EN BERCUT

Class offers training for male students who anticipate ruling spouse

Purpose of the course, to fill in for the wisdom that will be needed to guide the novice male student in handling the responsibilities of fatherhood. Some of the “little mothers” admitted that they might be able to show the boys how to change a diaper, but admitted they were not exactly sure how much they could do. The course was designed to fill in some of these gaps.

The course is being conducted in cooperation with the Erwin Home and will be held in the meeting hall in the Erwin auditorium. It is expected that the course will be held weekly with classes for the whole month of December. Students are encouraged to attend the course.

Rip named by student body president of 20 years ago

By ANNA REEVES

There is no more pleasing event for the student body president than the naming of a campus hero. President John T. Jones, Jr., has succeeded in this task.

Sherman R. Burge, who has taken a leading role in the university musicals, has been named “Rip.”

The title of Rip is traditionally given to those who have performed outstanding service to the university. The title is the result of a vote by the student body at the university annual meeting.

We aren't here to argue, we say that a good advertisement is a good advertisement. There are many people who think that the best thing to do for a good advertisement is to have a good idea. This is true to some extent. However, there is another side to the story that must be considered.

As Pat Taylor, Inc. staff writer, I wanted to share some of the things I noticed about the holidays in BC. Firstly, the weather is always a highlight. Whether it's a sunny day in the city or a snowy day on the mountain, the weather seems to always be perfect.

When the Home Economics club organized an elected officer, it was decided that there would be no officers until the club got a start.
