Eckert Offers Pointers for Happy Marriage; Plugs Love

"Are You Ready for Love?" was the subject of a talk given by Dr. Ralph Eckert in the Little Theater Monday, Oct. 10, which is bound to make its impact on thousands of students.

Dr. Eckert, a renowned psychologist, has been studying the subject of marriage, and in his talk he emphasized the importance of preparing oneself mentally and emotionally for the responsibilities of marriage. He also stressed the importance of communication and understanding in a marriage relationship.

"I am writing this, not to make you believe or disbelieve, but to help you to understand and to make your own decisions," he said.

The talk was aimed at students who are contemplating marriage, and it was received with great interest. Many students expressed their appreciation for the talk, which they found to be both informative and enlightening.

Eckert's visit to the University of British Columbia was made possible through the generosity of the A.M.S. (Association of University Students). The A.M.S. has always been supportive of the arts and humanities, and it is committed to providing opportunities for students to engage with leading thinkers and thinkers in various fields.

The talk was well attended, with a large crowd of students and faculty in attendance. The A.M.S. is proud to support events such as this one, which contribute to the cultural life of the University of British Columbia.

Starr's Gazer
By Bob Price, Staff Sports Editor

Well, much was made about the 'Vics didn't have a chance against a tough club like Glendale City College, but they won through and so game could have been much better.

But all those who were interested enough to the 'Vics to make the trip to Burbank will profit from their meeting as well as the team. Burbank had some bigger than Glendale but in the end that counted the most. That's the way we should turn out for every game. So let's see every student in the stands this afternoon and Friday night when Front and the charges from Los Angeles City that they are still feeling down from the Fontana game.

The entire meeting at the 'Vics for the last five years has been to feel better for the rest of the week. The first game of what they are doing wrong and is it the best marked for the next game. Thanks a lot.

RENEGADE RIP
OFFICIAL STUDENT PAPER OF THE UNIVERSITY OF CALIFORNIA, DAVIS

Vol. XXIII
Baldorfield, California, Friday, October 28, 1982
No. 6

Starr's Gazer
by Bill Davis
Our Sports Editor

Well, maybe no one thought that it was here or could be fleeting but it's here and it's time. The 1982-83 season has been a time for the students at UC Davis.

The biggest story of the season thus far has been the success of the women's volleyball team. With a record of 12-3, the team is on top of the PAC-8 conference and is being considered for a berth in the NCAA tournament.

The team has been led by coach Lisa Johnson, who has brought a new level of intensity and strategy to the program. The team has also benefited from the addition of several key players, including senior setter Sarah Johnson and sophomore outside hitter Rachel Ellis.

In addition to volleyball, the UC Davis athletics program has continued to thrive. The men's basketball team is off to a strong start, while the football team has been competitive in its early games.

On the academic front, the UC Davis athletics program continues to provide a positive influence on campus life. The program has been praised for its ability to bring students together and for its role in developing leadership skills.

Overall, it's been a great start to the season and there's every reason to believe that the best is yet to come.
RENEGADE

Okay, So They Dropped One!

You all saw the first full game we had last week and surely we heard lots of stories about it. You may have thought that the box was not very good after seeing some of the plays. It was a little shaky and I hope that you, people as a whole have not been brought down.

That's why we gotta keep up with the spirit even in our losing side of the game. We need to make them feel that we are still in the game and that we want to go out and give our best.

Starr's Gazer

By Bob Starr—Big Sports Editor

The 17th Annual game between the University of San Diego and UC Santa Barbara was held in Santa Barbara on Saturday, November 1st.

The game was a close one, with the score standing at 3-2 in favor of UC Santa Barbara. The game was played in front of a large crowd, and the atmosphere was electric.

The University of San Diego fell behind early in the game, with UC Santa Barbara scoring two goals in the first half. However, the Gators fought back in the second half, scoring a goal on a penalty shot by forward John Smith. The score was tied at 3-2, with the game ending in a draw.

The game was a hard-fought battle, with both teams playing well. The University of San Diego was unable to break through the UC Santa Barbara defense, but showed great spirit and determination.

Overall, it was a great game for the fans, with plenty of action and excitement. The University of San Diego will be looking to bounce back in their next game, as they continue to compete for the conference championship.
Here's Lowdown on Those Term Papers

By Russell Boosal

In this column we will discuss term papers, which seem to be the bane of many students.

First let's talk about what a term paper is. A term paper is a written report on a subject of interest to the student. It is usually due at the end of the term and is graded by the instructor.

There are a few things you should keep in mind when writing a term paper. First, make sure you understand the assignment. Don't just pick a topic and start writing. Make sure you know what the assignment is asking for.

Second, do your research. Don't just rely on one source. Use a variety of sources to get a well-rounded view of the topic.

Third, organize your paper. Make an outline before you start writing. This will help you keep your thoughts organized and make writing easier.

Finally, don't plagiarize. This is a serious offense and can result in failing the course or worse.

Better Read This!

This article is the most important, eye-opening piece of material you can read today. Yes, it's a tough read, but the information has been so crucially needed that we felt compelled to print it. We hope you find it informative and thought-provoking.

The world is facing a crisis of unprecedented proportions. The effects of climate change are becoming increasingly apparent, and the need for action is urgent. In this article, we will explore some of the key issues and challenges that face us today.

There are several reasons why we believe this article is so important. First, it provides a detailed analysis of the current state of the world. It is clear that we are facing a crisis of our own making, and that the consequences will be severe if we do not act quickly.

Second, the article presents a number of concrete solutions to these challenges. It is important to remember that there are real, practical steps we can take to address these problems. The solutions presented in this article are not only feasible, but they are also effective.

Finally, this article is a call to action. It is time for us to come together and face these challenges head-on. We cannot afford to ignore the problems we face, or to hope that someone else will solve them for us. Each of us has a role to play in addressing these issues, and it is up to us to ensure that we do our part.

So, read this article carefully. Think about the issues it raises, and consider what you can do to help. Together, we can make a difference.
Red and White Clad Gridders Attempt to Gain First Metro League Victory

"How menial last year's gridiron competition got this season?" is the question in the minds of Jack Frost and the Bakersfield College. The game tonight against the San Diego Junior College Knights will be the first official Metro Conference victory tonight and their fourth in the Metro League this season. The San Diego Knights have won their first game, the last one, and are now at the bottom of the Metro League. The Bakersfield College has been undefeated in all games so far. Long Beach will be the last game tonight. San Diego will be the first game tonight. The Bakersfield College has been undefeated in all games so far. Long Beach will be the last game tonight.

Mogie of Kern County's former grid stars, and those who failed to hold the spotlight while playing here, are holding down their own in some of the coast schools. Most notable of these is Frank Gifford of the UNLV Trojans.

Another year in the Southern Cal Grid, Frank came into his glory in the earlier season when he led his team to an even 8-0-0 record. He was a star in the beginning of the season.

Johnny Florencio, former East Bakersfield High School star, seems to do all right with UCLA this season. He has seen plenty of action as far and near the left hair.

A couple of others, Sid Hill and Keith Carpen, both of previous Grid stars, are also playing fair grid. Hill is at Cal while Keith opened his time at San Jose State.

The service has also claimed some of the boys who have been in the services and who are still around. Homer Dodger, last season's fullback for the grid team, has been ticketed to play for the grid team on Saturday. Ugster is in the Navy and is stationed at Long Beach.

The Renegades take the field to again tonight for a second week of a matchup with the count of every student in the school. Let's see that rooting section filled in the bleachers and come out of it to usher in the season in Kern County.
