Swimmers Put Hex on EC

By Charles Stone

Bakerfield College swim coach Larry Matheny isn’t afraid to employ any tactics to help win a meet. Matheny has been known to use the hex sign, a German symbol meaning “good fortune” or “salvation” to help his team.

"The hex sign is a powerful symbol," Matheny said. "It’s believed to bring good luck and ward off evil."

Matheny uses the hex sign on a blackboard above his swim pool, and his team members use it on their swimsuits. He said the hex sign has helped the team win several meets.

"I’ve seen it work in many ways," Matheny said. "It’s a symbol of strength and determination."

Matheny also uses other tactics to give his team an edge, such as playing music in the pool area and reciting poems before meets.

"I believe in the power of psychology," Matheny said. "I want our swimmers to believe they can win, and the hex sign is just one way I’ve found to do that."

Tim Dawson: Moving Out

The swim team at Bakerfield College has been struggling in recent meets, and coach Larry Matheny is looking for ways to turn things around. One idea he has is to move the team to a new pool.

"The pool we have now isn’t optimal," Matheny said. "It’s small and the water isn’t clear."

Matheny has been exploring options for a new pool, and has even looked into building one on the college campus.

"We need to give our swimmers the best possible environment," Matheny said. "I believe a new pool could make a big difference."
