**Dogpatch Comes to BC**

The male population of Bakersfield college is in the process of making itself scarce in anticipation of the Sadie Hawkins Day Dance to be held in the hall on Saturday night from 8:30 p.m. to 12:30 p.m.

Girls who have trapped their boyfriends' tickets for the sum of $1 per couple together in the basement hall of the college bubble is also at the dance. Larry Foster and his coin operator crew will supply the music for the shindig which will be a prom dance.

Required of all attending the dance is that they come dressed in typical Dogpatch attire. Pets will be given for the best Daisy May and Lil Abner, costume and for the most original "hick" costumes.

In keeping with the general strip theme of Al Capp's comic strip character, the appropriate dancers will have to make "Sinful Mountains" before entering the dance. Inside will be found "Dingy Dog" created in a box so that his homely visage won't scare the dancers. Those who signed themselves as stour-hearded individuals may peek inside the box and gaze upon the thing therein.

During the intermission a mock wedding will be held between the winners of the Daisy May and Mr. Edna. Three of the participants will then dance on the table. This will be followed by theViewing of the Louvre.

**Insurance Plan Available To College Students**

For the sum of $1, a student may purchase a school accident insurance policy that will pay up to $5,000 for any one accident. Students interested in the plan are encouraged to see the health and gym teaching staff.

According to Mrs. Taber of the school, there are two accidents in the gym, and two in the chemistry laboratory. The present insurance is not adequate to cover all injuries and it worked out satisfactory.

**Future Crafters To Have Rough Time; BC Has Iron Box**

The Krafman Klub of Bakersfield college purchased a galvanized iron ball box to the student body at the executive council meeting last week. Mr. Krafman, president of the club, made the purchase.

Jack Lattar, chief justice of the student court, received the ball box on behalf of the student body.

The box measures 18 inches square by 10 inches high. It is a Shinny top with a slot in the front and has hinges. It has leather handles and is woven.

A committee of the Krafman Klub built the box at an estimated cost of eight dollars. It will be available to any of the student body or Bakersfield college, according to Mr. Krafman.

**Well-Heeled BC Males Cheer, Slave Sale Today**

All prospective Simon Legislators at Bakersfield college will be taking their black-starched shirts and Simon-Legislator disposables to the third annual sophomore class slave sale which will be held during fifth and sixth periods today in Elm Grove, according to Jerry Schneider, sophomore class presi- 

dent.

The lovely slaves to be offered on the block will be: Colleen Buck- ley, Peggy Dye, Betty Ann Cour, Billie Jones, Janet Redman, Janet Mears, and Marjorie Eddy. The loving slaves are Skip Groff, Floyd Hock, Chuck Carlson, and Kirk Hale. The mechan- 
dy in the slave sale was originally Mitch, k. i. m. on Jack, president of the club, made the purchase.

**Bakersfield College Library recently lost part of its furnishings. The candy machine and the juke box were removed last week.**

**Record Robbers Run Rampant**

The Bakersfield college library recently lost part of its furnishings. The candy machine and the juke box were removed last week.

The machine was removed, because the lock-on the back of the machine was broken, and the machine was stolen, according to Mrs. Wil- liamson, of Williamson, and Payne, the company handling the machine. It was taken out last Monday when black representatives were able to get in the lounge.

I don't know a thing about it, was the comment of the valentines head of the lounge committee, Kirk Hale.

Jim Richardson, student body president, said, 'The first time I heard about it was Wednesday, as far as I know the concessions com-

pains, just came and took them out.

By Simonds, dean of men, explained that the action must have been taken as a result of "the sort of thing that has been happening. The morale of the lounge will have to be built up again."

**Woo! That's A Cute Piece of Property**

Colleen Buckley seems a little shy about the whole thing as Dick "Kid Em High, What Do You Care If You Can't Pay Your Rent" Jett tries to convince Rob Newton that he needs the gift to ap- 

pew dance, shiny shoes, and other similar attire. The period of serv- 

cing will begin at 8 a.m. Friday and end at 3 p.m. The slaves will all appear in the gals associated with their family standing, which will consist of shorts and blouses for the females and ragged pants and shirts for the males.

Money raised from this event will go into the financing of the sophomore class picnic later in the year.

Try the Agency

By J.O. Smith

In the presence of college graduates who read this, and to those who are not yet involved in college activities, the challenge of the next few years is to make the most of it. There are many opportunities available for positions in the field of education, and the need for qualified personnel is increasing. We encourage all students to explore these opportunities and make the most of their college years.

Gaining, Growing in Knowledge

McGraw-Hill has been publishing college books for 15 years. In this role, the company is committed to providing students with the best possible resources to succeed in their academic pursuits.

Language Barrier

Even in the English-speaking parts of the Philippines, there is a need to learn the native language. The Alliance encourages students to immerse themselves in the culture and explore the different languages spoken in the region.

"Most of the Filipinos feel that they are in the English-speaking world. But they may find that they are in a different world when they interact with the local people."

Under-Water Man Tells Of Unintentional Dive

by Fred Ware

A hundred dollars a day! That’s what he makes. Some people would be content with that, but not for Fred Ware. He uses it to build his underwater gadgetry business, which he operates out of his house in San Francisco.

The day started like any other. Fred was working on his latest creation, a device to help swimmers breathe underwater. He had been working on it for months, pouring all his savings into the project. He loved it, and he was determined to see it through to completion.

As he worked, the sun began to set, casting a warm glow over the backyard where he worked. Suddenly, he noticed a strange sensation. It was as if the ground was moving, almost as if it were alive. He stopped working, his heart racing with excitement.

He stepped outside to investigate, but as he did, the ground gave way beneath him. Before he knew it, he was falling, tumbling down a deep hole that seemed to stretch for miles.

He landed in the middle of the ocean, surrounded by strange, exotic creatures. He was amazed, but also fighting to keep his cool. He knew he had to find a way to get back to his house, his family, his work.

He set out on foot, determined to find a way back. He swam, he walked, he ran, but nothing brought him closer to the surface. Day after day, he kept going, driven by a sheer determination to make it back.

Finally, after weeks of travel, he reached the shore. He collapsed, exhausted but alive. He had made it! He had defied gravity, defied the laws of physics, and emerged victorious.

He knew he could use his knowledge of the underwater world to build even more incredible gadgets. He would be the first to enter the realm of the impossible, the first to prove that science could do anything.

And so, he continued to work, fueled by his incredible experience. He was ready to take on the world, ready to make history. He was the underwater man, and he was just getting started.

Gil Bishop Appointed PE Head; Pfister to Coach Driller Five

By Richard Rhodes

Gil Bishop, one of the leading football minds in the valley, was named new head coach of the Renegade basketball team Monday night at the meeting of the Board of Trustees of the Kern County Union High School and College District.

Bishop's appointment was one of the many changes to take place in the athletic circles of the various schools. Hank Pfister, former Renegade basketball coach for the past two years, will take over the reins of the Bakersfield High School Driller hoop crew.

Besides coaching the basketball team, Bishop will become head of the physical education department. The present limited PE department is expected to take on a full and comprehensive charge under the college's move into its new campus. The new department will include intramural activities, physical education, and minor sports fields, for both men and women, according to Dr. Ralph Peake, Bakersfield college president.

Pfister became head basketball coach two years ago. Serving two years at tennis courts for the college, and high school, he was offered duties as head basketball coach of the Renegades when the college took over the former Gadsden High, Bob Quade.

In an interview with the Renegade Rip, Pfister stated: "I am happy to be the new head coach and I can now coach on the high school level and not have to try to coach two levels at the same time."

This will better enable me to build up teams at the high school."

A graduate of College of Pacific, Pfister is married and has one daughter.

"Pfister went on to say, "I will never forget the valuable experience in coaching basketball that I obtained at Bakersfield college. It was glad I was given the opportunity of coaching in the basketball field an address to my senior duties. This experience will be a great asset toward my future years of coaching."

Swimmers Win; Meet LACC Friday

"Love that heated water, but not that crazy wind."

The heated water at the Mt. San Antonio pool wins in the Renegade's liking as they own a 6-5 victory over Glendale in a triangular meet last Friday. The same wind that blew won't be anyone's liking Bakersfield won a total of 99 points, Mt. San 65, and Glendale 22. This was the first of two practice meets in the duals, the second being with Los Angeles City College this Friday at the southern school.

New Coach Reveals Plans

In Personal Interview

by Bob Morrison

Gil Bishop, newly appointed chairman of the Division of Phys. Ed. at Bakersfield college, discussed some facts pertinent to the student body, as an interview with the Rip revealed.

The new coach outlined some of his plans for the future by answering some questions asked by this reporter.

Q: The pro, think the fact that you have been a coach at Mt. San Antonio High will present a problem in the drawing of athletes from other high schools in the country?

A: No more than the problem which will face Hooper Beery, coach at West Bakersfield High.

Q: What offers are you planning in the recruiting of players from schools in the upper junior high schools?

A: We hope to get every available player to come to Bakersfield High. We are planning to visit these schools in order to make them familiar with the outstanding PE program here. This is one thing we definitely will do.

Q: What will your duties include here?

A: I will be chairman of the PE department and basketball coach.

We are trying to build up the basketball program with as many games as possible. Besides intramural competition, we will include college classes designed to teach basketball and other athletic programs, which will give BC a standard PE course for those entering that subject.

Fashions in Food

Think there weren't fashions in food? Sue Campbell and Bill Anderson are here to tell you in America's oldest institutions, the serve-yourself drive-in. Both the institution and the innovation are famed, as this case, as for being at Warren's Drive-In, Chester Avenue and Second Street.
