By EDGIE RICHARDS

Something that perhaps needs explaining is the usual manner in which the postponement of primary elections in the football queens contest until next Tuesday. This paragraph is devoted to words that were written and long for the voting be- ginning to-day.

The hair-elevators of several influential BC students including the membership of 88 and 90 AMS president Bill Hitt was persuaded to change the date. The reason—the fact that not enough of the boxing but had a chance to display their wares from the corner of this sheet but was not.

So that's the story, you'll get out there and vote next Tuesday and say the greatest click.

During the past few weeks many newspapers have have- terred a large number of politicians. Front-page stories have been written every day, in some cases every hour. The names of the various political figures have been circulating throughout our campus under the titles of 88th, 90th, and 91st legislative body. It is now time to consider the possibilities of these bodies in the future.

Australia's Rise to Be Depicted in Film-Lecture

Australia's rise from a tiny colonial settlement to a position of importance in world affairs is detailed in a lecture of April 21. Mr. Roy Holdsworth, visiting lecturer, will present a film, "Australia," in the lecture hall.

This lecture continues educational features and educational aims with a film which shows the history of this "Country of Contrasts," including the story of its people, the land and its resources, the growth of cities, and the influence of the sea.

Australia should be of particular interest to Americans because of the thousands of ex-GIs who are now making their homes there, bringing with them knowledge of Australia's agriculture, industry, and trade. Mr. Holdsworth, who is a member of the Royal Australian Historical Society, is a well-known authority on the history of Australia.

The lecture is sponsored by the Alpha Gamma Sigma and the Newman Club.

The Ripper, the Ripper's official newspaper, has been under a lot of criticism this past year. Perhaps it's time for the Ripper to do something about it and to show its students, and everyone else, that it is the school newspaper.

We would like to remind you that the Ripper is under the control of the Ripper's editors and that they are the ones who are responsible for the content of the newspaper. If you have any suggestions or criticisms, please address them to the editors.

Frostmen Meet UCLA Frosh Saturday

SID'S CORNER
By BEV HAYDEN

After two weeks away from home, the Renegades will meet the UCLA Freshmen at 8 o'clock Saturday night. While the team is still fighting hard and playing well, it is sure to have a good game against Saturday, yet let's all get out to cheer them that we will support in their last game of the season.

From what I have read about the game up North last week, the line started to get pretty hot. If the Bears have a chance to win the BC, we must try to get them out of the BC. The game could be a great one for both teams. And if the Bears win, then it could be a great one for the BC. But if the Bears lose, then it could be a great one for the BC. And if the Bears win, then it could be a great one for the BC.

If we can have a third consecutive good week of football and win the game, we will definitely need to win the game.

Old Business...

Belonging to the agenda of old, outdated business as far as the students of BC are concerned is his matter of Community Chest. The practically non-existent labor coming from the school, due in part to the students' financial urgency, has put the organized program has put into effect.

We are in great danger of a strike. During the next week, all students and organizations are going to be asked to contribute. With 2000 plus students involved, it should have little or no difficulty in raising the set goal of $2000 dollars.

And if we don't meet the goal?! The deficit will simply be made up by the student body, which is already over-extended.

Stories of copy have been written, stating the many and varied aspects of the Community Chest, so this writer will dispense with that part.

But let's all strive to do our part, for the simple reason of making this school a good one. Let's help bridge the gap between the educational and financial factors by giving a small amount of our dollars and effort.

Kuestion Korner

Bill Allen, in response to a question asked by some concerned student: "Why is the Community Chest so important?

"Well, Bill, it's important because it helps to bridge the gap between the educational and financial factors. Without the support of students, the school would suffer. Furthermore, it helps to sustain the morale of the student body, which is already under constant pressure.

Letters to the Editor

To The Editor:

"I'm not quite sure what you mean by your question, Bill. I think you're asking for a definition of Community Chest. Well, in answer to your question, the Community Chest is an organization that raises money to support community projects and programs. It's a way for the community to come together and work towards a common goal."

Wild Second Half Beats Renegades, 44 to 21

For the entire first half of the game, Brubaker and Rogers were thoroughly drilled for an "easy-bake" victory.

Winning the toss, Brubaker received the kickoff and moved the ball down the field to a first down at the 25-yard line. Rogers then returned the kickoff punt to the 25-yard line and went on to score a touchdown to tie the game, 7-0. On the next possession, Brubaker moved the ball to the 20-yard line but was stopped on a crucial fourth down.

Jim Riley Wins Player of Week

The ball was then moved to the 15-yard line but was stopped on a critical fourth down before the two teams went into halftime with the score tied, 7-7.
