"59 Gades Better than Last Year's Grid Team"

by Jim Dean

Whether we call it a 17th, 18th, or 19th game in the history books, the Nona Gade Series is still a classic in the Southwest. A football game between the two states is something that will probably never end. The last time we played the game, the score was 28-27.

This game is really a battle of two teams. The first one is the Greater Phoenix Gridiron Club, the second is the California Gridiron Club. Both teams have strong players and they will show their talents on Saturday.

The game will be played outside of the state line and it will be a tough battle. But don't expect it to be a low-scoring game. The Pontiacs will have the ball in the first quarter and the Gades will have it in the second. The first team will score for sure and the second will score for sure too. The Pontiacs have a 2-1 record and the Gades have a 3-0 record.

The Pontiacs have scored more points than the Gades in their two games. They have scored 56 points in two games and the Gades have scored 48 points in three games.

Coach Proves Doubters Wrong During 1st Season
by Jim Hawker

These former high school football coaches arrived last fall to lead two junior college football teams. Now, with a smile, they can say goodbye to the grind.

Stanley Hugo of Phoenix College and Charlie Guinn of Del Sol College, went back to their old jobs after leading their Enid-based teams to the junior college playoffs.

Both Hugo and Guinn brought a wealth of coaching experience to their jobs. Hugo, a former assistant at Oklahoma State and Del Sol, had been a head coach at Chandler High School and American College.

Guinn, who had been an assistant at Oklahoma City Community College, led Del Sol to the playoffs last year.

"I'm glad to see that our team is improving," said Hugo, who is in his first season as head coach at Phoenix College. "We've got a lot of talent, and I'm proud of the hard work the players are putting in."}

Board Vetos Rule Change

By John Doe

The Board of Trustees has recently approved a significant rule change that will impact student life on campus. The change was made in response to feedback from students and staff, who had expressed concern about the current rule.

The new rule will allow students to petition for changes to the rule, and it will require the Board of Trustees to review and respond to these petitions within a specified timeframe. The change is expected to lead to a more transparent and participatory decision-making process.

We believe this change is a positive step forward, and we look forward to seeing how it will be implemented on campus.

It's Back to Pasadena Again for Next Year

by Jim Dean

As we write this column, we possess the feeling or situation telling us that date next September, the Bakersfield College Basketball will again be playing in the Great West Conference.

It's a particularly difficult feeling to explain and there is probably a very little basis for such reasoning in the first place. Maybe, as one person remarked, it will take a year to recover from this month's victory in the Pasadena Classic, but this water doesn't seem to be correct.

Coach Ray Newman also favors a return to the meet next year, after addressing the students at the conclusion of last year's conference, Newman was emphatic, with this "We'll be back." So emphatic in fact that we felt he meant it, and that he did not say it just because it was what he was supposed to say. The students wanted to hear.

Certainly we have reason to be assured that both schools and students will maintain the meet, the Merchant's, the Merchants, the Willamettes, the Muscians, and the Musicians, and all who played in last year's meet.
