EXHIBITION

A special exhibition currently on exhibit for the
Exhibition Art Gallery at the Kern County Museum, is a
selection of contemporary art works and installations that
features the work of local and national artists.

Four years ago, not many people had heard of "exhibits" or if they had, they probably thought of a new
show in some grotto of the city.

But today, Bakersfield is becoming a mecca for
art lovers and a haven for those who want to
experience contemporary art in a setting that is
both intimate and stimulating.

The exhibition is part of the college's commitment
to providing students with a variety of cultural
opportunities.

Four years ago, the gallery was just a dream.

Today, it is an integral part of the college's

Beware of Burglars

Many people are actually worried about home security...
**Garnett leading basket weaver**

By ROBERT COX

Ploster, B. 11, and Jeff McGehee, both red-shirt seniors, will be the stars of the BC basketball team when the season begins in January. The team, which has been working out steadily all summer, is expected to have a good season. Garnett, who is the one of the Breckers who has not been a star in high school, will be the leading scorer. He has been working on his shooting and ball handling, and the team looks good in the 15.000 seat Bakersfield Coliseum.

Express yourself

By Carla Haan

What is your opinion about the woman's liberation movement?

I think the movement is a step in the right direction. As women take on more responsibilities in the workplace and the home, it is important that they have an equal voice in decisions affecting their lives.

I don't think it is right that women should be drafted into the military. It is a difficult decision to make, and I believe that the best way to ensure peace is to avoid conflict.

Women should have the right to choose their own profession and personal life, and I am in favor of the movement that allows women to do so.

I think that women should have the right to vote, but it is not always easy to determine what that means. In some cases, it has been difficult to understand the impact of women's participation in politics.

I believe that any woman who chooses to serve in the military should be welcomed into combat situations. It is a matter of personal responsibility and dedication.

I am not sure what the impact will be on the economy as a whole. I think that women's participation in the workforce has contributed to economic growth in the past.

I think that any woman who chooses to serve in the military should be welcomed into combat situations.

Our new Federal Building is of interest. The first story red brick, gracing it, is the same material used in the construction of the earlier Federal Building. The original Federal Building, built in 1911, was the first to have a red brick facade. The new building, which is currently under construction, will have a red brick facade to match the old building.

El Camino vs. Santa Rosa for State JC crown

SUPERBOWL HERE SATURDAY

By ROBERT COX

The top two junior college teams in the state will meet Saturday night at Memorial Stadium to determine the 1971 state champion. This "Superbowl" will feature Metropolitian Conference champion El Camino, representing Southern California, and Santa Rosa, Coast Conference kingpin, from Northern California.

Getting under way at 7:30, the battle will feature the high-powered Warriors 10-0 against the Santa Rosa Bearcats, 9-2.

-El Camino advanced to the final round on strength of last week's 33-16 conquest of Rio Hondo, Santa Rosa finished its regular season with a 46-0 drubbing of Los Angeles City College. The Bears were held scoreless for four quarters.

Santa Rosa, which won the opener, 18-0, over American River College of Sacramento, is prepping for the first time in its history for a state final.

The Bears, who have played only two games outside of Sonoma County, were to arrive in Santa Rosa Friday night. Coach Mackleden was to receive the Bears at the airport.

The Bearcats can only hope for a victory if they can duplicate their performance of last Saturday night, when they stopped No. 2-ranked Santa Monica College, 20-14.

Santa Rosa, which has scored at least 21 points in 12 of its 11 games, needs a victory to claim the title.

Santa Rosa, in the first Coastal Conference sectional to get past the first round in the state playoffs.

The Bears boast a well balanced offense, averaging 384.3 yards per game. Fullback Jim Scott, an All-State selection in 1970, has gained 563 yards in 14 games and scored 12 touchdowns.

Tickets for the game are on sale at the JC business office from 9:30 to 3:30 through Friday. Phone reservations will also be accepted at 871-8120. Ticket prices are $3 with tax, reserved, BC and student and faculty must present tickets for one dollar with identification.
