ENROLLMENT TO HIT RECORD HIGH—COLLINS

By approximately 3000 students, a record high for Bakersfield College, will go through Fall semester registration this week beginning Monday morning and noon tomorrow in the administration center, according to John Collins, Dean of Students.

The inevitable long line of faculty coming to register their classes will continue throughout the week. The college is heavily enrolled in classes, with some students registering for 20 credit hours.

The first three days of registration this week will be from 8 a.m. to 7 p.m., and the last two days will be from 8 a.m. to 5 p.m.

Dean Collins said that student fees for classes will be $13.25 for full-time students, $10 for part-time students, and $7.50 for non-resident students.

The college will offer a variety of courses, including business, education, and liberal arts.

The student body is expected to grow to 3000 this semester, which is the highest enrollment in the college's history.

The college is planning to increase its faculty and staff to accommodate the increased student body.

Orientation Event

The Orientation Event will be held on Saturday, September 3, from 9 a.m. to 12 p.m. in the gymnasium. All new students are expected to attend.

The event will include an introduction to the college, a tour of the campus, and an opportunity to meet with faculty and staff.

Individuals who are interested in attending the Orientation Event are encouraged to register in advance.

Chief Justice Questions Legality of Meeting

A motion was introduced on Sunday to have the first meeting of the Board of Directors. The motion was defeated by a vote of 5 to 2.

The motion was introduced by the current Board of Directors, who claimed that the meeting was necessary to address the玩游戏 caused by the recent strike.

The opposition to the motion was led by the chief justice of the Supreme Court, who argued that the meeting was not legal due to the lack of notice given to the students.

The decision was made to continue with the meeting, with the current Board of Directors continuing to hold meetings as scheduled.

Students Hash Problems, Make Plans at Conference

Three dozen students and 11 faculty members attended the annual Student Government and Student Senate Conference on the campus of Ventura College this past week. The conference, held at the Board of Education headquarters in Los Angeles, featured panels on political science, government, publications, and club activities.

The students discussed problems and possible solutions to the two major issues that affect them: student government and student publications. In a panel discussion on student government, the students were represented by President Gary Gibbons, Vice President Dick Stocking, and Secretary Cherry Thompson. The panelists agreed that student government is important because it provides a voice for the student body and helps to ensure that student interests are represented.

On the subject of student publications, the students were represented by Editor-in-Chief Bruce Bledsoe, Managing Editor Steve Wroten, and Assistant Editor Bill Eddy. The panelists agreed that student publications are important because they provide a forum for student expression and help to keep the campus informed.

The conference was sponsored by the Student Government and Student Senate of Ventura College. The next conference will be held in May, and the students are looking forward to discussing even more issues and finding solutions to the problems they face.

Experience, Depth Favor Water Polo Team

Five interconnected, bolstered by eight returning seniors, make up the bulk of the experience defeated water polo team. Added to that are five new freshmen and a Fencer with two-year experience and you have a team which at least must be reckoned with in the league race.

As a result of pressure preceding to start, Coach Jon Turner says, "I am pleased with the line up but we are still far behind the other California teams in ring of which are sustained by high school and university swimming."

Intercollegiate Game Set

The polo team opens its Metro season with an intercollegiate foes north game planned for next Friday at 5:50 in the college pool.

Johnson Leads Harrier Workouts

Bukfield College's cross country team, under the direction of University of Kansas track star Art Falk, opens its Metro season on September 20 at Camp Pendleton, the teams will be led by standout volunteer Robert Johnson.

The former star of the San Diego State track team, Johnson, 22, will be in charge of the cross-country team and will assist John Johnson of Cal, but his apparently fit this year. Representatives Adopt Budget Unanimously

The Board of Representatives, voted unanimously to approve the $414,700 tentative budget for the 1962-1963. This is an increase of almost $13,000 over last year's budget of $313,737.

The new budget includes a Body Business Manager, Art Husky, to prepare the budget and explain the reasons for the large increases in various areas of the college's operation.

One of the increases, said Fred F. White, is a direct result of increased enrollment, the tentative BC has ever had.

The second cause for expansion in the budget was the increased development of cultural activities. These increases were most noticeable in the area of assembly, concerts, Fine Arts, Festivals, Dramatics, and film.

Another phase of student body activity which will be expanded this year is that of public relations, in the community. A new group, the BC Publicity Office, will be properly poised to inform 25,000 leading members of the community to increase contact between the world.

ASB president, Robb-Gray, stressed the need for higher public relations, the need for more participation, the need for greater community awareness.

Robb-Gray also stressed the need for more participation, the need for greater community awareness.

Tonight's game at Fullerton, Calif., between the Bakersfield College Rafters (36-3-4) and the University of Southern California Trojans (9-7-6), could be a nail-biter.

High expectations for both teams have made tonight's game the most eagerly awaited in the history of Fullerton College's sports.

The Trojans, currently a close second to the University of California at Los Angeles, are expected to give the Team its stiffest competition yet.
