PRC Plans Meet; Everitts Rolls 111; Hold Swim Party

Following an Italian dinner at Marie’s Place, members of the Public Relations Council, honorary publicity society, will convene at the home of Pay McCannel for a business and social meeting tomorrow evening. New member Betty Grace Steele will be formally initiated in the group at that time.

In charge of the affair is Chairman McCannel, assisted by Marjorie Pagan and Margaret Carlson. Barbara Baldwin and June Hunter will handle entertainment plans. The organization, under the guidance of Miss Pears, meets semi-annually for initiation ceremonies.

Again lending the girls’ division of the bowling society, both Everitts rolled 111 at the last bowling session of the group. High honors for men went to George Watkins and John Van Osdel, who tied at 129. Following the game, members met at a Chinese restaurant for dinner. The club bowls every second Tuesday at a local academy.

Results of the Camera club election held last week, placed June Hunter in the presidency, with Barbara Fields as vice-president. Secretary is Barbara Harris, and treasurer, Marie Kluver. Paul Baldwin, group advisor, concluded the meet with a talk on contrasts in negatives.

In honor of Ted Bennett, Milton Kreynenhagen, and Robin Schulz, Navy Air Corp. enlistees, a welcoming picnic was held last Friday at the Kern river. Ted is being sent to a training base in Arizona, and Milton and Robin are off to Nebraska.

Twenty-two JBC students swam, who, want bikes, and had real fun. Mr. and Mrs. Hemminger were chauffeurs for the affair.

SAVINGS SALES REACH $4,500

Forging steadily ahead, war savings bond and stamp sales totals at BJC have passed the $4,500 mark. $2,000 of this amount was purchased in stamps since last September, the remainder in bonds.

Tuesday morning second period classes with 100% participation in stamp sales included Miss Pears’ room, Mr. McGaig’s room and the JBC office. Mary Lou Gonzales is in charge of this committee.

Due to the resignation of Betty Lou Galey, who has left JBC for war finance work, the position is to be occupied by Mr. McGaig in the near future. Betty Lou also served as Rip editor since the beginning of the fall term.

Horizon Club Members Selected To Hostesses At County Convention

Horizon club members of BJC will be hostesses at the convention of Kern County Horizon groups, to be held Saturday, April 15, from 10:00 a.m. to 4:30 p.m. on the junior college campus. Both Bakersfield high school groups will work with the JC group in planning the affair.

In charge of arrangements for the convention is Carien Anderson, social secretary. Assisted by Virginia Baker. Publicity will be handled by Margaret, Carlson and Marjorie Pagan.

To stimulate interest in wartime activity, club members formed baskets, at their last meet, to compete in a bandage rolling contest. Marjorie and Norene Faller will capture the team for the event, which will end May 1. Winners will be honored at a dinner.

Sadie Hawkins Activities End In Assembly, Dance

Due to the resignation of Betty Lou Galey as Rip editor, June Hunter, former co-editor of the feature page, was elected acting editor for the remainder of the spring semester, by staff members at a special election held Monday. Because of the change, there possibly may be set up a cooperative system by which a different person would handle each of the five remaining Rips.

Barbara Baldwin, who was June’s co-editor, will now, completely take over the feature page. Continuing as assistant editor in Pay McCannel. The Hub staff members continue in their original positions.

Betty Lou, who formally dropped her Jacee classes last Thursday, edited today’s Rip. She has obtained a part-time position and plans to further her education by taking extension courses from UC.

Members of the committee include Wilma Foeltz, Ruth Richards, Pay McCan, Mary Lou Gonzales and Carmen Anderson.

**Are We Mice or Men?**

By Fay McCanon

By Fay McCanon in his 14th year ago is a pastime-merging with a noble art. This pastime is a combination, and a most successful one, of the idea of the Pied Piper, enchanting a city, leading them down into their well with its fascinating music. These mice had no brains, they followed the sound because they found it more fun. The music pleased their ears, the lights they know, the deluge of destruction to which was leading them. They were nice—but we are.

Strong minds turns into education, music and art, and good, good, good, even the sound turned into a wish that we could all be as happy as they.

Points for Males

MATERIALS

Not that BJC men need any pointers as to how to get a girl, nor do they have much real trouble in getting one. The only thing to watch out for is that they do not get a girl, to have a pleasing personality, and to be honest and courteous.

Renee Boudinot says, "I like my man to be a good-looking boy, with good morals, good qualities, good ideas, and good looks. The girl of today is just as particular as a boy is."

Kathryn Harley likes a man who does not smoke and has a square face.

Bettie "Gable" Gable likes a tall good-looking boy who has a good sense of humor and a good sense of humor.

Barbara Watson says, "I'm not too particular. I think he should be neat, a good talker, have a good smile, and have a good personality." Those are the things she would like in a man.

Bettie "Miss" Blake says, "More romance when they are on the telephone."

I've Been Drafted!

As a result of a draft registration, I'm being selected to oblige the nation's draft boards. I'm aware of the splendid work that has been done by my predecessors, Betty Davis, Daisy Adkins, and others. I've prepared myself mentally and financially.

In view of the changes in staff members, I believe this move will reflect the cooperative efforts of all offices. For this, I am very grateful, and I hope the student body will approve my presence.

What Are You Doing?

When Stamp Day came again you had enough money for three things instead of the usual two. (After consideration, however, it seemed to you that one thing would not make much difference, and after all, 30 cents isn't a lot when you wear them out after History and English.)

Since there was no way to get around the Cross room, and finally, because it was warm, you needed some variation to talk to do your work, did you try growing hagbard pants, as they were called? There didn't seem to be anyone around that you felt well enough to go with; as hagbard pants weren't difficult and didn't require much time, you figured your help was not really needed, and you went to find someone to talk to instead of working at the homework you had "done your bit for the war.

Are you preparing your alarm to get the Red Alert? Remember that the Red Alert has been made to work, not just work. There will be a certain amount of personal sacrifice required, and you may want to plan ahead.

There’s been a change in the alert procedures. That means that if there is a Red Alert, you will be required to report to your designated shelter area. It is important that you are aware of this change and make necessary preparations.

Big Success

"The Texas" of the actors in the production of "The Texas" was unanimously acclaimed the highest of all the productions. This was due in part to the fact that the play was well written and well acted. It is a pity that the production will not be seen by a wider audience.

McNab’s has been a landmark for many years, and it is expected that the new location will continue its tradition of excellence.

Prie’s—It's on the menu of the best restaurants in town. It is a popular spot for students and alumni visiting Bakersfield.

Hagbard pants are still popular, and there is a new trend towards wearing them for both men and women.

 Barefoot Brigade

Students have finally decided that summer is seriously on the way. Proof of this is the shoeless, sockless group that invariably gathers on Lawn 60 to celebrate recruiting afternoon. Of course, trouble looms when the fellows discover forgotten shoe. If you see one, help out and if you don't get excited; they're just retrieving their footgear.

Major Trouble

A bit late, but true to tradition, many of us are beginning to fear we've chosen the wrong major. Work is piling up in an unlikable subject and needs of "If I don't change this major I'll be a, Lifer," are the order of the day.

Call to Clowns

Lots of students have been complaining because the social life of B.J.C. is a bit slow or because they themselves aren't in enough activities. If they want to sit around and complain, that's their privilege, but many clubs have open membership. Sure, you can't join Alpha Gamma Sigma or Lance and Shield, but that's the matter with Horizon Club, Bowling Club, Camera Club, State Collegians and others that welcome members. Some clubs permit application for membership and then vote in the members. There are many chances if you don't sit around and wait for someone to cook you.

Private Property

As indicated by the new sign on Exed. Council door, that region is now restricted territory for non-council members. The atmosphere from here on is supposed to take on a business-like tone, but you can't count on that! Of course, B.J.C.'s telephone bill will probably drop considerably and the phone won't be the same without a coke bottle in the door, but maybe quiet will reign.

Disillusioned

The poor fellow who said, "ignorance is bliss" never went to Levy's English class unprepared.

Twelve years ago the students at University of Washington instituted a grand new idea. All students who were unable to join a fraternity or sorority because of low grades formed a club called, "Flunk, Dammit, Flunk.

PREPARE NOW FOR YOUR POST-WAR JOB

"Now that the semester is drawing to a close, many of us are wondering if that widespread idea that education was the first half of the semester to carry over into the next month. Lawn 60 has its usual share of idle thoughts and more students reclining on it is summer nears, and not all of these students are enjoying a "legally" free period."

Right now education is of the utmost value. Getting a job now may be easy, but when the war is over and skilled workers return to, we must all study to our utmost capacity in our chosen field of education. We must attend every class and acquire all possible knowledge to hold our own in the post-war world.
