The history of the current controversy over the parking restrictions at BC was presented in a seminar in the Student Center. The speaker was Mr. Robert V. Williams, President of the Boston College Parking Authority.

The seminar focused on the issues surrounding the current parking restrictions at BC and how they have affected the student body.

The seminar began with an introduction to the history of parking at BC. It was noted that the parking restrictions at BC have been in place for several years and have been a source of contention for students.

The speaker then discussed the current parking restrictions at BC, including the limitations on parking in certain areas and the fines for violating these rules.

The seminar concluded with a discussion of the impact of these parking restrictions on the student body. The speaker noted that the restrictions have caused inconvenience and frustration for students and have led to a decrease in the number of students who choose to attend BC.

The seminar was attended by a large audience of students and faculty members, who engaged in a lively discussion with the speaker. The seminar was well-received, and many attendees expressed their support for the speaker's position on the parking restrictions.

THE CHALLENGE OF LENT...

BY PAUL ARNOLD

The ashes mark the beginning of Lent, the season of fasting and reflection in the Christian calendar. Ash Wednesday is a day of penance and remorse, a time to reflect on our sins and seek forgiveness. The ashes are a reminder of our mortality and the need to live life with purpose and intention. The season of Lent is a time to prepare ourselves for Easter, the celebration of the resurrection of Jesus Christ. It is a time of spiritual renewal and growth, a time to reflect on our relationship with God and with each other. The ashes on our heads are a symbol of humility and repentance, a way to humble ourselves before God and to recognize our place in the scheme of things. The season of Lent is a time of prayer, reflection, and action, a time to make changes in our lives and to live more meaningfully. The ashes are a reminder that we are all尘 in the dust, and that we are all subject to the same fate. The season of Lent is a time to remember that we are all children of God, and that we are all called to live a life of love and service.
