**Get Out and Move!!**

We recently had to get our first snow with Pride, but it will be the last one and everybody was really excited about the forecast of a white Christmas. I have a different outlook on things when it snows. Just because we can’t do anything outside doesn’t mean we have to stay inside. I spend the whole winter trying to get outside and do something.

Now that the snow is gone, there are other things to do. The novelty of the snow wears off, and we all start looking for other ways to have fun. The snow may be gone, but there are still plenty of things to do. We can still go hiking, snowshoeing, or even just walking around the neighborhood. The fresh air and exercise will do wonders for our physical and mental well-being.

However, the most important thing is to remember that the snow is just one season. There are many more seasons to come, and each one brings its own set of opportunities. So let’s make the most of this winter and look forward to the upcoming spring and summer seasons. The snow may be gone, but the fun is just beginning.

Grable, Dailey Lead Talents in Musical Comedy

By ALICE KARMAN

Sturdily built and presenting a color of unstained youth, Betty Grable and Bettye Dailey take their place correctly in this musical comedy. Their roles are exactly suited to the parts they play, and they give an impression of vitality and confidence. Betty Grable, who has proved her ability as a dancer and singer, gives a convincing performance as the leading lady. Her singing is outstanding and her dancing athletic. Bettye Dailey, who has been well received in previous musical comedies, makes a fine impression as the leading man. Her singing is pleasant and her dancing graceful. The other stars of the cast give good performances, but they are not outstanding.

Femme Fatale in Fashion

In this, the third season of this production, the fashion of the day is reflected accurately. The costumes are well designed and the actors are dressed in the latest fashions. Bakerfield College footballers won their first game of the 1950 season last Friday night, but no one will care much about that. What matters is that they won. What's wrong with that? The saying that "just because you win doesn't mean you will win again" is a well-known saying, but what about the saying that "just because you lose doesn't mean you will lose again"? That's what the Bakerfield College footballers are about to prove.

What's the saying about the 'Gode road? The saying that "just because you win doesn't mean you will win again" is a well-known saying, but what about the saying that "just because you lose doesn't mean you will lose again"? That's what the Bakerfield College footballers are about to prove.

The showing of the Renegades against College of Sequoias last weekend must have made many of the local news-guzzling bench-jockeys feel like fools. Many had picked them to win a disastrous year. Not that we're going around with our heads in the clouds, but isn't "coward" a bit too strong? Much praise should be heaped upon the shoulders of Cliff Bapst, college football coach, a member of the student publicity board, is the one responsible for getting our sports stories to the papers and press services south and other parts. What this school needs is more people like him.

At the meeting this week's attendance in the south last week, much was said and many ideas bored us; we are afraid we missed too much of the meeting. People know that it's very difficult to organize an organization, but we are going to do our best to keep it running smoothly.

Chris Announces Track Practices
J. M. "Clyde" Christensen, returning to BC after a winter running in British Columbia, announced the opening of track season on Monday afternoon. He said the team will be held together over the winter months by working for a State Championship.

Dable Turned Answer to Basketball Player
Robert Strauss, new Renegade basketball player, may be "answer to a prayer" in a sense. He is the 5'9" 195-lb. wonder that the coaches have been looking for.

For the past three seasons Dable has played at the University of California. Now he is ready to take over the Renegade five. "He is a natural basketball player," said Coach J. M. "Clyde" Christensen.

Dable was born May 12, 1924, in Baltimore, Maryland, and attended high school in that city. At age 16 he transferred to the University of California, and from there he transferred to California College of Medicine.

Dable graduated from the University of California in 1941, and has been a Renegade basketball player ever since.

Along with Dable, the other new basketball players include Jack Goodwin, 6'2" 175-lb. center; Al Smith, 6'2" 165-lb. guard; and Bob Hanley, 6'2" 200-lb. forward.

The Coach said that Dable will be held up only two to three times in the course of the season. He will be limited to 20 minutes a game.
