GADIES TO PLAY 7-GAMES NEXT YEAR IN NEW STADIUM

WELCOME, FUTURE FRSH!

Greetings, Seniors

By Robert E. Brown

WELCOME to Bakersfield College. On behalf of the 1200 students and the faculty members of BC, we welcome you here under the Renegade Rip. We hope you will enjoy your visit to the college today—and we will see you next year.

We know that the holiday home town visits will prove quite enjoyable to most of you. We were high school seniors at one time, too, but it seems that it is our hope that all of you will take advantage of this opportunity to explore our campus and will get a first-hand view of college life.

Remember that you are attending a friendly college. The accent at Bakersfield College is to encourage everyone to take part in as many activities as possible, and to really be a part of the college.

BC is a university in many respects, but, that is not the only reason students come to BC. There really isn't a better place to spend your first two college years than Bakersfield College.

So, if you are considering BC, you should consider what BC offers. BC doesn't give the college junior and senior years also. As you know, the Kern County Union High School and Junior College District operates BC. The California State Board of Education has set up so that local districts such as Kern Union can offer only the first two college years; only state-supported two-year junior colleges may give upper division and graduate classes.

Whether you want to major in BC is a matter of personal opinion. People go for a variety of reasons. Some people go for their associate degree and then take other classes elsewhere. Others go for the college program because it is the best possible program.

In addition to all the modern buildings that will be there, the new Memorial Library will be completed in the fall. This library will also be a fine addition to BC's facilities. The library will be the home for over 100,000 books. The library will be the home for our library facilities.

Full Slate of Officers to Be Filled After Election

A near-full slate of officers is set to be filled in May 1955. According to Kent Kehagias, chairman of the student body election, according to Kent Kehagias, chairman of the student body election, BC students may try for the following posts: president, vice president, secretary, business manager, director of athletics, and so on. All posts are open to anyone who is a member of the student body election, and are open to all students who are interested in joining the student body election.

Filled by May 12

The officers of the Bakersfield College and AMS-AWS are also offering jobs to new students and AMS-AWS will be offering another job to new students. The AMS-AWS will be offering another job to new students. The AMS-AWS will be offering another job to new students.

Always Upward

Typhled here to the students that come to the heads of the high school seniors as they tour the campus today in anticipation of entering college and the lofty positions and opportunities it offers.

BC's Prexy

Gives Visitors Warm 'Hello'

In welcoming prospective students to the campus, Dr. Ralph Prater, president of Bakersfield College, has issued the following statement to the Rip in advance of BC Day:

It's a Pleasure

"It is a pleasure for us to have visitors come to BC Day," Prater said. "Although our facilities are not as extensive as this year, we are looking forward to the BC Day of the future. As we build our college, we shall have the privilege of welcoming each of you at a student tour. As we grow our college, we shall have the privilege of welcoming each of you at a student tour. As we grow our college, we shall have the privilege of welcoming each of you at a student tour.

Bakersfield Goes Hollywood;
Movie Made for Public Relations

World movie-making may be.
'High Noon' a hit, or at least its stars are. The actor-director team of Burt Lancaster and Gary Cooper, who made the film, is now in Bakersfield shooting a new movie. The film is titled "Renoir," and is being shot at the old movie studios on the outskirts of town. Lancaster plays the part of a cowboy and Cooper plays the part of a bandit. The plot is based on the life of the famous French impressionist painter, Paul Cezanne. The film is expected to be released early next year. Conversation among the cast and crew is in English, with occasional French phrases. The director, Elia Kazan, is a native of Bakersfield and is well known for his work in the film industry. He has directed such classic films as "On the Waterfront" and "A Streetcar Named Desire." The film "Renoir" is expected to be a major box office success, and will likely bring more attention to Bakersfield as a movie-making location.

Where Do We Go From Here?
The general purpose of the Government Commission is to establish the policies of a school year and the prospects of moving to a new campus. Most BC students are well aware of the plans in this regard.

And yet another question is also pertinent. For Bakersfield College is moving ahead to the future with a definite destination in mind. The Departure from the present environment should be a source of joy to BC.

In the immediate future, there should be a great surge for BC. The new plans provide all the modern facilities for both "education and recreational activities. Another factor is that the "new school" is the advanced settlement that is bound to come from the need for a more effective community. This means, therefore, that there is an urgent need to work closer together, a principle of whose exists we have failed at times in the past. And perhaps this is the problem we need to solve.

For a student body which is not willing to work together to meet the need of modern high standards, is bound to suffer. The BC students' work on many of these recovery issues, was an important factor.

Gade Nine Ties for Metro Third; Wins Three of Last Four Games

By Gary Green

Winning three of their first five football games, the Bakersfield Renegades joined Metropolitan League's Los Angeles Express, San Francisco Seals and Seattle Rainiers atop the Metro Division standings. In the conference win with the San Diego Gulls, the Renegades won at the San Francisco Seals and the Seattle Rainiers at the Gulls. Coach Earl Sargent called it a good win. The Renegades' season was defined by its final three games: a crucial victory over the Gulls, a close win over the Seals and a convincing triumph over the Rainiers.

BOWLING—Engineers One-Half Point

The San Joaquin Bowling Center will again be open of every weekend at the College Bowl in the conference between the Engineers and the Falcons. The meet will begin at 7:30 p.m. on Oct. 12.

Last Thursday the Falcons won by 275 points over the Engineers. The match will be an afternoon one with the Engineers training complimentary on the second floor for the afternoon. Jim Brinnon will be the referee and he will train complimentary on the second floor for the afternoon.

The Engineers were excited to be playing after a three-week break and they will be looking to get back on track.

Congratulations, Mans!

After the Gulls tested the Bakersfield Falcons defense about two weeks ago, Coach Sargent has called the match a good one. Sargent said that the Gulls went on to make a few mistakes in their own defense, which opened the door for the Falcons to score. The Falcons scored 33 points in the game.

Con-men from Little Gamblers, Says Man Who Should Know

By Ron Headline

Today the phony goods and cheat are living high on the hog. Let's get a look at these:

Two days ago I was at a drive-in and as I glanced at the cars, I noticed a man, a stranger, who walked up to the driver of a car and said: "Sir, I have a bomb that I would like to sell you."

The man said: "I don't think I want to buy a bomb."

The stranger replied: "I know it. I just wanted to see if you would be interested in buying something else." And with that, he began to offer the driver a variety of phony goods, including watches, jewelry, and electronics.

"I'm not interested," said the driver.

"Well, I understand," said the stranger. "I just wanted to make sure that you weren't interested in anything else that I might have to offer."

"No, I'm not interested," said the driver. "I'm just here for a night out and I don't want to be bothered by this kind of thing."

The stranger walked away, leaving the driver to continue enjoying his night at the drive-in.
