Weak line, fast backs show in early work

Ex-prepster stars sparkle; front line willing—but weak

Coach Joel Friel is picking 30 candidates through this week for his 1949 prepster team. This is the first year Friel has had a prepster team. "You have to be in shape before the season starts," Friel said. "And you have to be in shape for the season to end."

"We have a lot of talent on the team," said Friel. "And we have a lot of strength."

Despite the talent on the team, Friel said the team is not as strong as the 1948 team. "The 1948 team was a lot stronger," said Friel. "And we had a lot more experience.

Friel said the team will be in shape for the first game of the season, which is against the Knights. "The Knights are a good team," said Friel. "And we will have to be ready for them."

Friel said the team will be in shape for the rest of the season. "We will have a lot of practice time," said Friel. "And we will have a lot of games.

Friel said the team will be in shape for the rest of the season. "We will have a lot of practice time," said Friel. "And we will have a lot of games.

FROSTMEN FACE FIRST TEST TOMORROW

SID'S CORNER

Joe Keane

Frost football makes its 140th debut tomorrow night in a Central Coast Section opener against Los Altos High School. The Frostmen are going to prove it's not all fluff this year, as coach Jack Frost has compiled a strong team. The Frostmen have a balanced team, with good backs and good linemen.

Frankie Brown is the star tailback and he will be backed up by Ray Smith. The Frostmen's defense is led by the sturdy中期

Frostmen Trounce Pirates 54-0 in Season Opener

Scoring touchdowns almost too fast for them to count, the Frostmen opened the season with a 54-0 victory over the badly outmatched Porterville team last Saturday night.

It was a great offensive show for the 6000 fans who witnessed the encounter. The Frostmen, led by Bob Smith, displayed their football ability and, under their head coach, Peter Hansen, their football potential was realized.

The Pirates were never in the half game at any time as the Frostmen had complete control of the game from the beginning. The Pirates turned in a strong performance, and their handling abilities were perhaps as strong as anything they displayed in the game. They showed their ability to carry the ball and, under their head coach, Peter Hansen, their football potential was realized.

Buses to Travel

Plant is being made to send buses between the El Capitan game on October 6, according to Ed Simms, the "price for rid-
ging on the bus will be between three and four dollars."

Simms stated that the buses will be filled on a first-come, first-served basis and urged them to secure them as soon as possible.

Hartnell to Test Gades

Miss misfortune has dealt the Hartnell football team a blow in the form of "Mickey." While the boys downed a short stuffed tou-
gue at breakfast yesterday, they were unaware that they had been crossed from the active list, at least as far as football practice is concerned.

L. A. C. C. and Erasta, C. and Kirkland are all beating out the loan list. Only his presence has been working out satisfactorily, but may yet be in shape for tonight's game. Then again, he may get in a little defensive play, all depends. Pat Green is out of commission with a sprained ankle, and Al Kirkland is the victim of a sprained finger, but both are expected to be in the line-up.

Master Jack Frost says all is well with his boys, and that they are working out on the lines as well as they can.

With these few injuries hindering the Gades and Hartnell continuing a most successful team, one would have had to see the events of last Saturday to believe that the above statement is true. The team is expected to give a good account of itself, with a few other interlopers, on the way to Porterville and the game will be played at Hartnell. According to a re-
mark made by Coach Hansen, it is expected that the team will travel from Porterville to Santa Maria to get a feel for the Northern California team.

First of many promises, there will be three consecutive games for this fall. The team will play for the full month on the opening game and will then travel to Porterville and from there to Santa Maria. They will then play their last game at Porterville.

Another2pl3n team is a possibility for the Western Athletic Conference. A Western Athletic Conference standard "E. F. "A." Wilson can be had from Bakersfield.

Bakersfield: It seems Doyle was chosen for the team and has a weight of 205 pounds.

Tennis Tournament

A tennis tournament is being scheduled for the Western Athletic Conference.

Bakersfield College tennis coach Ray Smith is planning to have a tennis tournament at the time of the football season. The tournament will be held in the early part of the season, and will be open to all interested players.

Regional tourneys are scheduled for the football season, and will be held in the early part of the season.

Since a number of the players will be away from home during the football season, there will be a number of local tourneys to keep the players in shape. The tourneys will be held in the early part of the season.
