Tuberculin Test Again Offered

It was estimated that approximately 1,000 students would take the tuberculin patch test which was available to high school students this year. On January 30 and 31 about 500 girls and an undetermined number of boys were given the tests, passing the estimation by far.

According to Miss Grace Nichols, school nurse, there was a greater response to the tuberculin program this year than any of the four years since she has been here. Miss Nichols believes that this can be attributed to the active participation of the staff in informing the students about the disease and telling them of the adequate measures which are being taken to perfect tuberculin control in Bakersfield.

War and tuberculosis always have been partners. In the United States well over $1,000,000,000 was spent by the government during the last war on soldiers who contracted tuberculosis. This disease still kills approximately 65,000 people annually in the United States.

Principals, teachers, and all employees are urged to have a chest X-ray February 16th when the Mobile X-ray unit of the State Tuberculosis Association will be on the campus. The Mobile Unit can only be here one day because of the demand for it over the state.

On February 16th it is hoped that all junior college students take this X-ray, since it is very important to keep up not only the standards of our school but also those of the whole United States.

Porterville Game Here Tonight. At 8:00; Reedeley Saturday

Jalo to the right, to the left! He's down! He's up! He's down! This was not a wrestling match, but a description of the wild first half of the Reedeley game January 26. During the "second-half" of the game, however, the Renegades got rolling -rolling so well, in fact, that the score at the end of the game was 59 to 31. Easy Poppas was high score man for the junior college Renegades, making 16 points during the game. Macdon, Reedeley Junior College center, made top score for the Reedeley Tigers, totaling 15 and one under the Renegade high score.

When we first played Visalia's Mustangs, "we were thoroughly stunned in a fast, well-played game. We came out a little better" at the game played against BHS last Friday night, but we were not quite good enough to win. The end of the first half Visalia led 36 to 17. At the end of regular play time the score was tied, 56-56. Five extra minutes would be added to the game, during which the Renegades added two to their issue and the Tartars added six to theirs, making the score at the end of the game 42-38 in favor of the Tartars.

The game went on to a second overtime period. However, the Renegades didn't hold it. The game ended 45-45.

Two games are ahead of our Renegade this week end. Friday night at 8:00 they play the Porterville Mustangs in the Boy's Gym here Saturday night, the team goes to Reedeley to play the JC team there. We won our last game with the Pirates, 41-34 and also walked off with the win when the Renegades team was played here. Will the Victory Flag fly over the southwest corner of the JC building after 4:00? Renegades play these games, will it be anything to the left of the Exce Office? Well, we shall see!

Sports Re-Enter School Pictures with Veterans Return

The spotlight for sports between now and the first of the month will be on high school football as there will be no games for the baseball teams in high school district and no ball games for the football teams in league district. One of their many plays, called "The Last Leaf," is being given by the Bakersfield High School Theatre Club this week, and on previous occasions cards have been turned over to the players to be sold to help pay for the team's equipment. The players' cards, which come in sets of five, are good for any game between Bakersfield High School and the local high schools. The proceeds from the sale of the cards will go to the football team, and the players' cards will be available at any time during the month. The players' cards are available for sale at the Bakersfield High School.

Assembly findings: We find out more things in these assemblies. No one knows we had such wonderful blossoms, marvelous sightseers, lovely slides, or poor sports in our midst. But with Peggy in charge, assemblies could be very little, but good. Miss Potash, we thank you.
