THE NEXT MISSILE YOU HEAR MAY BE A CAMPAIGN SHOT

While Cape Canaveral toys with future supersonic rockets, Bakersfield College is concerned with the recent unopposed candidacy for a supersonic election on January 14.

Charged with high feelings, this election is one of the most interesting in BC history. A contest of colorful personalities and highly-qualified candidates, the campaign is marked by the offices being either unopposed or contested by outstanding parliamentarians.

In an election contested by the strong Associated Veterans Students, the Renegade Knights have entered the heated campaign. Led by Tom Thomas, opposing Robert Knight of Joe Garay, for the office of sophomore president, the Veterans delegation has promised a full slate of 23 male candidates.

Joe Leggio, Renegade Knight, has a fight on his hands as his opponent, Larry Caldecott, is pressing for a tremendous political battle.

A parliamentarian of the old school, Phil Newlin, Veteran, has crossed political swords with upstart Phil Sim, Student, in a last stand duel for director of activities.

Recalling the director of activities candidates for the popularity spotlight are, Veteran Jay Valentine and Mike Ray, vying in a hot race for the Freshman Club presidency.

Unopposed by the boys-playing-police are two feminine, Suzy Chait and Judy Young, rivals for the office of Freshman Club secretary.

Hoping to get a start in student leadership, two associate justice candidates have entered the political Big-O of war for a berth in the Student Court.

Also in the running are several qualified candidates looking to an unopposed campaign...

With these outstanding aspirants, anyone is likely to win in the toss-up. No matter who comes out on top, however, the leaders in contender seem determined to chalk up quite a few points in prestige for BC during the coming semester.

Sims, Newlin Battle For Leading Post

Vying for the politically significant post of student director of activities are Phil Sims and Phil Newlin. These two are of the most qualified leaders at BC.

Playing the role of all college men, these two seem to accomplish great things with or without the presence of leadership like some students might accumulate.

No matter which candidate wins the election, BC will have a good leader in the other, according to Dick Jones, Rip advisor.

Sims, outspoken leader of the Freshman Class, was elected unopposed as freshman vice-president in last fall's election. He attended the presidency after Leo Brox was seriously injured in an auto-mobile accident. Besides his parliamentary duties, Sims also found time to help a leading part ofripp in the administration of Death of a Salesman.

In his role of freshman leader and parliamentarian of the Freshman Class Constitution besides representing a large number of his class mates, the Constitution will provide for five new freshman offices.

Sims is known by his friends as a "person who will fight for his personal beliefs. He was BC from Reddy High School where he was student body president, class president, cheer leader and football player."

No matter, parliamentarian, athlete, writer, and outstanding individual, Sims served the semester as ASD chief justice. A veteran of the Veterans, Newlin helped make student body president, one of the most active administrative offices.

Student Body Votes On Amendments To BC Constitution

Clamor for the "ASB Constitution and student participation in student government to the purpose of several amendments which have been submitted for the approval of the student body in this election," said Phil Newlin, chief justice.

The changes in Article V provide for that any member of the student body who is a good standing "may bring before the Freshman Court in writing for its consideration any legal grievance on regard to student activity.

Another provision in Article I makes clear that a student body card is necessary for active members in the Associated Student Body.

Late Entries

Candidates who signed up after Rip deadline are on, following the Director of assemblies, Key Hulse, AWS Secretary, Gay Berry, ASUS President, Mari Marrell, Director of publicity, Diane McCoy, Director of Rallies, Student body vice president, isolates, Bruce Freeman, Robin Walsh, freshman president, Tod Davis, student body president.

Mayor Thompson's evening American Problems class will also visit the meeting that night.

Calderwood Challenges Leggio for AS President

Emerging from his smoke screen of secrecy, Larry Calderwood, Sophomore Class president, spoken under the wise of Wednesday's sign-up deadline to enter the ASB presidential race against incumbent Joe Leggio.

This surprise move from Calderwood added another chapter in the supersonic political drama of this controversial race.

Leggio, in summing up his reign as student leader of Bakersfield College, "I have worked more school spirit and a greater interest in student activities."

-Stands on Record

**Frosh Candidates Land Rivalry to ASB Election**

By Beth Young

It's been another busy week of student activities at the college. One that has made "the frosh" feel that they are doing well.

Several of the frosh candidates are trying to land a spot on the ASB ticket. The three candidates so far are John Gary, Gary Thomas Lead Race for Sophomore President; Other Offices Unopposed and Sophomore President. Gary, Thomas Lead Race for Sophomore President; Other Offices Unopposed.

Gary, who is running for ASB President, has been very active in student affairs. He has served as an ASB representative on the student government, and is a member of the Student Council. He is also a member of the Student Activities Committee, and is currently serving as the Student Body President.

Leggio, Caldwell, Woodrow: Seek Presidency

Leggio, Caldwell, and Woodrow are seeking the presidency of the Associated Students of the College. They are active in student affairs and have been involved in many activities on campus.

Leggio has been a member of the Student Council and the Student Activities Committee. He is also a member of the Student Government Association.

Caldwell has been a member of the Student Council and the Student Activities Committee. He is also a member of the Student Government Association.

Woodrow has been a member of the Student Council and the Student Activities Committee. He is also a member of the Student Government Association.

The three candidates are running on a platform that stresses student involvement and participation in campus activities. They believe that the college should be more involved in community affairs and that students should have a greater voice in the decision-making process.

The election will be held on January 15th, and the results will be announced on January 17th. The three candidates are actively campaigning and are trying to gain the support of the student body.

**Non-Citizens Must Report Addresses**

From the Register of Voters came news that non-citizens must report addresses to the Department of the Interior. The news was received with a mixed reaction from the student body.

Some students felt that the news was unfair, while others felt that it was necessary to protect the rights of all citizens.

The Register of Voters is a federal government agency that maintains a database of all registered voters in the United States. The agency is responsible for ensuring that all registered voters are able to vote in elections.

The news that non-citizens must report addresses to the Department of the Interior is a concern for many students, who feel that it is unfair to require them to report their addresses.

The students are urging the college administration to take a stand on the issue and to ensure that all students are able to vote in elections.

This is a tribute to a leader. One of our most outstanding leaders is leaving office. Behind him lies an indelible record of accomplishment and dedication to duty. Frank West, Dean of Men (1953-55) of the City College of Los Angeles, was recently appointed president of Balboa College.

For all his efforts, Dean West is not yet to be realized. Everyone must see something of the, whether it be prestige, recognition, or prestige. The fact that many years of service and what is to be replacement for him, naturally makes it feel like a new person on the job.

Our future president has his own contributions to be made. What is the great part of his past? What is the use of his past? What is the future? What is the past?

For example, he has a definite and undeniable experience, while reaching is a far cry, but a leader knows when to use his. It is likely he is not in his early days, years, ... he is not the only one to have the same. What is the use of his past?
