Simonsen Welcomes Freshmen; ‘Largest Junior College District’

Bruce Minson, A.S.I. president, was on hand last Wednesday to address the Freshman Assembly. The president of the freshman class was introduced by BC President Harold Park. The Freshman Assembly is sponsored by BC, and the purpose of the assembly is to introduce freshmen to the college.

Simonsen, who welcomed the freshman class and stated that BC has the largest junior college district covering an area of 40 square miles, was followed by the nomination and selection of candidates for freshman class officers. Four representatives, a secretary, a vice-president, and a president are needed to fill the positions.

Hazard Nomination

During the nominations, Larry Hoffer, the president of the freshman class, ran last year's Freshman Assembly as well. He ran for the position, but was not chosen.

‘Olympia’ to be Shown Today

Both Reddick’s ‘Olympia’, the greatest documentary film of all time, will be shown free for those interested in how the Postal Service operates. The film is shown at the FASB Gymnasium at 9:30 and 2:30.

Tradition Upheld at Condor Experimental College Proposed

One of the oldest traditions at Santa Barbara College since its inception was that of the Condor, three weeks ago. The Condor reappeared, and the school took advantage of the opportunity to provide the Condor with a second tie-up, the Condor Student Leadership Conference, held in the Mt. Alte recreation area.

The Activist Board made several announcements, including a request for changes in the Homecoming week.

Student opinion on the results of the conference ranged from good to bad, but the content did not affect anyone. Teachers were not affected in any way.

Dr. Poorman summed it up at the closing talk, which he said that for a good year, the student body has not had seriously effective leadership.

In this psycheological age, the student body is interested in the ability of the students who will be in their place.

Electoral Board Chairwoman Diane Fouts plans to invite everyone to attend the dance and help support the club's scholarship fund that will be given to a deserving student this year.

WHAT HAPPENED?—Students gather in Campus Center after surviving registration.

Sign-ups Close Wednesday

In Furious Campaign

Electoral elections are under way for ASB and Freshman class officers. The last week of school is the time for sign-ups, and the Freshman Assembly is just one of the places where candidates are being interviewed. Candidates are protected by the Freshman Assembly and are not allowed to make any promises.

Eligibility Requirements

To be eligible for office, freshmen must be enrolled in at least 2.5 grade points average overall. In high school, eligibility requirements are based on the Freshman Assembly. In college, candidates must meet the criteria for the Freshman Assembly.

Candidates should consult the president of the Freshman Assembly for more information. All candidates are eligible for election.

Board of Reps Discusses EC

This week’s Board of Reps has been concentrating on new business, such as establishing an Experimental College on campus and holding a raffle. On Tuesday at the Board Meeting, the student body and Freshmen were present, with a record turnout of 1300.

LDS Dance Tonight

Everyone’s going to go on an LDS trip tonight in the campus union. The LDS dance is not affected by the election, and everyone is invited.
Rip's Policy

The Rip's Policy has been updated to reflect the latest developments in college life. Students can now submit their ideas and concerns for publication in the Rip's Policy section.

Panhandling Unsuccessful
Today's World Fearfully Stiffening

By April Miller

Pan handlers were to be seen soliciting for a loss in the recent Tombaugh Cup, meaning the loss of the world's most prestigious panhandler. It is feared that this might lead to further declines in the number of pan handlers, who are already struggling to make ends meet in today's tough economy.

The Individual

"Number one — the individual — is the most im-
portant person on a college campus," stated President Dr. Simms in addressing freshmen and sophomores at their convocation.

In so doing, he emphasized one difference between a junior college and a major university. In a university, students get a lot more personal help at the community level, and the university professors are more interested in research.

This is because a university professor has more teaching duties and less time to devote to research.

What's Right
New Leftist Speaks Out
Abolish America's Governors

By April Miller

An analysis of the latest Left is drilling upon the campus, calling for the abolition of America's governors.

"The government should be abolished," said Dr. Krueger, a noted philosopher, "but it's not going to happen as long as people vote for these governors.

Stiff Competition in Cross Country

By Jerry Henry

Bob's Cafe Metro Missions met cross country teams from all over the country on the Bay Area. They met in the 20th Annual State Championship Meet at Golden Gate Park, San Francisco. The meet was held on October 1st.

The meet was held at 9:30 a.m., and the competition was intense. The runners were divided into three sections: men, women, and open. The men ran a 5-mile course, while the women ran a 3-mile course. The open category included both men and women.

The meet was a great success. The runners were able to showcase their skills and compete against each other. The event was a great opportunity for the runners to improve their performance and gain experience.

The meet was also a great opportunity for viewers to watch the runners in action. The runners were seen running through the beautiful Golden Gate Park, surrounded by the picturesque scenery.

Overall, the meet was an exciting event that brought together runners from all over the Bay Area. The runners were able to compete against each other and display their skills. The event was a great success and a great opportunity for viewers to see the amazing world of cross country running.
Rip's Endorsements

Endorsement of an ASB or class officer carries with it a great responsibility to represent their peers as best they can. In order to be fair to all candidates, the editorial board (composed of the six ruling editors of the paper) meets in a special session and sets aside all personal qualifications, divoting themselves as much as possible from personal friendships or dislikes.

A decision is then made and this decision stands as the policy for the entire paper. Candidates are considered on the basis of their qualifications, how they plan to do in the office and how they intend to do it.

Here are the Rip's endorsements:

For the office of freshman president, Rip endorses Bill Green, a junior majoring in Economics. He has wide speaking experience, is a good writer, and has great ideas for the future Rip. For the freshman class president, the Rip endorses Fred Davis, a junior majoring in Business Administration. He is well respected by all his peers and has a lot of potential. For the sophomore class advisor, the Rip endorses John Jones, a junior majoring in Business Administration. He is a good writer and has a lot of potential. For the junior class advisor, the Rip endorses Tom Brown, a junior majoring in Business Administration. He is a good writer and has a lot of potential. For the senior class advisor, the Rip endorses John Smith, a senior majoring in Business Administration. He is a good writer and has a lot of potential. For the ASB advisor, the Rip endorses John Doe, a senior majoring in Business Administration. He is a good writer and has a lot of potential. For the ASB advisor, the Rip endorses John Doe, a senior majoring in Business Administration. He is a good writer and has a lot of potential. For the ASB advisor, the Rip endorses John Doe, a senior majoring in Business Administration. He is a good writer and has a lot of potential.

How Football's Doing

Metropolitan Conference football teams made a sound start toward producing a championship at the beginning of the season. All three of the teams, including the later two, are off to a fine start.

The Realtor Bowl will take place on Saturday, the 1st of December, at 7:30 p.m. Please make sure to attend.

Six games are scheduled, beginning Friday night when Earl Long of Texas A&M played against the University of Texas. The game is set to be held in the Red River Rivalry at Austin, Texas. The score is 21-14, with Texas A&M leading.

The most significant game of the weekend took place on Saturday, October 21, when the Southwest Conference met the Southeastern Conference at Memorial Stadium in Austin. The score was 10-0, with the Southwest Conference leading.

The last game of the weekend was played on Sunday, October 22, with the Longhorn Bowl in Little Rock, Arkansas. The score was 14-0, with Texas A&M leading.

Sports Editor's Corner

Wolves in Sheeps Clothing?

by Tony Garcia

On the way to the flip video the other day a Ram fan told me, "towhams down is the key to going in football and by the looks of the Gamecocks, Orange game last Saturday it is quite clear to me they are going to bring home auffed Ram head tomorrow, they have to quite football with that key and find the one that hits the hook." The Ram fan continued "We've taken the Gamecocks on more times than football, and Ram fans have been more intelligent, the Gamecocks have been more powerful in both lines than the Rams. So, what do you think of your chances this Saturday night?"

The Ram fan replied, it's a slim chance, because we have a large team at the end of the line, and we have to be prepared for a surprise attack. We have to be ready for anything."

The Ram fan then added, "If we can take the Gamecocks down, it will be a historic day for the Ram fans."

The game is set to be played on Saturday, October 30, at 7:30 p.m. at Memorial Stadium in Austin, Texas. The score is 14-0, with the Southwest Conference leading. Please make sure to attend.

Renegade X-Country

Meets Fresno Saturday

By Linda Moore

With a grin of excitement on his face, Coach Bob Covey announced the Fresno Conference meet on Saturday, October 30, at 3:30 p.m. at Memorial Stadium in Fresno, California.

However, a main worry to the coach for tomorrow will be the weather, which is expected to be overcast.

"They were too spread out," Covey said after Friday's run. He explained that he would love to have a good spread of runners keeping together as a team all the way."

Eleven to Watch

Eleven other men also worked out the hottest afternoon just Titan and times under 18 minutes for the 3.5 miles.

Ray Cooper, John Cooper, Frank Robin and Bob Montgomery followed closely with times of 16:00, 16:10, 16:12, and 16:17.

Mike Smith, Mike Cross, and Terry Gannett were also spread out, with 17, 18, and 19 minutes, while Bill Britten, Augie Munoz, Richard Molina, and Brian Costain were out by 18 minutes.

In summary, the Fresno Conference meet on Saturday, October 30, at 3:30 p.m. at Memorial Stadium in Fresno, California, will be a great opportunity for the Renegade X-Country team to show their skills. Please make sure to attend.

B.C. Polo Splashes

Ram the Rams 21-12

by Jerry Hunt

Coach Bob's excitement was over the big splash at Fresno last Tuesday when they routed the city Rams 21-12 in their first water polo match of the season, in spite of the loss of one of their best players.

The game Tuesday turned out to be a family affair, with every player on the 12-mat BC squad taking part in it. Every player, that is, except Chuck Mendell, who practiced so diligently Monday that he broke his hand in the process. Chuck's position will be located in the steering section for the next two weeks, as a result of this.

Fresno Not Weak

"Fresno was not a weak team by means," Coach Bob explained. "I guess lots of practice and improved play off for us."

Great improvement is right, at least on the part of Randy Dean, who scored 13 points against the "Ram for' Ram." In fact, you can't count, that is more than their entire team against us. It seems to have improved from a good player last year to a great player his year, judging from early indications. Randy Dean isn't the only grand total of 3 to 2."

"Randy Dean was a controlled scrummage but we were the tail ends controlled scrum, knocked, fired the Ram fan. Since the Gamecocks played the impressive 165 yards in the Tiger's 112, but the Rams don't even qualify for our league. "Now what you think of your fabulous Gamecocks?" Fatefully, the Ram fan echoed, "They were too spread out on the Gamecocks.""
