Bakersfield, California, November 1, 1945

No. 5

## Bird Attends JC Conference

California Junior College Federation state-wide conference will be held in Bakersfield on December 6th and 7th, reported Miss Grace V. Bird, director of BJC. Miss Bird recently returned from an educational conference in Berkeley, where arrangements for this state-wide meeting were discussed.

At the recent Berkeley conference, problems of state-wide educational nature were taken up. Miss Bird stated that such problems as veterans education, vocational training in colleges, and counseling were discussed. This conference also recommended that a committee made up of representatives of high schools, junior colleges, and state colleges be established by the State Department of Education to deal with the recent law passed by the State Legislature, which states that a course in American history must be taken by every college student in California.

Miss Bird had the distinction of being the only woman attending this conference. She said that trying to put across her ideas among the keen competition of such a large group of men was quite difficult in many instances.

While in Berkeley, Miss Bird visited Mr. Herman Spindt, former superintendent of the Kern County Union High School District, who is now head of the placement bureau at the University of California. She also met Dr. Thomas L. Nelson who is now superintendent of the Berkeley schools.

## State Collegians Plan Activities

Highlighting the "get acquainted" party of the State Collegians on Wednesday, October 24th, was the talk given by the adviser, Miss Grace Bird. She explained the activities of the State Collegians in past years and the coming events in State Collegians this year. She also discussed the purpose of the club and pointed out that it was the goal of the club to have as its members all students who are interested in attending a state college.

Eleanor Hilty, president of the club, gave a talk which included a preview of the coming social activities of State Collegians. Eleanor also, extended a cordial welcome to all the new members.

A desert party to be held November 9th was discussed. It was decided that each member should contribute 25 cents for refreshments.

Sara Stahl was appointed chairman of the ushers for the Jaycee play, "Ah! Men" to be held November 20th. At the close of the meeting, all girls interested in being ushers met with Sara.

Chairmen of the committees who made this party successful were: Mary Dec. Schultz, general chairman; Eleanor Hall, decorations; Margaret Morrans, entertainment; and Adell Payne, refreshments.

## French Club Members Plan Candy Sale

Tickets may now be purchased for the French Club candy sale. The purpose of this project is to raise funds to send a winter package to a needy family in France. The package will contain clothing, food, and other articles, particularly those scarce in France at this time.

The drawing will be held sometime next week and members of the club plan to offer two pounds as prize at the first drawing and one pound at the second drawing. Sara Stahl is in charge of a committee to buy the candy.

Alene Jensen is in charge of tickets, which can be purchased from any French Club member at the cost of 10 cents each. Members selling tickets are Esther Angeles, Beverly Browne, Helen Core, Georgina Friesen, Emma Gibson, Pat Grant, Eleanor Hall, Jean Hayes, Alene Jensen, Kathleen Knight, Martha Lewis, Margaret Morrans, Sara Stahl, Beverly Stephenson, and Shirley Sweet.

## IC Visitors Check Veterans' Services

During the past week J.C. has had several official calls made by men connected with the Veterans' Administration. Mr. Noel Wheeler, training officer from the Veterans' Administration in Sawtelle, California, made his monthly call on Thursday, October 25. He conferred with our veteran coordinator, Mr. J. P. Freed, and also with veterans attending J. C. under the federal aid program.

Another prominent caller was Mr. J. A. Williams, new head of the Bakersfield Veteran's Service Center. The purpose of his visit was to see how our service veterans was organized. He expressed his sincere appreciation for the service which the Junior College is rendering to the community.

On July 26, Mr. M. F. Richardson and Dr. Howard were our visitors from the State Department of Education. Dr. Howard and Mr. Richardson complimented the Junior College on its well organized veteran's educational guidance service and also commended it as one of the best they had yet seen in a California Junior College.

Aid in the educational problems facing returned servicemen is administered through the BJC Veterans' Education and Counseling office with Paul Freed as counselor. Mr. Freed recently returned from the Army Air Forces to the JC faculty and is familiar with the problems of both army men and college students.

Besides the numerous letters and telephone calls answered daily, as many as ten or twelve interviews are conducted by Mr. Freed to answer such questions as "How may I go about getting my high school diploma, and how long will it take?", "What are my rights under the G. I. Bill of Rights?", and "What college credit will I receive for my military service?"

Inquiries came largely from returning servicemen interested in entering junior college or some other college, from friends and families of men in service, from servicemen who

## Local Bond Queen To Be Chosen Soon

Monday, October 29, saw the opening of our Victory Loan drive, which according to Mr. Leonard McKaig, will be "a drive on an old theme—the electing of a Bond Queen—with some new, interesting angles." Preliminary plans were made Thursday, October 19, and final plans at a dinner at the Bakersfield Inn, Friday, October 26, which was attended by Mr. McKaig, Miss Bird, and Florence Easton.

BJC will follow the plan of the secondary schools and elect its own Bond Queen with plans to find a backer among the civic organizations or corporations so that she may have an opportunity to become Bond Queen of Kern County. Nomination for BJC Bond Queen will be by the purchase of \$500 face value in "E" series bonds.

Heading the junior college campaign will be girls who ran for song leaders, Theda Chick, Shirley Curran, Rickey Daley, Bunny Giraud, Jotte Valle, and Florence Easton, chairman.

One girl from Kern County will be given a trip to Hollywood to see the movie studios, have a date with a movie star, and be given a silent screen test. One of the winners from the state of California will be given a movie contract.

Any girl between the ages of 18 and 26 will be nominated for Bond Queen upon the purchase of \$500 in "E" bonds in her name. Forms will be given to anyone who wishes to purchase bonds; he may take the form to his regular purchasing agent and fill it out at any time of sales. The agent will stamp the form and deposit it in the ballot box.

Upon the closing of the contest, the ballot box will be opened, the votes counted, and the girl with the largest number of votes will be announced Bond Queen of the community. Each \$25 bond will entitle the purchaser to one vote.

Then at a Bond Show at the Fox Theater one of the girls representing the eight communities in Kern County will be given the title "Victory Loan Queen of Kern County." Selections will be based 75 per cent on the percentage of its bond quota met by each community, and 25 per cent on the poise, personality, and beauty of the contestants.

attended local schools, and from personnel of Minter Field.

Mr. Freed says that guidance for educational plans is conducted along three lines—what the veteran wants to do, what he can do as shown by tests which are available, and what opportunities are offered in the desired field. The pamphlets, bulletins, and forms for veterans' state or national educational aid as supplied by the Veterans' Administration Regional Office at Los Angeles are supplemented by such books and monographs as are available to give a complete background of possible educational opportunities.

Regular counseling in these matters is done in Room 122 of the JC Building from 2:30 to 4:30 Monday through Friday and on Saturday morning by appointment.

## Swimming Club Has Membership Drive

Added to the list of newly formed junior college organizations is the Swimming Club. For the past three weeks a group of students has met in the Elks Building where they have been swimming in the USO pool. Under the sponsorship of Mrs. Meyn, the club plans to take part in many swimming activities. At the present, however, the members of the club are improving their swimming form and strokes, and are perfecting their diving.

The club plans to meet every Monday night in the Elks Club from 7:30 to 9:00 p. m. At the meeting held Monday, October 29, an election of officers was held.

Members include Patricia Weeks, Lorene Jensen, Kathleen Knight, Esther Smith, Marion Rademaker, Beverly Mettler, Margaret Rupe, Pat Grant, Bob Crenshaw, L. C. Lovely, and Dick Brown, the life guard.

The newly organized club is open to new members, both men and women, and all those who would like to join the Swimming Club should contact Kathleen Knight or Miss Meyn.

## List Ushers For First Concert

List of those junior college students who are to serve as ushers at the concerts of the Musical Association has at last been posted. Women chosen to serve are Catherine Antoniovanni, Mabel Berryhill, Helen Core, Barbara Lee Farrell, Georgina Friesen, Eleanor Hall, Jean Hayes, Mary Helm, Eleanor Hilty, Lorene Jensen, Jo Ann Jones, Kathleen Knight, Josephine Larrainzar, Margaret Morrans, Jo Ann Ross, Margaret Ann Rupe, Mary Dec Schultz, Sara Stahl, Peggy Stewart, Gwen Stotts, Adel Urzanqui, Grace Weeks, Pat Wells, and Sonja Yaksitch. Jaycee men chosen to assist as ushers and ticket takers are Wesley Hamm, Clarence Hiebert, Paul Mason, and Reynold Stone. Miss Schilling, high school attendance officer, is the adviser to the group.

First concert at which these student will serve is that given by the Don Cossack chorus under the leadership of Serge Jaroff, opening the concert series on November 7.

## Plan To Help Our War Veterans

During the course of everyone's life there comes a time when he has a chance to help his fellow man. Some say, "Let the other fellow do it," some say "I can't afford it," and still others say "It isn't any of my affair."

Well, this is one time that it is your affair, and you can afford it, and you are just the one to do it. There is only one way and that is for everyone to do his share. Now our boys overseas go through a lot more than it is possible to believe. Many of them are hurt in such a way as to prevent their entering certain occupations. The only

## "Ah! Men" Will Be November 20

During the past few weeks much publicity has been given the various members of the cast of "Ah! Men" and their progress, but little has been said about the importance of the women behind the scenes. These students are members of the properties, costumes, and publicity committees.

The property committee is to acquire the furniture and all small articles to be used in the play. Among these small articles is a list of 500 names which must be in different types of handwriting. The members of the properties committee are Muriel Hutchinson, chairman; Esther Albores, Esther Angeles, and Rickey Daly.

The duties of the costume committee consist of planning and obtaining costumes for members of the cast. They must also see to the fact that the actors go on stage in the right costume for each scene. The costume committee consists of Jo Larrainzar, chairman; Laura Contratto, Beverly Schwocho, Elsie McClure, and Ruth Tomlinson.

The publicity committee is headed by Marie Carter, and Betty Hylton is assisting her. They are notifying the Bakersfield Californian of the progress of the play, planning advertising, and in general letting the public know about this annual event. One of their outstanding duties at present is informing the public of the change of date of the performance. "Ah! Men" will be given November 20 instead of November 9, due to change in the football program at East Bakersfield.

## German Club Plans Chinese Dinner

Members of the German Club and their guests will meet this afternoon in the Elm Grove for a watermelon feed and will then adjourn to Frank's Bowling Alley for a few fast games before having a Chinese dinner.

Attending the party will be Laurel Bright, Elaine Costerisan, Emma Gibson, Ruth Goodsell, Sharon Hughes, Beverly Mettler, Elsie McClure, Gwen Stotts, Jaffy Valle, Margaret Vinson, Lillian Wallace, Mark Abbott, Roger Bowman, and George Simpson. Miss Adelaide Schafer, instructor, is adviser for the group.

way to circumvent this obstacle is to create a possible substitute for the occupation that they had been trained in.

At the present time there is a movement to establish a war veterans' hospital at Yountville, California. To raise the funds for the construction of the hospital and school for the disabled there is to be a benefit dance given at La Granada ballroom on the 7th of November. This is a chance for every ex-serviceman to help his buddies, and a chance for the fellows who never got a chance to do their part to do it now. If you are a piker, they won't know it, but you will.

# Grapevine Gab . . .

**BUDDY WEISSEL** and Gloria McHolmes were as nice a couple as could be found anywhere on the campus, but along comes a slight misunderstanding and kaa-boom!

**SKIPPIE HENTLEY** and Vicky McClain are holding the torch for each other, but up till now they didn't know it. Good luck, kids, you're tops on our list.

**IT SEEMS** that my friend and yours, our own Eavy Pappas is plenty good at broken field running. I don't mean football. Yes sir, he plays the field and breaks a lot of hearts.

**WHEN IT COMES** to news, I have a little piece about Bruce Doolittle. I thought at first the reason he didn't go out with girls was because he couldn't find any that would go with him, but now I find that he left his heart deep in the heart of Texas. Her name is Mary Frances Beasley. A pretty name!

**PAUL GARRAT**, who is a really swell guy, is starting a plenty all right dance band. Watch out Slack, real competition has set in.

**BARBARA THOMPSON**, Margaret Rupe and a few others of our student body seem to prefer BJC students to the men of their own campus. Is that a slam on the men or is there something fouled up on the female side of the fence?

**BOB FLORESOLE** is playing with fire when he tries to dazzle them all with that smile and still keep Adel Uranqui. Adel is something extra special herself, Bob.

**NOW IT SEEMS** that there is a hay ride coming up on Friday, the second. I wonder who is going to be there. I hope that they don't forget to take along some chaperones.

**FOR THE FIRST DANCE** of the season there was a 100 per cent turnout of students. The only trouble was that they were mostly from BHS. What is the matter? Is it our Junior College dances or our Junior College students?

**DOES ESTHER SMITH** wear those pink glasses without lenses just to impress Hattie Hoenshell, or does it really help her to see the light?

**THERE ARE MANY WARBLEDERS** on our campus this year, but the two most likely to succeed are Kathleen Knight and Florence Easton, if they get enough practice. If you want to hear them, just watch Lawn 50 in your spare time.

**HAS ANY ONE** seen Jo Anne Ross in her dark glasses? Just call her Hollywood.

**ALMA-MAE DRESS SHOPPE**  
Dresses for All Occasions  
For The Smart Set  
1000 North Chester Avenue  
Phone 3-0525  
Oildale, Calif.

## Students Reveal Secret Desires

**WARNING!** A word of warning to the fellows of BJC—watch out for the women of today. They are rough! If you don't believe me ask Bob Devlin how Philis Macece picked him up on her shoulders, threw him around and dropped him like he weighed 6 pounds instead of 160 pounds. I'm telling you anything can happen on Lawn 50.

**BOB HOUSTON**, better known as "Stump," is an alumni of BJC, but he will be back next semester to play football and to really get down to work on his studies.

**THOSE CUTE GLASSES** Jack Warren wears. They make him look so intellectual. (?) — those cozy rendezvous on Lawn 50. It's getting to be the romantic part of the campus—those adorable sweaters that Jo Ann Ross wears so well.

**RAMOR** has it that there is a boy and a girl, both with strawberry-blond hair, that are becoming very good friends, and to think it all started by a motorcycle ride!

**THE GIRLS ARE ALL** syching over Mr. Freed, and the fellows think he's zavin. Welcome back!

**OUR GOOD-NATURED** prexy is a regular occupant of the back table in the library. Business before pleasure, huh, Paul?

**FINDER WHO OWNS** that red jalopy that is always parked over on California avenue. It gives the campus a collegiate touch, don't you think?

**WE ALL SAY GOODBYE** to Mary Rowland who is leaving BJC to go to a business school. Hate to see you leave, Mary.

**WHAT'S THE LIBRARY** intended for, used for, and made for?

**THE LIBRARY WAS MADE** for students, was intended for student study, but is used for student sleeping, round table gossiping, and acquaintance re-viewing. (during 1 & 6 periods.)

**BLOND SHIRLEY SWEET** wants to be able to play the piano like Chopin.

**WHEN I ASKED JEAN HAYES**, our editor, this question of miracle qualities, she immediately replied, "One whole week with nothing more pressing than stepping to do!"

**ROCKY STONE** exclaimed, "You want I should tell you my answer, even after the assembly? I would like a new store to replace mine old van."

**HARRIET HALL** wishes for "Van Johnson." (Me too, and a thousand more like us.)

**BETTY DILL'S** only desire is "to be happily married."

**EDITH SPENCER** wants "to have a successful career as a commercial artist."

**ESTHER SMITH**, Marion Rademaker, Bev Mettler, and Betty Lou Dill collaborated one day and decided that very pale yellow walls brightened by bamboo designed drapes would be nice, bright red or yellow slip covers for the furniture to add spice to the room.

**FOR A LITTLE OF INTEREST** Marion Rademaker suggested some mural or pictures for the east wall. Not artistic, but cute. The north wall would be shelved, making room for records, books, and magazines.

**AS THEY WERE PLANNING** on cutting the cost to a minimum they decided against camouflaging the heater and replacing the rug.

**SPEAKING OF LOUNGING:** Soldier, "May I hold your hand?" Sweet Young Thing: "It isn't very heavy, I can manage, thank you."

**PAT SAID SHE LOVES** science so she is happy while working on some scientific subject. Dancing is Pat's hobby, but she also likes photography and wishes she had more time to spend on it.

**EMMA GIBSON** heartily desires "a cure for hay fever."

**PETITE MARGARET JUE** just giggled in response to my inquiry, and said, "Oh my goodness! I really don't know."

**WHEN I ASKED JEAN HAYES**, our editor, this question of miracle qualities, she immediately replied, "One whole week with nothing more pressing than stepping to do!"

**ROCKY STONE** exclaimed, "You want I should tell you my answer, even after the assembly? I would like a new store to replace mine old van."

**HARRIET HALL** wishes for "Van Johnson." (Me too, and a thousand more like us.)

## Passing In Review

The student selected to pass in review this week is known around the campus not only for her scholastic achievements but also for her ability to create dances such as she has demonstrated at assemblies. She is the one and only Pat Wells.

Until this year Pat spent many hours each day practicing different ballet steps. This year she does not have the time to practice regularly, but is a pupil of Maizie duPresne.

Pat is a true easterner, having spent the first sixteen years of her life in Bradford, Pennsylvania, before she moved with her family to Bakersfield.

After graduating from J.C. next June, Pat will transfer to Cal to continue studying medicine.

Pat is pretty much of a jack-of-all-trades, for she has worked at several different jobs. This past summer she was a soda jerk at Lucky's. Previous to that, she worked for the Bakersfield city parks and the hospital.

At the present time she is assistant zoology instructor for Mr. Baldwin, and also helps Miss Albaugh, Zoo students who have trouble tracing the nervous system of the frog now know to whom they can go for help.

Pat said she loves science so she is happy while working on some scientific subject. Dancing is Pat's hobby, but she also likes photography and wishes she had more time to spend on it.

As for sports, she likes swimming, tennis and archery. She also loves music, especially semi-classical music. She also likes Chinese food, the color green, and "all my friends." One thing she does not like in a person is pettiness.

She has seen the man whom she thinks is her-type-but-said-it-did-not-do-her-much-good.

Watch Pat Wells in the future, for she is one student who will be a success in the world.

Pat is pretty much of a jack-of-all-trades, for she has worked at several different jobs. This past summer she was a soda jerk at Lucky's. Previous to that, she worked for the Bakersfield city parks and the hospital.

## Lounging Around BJC

Lounging is considered by some of BJC's petite students to be the best way to spend their free periods. They have even taken lounging so seriously as to make plans for redecorating ours.

Esther Smith, Marion Rademaker, Bev Mettler, and Betty Lou Dill collaborated one day and decided that very pale yellow walls brightened by bamboo designed drapes would be nice, bright red or yellow slip covers for the furniture to add spice to the room.

For a little of interest Marion Rademaker suggested some mural or pictures for the east wall. Not artistic, but cute. The north wall would be shelved, making room for records, books, and magazines.

As they were planning on cutting the cost to a minimum they decided against camouflaging the heater and replacing the rug.

Speaking of lounging: Soldier, "May I hold your hand?" Sweet Young Thing: "It isn't very heavy, I can manage, thank you."

Pat said she loves science so she is happy while working on some scientific subject. Dancing is Pat's hobby, but she also likes photography and wishes she had more time to spend on it.

Emma Gibson heartily desires "a cure for hay fever."

Petite Margaret Jue just giggled in response to my inquiry, and said, "Oh my goodness! I really don't know."

When I asked Jean Hayes, our editor, this question of miracle qualities, she immediately replied, "One whole week with nothing more pressing than stepping to do!"

Rocky Stone exclaimed, "You want I should tell you my answer, even after the assembly? I would like a new store to replace mine old van."

Harriet Hall wishes for "Van Johnson." (Me too, and a thousand more like us.)

Betty Dill's only desire is "to be happily married."

Edith Spencer wants "to have a successful career as a commercial artist."

Harriet Hall wishes for "Van Johnson." (Me too, and a thousand more like us.)

Betty Dill's only desire is "to be happily married."

## New Movies

For all those anxious souls who wait with bated breath for news of "what's comin' to the Fox," here's a preview of attractions to come.

By now you'll know that "Love Letters" is playing this week-end. The love letters are written by Joseph Cotten to Jennifer Jones for a soldier pal—and so begins a fascinating mystery.

On Friday night a football rally on the stage will be an added feature besides the main picture.

Beginning Tuesday will be "Out of This World" with Eddie Bracken, Diana Lynn, Veronica Lake, and Bing's voice—believe it or not. Comical complications and an all-girl orchestra make this picture entertainment plus.

The long awaited "Rhapsody In Blue" will be playing Sunday the 11th. Robert Alva makes a wonderful George Gershwin and Joan Leslie and Alexis Smith are the women in his life. Adding their talent to the picture are Hazel Scott and Oscar Levant. Gershwin fans will love this!

Sgt. Leland Brown recently left for overseas duty to fight the peace after having fought the war on the east coast for the last two years.

Blake Williams prefers Spike's Coffee Cup. The reason is, "Cause on account of French dipped sandwiches and chili-beans?"

Last, but certainly not least is the opinion of blond Margaret Rupe. "I like to eat at home because it is free. But when I get tired of my mother's cooking I like the El Tejon. (Her father works there.)"

Glad to be home is Cpl. TOM BOYD, U. S. Navy. Also glad to be back is Lt. (jg) LLOYD STOVALL, U. S. Navy. He says you really learn to like Bakersfield after being away for four years.

Pat is pretty much of a jack-of-all-trades, for she has worked at several different jobs. This past summer she was a soda jerk at Lucky's. Previous to that, she worked for the Bakersfield city parks and the hospital.

At the present time she is assistant zoology instructor for Mr. Baldwin, and also helps Miss Albaugh, Zoo students who have trouble tracing the nervous system of the frog now know to whom they can go for help.

Rocky Stone exclaimed, "You want I should tell you my answer, even after the assembly? I would like a new store to replace mine old van."

Harriet Hall wishes for "Van Johnson." (Me too, and a thousand more like us.)

## Campus Views

The question of the week—"Where is your favorite dining place in Bakersfield?" Answer of the week—"Are you kidding?" However, some students had some pretty good suggestions, and the Chamber of Commerce might take a few hints from them.

Beverly Hutchings (during a zoology lecture) said, "If they've got a good restaurant, I haven't found it. We need a place like Mike Lyman's of Los Angeles here in Bakersfield."

Kay Knight says, "Home is the best."

Lorene Jensen likes steaks, and for these she says the K.C. Steak House is best. Then for the dinner and dance type she says, "Desert Inn!" (Oh, yes!)

Bruce Doolittle stated, "My favorite eating place is the girls' dormitory." Reason—"We have a floor show with every meal!" (Sounds like fun.)

Red-headed Betty Lou Dill thinks that Bakersfield definitely needs a more formal restaurant.

Pat Van Meter, the girl with the personality plus, says, "Motel, because of its good service and good food. And not to be forgotten, their 'steaks'!"

Sally Curran declares, "I like the Southern Kitchen. They have wonderful food and nice atmosphere. (Atmosphere???)"

Florence Easton says, "It's the Mr. and Mrs. of Radio Fame for me. I like it especially because of the half of apple pie with ice cream for dessert. And, oh yes, for something different there's a cherry on top of the ice cream." (The cherry seems to be the main attraction.)

Blake Williams prefers Spike's Coffee Cup. The reason is, "Cause on account of French dipped sandwiches and chili-beans?"

Last, but certainly not least is the opinion of blond Margaret Rupe. "I like to eat at home because it is free. But when I get tired of my mother's cooking I like the El Tejon. (Her father works there.)"

Glad to be home is Cpl. TOM BOYD, U. S. Navy. Also glad to be back is Lt. (jg) LLOYD STOVALL, U. S. Navy. He says you really learn to like Bakersfield after being away for four years.

Petite Margaret Jue just giggled in response to my inquiry, and said, "Oh my goodness! I really don't know."

## Bird's Mailbox

Recent news was received of the marriage of MARY JANE BEISTLE and CORPORAL WILLIAM O. HAMILTON, U.S.A.A.F., on October 21 at the Centalla Methodist Church, San Jose, California.

Mr. and Mrs. Joseph Harris announced the marriage of their daughter, JOY LOUISE HARRIS and CAPTAIN EDWIN WOODARD ADKINS October 14 in Redlands, California.

BETTY LEE BALDES, Y2-C is planning to return to BJC as soon as she is released from the WAVES.

CLARK WIEDMAN, P.A.A. pilot, has been flying C-54's from Miami to North Africa under an A.T.C. contract for the last year. Clark has been on a round the clock schedule from Miami to Bermuda to the Azores and then to Casablanca through all kinds of weather. He is now flying DC-3's to the islands in the Caribbean and to South America.

Wiedman reported that HENRY EVANS and MARVIN HART are in Miami; JIM LAVERS has recently been transferred to New York. On his next trip to Brazil, Clark hopes to see LEE RODGERS.

Recent news was disclosed of the birth of twin daughters to the BOB STEWARTS on September 22. Lynn Ann and Lee Barbara, weight four pounds, were born in Milwaukee. Bob's tour of duty with the Army will end sometime this month. The Stewart family expects to be in Bakersfield by January.

BOYD HARTFORD, one of last spring's graduates, is teaching in the elementary school in Austin, Nevada. He reported that "the beauty of the country in the late afternoon is very striking."

W. B. Olds from the University of Redlands will conduct the choir, and Miss Helen Omeron from Los Angeles will be soprano soloist. Featured pianist will be Bobby Haag who will also assist Mrs. A. R. Hoisington at the organ on some of the numbers.

It is estimated that over 280 persons from different church choirs and youth choirs will be singing. Mr. "Sevenfold Amen."

Pat is pretty much of a jack-of-all-trades, for she has worked at several different jobs. This past summer she was a soda jerk at Lucky's. Previous to that, she worked for the Bakersfield city parks and the hospital.

At the present time she is assistant zoology instructor for Mr. Baldwin, and also helps Miss Albaugh, Zoo students who have trouble tracing the nervous system of the frog now know to whom they can go for help.

Pat said she loves science so she is happy while working on some scientific subject. Dancing is Pat's hobby, but she also likes photography and wishes she had more time to spend on it.

Emma Gibson heartily desires "a cure for hay fever."

Petite Margaret Jue just giggled in response to my inquiry, and said, "Oh my goodness! I really don't know."

When I asked Jean Hayes, our editor, this question of miracle qualities, she immediately replied, "One whole week with nothing more pressing than stepping to do!"

Rocky Stone exclaimed, "You want I should tell you my answer, even after the assembly? I would like a new store to replace mine old van."

Harriet Hall wishes for "Van Johnson." (Me too, and a thousand more like us.)

## Don Cossack Chorus Heads Concert Series

Jaroff's Don Cossack chorus was begun by accident—a very fortunate accident—for today it is the leading Russian choral group in the world. It began as a leisure hour activity in a Turkish Military camp. Lt. Serge Jaroff, a recent graduate of the Sinal School (for conductors), took charge of the chorists and developed their talent until 1921 when they were chosen as the official choir of the Cathedral of St. Sofia in Bulgaria's capital. Their fame spread through all of Europe, and so many flocked to the city to hear the group that it almost became a "must" on the Guide List for Tourists. Then in 1923 an impresario heard the group, talked to Jaroff and encouraged him to enter the concert field. This he did later the same year and since that time the Cossacks have given over 5500 concerts covering four continents and more cities than they can remember.

The music itself is somewhat different than that usually associated with choral groups. It is not written. They sing songs of the people and of the soldiers. The music lay dormant for over 100 years and was finally revived by such eminent composers as Rachmaninoff, Tschickowsky and Schvejanoff.

Their programs are usually divided into three parts. The first is church music, entirely choral, in which the group received their training at St. Sofia, and through which they won their early fame as singers. The second group consists of folk songs of the Soviet people. Much of this is original work by the Cossacks themselves. The third group contains classic pieces from Russian opera. All these pieces are done in typical-Russian style, which includes a great deal of "wordless" singing as humming.

The Don Cossacks will be here in Bakersfield through the auspices of the Kern County Musical Association on the 7th of November. All students interested should take advantage of this opportunity to see and hear the famous Cossacks.

W. B. Olds from the University of Redlands will conduct the choir, and Miss Helen Omeron from Los Angeles will be soprano soloist. Featured pianist will be Bobby Haag who will also assist Mrs. A. R. Hoisington at the organ on some of the numbers.

It is estimated that over 280 persons from different church choirs and youth choirs will be singing. Mr. "Sevenfold Amen."

Pat is pretty much of a jack-of-all-trades, for she has worked at several different jobs. This past summer she was a soda jerk at Lucky's. Previous to that, she worked for the Bakersfield city parks and the hospital.

At the present time she is assistant zoology instructor for Mr. Baldwin, and also helps Miss Albaugh, Zoo students who have trouble tracing the nervous system of the frog now know to whom they can go for help.

Pat said she loves science so she is happy while working on some scientific subject. Dancing is Pat's hobby, but she also likes photography and wishes she had more time to spend on it.

Emma Gibson heartily desires "a cure for hay fever."

Petite Margaret Jue just giggled in response to my inquiry, and said, "Oh my goodness! I really don't know."

When I asked Jean Hayes, our editor, this question of miracle qualities, she immediately replied, "One whole week with nothing more pressing than stepping to do!"

Rocky Stone exclaimed, "You want I should tell you my answer, even after the assembly? I would like a new store to replace mine old van."

Harriet Hall wishes for "Van Johnson." (Me too, and a thousand more like us.)

Betty Dill's only desire is "to be happily married."

Edith Spencer wants "to have a successful career as a commercial artist."

When I asked Jean Hayes, our editor, this question of miracle qualities, she immediately replied, "One whole week with nothing more pressing than stepping to do!"

## South American Coed Attends Beejaycee

"Sure I want to go back to Argentina, but I want to go to Davis to study animal husbandry!"

A wee-bit unusual for a comely little nineteen year old girl, but then, Suzanne Windham seems to be an unusual person. Already she has done what the average persons spends his idle hours dreaming of but seldom accomplishes.

For the last three years Suzanne has lived in South America, specifically in Argentina, Bolivia, and Paraguay. Her father is with the State department and acted as a special assistant to the ambassador of the country to which he was sent.

By her own admission, Suzanne led a very hard life down there. Her most arduous task was keeping herself amused, which she managed to do by attending parties, sailing, nightclubbing, and horseback riding. Incidentally, there was no food rationing, gas was "rather scarce," and, as an added attraction, there were actually plenty of men for everybody. Utopia, no less! She also willed away "happy hours" at the races, polo matches, and during one summer spent two months on a ranch, riding, swimming and playing tennis.

Buenos Aires appealed to her most of all, and La Paz, the capital of Bolivia, appealed to her least, mainly because of its high altitude. While in La Paz, she witnessed the revolution of 1943. Some of the mobs came to the embassy, but fortunately no one there was hurt.

It wasn't quite all play, though, as Suzanne did work for Pangra Airline in Bolivia, as a receptionist in an Elizabeth Arden Salon in Argentina, and also as a receptionist in the American Embassy.

Suzanne is going to Jaycee to make up some high school credits in order to go on to Davis Agricultural school. There she will study animal husbandry and would like to raise "quarter horses" which are used for working stock and quarter mile racing. Suzanne is an ardent horse woman and an excellent rider.

As for Suzanne's personal attributes, she is a petite brunette with big blue eyes. To be exact, she stands 5 ft., 3 in. tall and weighs—it's none of your business!—she sports Spanish like a geyser and should be the pride and joy of any Spanish teacher.

Her most admirable quality is her frankness which prompted her to announce that she really liked Jaycee—plug! plug!

Pat is pretty much of a jack-of-all-trades, for she has worked at several different jobs. This past summer she was a soda jerk at Lucky's. Previous to that, she worked for the Bakersfield city parks and the hospital.

At the present time she is assistant zoology instructor for Mr. Baldwin, and also helps Miss Albaugh, Zoo students who have trouble tracing the nervous system of the frog now know to whom they can go for help.

Pat said she loves science so she is happy while working on some scientific subject. Dancing is Pat's hobby, but she also likes photography and wishes she had more time to spend on it.

# RANDOM RUSTLES

### State Collegians

The State Collegians' get-acquainted-party Wednesday of last week was the best ice-breaker we have seen for a single group this year. It was also the occasion for one of our favorite BJC-ettes to return to see the old gang. It was really swell to see Eleanor Compton again.

### French Club Again

November 7 has been set as the date for that super candy sale. Last year's sale worked up quite a lot of enthusiasm; let's beat that record by a hundred per cent. Candy is still at a premium.

### Reconsideration

After having contemplated moving to Grand Junction, Colorado, for a few days, I have suddenly decided that BJC is a wonderful place to stay. Bakersfield is the most beautiful city

### Koslier

Rocky and Jo really brought down the house last Friday with their little skit. No one is surprised at the new dialect which is popping up around our hallowed halls.

### Bond Queen Campaign

Our eighth war loan drive has begun. The honor of being BJC's queen will go to the girl who gets out and sells the most bonds the fastest.

### Needed!!

About 40 pairs of slacks for the play, "Ah! Men" will really be a success if every gal with some slacks will donate them to the cast for costume changes.

Please contact Jo Larrainzar or anyone connected with the play.

Thanks from the student body will be yours!

## A M I Bulletin

By GWYNNE SLACK

Last Thursday evening, October 25, we had our first official social function. It was the annual feed-over at Jastro Park. There was a rifle match under the stadium in the afternoon and Jim Alexander took first place in the contest. A fast game of football was enjoyed by others until it was time to eat. Guests included Messrs. Baldwin, Jorgansen, Jaggard, Sagen, Luke, Allen, Dean McKaig, adviser, and Paul Freed, co-adviser. There was a fine turnout of men students, all of whom had a good time.

### JOKES

"I want to change my name, Judge."  
"What's your name now?"  
"Mose Tinks."  
"I don't blame you. What do you wish to change it to?"  
"Charles."

While the job of financing this war to its great victory has been handled with the utmost speed and efficiency by the army of loyal American stayers-at-home, the job of financing it into near oblivion is a much harder task still to be faced.

Ours is now the problem of digging into pockets with newly discovered bottoms. Ours is now the problem of giving without the great emotional pull of the knowledge that American blood is being spilled. Yes, it is hard to give now that the guns of war have stopped firing and the bells of victory have stopped ringing.

That individuals are being asked to subscribe only \$4,000,000,000 of that huge total cuts its staggering effect down to a mere blow. To quote figures from one of our southern California newspapers will not be out of place in helping to further local understanding.

The first task on our list is to bring back the millions of men and women sent all around the world to fight our enemies.

An equally serious assignment is the care and rehabilitation of the thousands of wounded men from every front. Hospitals cannot function alone on the feeling of deep pity and gratitude which every doctor and nurse feels for incapacitated servicemen. This feeling must be expanded to every citizen and be expressed not only in sentiment but in cold cash. In addition, there are other large items: Mustering-out pay, education, loans, and general administration of the G. I. Bill of Rights.

The government also needs our money for more uninteresting things. A huge obligation concerns the cancellation of war contracts. Many materials ordered, produced and delivered months ago have to be paid for. In addition, contractors must be compensated for losses suffered through the cancellation of orders. Another consideration, as cutbacks reduce requisitioning to peacetime needs, is the removal of manufacturers from excess profits brackets. Therefore taxes drop, decreasing federal revenue.

(Ed note: Quotes from Los Angeles Examiner, Sunday, October 28, 1945.)

## Colored Choir To Perform Soon

To be featured in the assembly of November 9, second period, is a musical program presented by the members of the Bakersfield Junior College and High-School Colored Choir, under the direction of Mr. Roland Clark.

Selections for the program will be "My Lord, What a Morning," "Steal Away," "I'm Troubled in de Mind," "Got to Tell It On the Mountain," "Climbin' Up the Mountain," "King Jesus Is A'listenin'," "Walk Together Children," and "I Got a Mule." The soloists are Maria Androde and John Robinson.

This is the choir's second public performance this semester. Just previously they participated in the Southern California Youth Conference of the Church of Christ which was held at the First Baptist Church in Bakersfield. For next month the choir has accepted an invitation to sing for the student body assembly at the Shafter High School.
