AAC Lecturers Briton Will Speak On African People

Frank J. McCall, a native Briton deeply concerned with the African problem, will speak at 8:45 p.m. Thursday evening, April 13, in the Student Union of the University of California at Berkeley. His lecture is sponsored by the Ramsey Hall African Student Union.

Dr. McCall, who is a professional librarian, is the director of the British Information Services in London. He is the author of several books and articles on the African question and has traveled extensively throughout Africa.

The lecture is part of a series of talks on the African problem being conducted by the Ramsey Hall African Student Union.

cc Chancellor Visits Bakersfield 'Baby boom has hit'

Bakersfield, Calif.—Bakersfield College Chancellor Benjamin R. Reddick said the Chancellor was pleased to announce that the 'baby boom' had begun to affect Bakersfield College. "We have seen an increase in the number of students enrolling," he said.

"The Chancellor estimated that the college will receive an additional 10% increase in student enrollment this year. We are looking forward to seeing how this will affect our budget and our facilities." said Reddick.

Students have reported that the increase in enrollment is due to the growing demand for higher education. "We are seeing an increase in the number of students seeking college degrees," said Reddick.

He added that the college is working to expand its facilities and improve its programs to meet the needs of the growing student population.

BC Staffer To Chair U. of Delaware Music 'Choir Concert Tonight'

Dr. Kenneth F. Haines, provost at Bakersfield College, will chair the University of Delaware's Music Department's Choir Concert tonight. The concert will feature the University's choirs, including the University Chorus and the Chamber Choir.

Dr. Haines said the concert is part of the University's celebration of its 150th anniversary.

"We are very excited to have Dr. Haines chairing our concert," said the University's music department chair. "He is a great conductor and a great teacher, and we are confident that his leadership will make this a special event." said the department chair.

The concert will be held at 7:30 p.m. in the University's performing arts center. Tickets are available at the door.

Deadline Extended Fritts Doubles For Press Scholarship

The deadline for the Fritts Press Scholarship has been extended to May 1. The scholarship, established by Fritts, a prominent journalist, is worth $2,500.

"I am pleased to announce that we have extended the deadline for the Fritts Press Scholarship," said Fritts. "This is an important award that supports young journalists, and I am glad to be able to extend it." said Fritts.

Applications are due by May 1. The winner will be announced in June.

Astronomer Will Speak 'Astronomer Will Speak'

Dr. Donald C. Cook, a member of the astronomy department at the University of California at Berkeley, will speak on April 15. Dr. Cook is a world-renowned astronomer and has written several books on the subject.

"I am very excited to have Dr. Cook speak," said the astronomy department chair. "He is a fantastic speaker and his knowledge of the subject is unparalleled." said the department chair.

The lecture will be held at 7:30 p.m. in the University's auditorium. Tickets are available at the door.

Foreign Flick

Thursday

A foreign film will be shown at the Foreign Film Theatre on Thursday night. The film is expected to receive critical acclaim and is anticipated to be a hit with audiences. 

KBC is the new college radio station in the Campus Center. The station is currently open from 9 a.m. to 2:30 p.m. General manager Shane Whittington plans to expand the station's programming schedule in the future.
**ONE BIG WASTE**

BY ROBERT ANNE STEALE

Earlier this week, Los Angeles County District Council for Women was held in yet another somber conference room. Two hundred women from throughout the county gathered to discuss the need for a countywide women's council. The women were united in their belief that the city is in need of a comprehensive program of funding and support for women's issues. The conference was organized by the Women's Committee of the Los Angeles County Democratic Women's Committee.

**EARTH DAY-A YEAR LATER**

BY GEOFFREY TREACY

A year ago, on Earth Day, millions of people around the world took to the streets to demand action on climate change. One year later, the world's leaders have failed to make the necessary reductions in carbon emissions. The Paris Agreement, signed by 195 countries in 2015, was a landmark achievement for the environment. However, the United States, which is the second-largest emitter of greenhouse gases, has not signed onto the agreement.

**We Made Our Choice**

BY KEN WADDEY

The war in Vietnam has dragged on for nearly two decades. The U.S. military has spent over $400 billion on the war, but it has failed to achieve its objectives. The war has killed over 50,000 Americans and displaced millions of Vietnamese. The war has also led to the rise of the anti-war movement in the United States.

**One Ply**

By William Bulley

It is ironic that we have come full circle in our efforts to preserve the environment. When Earth Day was first established in 1970, it was seen as a way to raise awareness about the need for conservation. However, it has since become a symbol of our失败ism. The world is facing a climate crisis, and we need to act now to prevent the worst-case scenarios. The question is, will we rise to the challenge or continue to fail as we have in the past?
CONVENTION SPEAKERS, PANELISTS REFLECT BREATH OF JOURNALISM

Rogers Farrell

UTAH'S NEWS SENSATION - A man who's been in the news business, writing and broadcasting, since the days of radio, Rogers Farrell is a familiar figure at conventions and conferences. His insights into the world of journalism are widely sought after.

HABCORP能否FOR COLLEGE, JUST A CONTINUATION OF THE UNIVERSITY OF CALIFORNIA SYSTEM

A highlight of this year's AIC Convention is the presentation of "A/B/ C: The College of Journalism." This talk will focus on the role of journalism in society and the challenges facing today's journalists.

LAWRENCE Sneider, associate professor at the University of Oregon, will be one of the keynote speakers at this event. His talk promises to be both thought-provoking and instructive.

PINEAPPLES AND PICKSKINS

For those looking for a break from the conference, Pineapples and Pickskins will be on site to offer refreshments and entertainment.

COOL BLOODE

ELVIN BISHOP

A musically inclined Elvin Bishop will perform "Cool Blooded" live at the convention center. This popular blues guitarist and vocalist is sure to keep the energy high.

TOP TRACKSTERS TEST TARTAN

A special event at the convention will be the "Top Tracksters Test Tartan" race. Participants will test their speed and agility on a Scottish tartan pattern, challenging themselves to navigate the twists and turns with precision.

Pepsi's got a lot to give

The convention will also feature a special promotion from Pepsi, offering attendees a chance to win exciting prizes.

FROM SAGE'S

Levi's

Levi's jeans are a popular item among convention-goers, and SAGE's has partnered with the convention to offer exclusive deals on their products.

Contagus & Co.

A local restaurant, Contagus & Co., will be serving up delicious meals to convention attendees. Their menu includes a variety of options to satisfy different tastes.

TOPAR 'Flies' in Duel at SoCal

For those interested in a bit of friendly competition, Topar offers "Flies" in a Duel at SoCal. This event will feature a competitive dialogue between two notable speakers, providing attendees with thought-provoking ideas and perspectives.

JOE GETS THE REINS

A special moment will occur as Joe takes the reins in one of the convention's key sessions, promising a dynamic and engaging discussion.
MARK HANCE'S BIRTHDAY NO CELEBRATION FOR PASADENA

John Turner said that Topu should go "close to 1:56," but as it looks now the figure should be closer to 1:58, which isn't bad for a freshman.

Steve Lackey, Making Mincemeat of Metro Moundsmen

BUTTUURION: The way Steve Lackey was playing through going three days, no one would have thought that the only "hit" he had was a Jack Nicklaus and the biggest crowd in the golf tournament last week in Pasadenas Tournament of Champions. Coach Turner of the Western Illinois College's Men's Varsity hopes to change that.

BC's "eagle eye" shotgun is the subject of this week's "Off the Bench." John Topar PACES 'GADES IN STATE

"It was like getting hit with a wall of water." Gail Bishop and members of the Greater Bakersfield Chamber of Commerce's sales and recreation committee set out to get Bakersfield a mascot trout that would elude the new all weather Tartan Track for "Official" Bakersfield High School. The trout is a symbol of the state's fishing heritage.

Now, several months later, the success of the program has skyrocketed and the only thing modeled about the meet are the ticket prices.

The meet will play host to the leading luminaries from collegiate powerhouses USC, UCLA, Stanford, California, Kansas St., University of Florida and Oregon State, along with contingents from the Army, Air Force, Southern California, Stanford, California State Fullerton, Bakersfield College and a host of others. Bakersfield College won the meet.

About the only thing that Topar probably will be bringing back to Bakersfield is the national junior college record which stands at 1:53.9 and was set in 1958 by James Fullen of Bakersfield College. Earlier in the 1958 season coach Jim Turner said that Topar should go "1:56," but as it looks now the figure should be closer to 1:58, which isn't bad for a freshman.
