Sax and Dice, Products Of Latest Student Fad

By Dick Walker

Jerry Cooperman is one of the few students to have a BC dice. Cooperman carries around a large bag with dice in it all the time. He has a number of dice, each with a different number on it. Cooperman has been known to carry around as many as 20 dice at a time.

So you wonder what the Renegades have been doing over the holidays?

More Rules Made Necessary

The board recently approved a number of new rules for the 1953 season. Some of the new rules are included in the following:

1. The game shall be played on Sunday afternoon.
2. Each team must have a minimum of 15 players.
3. No player may be under 18 years of age.
4. The game shall be played on a level surface.

Notes on the News

On the whole, we feel that the new rules are a good idea. They will help to ensure a fair and legal game. We are sure that they will be followed to the letter.

HORSEHOODS<br>PROSPECTS ARE<br>LOOKING GOOD FOR '55

By Gary Giral
With an optimistic outlook, for the 1955 baseball season Renegade baseball coach Earle Sargis will put the Bakersfield College star on site for the first division of the Metro politics Conference.

We'll have a good representativeteam in the conference.

Sargis, who has already made his mark on the field for his first year as a head coach, this year, under his guidance, has helped the Bakersfield College baseball team improve significantly.

Sargis is happy with the progress his team has made so far this season. He attributes the team's success to hard work and dedication.

"The players have worked very hard this season," Sargis said. "They are getting better every week, and I'm proud of them."
