Honor Club Plans Events To Aid War Prisoners

Members of Alpha Gamma Sigma honorary society are planning a campaign to add to their fund for the benefit of American prisoners of war in foreign countries. The campaign will be started this coming week and will cover a period of three or four weeks.

Prisoners To Receive Supplies

Proceeds from the event will go into the World Student Service Fund. Books, magazines, writing materials and other self-teaching aids for the prisoners will be furnished from the money derived.

The committee in charge of the event is Wini Haged. She is assisted by Hal Tunell, Mildred Bailey and Barbara Baldwin.

Horizon Club Holds Annual Convention

Jaycee: Horizon Club members will meet at East High on Saturday, April 16, for their annual convention, which will be attended by similar groups in the county. The convention, to be held from 4:30 to 9 p.m., was formerly scheduled at BJC.

Bowl Club Seeks New Members; Plans Party

Jaycee's active Bowling Club met last week at a local alley for another of their problem-fought bowling sessions. Against George Walker, a high man, with a score of 148, Roth Thorsby was high scorer on the girls' team.

Plans are being discussed by the group for a dinner party and evening bowling, to be held in May at a celebration of their birthday. "We are still looking for an open invitation to all Jaycee students to attend our bowling sessions. Most of us are just learning, too," says Ruth Evertts.

CALANDER OF IMPORTANT EVENTS

A V S Mother-Daughter Get-Acquainted Tea, to be held next Sunday afternoon, April 16, from 2:30 to 4:00 p.m. in the garden of Miss Bird's house at 397 Glander Avenue.

Visitors Day, scheduled for Friday, May 6, from 2:30 to 4:00 p.m. in the high school building. The public is invited to this function.

Smallpox vaccinations will be given here Tuesday, April 18, by Dr. W. C. Boss, county health officer. Guardian's consent slip is necessary.

Barbecue-Picnic For Journalism Staffs To Be Held Soon

BJC's journalistic forces—members of the Michigan High School Public Relations Society—will gather at the home of Fay McCanan, 252 Lin- coln Street, for their annual barbecue Thursday, May 4, at 5:30 p.m. R imp members will be hostesses for the event.

To celebrate the entrance of several new members into the public relations club, buffet luncheon will be held by the society on Wednesday, April 19, at 12:15 p.m. in Ludden Hall.

In charge of arrangements for the luncheon is Leah Brown, president of the club. She will be assisted by Patsy McCanan, Marjorie Pagan, Margaret Carlton and Mary Estin. June Hunter will handle invitations.

Invitations for membership in the honorary publicity group were sent to Jaycee members Dorothy Diebel, Ruth Duncan, Norma Fidler, Pat Moore, Sally Prevey, Phyllis White and Virginia Kenny.

At the next meeting of the club, members will discuss the activities of all Jaycee organizations, which will be displayed by the Public Relations group of BJC. Junita Tomlinson, Louise Skeen and Dona Clo Grout are in charge of this event. They will be assisted by June Hunter, Margaret Carlton and Marjorie Pagan.

Jaycee members of the design committee, as well as the cheer committee, will participate in the special program, which is to be held in the evening in Elm Grove. Miss Pepe, high school instructor, is in charge.

In Elm Grove a registration booth is to be set up and visitors will be asked to sign the records, indicating the year of class with which they graduated.

In the Science building, Mr. Paul Baldwin's zoology class will conduct an experimental dissection week. The afternoon. In other rooms special geological and botanical exhibits will be displayed. Physical science demonstrations will be made in the Robert's room.

Food, education, library and foreign language exhibits will be shown in the boys' gym, while most other exhibits will be presented in the boys' gym. Chairman for the reception is George Williamson. There is no admission charge.

State Colleens Invite Teachers To Speak

In accordance with the State Colleens plan to have teachers from different colleges speak to the group of their experiences, a tea is being held in Linden Hall in the near future to present Miss Florence Rutfall, '31, grammar school teacher. Miss Nutwell formerly attended San José State Teachers College.

Members of the Colleens group are future elementary and kindergarten teachers who plan to attend the varsity games when they finish jaycee. Miss Bird is advisor to the group.

These were discussed at a recent organization meeting for weekly band age rolling assignments. Members must last week at the local bandage rolling center to work.
SYMPOSIUM OF ERRORS, MISINFORMATION, AND INFLUENCERS

This week's column comes from "A Packet of Books," a book club column written by Hattie Hoenshell, who has been married for a year, and is always looking for new books to read. Her husband, Robert, is a doctor, and they have two children, ages six and three.

The column is always full of recommendations, and this week is no exception. Hattie and Robert have been exploring the world of book clubs, and they've come across a new one that they think you might enjoy.

One of the books they've been reading recently is "The Great Gatsby," by F. Scott Fitzgerald. They say it's a classic that's worth reading again, and they recommend it to anyone who's looking for a good read.

Another book they've been discussing is "To Kill a Mockingbird," by Harper Lee. They say it's a powerful story about racism and justice, and they recommend it to anyone who's interested in social issues.

Hattie and Robert also mention a few other books that they've been enjoying recently, including "The Nightingale," by Kristin Hannah, and "The Four Winds," by Kristin Hannah. They say both books are well-written and moving, and they recommend them to anyone who's looking for a good read.

In conclusion, Hattie and Robert encourage everyone to join a book club, or to start their own, and to share their love of reading with others.

Join the Fun
"In the spirit of studies, the picnic is Friday! Let's all turn out and really support the biggest social get-together we've had this year. We've been prepared for a rugged time.

Social Sequel

As for the subject of social events Ed, better mention, the prom. It's really going to be a swell affair, so get your date now. Don't be one that's waiting around at the last minute trying to find some neglected gal to escort to this event.

It's The Truth

"Watch the talking, please," called Goldie.

"But I'm turned to Bebe and said, "I'll talk, you watch me!"

Love on a Smaller Scale

Just a few weeks ago our BJC belle blithely dug their flabby, summer studs out of the mudballs. They've been alternating between romances, parent visits, and have legs since.

Optimistic

Now, don't let me down, the Golds, are finding out how to relax, and they're finding out they can have a good time. They're living a charmed life.

Help Manage Your Junior College

It is not too late yet! Why don't you run for a student body office? Too many students are willing to sit back and let others run their junior college. You do not enter in the competition for offices and then your office is filled. The student government is not being directed in what you think is the right manner.

-Of course, there are not as many students as there used to be, and this fact cuts down the competition to a great extent. But even with our small student body there should be more than one person running for each office.

Alleged ‘Facts'

Rhubarb is a kind of corylifarc bloodshot.

The animal which possesses the greatest attachment for man is woman.

A sure-footed animal is an animal that when it kicks it does not miss.

Gravity was discovered by Isaac Walton. It is chiefly noticeable in the autumn, when the apples are falling off the trees.

Chlorine gas is very injurious to the stomach, body, and the following experiments should, therefore, be carefully performed on the other.

Polypus swim about the sea when they are young and when they get older they fasten themselves on their relatives and live like that: for the rest of their lives.

Nitrogen is not fresh, because it is not found in a free state. Why do we put raise the silk worm in the United States.

We get our silk from the mon. He is a larger animal and gives more silk.

Amphibia lead a double life.

Lovely Way To Spend An Evening

This is a lovely way to spend an evening.

Can't think of anything I'd rather do. This is a lovely way to spend an evening.

Can't think of anyone as lovely as you. A casual stroll in a garden, the most lovely garden.

Catching a breath of moonlight, humming our favorite tune, This is a lovely way to spend an evening.

I'd like to take all my nights, and spend them with you.

Radounis, Pappas

Tell G.I. Life

Miss Levison has received many amusing letters from former students. The following are excerpts from recent missives:

Jim Radounis writes, "Gad, I'd even go back to BJC and major in botany if I would decide to call this war off! After spending several hours behind a typewriter wacking out long G.I. statistical reports, I wonder whether or not I'm impersonating a soldier."

Gus Pappas reports, "Only 599 more days plus three years left of my enlistment period. I am up for corporal again. Please pardon me a second while I give my "holy" a good polish. . . . It's a wonderful day. The sun is shining, birds are singing, my washing is finished, it's only five days before payday, and I owe no money.

The only great battle here is in the showroom.

Former BJC Boys Serve

Bill Poynter is now a weather observer at Muroc, having just finished his meteorology program at Cal. A letter received from Ensign Hugh Williams stated that he is working with landing craft in the south Pacific. He is on his way back to that theater of war after two weeks rest at Sydney, Australia.

"Sydney is a swell port for the Navy but it lacks it. Everything stops at dark... There is no one from home but there are a few U.S. graduates."

Capt. Rakeshfield's Vernon Clinic is with the Navy in Obba as a aerolot 2/5c. His wife and a two month old girl.
