory assistant to Dr. Krueger, a great bacteriologist known for his whooping cough control findings.

Although bacteria are everywhere present, students grow their own in "pure culture" (single species), started by contacting a film of agar, which lined the petri dishes (glass dish with fitted glass cover), with bacteria from their breaths, or from bugs, or from other means. "Infection" termed the operation.

Upon inspection, as many different kinds were discernible.

as there had been means of infecting the agar.

Growth was abruptly terminated by deliberate transfer from incubator to refrigerator. Different appearing bacteria were then mounted on glass slides, stained, and observed under the microscopes.

The attempt is to survey the mere beginning of bacteriological study, which is a very fertile field, and to spark the students, voiced the teacher. He felt that the twin paramount importance of bacteria could never be stressed enough, that of controlling diseases through controlling bacteria, and that of recognizing and utilizing the beneficial nitrogen-fixing activities of the "good" bacteria.

All Invited To De Molay Dance Friday

Dade Plays
Again Friday
For De Molays

Bobbie Dade and his 14 hot jazz experts will give again this Friday night in the Masonic Temple under the auspices of the College Chapter of De Molays. After Dade's recent successful engagement at the Student Body Dance, the members of the Chapter decided to have the orchestra at any cost, their aim being to bring to local residents the best in dancing entertainment.

It is acceded that the Masonic Ballroom is the best in the Valley, the extremely high ceiling and glistening floor making for excellent acoustics and smooth dancing. It will be remembered that the Football Banquet Formal was held in the Ballroom and those who were present can attest to the fact that the floor has anything around here beat.

Admission to the affair is nominal being just 35 cents per person. Refreshments will be dispensed in the clubroom of the organization. At the same time, a brand new Remington Rand electric razor will be raffled off with the tickets going at a dime a crack. Proceeds will go into a charity fund kept by the club. Tickets may be obtained from any of the De Molays in the College, these include Gene Morris, Ralph Shaw, and many other prominent students.

In the high school, ticket sales are being headed by Max Miller, aided by Don Saythe, and a good number of helpers. The public is of course invited to come and dance to Bobbie Dade this Friday night in the Masonic Temple.

ENTERTAINMENT
WORLD

QUESTIONS

When is Baccalaureate? When is Sophomore day? When is the Exec. banquet? All these questions meet us on every side. But patience, children, in the last issue of the year week after next (no paper next week) a complete program of these affairs will be printed. That's a promise.

DANCE

There will be no school dances this week, but the De Molays are throwing a shindig Friday night at the Masonic Temple. Tax is reasonable: 35 cents per person. Bobbie Dade's now famous sepiia swingers will set the dancing pace.

UNION AVENUE

A call to Mr. Ed Charleton, mentor of this entertainment center, gave us some very interesting dope. Under the following headings you will see that a bang-up calendar is planned for this amusement parlor:

DANCE

This Saturday night, local jiver Roland Evans, who is checked for the local Farewell Dance, will be on the bandstand. Studes can test out the boy's rhythm at 40c apiece.

Dance schedule for the future promises some hot times. June 7, will have Harry Wham and his Bangor-Uppers (oh boy, sumstuff) then a boy who has never been here before, Fats Waller, pianist-extraordinaire; then, Phil Harris on June 24th, followed by Kay Kayser, July 1st. A good summer dancing calendar.

SWIM

Good news for student body card holders: Ed says that students presenting their cards can get into the cool drink for 15 cents. Without it, 25 cents. Also, they are doing away with the driveway just east of the plunge and are constructing a sand beach and a large area of lawn grass under the trees there. That sounds like a good deal.

ICE SKATE

The boys are still a little indefinite about all this but the powers that be say it should be open June 15.

We are also informed that NO PRICE HAS BEEN SET AS YET! This means that they are still undecided as to what to charge. Mr. Haberfelde has requested that local students send in their ideas of what would be fair. Let him hear from us. Gads, maybe we can get the price down to where we can afford to go! Mail ideas to Mr. Haberfelde, 1501 Chester Ave.

SCREEN

Seemingly to be coming out of the rut into which they have been for the past two weeks, the cinemas promise some better dope for this week-end. Fox: Starting tonight and running through Saturday, "Lone Wolf Meets a Lady" with that dapper detective, Warren William and "Flight Angels" topnotch airplane story. Then Sunday, that picture you've heard so much about, "Lillian Russell" with Alice Faye, Don Ameche, and a whole cast of big names; plus Hugh (Woo-Woo) Herbert in "La Conga Nights."

WHAT
DAISIES...
GROW FROM

BEFORE the massacre, that butchering, that blitzkrieg of finals, note our motto: "WHAT'S NONE OF OUR BUSINESS IS?" AND THESE

A LA DANCE: Stage, bow ties, red-hats, Claude Ford celebrating the death of his 'teen years. Jim McDonald rolling aside the eightball to push forth with Alva Digier (who climbed mountains with Burke West Sunday). Fashion Plate H.D. Herndon in a stunning blue creation. August Dorothy Schmidt with L. Buttorfield (L. for Lover-boy). Chubby Bev-Burris with high school's big Bob Herndon, and the other Beverly (Hall) with Englishy Les DeCew.

REMINISCENCE—What a moon

last week-end! Wade Wilson (one of the "bachelor boys") has, like pal "Sully" Sullivan, been down won by one—femme Frances Ober.

Prexy Combs' little sister (well, young then) having met these and those, was finally escorted to the hop by Harold Gerrish, who drives this dept. nuts because he's so amazing. Last week 'twas Mary Cremer, yet, to the Lifers Foo Yon Fling.

Stalwart and silent—Ron-Newman has finally come out of his hibernation, all because of petite Helen Tatuni. Newman visits the Delano sweet potato there on week-ends, here at the library on week nights.

PASSING BY...

We are told by our Newman Club Dance investigator to note those two Irish peoples Mary K. O'Hare-Pat Franey. Shades of a grammar school romance there, mayhaps. Hope (What a Gal!) Cutland home nursing Gillis' wisdom tooth Saturday night. Siemon, Glenn, who was rumored-as-being-all-set-for-a steady proposition to Mary Lou Frick, has been delayed. The gal has a date way up there on her graduation night.

Item-to-be-taken-back... anent Dwight Long—Peggy Ross... Besides the fact that they're NOT going steady, they're not even speaking. "D. D." is not done Dunlap-ing, seems.

Around the sacred halls: Intelligenzias and Betty London probably discussing the Einstein theory or something. Delia Payden in a dither about who to drag to the French Club Finale next week.

Prexy Jim Chambers and "Bookie" Baker, helping the new Director of Public Relations—Invites in letters from Tulara gals.

WE MIGHT...

begin to see something in those Esquire cartoons showing the sweet young thing going over the bald-pated gentleman, when we note the success enjoyed by a couple of our local sugar-daddies... wow!

Gotta Study

NILE "Twenty Mule Team" runs into Saturday, and is followed by that "promises-to-be-amazing-epic" "1,000,000 B.C." along with this, another George Sanders pix, "Saint Takes Over."

1940 GRID SEASON LOOMS

Track Season Ends In Victory For 'Gades Against Santa Monica

Ending up the season in a blaze of glory, the Bakersfield Junior College track and field squad came through and defeated Santa Monica's congregation by a score of 67½ to 63½, last Saturday afternoon in the huge and deserted Griffith Bowl.

Mike Janzen, the Shafter Tornado, broke the school record when he cruised over the high hurdles to win in the fast time of 15.1s. The old mark was made in 1938 by Bruce Ponton, who now climbs timber for the Cal Aggies.

O'CONNOR COMES THROUGH

Gathering together his mighty muscles for one last attempt, Lawrence (Trojan) O'Connor pushed out the 16 pound shot 47 feet 2 inches to smash his own record of 46 feet 7 inches.

The meet gave birth to three triple winners. O'Connor won the shot, discus, and the javelin. The other two men were from the Santa Monica group. Dave Beams of the visitors won the 880, mile, and to top it off he won the two mile also. Charles Richards came across to win the high jump, and both sprints.

THE SUMMARY

WOMEN in SPORTS

Exchanging the ruggedness of the athletic field for the festivity of a banquet, W. A. A. members concluded their season's activities last Thursday night. The crowning event was held at the Motel Inn.

Finishing up a decidedly one-sided W. A. A. baseball tournament, frosh feminine baeballers recently defeated their big sisters to win the tourney. The freshman team was victorious in the first two of the usual "two-out-of-three" series.

FROM THE BENCH

Next year Miss Toodie Fanucchi promises to have Duane X. Hylton as the new sports editor, and he's a good man.

The lads around the camp-puss that always griped about the page will have trouble with this Hylton reason?—he's a swell fighter and he knows how to throw leather enough said.

TRACK SEASON OVER

Coach P. M. Bliss hung up his starting gun and whistle for the season. His tracksters really turned on the heat to down Santa Monica's Corsairs in the closing meet this season and that was against the Ventura bunch, quoted as being one of the slowest teams in the running.

FOOTBALL

Jack Frost paced his boys through their first practice and they look like championship material. Red McWhorter and Sully Sullivan look like the spark plugs in the backfield, with Vernon Guarte and Burr Baldwin on the line, the Gades will be in the money.

ON-TO VICTORY

Paul Moore, the Stanford Oomphman, and Louis Zamperini of the Trojans will meet again in the mile jaunt this Saturday afternoon when the annual Pacific Coast Conference Track and Field meet gets under way in the Coliseum (L. A.).

Paul has been going great guns and he should repeat his victory over the Trojan puff-puff man for the third straight time.

SHOT MEETS

Two of the worst meets that were witnessed by myself were both in the town of Tulare. The meets were: the Tulare Relays (sponsored and conducted by the 20-30 club) and the Valley meet under the direction of a few old men.

In one race the officials forgot to measure out the distances for the medley relay. The lanes looked as if they were made by a person or persons who were under the weather or they were suffering from a bad case of nerves. The hurdles were of all sizes and shapes, and the 220-yard dash finished at the edge of the city graveyard. To top it off, the big boys of the meet wetted their fingers and waved them in the air in order to decide whether or not to count records that were established. They had not a wind guage.

Some of the officials that were timing seemed to be doing it by guess work.

Bill Pollock spends most of his time beating up on little fellas. Betty Burke is staying over at Cal due to Senior Week. The sucker's name is Jim.

water long enough to be placed on the list of those who will receive points for swimming.

Miss Alice Rankin named these nymphs on said list: Pat Allen, June Champagne, Barbara Douglass, Bernice Eckhardt, Lois Gillespie, Claudine Johnson, Yvonne Loustalot, Lois Mayhew, Mary Catharine Moffett, Margrith Tobler, Jean Ward, and Barbara Crawford.

Get Your Mind Off Finals—Read This On Indoor Sports

Any resemblance To Persons Either Living Or Dead Is Purely Coincidental

This Story For Student Consumption Only

Today, succumbing to the springy sports mood, your columnist will cover the greatest of all indoor sports—muggin'. During this time of year, this department of athletics might be strictly termed as an outdoor pastime, but the feminine population might take offense at such a rugged expression.

A short history of the art of muggin' explained in a long, round-about way, explodes the theory that muggin' is one of the minor sports of the country. It's sweeping the state like a south London charwoman, and picking up speed like a runaway freight. But it's here to stay, whether the pace is slow, fast, or just pleasingly pleasant.

The French had a name for it during the first world war, the Americans have quite a few names for it now. It started as spooning, necking, petting, necking, woofin', and ended up with smoochin' and eatin' the jam.

The Greek Gods were probably the first to really take a serious interest in the art of muggin', and the history of this is so hot during the period of Venus and her compatriots, that it makes this paper sizzle just to tell it.

From the time when the glamorous Greek Gods used to tatoo the luscious Grecian tomatoes with torrid kisses just for the shucks of it, up until today, when the hot-lipped Beejaycee boys slap burners across the chins of the curvilinear Bakersfield bags, mugging has reigned supreme. During all this time, it can never be said that the femmes didn't keep their chins up.

The name muggin' which has weathered the storm above all other short-lived handles, is relatively new, having originated in the latter part of the nineteenth century in a Frisco barroom when a cocky Californian (they're the greatest of all the muggers) grabbed his partner and implanted an osculation on her prissy puss that could be heard clean across the bay, and which so much resembled the manner in which he had previously been downing a short mug of canned cheer, that the name has since stuck like a lower lip.

A good mugger needs to be a master of every other kind of sport known. He must have the endurance of a champion two-miler, and in case of unexpected interruptions, should be able to leg the century in a 9.4s Clyde Jeffrey sprint.

A good mugger must also have all the qualities of a Renegade cleat star. For instance, with such boys as Harold "Tripalong" Gerrish in there pitchin' and brushing his bruised lips across the dainty dimples of an affectionate lovely, she might think he was running up and down her face in a pair of football shoes.

Basketball comes into prominence, too. An A-number-three mugger must be able to slap burners across the cheek of a cutie-like Claude Ford burned the basket in some of the basketball games last season.

When up against an Amazon like Josephine "Toodie" Fanucchi, it wouldn't hurt a chap a bit to have the power to guard like some of Frost's linemen during the sowskin season. And the boys should be able to make passes like "Gawgia" McWhorter.

Coach Frost Views Gridiron Prospects For Next Year

Prospects of a championship 1940 football team looked good last night as about thirty footballers turned out Monday afternoon for the beginning of Jack Frost's spring practice.

Frost disclosed that he will use practically the same system next fall that he used last year—straight "T" and Notre Dame formations, with possibly another formation with an unbalanced line and single wing back. The main change will be in the numbering of plays.

RED McWHORTER

Red McWhorter ready to carry the mail for locals next season.

A frightful four, Jim McWhorter, Bill McClintock, Les Herndon, and Sully Sullivan, returning aces from last year's squad, were seen in the backfield. Also out for the backfield appeared Bill Nabers, speedy letterman from Shafter, the Stoddard twins, and two Driller stars, Frank Senterier and Carlos Pilgrim.

LINE GOOD

Prospects of a good line, last year's weakness, looked fairly good Monday. Quite a few guards and ends turned out, but just as last year, there was a shortage of tackles and centers.

For guard there was Vernon Gularde, first string letterman from last year, and Floyd Nord, Morris Harrison, and Don Wachob from the Drillers. At the end position were Burr Baldwin and Roy Lemucchi, also Driller flashes. Dave Kofhal, Bakersfield High star was the lone man out for tackle, while for center was Dick (S. C.) Reagan, Bill Corbett and Charley Wakefield, the latter two being high school muscle men.

MANAGER LOOKS SAD

For the most important position on the squad, manager, the lone aspirant was Gus Pappas II, glamour boy of B. J. C.

As there were no suits issued for Monday's practice, there was no blocking and tackling. A few more men, possibly E. P. Burley, if it's not too hot, Tom Lindley, and Nate Morrison may report today.

Favored To Win Decathlon

Throughout this week, on the Griffith oval, the local trackmen are competing in a mammoth decathlon meet. For those who do not possess a Greek background, a decathlon meet is a meet in which everyone competes in everything, and the man winning the highest number of points wins the meet.

The events in which everyone must compete are: 100 yard dash, 220 yard dash, 440, 880, 120 low hurdles, hop-step-and-jump, broad jump, shot put, discus, and high jump.

Pinky Mohr, an all-around muscle man, is favored to win the contest. Mohr will probably win a good number of points in all the events with the exception of the broad jump and discus. Mike Janzen, Tom Lindley and Bill Miller are also all-star performers and will probably gather a lot of points.

Awards For Sportsmen Wednesday

With the official end of baseball and track, awards will be given to the athletes next Wednesday afternoon at Beale park.

Coaches John Clymer and Percy Bliss handed Mr. Theron Taber a list of 34 names of the boys who will receive letters, of this list only 11 lads are eligible to receive gold awards.

TRACK LETTERS

The boys on the track squad that get letters are: Ed Baker (Mgr.), Philip Cameron, Wm. Clausen, Wm. Dickenson, John Gillette, Myron Janzen, Arthur Johnson, Richard Johnson, Bob Lane, Richard Mohr, Wm. Miller, Wm. McClintock, Lawrence O'Connor, Willard Parkes (Mgr.), Tony Rice, Richard Stotts (Mgr.), Wm. Tinsley, Wm. Tulk.

Of this list seven lads get gold spikes, they are: Janzen, A. Johnson, R. Johnson, R. Mohr, McClintock, Parkes, and R. Stotts.

BASEBALL GIFTS

The boys recommended by John Clymer were: Frank Nutt (also gold baseball), Claude Ford, George Norikane, William Brown (gold baseball), Ellsworth Cannon (gold baseball), Jim McWhorter, Mike Audap, Roy Murray, Ike Poulagianis, T. Okuma, William Hayes (gold baseball), Gardner, Reynolds, Pappa Townsend, Davidson, and Les Herndon.
