

Total War And Education . . .

This is an emergency . . . this is total war. And we must be all out in our war effort.

In war, even more than in peace, men and women who are physically fit and schooled in personal health and hygiene are needed. General education is of the utmost importance to enable us to conduct ourselves intelligently and effectively under any circumstances. It lays the foundation for service men and successful readjustment later.

The American Council on Education has definitely stated that colleges will not become trade schools.

What we have won in peace, we must not throw away in war. Education will be modified to fit into the war effort . . . all subjects being taught as they apply to the world today. But the basic purposes must be retained to make our nation truly effective in this total war.

J. C. Co-eds Have Fun At A.W.A. Kid Party

Coming as if straight from nursery school, B. J. C. women appeared at the A. W. A. kid party, Thursday, September 17 in the girls' gym as youngsters out for a good time playing hop scotch and jump the rope. Suckers and ice cream cones were given out during the evening of polka's, mixed games and songs. Frances Stewart was awarded a prize as the prettiest little girl and Betty Ann Jaggard for the most typical little boy. Ruby Baldwin won a prize, a little unexpectedly, as the best baby.

Betty Ann Jaggard was in charge of the party and acted as mistress of ceremonies. The advisers, Miss McKinley, Miss Whidden, Miss Williams, and Miss Schafer helped her in the formation of the party.

Miss Helen Burt, president of the A. W. A. reports that: "I believe the kid party was successful in helping some of our newcomers get acquainted."

Large Roll Decrease, States Miss Bayes

An enrollment decrease of some 307 students was disclosed recently from figures compiled by Lorraine Bayes, junior college secretary.

Last year's daily attendance mark was around 827, while this year's total drops to approximately 520. Figures also reveal that there is about an equal number of men and women students, even though a large percentage of men students have joined the ranks of the armed service. Seventeen men students now enrolled in B. J. C. are enlisted in the Navy V1 program. They are: Roger Bartenstein, Walter Bennett, Earl Brown, James Gardiner, Don Halterman, Forrest Harsh, Martin Jeffries, John Kniffen, Harry McCoy, Verne Newcomb, Roy Pattison, Albert Reese, George Stewart, Bruce Staads, Jack Thompson, John Williford, and Charles Zwartendyls.

Beejaycee courses are outlined with an additional purpose this year. They are designed to fulfill college requirements and also prepare men students for commissioned officers in our armed forces. There is a special section in the B. J. C. catalogue with information on the various reserve programs. Men students desiring to enlist in one of the reserve programs must carry along with their regular course requirements, a course in physics and math.

The quota for enlistments in the reserve corps given B. J. C. under the present induction is 56 first year men and 41 second year men. Sometime in October, the joint recruiting board will visit B. J. C. for the purpose of enlisting those students who wish to get in the reserve program.

All S. B. Offices Filled At Recent Election

Due to the fact that several student body offices were not filled last spring a special election was held Tuesday, September 15. Results of the election were announced to include Miss Anna Sturgeon, editor of the Rip; Miss Gracemary Dart, director of student relations; Miss Pat Rhodes, director of public relations; Bill Bradley, rally chairman, and Miss Betty Ann Jaggard, business manager of the student body.

Miss Gay Breitinger was appointed editor of the Raconteur for the student publications.

The other student body offices which were filled in the spring election include: Miss Ruby Baldwin, president; Miss Margaret Scott, first vice-president; Miss Gladys Russel, second vice-president, and Miss Lois McCaw, secretary.

The first meeting of the executive council was held Monday, fifth period, in the executive office.

The Wondering Gal

You have been wandering around the sacred halls of B. J. C. for nigh onto three weeks now. Surely you haven't missed those "super-collasa!" signs with "no-date" tucked in every corner. You have? Well some of the brighter members of our student body haven't and they have formed very definite opinions about "more no-date dances this year."

Delores "Dodo" Freeman spoke thusly, "Ah, now I can go to the dances. Tom Haasper wasn't quite so definite. He just said "Swell—I guess." His ever-present pal, the talkative George Hottle, murmured "Okay." So far we have met no oppositin—that is until we met Mildred Hicks. Said Mildred, the importation from Chaffey J. C. "I think no-date dances are awful. The fellows take dates and the girls all go stag." "Bouncin" Bill Bradley was of the same opinion. To quote William, "No-date dances are fun for the first couple of weeks but after that—well!" The football players are in favor of less no-date dances. Says "Dick" Cheney, "I think it is more fun to take a date. His pal Ed Preston's only comment was, "me too." Of course there is always someone who sits on the fence such as "Gene" Clansen. His well chosen statement was, "I'm not quite sure."

J.C. Honor Roll

There are sixty-one men students of B. J. C. of 1941-42 now in the service. Those in the Army are Thomas Curran, Vernon Fugit, Leslie Herndon (in the band) George Kam, Joseph Leech (hospital division), Glenn McDonald, James Rohatsch, Edward Sacker. In the Army Air Corps are Eugene Adkins, Robert Anderson, Allen Bachr, Scott Barrows, Walter Bayus, John Bjarnason, Paul Boer, Frank Brown, Earl Clement, Don Collins (killed in action), Charles Durant, Kenneth Frick, James Hendrix, Louis Homfield, Robert Hood, Roy Jones, Bruce Marble, Clarence Marble, Ernest McMahon, Clyde Perry, Henry (Sam) Royal, Harry Scaroni, Jr., Stanley Schultz, Donald Shore, Tom Stillwell, John Stockton, Rex Tanner, Kink Taylor. The following are in the Navy: Gordon Boles, Burton Covell, William F. Isaacs, George Jacobs, John Martin, Frank Moore (Signal Corps), Dale Mawson, Melvin Waits, John Watson. Ross Doll is at San Diego State in connection with the Navy. In the Naval Air Corps are: Clyde Brazee, Jim Chambers, William Clausen (killed in action), Robert Fisher, Dwight Long, Bill Miller, Don Peaslee. Jack Leddy is in the U. S. Naval Reserve Croft Laboratory, Haryard. In the Marines are: Ernest Callkins, Harold Estee, Cody Hewett, Nate Morrison, Leland Norris, Gus Pappas. Harland Gurnw is in the California State Guard. Ray Hefferan is in the Coast Guard.

The Editor's Side

Would someone please enlighten the staff? The Rip office is full of reports about that handsome bus driver from Delano. If someone doesn't do something soon, several cute little "sob-sisters" are going to become hysterical.

Prospective song leaders are to have tryouts this Friday. It is a swell job and looking around the campus it's not hard to see that we have plenty of good material. Come on gals, don't be bashful. If you think you would like the work you may tryout simply by getting in touch with Bill Bradley. Three girls will be chosen. Who knows? You may be one of them.

Buy a bond for Uncle Sam. This isn't an idle phrase. Perhaps you can't afford to buy a bond but ten and twenty-five cent war stamps soon develop into those cherished slips of paper which bring swell profits ten years from now. The profit that these stamps will bring you right now is an assured victory. Let's all do our part!

I wonder how many of you have noticed how swell the campus looked. Slowly but surely bare spots are beginning to appear on the bowling green, and candy wrappers are beginning to appear among the shrubs. I think that if we all cooperate we can keep the campus looking as it did the first few days of school. How about it?

At this point I think we should pay tribute to the boys in the service. Those that have already left us are doing a grand job and we're more than proud of them. Those who are still with us, but who plan to leave soon, we are equally proud of. We know that when their time comes they too will do a grand job. We of the Rip Staff would be glad to hear what you fellows in service think of our paper. Would you like us to send you a copy? What can we do to make it a better paper? Let us know and we'll do our best to follow your suggestions. The same goes to you on the home front. Our motto is "We Aim to Please." What can we do to make YOUR paper even better?

As a last tid-bit let me remind you that Student Body cards are still available and it is the duty of each and every one of you to buy one. It is your purchase of these cards that makes it possible for you to have a Rip, Rac, football games, and several other activities during the school year. After all ten dollars is a very small amount to pay for such a great number of really swell returns. Buy yours now. It is one sure way to support your school.

Welcome, Kids! To Beejaycee

Since school has been in session two weeks it seems just a little late to say welcome. Still I want to extend to each of you a very sincere and warm welcome. During this, a time when anyone who likes can find work, it is almost certain that you are here because you want to be. For that reason alone I know this is going to be a banner year for Bakersfield Junior College. However, we are all influenced by things that we hear. At home there is talk of tire rationing, sugar rationing, etc. Don't let this influence you to the point where you forget about the things that aren't and never need be rationed.

Friendship, loyalty, cooperation in all of the school affairs,—these are abilities we all possess and must be constantly aware of. True, we must not forget entirely that we are at war. Nevertheless we can still turn out at school dances, cheer our teams on to victory, and help keep our campus the happy place we all like it to be.

ANNA STURGEON.

Breitinger, Scott Say Welcome Dance Success

The annual junior college Welcome dance was held Friday, Sept. 18, in the Woman's Club. Bunky Valdez and his orchestra made their first appearance since their reorganization.

Margaret Scott was general chairman of the affair. She was ably assisted by Gay Breitinger and Pat Rhodes as decoration chairman; Shirley Cuneo, chaperones; and Gracemary Dart, Ruby Baldwin, Harry Rinker, Mildred Hicks, Ione Marino, miscellaneous.

The theme was "Back To School," and dance caps held up by red and white streamers turned the club into a place of much merrymaking. A huge sign with "Welcome B Jayceers" was hung across one end of the hall.

Chaperones for the evening were: Miss Kathleen Callagy, Marion Christensen, Bertrand Evans, Edwin Hemmerling, Thomas Merson, Miss Florence McKinley, Frederick Robertson, and Theron Taber.

Honor guest of the evening was Miss Grace Bird.

Admission was by student body cards or 50 cents a couple and 35 cents stag.

Renegade Rip

VOL XV

BAKERSFIELD, CALIFORNIA, SEPTEMBER 24, 1942

No. 1

Welcome From Executives

Hello Students:

Your school spirit has been grand these first weeks of school. All we need to do now is to go through the year with cheerful assemblies, and good attendance at our football games and dances. We need the cooperation of everyone and I'm sure we're going to have it.

RUBY BALDWIN,
Student Body President.

We of the Faculty and Administration of Bakersfield Junior College wish to extend a friendly welcome to the Student Body of the school year 1942-43.

Those of us who know you feel you have what it takes to make your contribution to the war effort, and at the same time preserve the heritage of our collegiate institutions.

THERON S. TABER, JR.,
Dean of Men.

California has many kinds of colleges and many kinds of college programs. In spite of our variety of methods and educational claims, we are all seeking one common end. That end, as one college president has said, is to give young men and women "the unfettered use of their understanding." To it our faculty and administration pledge their services.

GRACE BIRD,
Junior College Dean.

After knowing you for a period of two and one-half weeks my welcome is even heartier than it could have been at the opening of school. Judging from the fine spirit of cooperation and enthusiasm already displayed in the class room as well as during social activities, the office is very proud of you.

FLORENCE MCKINLEY,
Dean of Women.

Two 'Gade Coaches Join Armed Forces

The Renegades are going to miss the services of two fine coaches this year. Homer Beatty is in the Army Air Force, stationed at Santa Ana Army Air Base. He will remain there until the end of the football season, when he will be sent east to officers training school.

Don Robesky, former all-American, and line coach for the 'Gades, is leaving soon for the Navy.

Procurement Board Meet Held

Requirements For Enlisted Reserves Given to J. C. Men at Assembly

Tryouts To Be Held For Song Leaders

Tryouts for song and yell leaders will be held Friday, September 25, 2nd period in J. C. 117, according to Bill Bradley, rally chairman. The band, under the direction of Mr. Frederic Robinson, will be present to accompany those trying out.

Song leaders will perform in groups of three and the student body will select the group they like best.

FIVE CO-EDS RUN

So far Jeanne Haupt, Jeanne Swenden, Pat Greene, Dolores Freeman, Virginia Praetor, and Patricia Ahell are trying out for song leader. Margaret Campbell and Bev Stewart are trying out for yell leader. Margaret will be remembered by many J. C. boys as a former Wasco yell leader.

Those interested in trying to sign up with Miss Bayes in the J. C. office before four o'clock Thursday.

Students who are interested are urged to come out as good song and yell leaders are half of what it takes to put over the song and yells. Everyone may try even though they have had no previous experience. "Practice makes perfect" says "Sunshine" Bradley.

A.W.A. Teas Are Held To Acquaint Co-eds

All new women students will have a better chance for getting to know other students and teachers this week at the Associated Women's Activities afternoons in the Ludden Hall bungalow.

Invitations are being extended to all freshman women this week and they are urged to come.

Lois McCaw, chairman of the teas said that "the main purpose of these teas are to acquaint the freshman women with the sophomore women and faculty."

The members of the board of the Associated Women's Activities are on the reception committee for the teas, they are Helen Burt, Gay Breitinger, Lois McCaw and Ruth Evans. Those pouring will be Betty Jo Avery, Georgia Van Wy, Iris Landry and Betty Ann Jaggard.

Combining humor with specific facts and information on the various enlisted reserve programs, officers from the Navy, Army, Marine Corps, and Naval Air Corps presented their program requirements and qualifications for enlistment, Tuesday morning at the Joint Procurement Board assembly.

ARMY OFFICER SPEAKS

Lieutenant E. F. James represented the Naval Air Corps, Lieutenant Mike Olson the Navy, and Lieutenant Troxell the Marine Corps. Captain Brittingham of the United States Army, presented single handed, the requirements of the Army and Army Air Corps. His presentation involved, besides basic military information, entertaining tricks of camouflage study and protective interest in the local administration. However, his tricks and bits of humor in no way interfered with the effectiveness of his talk.

Brittingham mentioned that it is no longer a question of "Will I go; but when, where, and how will I go," in regards to men nearing or of draft age. In one of his conclusive remarks, Brittingham stated, "That if we do not win this war we will be pulling jinrikishas for the Japs."

OCT. 7 OR 8 VITAL DATES

The joint recruiting board is scheduled to visit Jaycee Oct. 7 or 8 for the purpose of enlisting men in the reserve corps. The deadline set for sophomore men to enlist in the reserves is January 1.

Men who wish to enlist in a branch of the Enlisted Reserves should make their preference known as soon as possible so that they may be scheduled for an interview with the Joint Recruiting Board.

Men students who will reach their twentieth birthday before Nov. 1, 1942, are asked to confer in person with Dean Taber or Director Bird at the earliest possible opportunity.

CLASS DIVISIONS

Class V-1 and V-7 lead to various commissions in the Naval Reserve. Class V-5, Naval Aviation Cadets, leads to designation as a naval aviator with a commissioned rank in the Naval Reserve or Marine Corps Reserve.

It is the duty of each and every man student interested to see either Mr. Taber or Miss Bird, and discuss qualifications with them.

Meet Richard Evans New To Our Campus New To Bakersfield

By this time most of the students have met or seen Mr. Richard E. Evans, our new addition to the faculty and would like to know more about him. Mr. Evans is the new English instructor at B. J. C. this year.

Mr. Evans has never been in Bakersfield before except passing through, but is finding it to be a very agreeable place and likes it a great deal. He says that "everyone here is unusually pleasant."

He was born in Missouri and attended schools there. He moved to Oregon and attended Oregon State College. He received his Bachelor of Science degree in 1932, and his Master of Arts degree in 1936 at the University of Oregon. After that he taught high school in Oregon for five years. He came to California and took up graduate study at the University of California where he received his Doctor of Philosophy degree in 1942. During his schooling, he majored in English and minored in Speech and Drama.

Mr. Evans is married and has a ten and a half months' old baby of whom he is very proud.

His hobby is fishing, but he is not so sure about his chances here. He needs someone to show him a good place for fishing that is near Bakersfield and easy to reach.

J. C. Students To Aid Local Salvage Drive

To impress upon persons that the national emergency does exist, the local Salvage committee has set aside the week of September 21 to 28 as the time for the Bakersfield schools to participate in the national salvage drive.

It is hoped that this campaign in the schools will bring about greater enthusiasm in the homes and in the city institutions.

The students receive stimulus in their classes and are asked to pass it on into their homes in order that the scrap drive will reach into every neighborhood and into every section of the city. Students are to make a daily report of the scrap collected by themselves and their families.

There is a shortage of iron, steel, copper, brass, bronze, aluminum, zinc, and lead; rubber, old rags, burlap and cordage will be collected also.

Salvage every bit of scrap in your neighborhood and it will be picked up from your front yard or driveway by trucks on September 26. Be sure to report daily to your second period teacher the amount collected by your family.

Ed: "What did the moron say when the cow jumped off the cliff?"

Ted: "What did the moron say?"

Ed: "Look at that Jersey Bounce."

Military Leaves

"Absent on military leave," is a familiar phrase around Jaycee, now that six teachers are welding guns instead of chalk, and saying "Yes, sir," instead of "You there in the back row!"

Among those teachers whom the sophomores miss are J. Paul Freed, now a second lieutenant at Minter Field, and formerly a teacher of zoology and botany; Lieutenant Nicholas Pananides of the Naval Reserve, previously an instructor in engineering; Roy B. Anderson, now at the Naval Air Station at Long Beach, formerly an instructor in aviation technology; and Captain P. M. Bliss at the University of California, previously a track coach.

Absent from the Jaycee band is Calvin H. Mueller of the United States Navy; and John F. Clymer, a lieutenant in the United States Naval Reserve, formerly a teacher of history and an assistant football coach.

Our loss is Uncle Sam's etcetera.

OFF THE RECORD

with
JOHNNIE SWING

HEY YOU,—ya' big jive hound, have you read about Johnnie Swing's latest platters in "Off the Record" this week? Well, here they are.

This is Johnnie Swing, your platter man telling you not to worry about the impending break-away of Glenn Miller from his orchestra. In the opinion of the Swing man, this fine combo will be taken over as a whole by a competent leader and will continue on the same style so that all you lads and lassies, who like "Miller Music" from his sweet "Moonlight Serenade" to his speedy "V for Victory Hop," can continue to cut any over-size rug you choose.

Freddy Slack, who with his new singer, Ella Mae Morse, is making boogie history with his "Cow Cow Boogie," turned from a rip-roaring boogie saga of a western cowpoke to one of the scorchiest torchies since "My Bill." In this song entitled "He's My Guy," Ella Mae shows her marvelous versatility. Turn this platter over and you have a popular arrangement of "Doll Dance," which features Freddy on the piano for two eight-beat choruses and a trumpet solo chorus by Bob Goodrich. Watch this combo,—it's going places in a hurry on "Capitol Disks."

Best bets for this week are, "Mr. Five by Five" by Freddy Slack, while on the sweet side we have "Serenade in Blue" played by Jimmy Dorsey. Well, so long folks, and be lookin' for me in the next issue of the Rip. . .

Lone Pine Boys Fly For U. S.

The Bakersfield Junior College extension unit at Lone Pine maintains ground pilot instruction for civilian pilot training. Noted as a fishing resort, Lone Pine is located in the Owens Valley at the foot of Mt. Whitney, approximately 170 miles from Bakersfield. Three full time instructors are maintained there—Mr. Wesley Linda, chief ground instructor and force coordinator; Miss Clara Flocking—instructor in mathematics, physics, civil air regulations and meteorology; Mr. William J. Bauer—instructor in military science and physical education.

There is an average of thirty-five naval education cadets taking a beginning elementary course, and ten Army service pilots taking a secondary air advance course. Of the 35 elementary cadets only one is from Bakersfield, as they are sent by the Navy. Most of the advanced pilots are from Bakersfield as they are chosen by the Junior College and Mr. Taber.

The course includes 244 hours in 8 weeks plus one and a half hours per day of supervised study. The elementary course includes mathematics, physics, civil air regulations, navigation, general service of aircraft, radio code, aircraft identification, military science, and physical education. The secondary course includes navigation, radio code, military science, military training, aircraft identification, meteorology, theory of flight, aircraft, and aircraft engine operation.

According to Mr. Taber the students are housed on the Lone Pine High School campus in a tent city with students from L. A. A. C.

FASHIONS . . .

Seen around the campus of Bee-jaycee:

Peggy Erickson in a dark green skirt, beige sweater, dark green ribbon, beads, and bobby socks. Man, what a picture!

Frances Stewart sporting a beautiful apple green sweater. It's been said she bought it in L. A. Really tough on those gals that like to copy every other gal's clothes.

Charming Edna Cooter in a two-piece dress of mustard and luggage crepe. With her auburn hair the effect was super.

Jackie Kokahl would stop any stag line in that beige sweater and pleated brown skirt.

Margaret "Scotty" Scott is always on the run and her gay peasant skirts are just the thing for that sunny personality.

"Prexy" Baldwin in her green peasant skirt is another gal who makes the boys stop and stare.

Cuties of the campus show is Margaret Campbell in a long torso of a brilliant green that sets off her eyes and dark brown hair to the best advantage.

The Rip Chord

The Rip Chord was recently added to the musical world. Like all music, it has it's good and bad parts. Here is the bad part—The good? Well, just you wait, it'll come.

What do we have this week? Oh yais, left over from last year, one slightly used hangover (from graduation), one well worn pencil, and a dime to eat on the rest of the week. From this year, well have you seen, the newest shipment of 'Gaders lent to us this year from Shafter, Wasco, E. B., K. C., Delano and yes even Taft sent an outcast or two for the duration. Which reminds me of a little knowledge I acquired dating Homely Hahanna this summer. . .

If a lady says No she means maybe,
If a lady says Maybe she means

Yes,
Anf if a lady says Yes,
Man, she's no lady.

DRIBBLE

Joyous FRANK STANTON of East of the tracks, always has a smile for everyone, even the cuties about the campus—

Able ANNA STURGEON your new ed.—

PEGGY ERICKSON and TOM CULLEN the handsomest couple about the campus—

CARMEN BERTOLUCCI with a lushions a la super and oh soo peachy tan—

Eligible RAY PACKARD of Wasco sending the gals in fits—

Say, do you know the definition of a "peep"—or was it a "jeep"—to end all defining. "It's a number 14 roller skate, equipped with motor, mud guards, windshield, and place to seat two heels instead of one."

So much goes on under your nose that we don't know exactly how to approach this subject but here it is—

Type I in the field of osculation is classified as follows: This is the hunt and peck type, commonly referred to as the duty kiss. Location: forehead. Temperature: Below zero. Time limit: As short as possible.

Type II Oh, come now, don't be coy, you've all tried this one. There is a lot of feeling involved, especially if its your favorite subject. Location: You know as well as we do. Temperature: The thermometer just broke! Time limit: For the duration.

Now that we have settled the subject of wolves, and kissing, we feel your college education will be complete with next week's edition on how to get a date. Of course you see that's not as important as the topics for today, so it can wait.

Well kids we have a good surprise for you, you can tell your mom that we're printing a Rip again this year so you can still use it to wrap your lunch in.

Top Football Squad Expected

National League Race Nears Completion

With the major leagues but a week away from closing time, the National league pennant winner is still undetermined between the Brooklyn Dodgers and the St. Louis Cardinals.

The Cards do, at the present time, hold a small lead over the Dodgers, but the race is still not "in the bag" by any means.

The story of the Cardinals sudden rise to the leadership of the senior loop is an intensely dramatic saga of hard-earned victories that have climaxed many years of "almost" winning the National league flag. Since the Cardinals won the world's championship in 1934, they have placed second almost every year since, but never quite winning. Several weeks ago, the Dodgers were enjoying a comfortable 7½ game lead, but each succeeding weekend found them losing ground rapidly to the unstoppable Redbirds. In their last six meetings, the Cards have beaten the Dodgers five times. Much of the Cardinals' success has been attributed to husky Morton Cooper, pitching ace, who is said to have the most versatile collection of pitches of any modern pitcher in either league. The Redbirds have a well-rounded team made up largely of rookies or one-year men, but they lack a home-run hitter such as Johnny Mize, whom they sold to New York last spring.

At any rate, this tight race will probably be decided within the next day or so, with the Cardinals now holding the edge to beat the Bums. In case of a tie between the two teams at the end of the schedule, a three-game series has been drawn up to play off the tie. The world series will follow immediately after the completion of the schedule or the play-off, be it necessary.

Roses are red, violets are blue;
Sugar is sweet, don't you wish you had some?

★ SPORTS ★ HEADLINES

with
JACK BRADSHAW

Here it is, another year, but it isn't just another year in the sense that we used to know it. However, even the Japs can't stop us from having a football squad, and what seems to be a good one too. Despite the fact that Johnnie Rossetto is probably lost to the Renegades, they have a terrific forward wall this year. If Rossetto does return, there will be little doubt in anyone's mind as to the quality of the backfield too. A few weeks will undoubtedly pass before we learn anything definite as to the team as a whole.

It looks as if finally one of my predictions is going to become a reality. Last year in the Bakersfield high school paper (if you can still remember that far back), I listed the top teams in the major leagues and the coast leagues as I felt they would end up this fall. The Yankees, as you probably already know, took the American league pennant, while the Sacramento Solons took the Coast loop. If the St. Louis Cardinals take the National league pennant, my predictions will all be perfect (wonder of wonders!) I might take the time now to stick my face to the wind again to say that the Cardinals will take the Yankees in the world series (I hope.) This is not such an impossible statement if you look at the records. The two teams are almost evenly matched in that the Cards have the better pitching, and the Yanks have the edge in hitting.

It was a pleasant surprise to see the Renegade schedule a few nights ago, as it seems to be as good, if not better than normal. Three out-of-town games are included with Santa Monica, Compton, and Long Beach.

New P. E. Program Introduced Here

This year a new physical education program has been introduced to J. C. students under the direction of Jock Frost. This new program has been introduced to conform with the requirements for physical education demanded by the Navy V1 and V5 programs. This new program consists of three hours of physical education a week instead of the two hours required in past years. The first six weeks of this new athletic program will consist of swimming classes.

Preston, Cheney Return Bolster Frostmen Hopes For Top Season

BILL LOVE

This is the first of a series of articles on the 'Gade players. We are starting off this week with Bill Love. Bill is 5 feet 10 inches tall and weighs about 170 pounds. He has brown, curly hair and blue eyes.

His career as a football player started back in 1940, when he played for the Sandabs. The next year he graduated to the Drillers, where he played outstanding ball at his full-back position.

This year he is out for the 'Gade squad and at present is first string quarterback. This position in Coach Frost's system is the blocking back. William can fill this need very amply, as he is definitely on the rugged side. We hope that Bill keeps up the good work and keeps 'em blocked.

Tennis Team Formed, States Coach Hall

Coach Larry Hall stated yesterday that the tennis outlook for this year is very good. There are several players from last year's team and many new imports.

Back from last year are Bud Bonnar, Ken Turner, Graham Lovelace, and Bill Johnson. All are in top tennis condition from a summer of work and tennis. K. C. contributes to the greatness of the Jaycee team in Andy Davidson, No. 1 man on last year's high school team. Andy also holds many city, county and valley tennis titles. Charles Lynch and Charles Owens are other stellar players contributed by K. C. With this array of stars the tennis team should be one of the strongest in the league. Coach Hall is afraid, however, that transportation problems will cut down on the number of competitive matches.

Watch the sports page for news about the men's and women's tournaments that is to come soon. This tournament will serve as a preview, and give an idea on the placement of J. C.'s strongest player.

Football season is here again with all its glory and hard nights of practice. Despite the war, prospects look very bright for B. J. C.'s football team as there are about 25 men out for the squad with more expected this week.

The competition is going to be exceedingly tougher this week with the addition to the squad of Ed Preston, from the 1940 Drillers and a stellar guard for St. Mary's freshmen last year; Dick Cheney, who is a veteran from last year's squad; and five new players from Taft: Bob Saulsbury, tackle; Bill Potts, end from T. J. C.; and Platzek, McCarty and Haney from Taft High. This is going to furnish Coach Frost with a good supply of linemen. The lack of reserve linemen was the biggest handicap to last year's team.

The backfield looks fairly good with many of the positions undecided. Headman Frost says he is still hoping that Johnnie Rossetto, the all-metro back from last year's squad, will return to bolster the backfield.

Here is the tentative lineup, which is far from being definite:

Ends: Matlock and Grove or Myers; tackles, Preston and Cheney; guards, Stotts and Giminianna; center, Schaffer; blocking back or quarterback, Love; right half, Heady; left half, Cullen or Howard; and fullback, Peckham or Finch.

Second string: Ends, Potts, Williams and Waters; tackles, Mears and Saulsbury; guards, Hylton and Stinson; center, Haney; blocking back, Kniffen; right half, J. Chapin; left half, Platzek and F. Hughes.

Others out are Bradshaw, Churchill and Crabtree.

THE SCHEDULE

Oct. 3—Pasadena at Bakersfield.
Oct. 9—Glendale at Bakersfield.
Oct. 16—L. A. C. C. at Bakersfield.
Oct. 23—Phoenix at Bakersfield.
Oct. 30—Bakersfield at Compton.
Nov. 6—Bakersfield at Santa Monica.
Nov. 13—Visalia at Bakersfield.
Nov. 20—Minter Field at Bakersfield.
Nov. 27—Long Beach at Bakersfield.

It is anticipated that the semi-finals will see Andy Davidson, Charles Owens, Charles Lynch, and Bud Bonnar battling for finalist honors, with Andy and Bud meeting in the finals. The former is probably J. C.'s strongest player.
