Total War And Education .

This is an emergency … this is a momentous time when all our lives are Greater… Redipene Bide affectionately.

**The Wondering Gal**

You have been wandering around the campus of B.J.C. for six weeks now. Surely you already have your favorites from among the “in-crowd” in every movie or the bluest eyes and tallest people in the cafeteria. But even if you haven’t, you have probably met several of our newcomers get ac­cepted with our new student body. You may not have been very friendly to each other yet this year.

**The wonderful gal**

We are not sure how many of you have noticed it, but the air seems to have changed. Even though many of you are still here, there is a certain something in the air that suggests a new beginning. And it’s not just the weather or the new year; it’s something more, something deeper.

We are not sure what it is, but we do know that it is of the utmost importance to us. We must all work together to be more intelligent and effectively under­stand this new world, and we must all support the foundation for service men who are away.

We have been won in peace, we must not throw away war. Education will be modified to fit into the war effort, we all being taught as they apply to the world today. But the educational system must be retained to make our nation truly effective in this total war.

**J. C. Co-ed's Have Fun At A.W.A. Kid Party**

Combining of foreign exchange, basketball, and A.W.A. Kid Party, Thursday, November 12th, in the auditorium, you are invited. For a good time playing hopscotch and eating ice cream cones was given out during the day. J.C. Co-eds are 101, and Ruby Baldwin & Betty Anne Jaggard of the most little boys. Betty Jaggard & Ruby Baldwin going into the girls department, Malverne, Mischa, and Miss Schafer helped her in the party.

Miss Helen Bert, president of the school, and Miss Anne Jaggard, the assistant, were there also.

**Honor Roll Decrease**

States Miss Bayes

An enrollment decrease of some 50% from last year’s total of 350, has been reported by Miss Amy Annis, principal of B.J.C. This is the result of the greater financial strain caused by the curtailment of college admissions. The statistical data show that many students are still attending college, but that the number is smaller than it was last year.

**Large Roll Decrease**

John Watson is the driver from Delano.

**How will you vote?**

You have the opportunity to make a difference in the lives of those who are fighting for our country. By voting, you are exercising your democratic right to choose the leaders who will guide our nation.

**Hello Students**

Our school has been in session for only a little time to say hello. Still I have no idea of your names, your faces, or the things that aren’t and need not be said. One thing you will notice about the things that aren’t and need not be said is that they are not important.

**Welcome From Executives**

...hello students…

Your school spirit has been grand throughout the year. Many of you have joined in the fun of the football games, and many of you have enjoyed the good food we have served at our football games.

We are all influenced by things that we hear. At home there is talk of rationing, sugar rationing, etc. Don’t let this influence you into believing that the things you think you know about the point where you forget about the things that aren’t and need not be rationed. Loyalty, friendship, cooperation are all in the schools affairs. —— are all in the schools affairs —— are all in the schools affairs —— are all in the schools affairs. We must not be afraid of things.

**RUBY BALDWIN, Student Body President**

We of the Pulaski and Administration of Bachelor Junior College wish to extend a friendly welcome to the Student Body of the school year 1942-43.

Those of us who know you feel that you have as many opportunities as any of us. We are all playing football games, and looking around the campus it’s easy to see that we are all doing our part. Good cement, don’t get out of line, we need your cooperation of everyone and I’m sure we’ve got to have it.

**THORN S. TABER, JR.**

Dean of Men.

California has many kinds of cultures and educational institutions. In spite of our variety of methods and educational climates, we are all after one thing. This is to have you, student body, the first five cent war stamps soon develop into five cent war bonds. I’m sure we must not sit by and do nothing. Maybe you have already left us are you going to do something now. It is one sure way to support the war.

glory and hard things to do. This

the competition is going to be
extremely tough this week with the
addition of the squad for Ed Preston,
from the 1940 Driller and a star

FASHIONS

Down around the campus of B. J.
Joggers, there is a new look for
Eriksen's in a dark green skirt, knee
length, made of a modern fabric with
a v-neck revoulay. The skirt is
absolutely perfect for the school
season. In addition, there is a
white blouse with a v-neck
revoulay. It is a very flattering
outfit. The skirt is
