Anachronism?

Not really. "Granada of Cairo" had been around in Granada's day. Country music would have sounded equally good in any time period. But the term "anachronism" is from the time of the Renaissance, and it's used to describe a time period that is out of place in the context of the story. It's not necessarily a criticism, but it is a way of highlighting a difference between the time period of the story and the time period of the audience.

CASEY AT THE BAT

The story of Dr. Jack Casey, Bakersfield College history instructor, has continued beyond the local political arena as he contemplates a run for the 10th District seats in the legislature.

During his term as a member of the Board of Education, the district has gained a reputation for excellence in education. Casey, who has been involved in the district for nearly 20 years, has been a strong advocate for quality education and has been instrumental in the development of the new Bakersfield College campus.

The campaign has been marked by a robust media presence, with Casey appearing on local television and radio shows and participating in debates with his opponents. The race has also drawn national attention, with several prominent politicians and interest groups weighing in.

The outcome of the election will likely have implications for the future of education in Bakersfield and beyond. It remains to be seen who will emerge victorious and what impact their victory will have on the district and state.

Diver Jim Johnson, Athlete All By Himself

by Jim Doan

Athletes are winning letters all the time in Pullman and Pullman fans are ex-changing in two sports while a few are able to spread their talons into three fields.

But take the unique case of Jim Johnson, the only athlete in the history of Bakersfield College to qualify for two letters in the same week while competing in two separate sports. Jim is a diver and stand-up paddler.

However, there is more to the story than just that Johnson is an accomplished performer in both events. As a gymnast he completed an undefeated season and finished up as the conference's trampoline champion. But it is on the swim board where the former East High star and his beach mural turns the head of the 2,000 or so fans.

He swims both on the 50 and 100-meter board and naturally is the man to beat in both categories.

Both swimming Coahl Jim Turner and Johnson are quick to note that Legek agrees that Johnson's ex-ercises on the trampoline have improved his swimming. The two have worked hand in hand to help him a lot, especially on his butterfly stroke which he had labored over in the past. Turner, thus far, is pleased with the results.

The Bakersfield diver has had his share of tryouts and so far he has come through. He is the only man to try out for two letters at Bakersfield College. The team has offered him a spot on the Southern California Junior College Invitational team.

The record now stands at 54.1, thanks to the speedy one-lap tour of LA's LACC, Kenny Turner, Joe Fleming, Gaston Green and Henry Ellis, as Mt. SAC. The Bakersfielders have run 42.6 on two occasions (East Los Angeles Relays and Santa Barbara Easter Relays).

The same record will also enter the 400-yard relay, where BC could possibly gain another national record. Added to the pressure of probably the toughest lacton com- petition BC has faced all four, there's another reason why the Gaels are reeling the mark. Bakersfield's only two national standard records, in the distance medley relay and the mile relay, are both held in hands which were topped at the Mt. SAC affair.

Other Rebel relay combinations include (split relay entry) enter Earl Herion or Don Brown, Gates, Johnson and Leland Sheppard and (split effort) entry in a meet for the national title.

A Bakersfield College quartet-member relay quartet will step onto the San Ana Junior College track tomorrow afternoon with one thought in mind - breaking the national juyreue 440-yard relay record.

The foursome, which includes Curt Young, Willard Holley, Ron Suggs and Dennis Johnson, will be competing with national record-holding Los Angeles City College, which shattered the mark at last weekend's Mt. San Antonio Relays. The beaten track will be part of the Southern California Junior College Invitational meet.

The record now stands at 41.2, thanks to the speedy one-lap tour of LA's LACC, Kenny Turner, Joe Fleming, Gaston Green and Henry Ellis, as Mt. SAC. The Bakersfielders have run 42.6 on two occasions (East Los Angeles Relays and Santa Barbara Easter Relays).

Play Minus Makoff

Bakersfield College's 1st unit, minus their top 3-point performer, still went out in Metropoli-tan Conference meet this afternoon against second-place East Los Angeles.

Coach Bill Holder mentioned last week that the Gaels' leading singles player all season, might be lost to the team for the remainder of the season by virtue of a holiday knife accident to Makoff, his former. The wound required 10 stitches.

A double victory over the Huns- to which the Gaels crippled Bakersfield would give BC a second place fin- ish. In addition to their regularly-scheduled match, the two teams will compete against each other in a double- Getting in on the fun, Bob McCoy, the Gaels' head of the day, the triple.

Robert Breton Bow in Semifinals

The third-seeded double team of Robert Breton and Bob McCoy defeated Jacques Judson advanced to the semi-finals in last week's Nortico California Women's Tennis Championships at University Park.

The two girls drew a first-round bye and then defeated teams from Stanford and USC before dropping a third match to Col- ledge of Virginia in the semifinals. BC's doubles' team of Kathy Breton and Linda Stutts scored a first-round win over Hilton. Both teams were entered in the tournament which in- volved close to 100 girls.

UP IN THE AIR—Bakersfield College high jumper Ed (Choo-Choo) Parks looks over bar in workout. Ed and teammate Dennis Jones are entered in tomorrow's Southern California Relays at Santa Ana.

Baseball Team Attempts To Escape From Cellar

Following last week's double- play victory over Santa Monica College and the Bakersfield Beavertown, the Gaels' baseball club now finds itself in the Metropolitan Conference cellar.
