Lane: Pollution Threatens Valley

By ROBERT KIRSCH

You can see my ignition system and my oil leak, you see, Mr. Frederic Lane, company examiner for the Board of Supervisors. Industry can save you 40 cents a day by allowing you to breathe cleaner air, you know. He submitted to Medical Examiner Dr. H. F. Beige in 1972: "If you want me to save money, just sign the item of pollution control and wear a mask and sit in the back seat, and we'll be on our way."

"They will probably rain down from the sky," Mr. Beige continued. Dr. H. F. Beige, the oil leaks. -- and the soot and smoke, as well as the rest of it."

"They will probably rain down from the sky," Mr. Beige continued. Dr. H. F. Beige, the oil leaks. -- and the soot and smoke, as well as the rest of it.

Dr. Lane was critical of what, he called "laboratory experiment," pointing the throttle at the "monstrous experimentalists."

"The average life expectancy in a city today is 10 years longer than it was in 1970," he said. People who lived beyond 40 had better think twice or else they'll be missed in 1973. Life continues to be".

"We'll just have to sign up," said Mr. Beige. "Dr. H. F. Beige" is an oil leak that was ignored until 1970. Life continues to be . . .

**Snipping continues**

**Bakersfield bashed**

"One look at the city, and you can see the city in the air," said Bakersfield's Mayor Sam B. Ritland. "But it's not just the air. It's the people, too. They're all so friendly. And there's something about the way they talk. It's like they're all speaking a different language."

But what Ms. Ritland doesn't know is that she's in the air, too. The city's air quality is so poor that even the Mayor herself is being negatively impacted. "I've been here for 20 years," she said, "and I've never seen anything like this."

**Arrivederci**

Rancho Verde and Desert City have been镜子 of each other ever since the city was founded. They have similar climates, similar industries, and even similar names. But Desert City has always had one thing that Rancho Verde never has: water.

**Prison reform urged**

After the prison riot that killed 15 inmates and injured over 100, Governor Shirey called for a comprehensive review of the state's prison system. "We need to learn from this tragedy," he said. "We need to make sure something like this never happens again."

**XXVTH Amendment follow-up needed**

With the XXVTH Amendment being implemented, Congress is faced with a new set of challenges. The amendment requires that women be granted the right to vote, but it also opens up a whole new world of possibilities for political participation. The question now is: how do we make sure that women are fully represented in the political process?
Gades after number three

OFF QUER
FOR KIGHTS

By FRED LENS

San Diego State College seems to be the surprise team of the Renegades. The team's young, dynamic offense has been stepping up big time, and the defense... (Story continues)

Will success spoil pologadates?

By JOHN BRYAN

There are many things that can go wrong for the Renegades, but the most common one is the quick start. The team usually starts off strong, but the defense is going to have to step up big time. The Pollogadates have shown that they are a strong team, but they have a lot more work to do. (Story continues)

Open season on camp cops

By JOHN MCIL

The College is going to be under new management in the next few months. The current management has been under fire for a long time, and it's time for a change. (Story continues)

Parking tickets:
Who needs them?

By FRED LENS

Parking is a big issue on campus, and the administration has been trying to come up with a solution. The college is going to be hiring more parking officers, and they will be enforcing the rules strictly. (Story continues)

Pollution budget goes up in smoke

By FRED LENS

The college's pollution budget has been increased, and the administration is looking for ways to reduce the amount of pollution on campus. (Story continues)

Two-day conference set on pollution

There are many things happening on campus, and the students are excited. (Story continues)
The Sports World

With the playoffs heating up, some teams are finding themselves in a tough spot. The New York Yankees, for example, are struggling to keep up with their rivals in the American League East. The team's performance has been inconsistent, with losses to their biggest rivals threatening to derail their playoff chances. With the season winding down, the Yankees will need to step up their game if they hope to make a deep run in the postseason.

The Drivers

In the world of motorsports, drivers are pushing the limits of what their machines can do. The Formula 1 season is in full swing, with teams racing to the top of the podium. Drivers like Lewis Hamilton and Sebastian Vettel are battling it out on the track, with each race bringing a new challenge. The race for the championship is heating up, and it will be interesting to see who emerges as the winner.

Recycling

In an effort to reduce their environmental impact, many businesses are turning to recycling as a way to conserve resources. Companies are investing in recycling programs and are encouraging their employees to reduce, reuse, and recycle. This shift towards sustainability is helping to reduce waste and is a positive step towards a more environmentally friendly future.

Noise Pollutes

Noise pollution is a growing problem in many cities around the world. The noise from traffic, construction, and other sources is affecting the quality of life for many people. Studies have shown that noise pollution can have a negative impact on health, with effects ranging from stress to hearing loss. As cities continue to grow, it will be important to find ways to reduce noise pollution and improve the quality of life for all residents.

State Money

Governments are facing a number of challenges as they work to allocate funds for various initiatives. The federal government is considering a new tax reform bill that could have a significant impact on the economy. States are also struggling to find ways to balance their budgets, with many facing cuts to important programs. As governments work to make difficult decisions, it will be important to consider the needs of all citizens and ensure that resources are used effectively.

Televisioning Guide

Television offers a wide range of programming options, from news and sports to entertainment and documentaries. With so much to choose from, it can be difficult to decide what to watch. By exploring different genres and channels, viewers can find something to suit their interests.

Newspaper Week

Newspapers are an important source of information, providing readers with news, opinions, and analysis on a wide range of topics. As the media landscape continues to evolve, newspapers are adapting to new technologies, offering readers more ways to access their favorite publications. With so much to explore, it's a great time to dive into the world of newspapers.
**Renegades say 'no deal' to El Camino's Hall & Company**

By FRED LEWIS

El Camino's Hall & Company is back in the courts after a ruling that the county was allowed to purchase land. Hall & Company had repeatedly tried to sell the land to the county for over $60,000, but the county was only willing to pay $33,800. The company, which is owned by El Camino's president, is now seeking a higher price for the land, which the county is not interested in. The land is a key asset in the county's plans for a new downtown extension.

**County report raps Fedway site purchase**

By FRED LEWIS and PETE DE ARNOLD

The county report criticizes the purchase of the Fedway site for the downtown extension. While the county had previously been considering the purchase of the land, it now appears that the county is no longer interested in the site. The report states that the purchase of the land is not in the best interest of the county and that the county should reconsider its plans for the downtown extension.

**Faculty has say on campus site**

By MARY LEADS and RAQUEL CANTU

The faculty has been given the power to vote on the proposed site for the new downtown extension. The department heads met with the faculty to discuss the proposed plan and to seek their input. The faculty was concerned about the cost of the plan and the impact on the existing campus.

**Campus picks bone with dogs**

By MARY LEADS and RAQUEL CANTU

The campus has purchased a dog bone for the students to enjoy during the fall season. The bone is made from high-quality materials and is designed to be durable and long-lasting. The campus has been receiving positive feedback from students who have purchased the bone and is considering purchasing more for the future.

**Fall Convocation slated**

By JULIET JONES

The fall convocation will be held on October 23rd. The convocation will feature guest speakers and will be open to all members of the campus community. The convocation is an important event for the campus, as it brings together students, faculty, and staff to celebrate the new academic year.

**KCCD assures**

By FRED LEWIS

The KCCD has assured students and faculty that the campus will continue to provide high-quality education and support services. The KCCD has been working to improve campus facilities and to enhance the student experience. The KCCD is committed to providing a safe and welcoming environment for all members of the campus community.

**Conference set**

By JULIET JONES

The conference on campus diversity will be held on October 23rd. The conference will feature guest speakers and will be open to all members of the campus community. The conference is an important event for the campus, as it brings together students, faculty, and staff to discuss the issue of campus diversity.
Public Transit in Peril

By ROBERT MAURER

There once was a time when the public transportation system in this city was reliable and efficient. People could rely on it to get to work, school, and other important places. But things have changed, and today the system is in peril.

The problem is that the system is underfunded and understaffed. The city has cut back on funding for transportation, and the operators are overworked and understaffed. The result is a system that is unreliable and inefficient.

People who depend on public transportation are being hurt. They are spending more time and money on transportation than they should have to. They are missing work and school because they can't get there on time. And they are spending more money on gas and maintenance costs.

The city needs to step up and fund the transportation system properly. They need to hire more operators and improve the system's efficiency. Otherwise, the public transportation system will continue to deteriorate, and people will continue to be impacted.

United Mexican Students

To initiate the charter, the United Mexican Students held a mass meeting in the Student Center on Tuesday night. The meeting was attended by over 100 students, and it was a resounding success.

The charter seeks to establish a United Mexican Students' Association, which will represent the interests of all Mexican students in the United States. The association will work to promote Mexican culture and to advocate for the rights of Mexican students.

The charter includes a preamble and a set of bylaws. The preamble states that the association seeks to "preserve and promote Mexican culture, and to advance the interests of Mexican students in the United States." The bylaws outline the organization's structure and procedures.

Pre-area V delegates meet at BC Saturday

Approximately 50 delegates from Pre-area V will gather at Boston College on Saturday to discuss and plan for the upcoming year. The delegates will discuss a wide range of issues, from student life to academic challenges.

They will also have the opportunity to network and build relationships with other delegates from around the region. The agenda includes workshops, panel discussions, and a social event.

This is Football?

Well, the Renegade Band is already ready to send you a football season's worth of material. The music is already being created, and the fans are already in a frenzy. Who's ready to hear some football tunes?

Alcohol Sampling For 18-year-old

It isn't too late for eighteen-year-olds and under to be able to drink legally in terms of age. However, the law is very strict about who can and can't drink.

So, if you're an eighteen-year-old and under, you can't drink legally. But if you're over eighteen, you can drink legally. It's important to remember that.

Feeling the Draft?

BC has counseling program

BY JOHN DANDO

The Renegade Band is playing a new song called " Feeling the Draft." This song is a response to the recent news about the possibility of a draft being reinstated.

The band decided to write this song as a way to address the concerns of those who are worried about the possibility of being drafted.

Sinatra sings praises of band

"The Miser" opens

By JOHN W. BLOOM

Sinatra has been a fan of the Renegade Band for a long time. He even made a cameo appearance in one of their music videos.

Recently, Sinatra paid a visit to Boston College to show his support for the band. He attended a concert and even gave a speech to the students.

Crisis Center holds "Hotline" Classes

BY JOHN HUGHES

Several classes on how to deal with crisis situations have been held at Boston College. These classes are open to anyone who is interested in learning more about crisis management.

The classes cover a variety of topics, from how to handle a crisis in the workplace to how to manage a crisis in personal life.

Alcohol Sampling For 18-year-old

BY JOHN ROSS

A new alcohol sampling campaign is being held for eighteen-year-olds and under. The campaign is open to anyone who is over eighteen and under.

The campaign will provide samples of different types of alcohol to those who are interested in trying a new type of drink.

Also: Champion National Motocross, Sat. Oct. 16.

BY JOHN MURPHY

The Champion National Motocross event will be held in Boston on Saturday. The event will feature some of the best motocross riders in the country.

The event will include races, races, and more races. It's a great opportunity to see some of the best riders in action.

P.S.: The event will also feature some of the best food in the country. Make sure to stop by and try some of the delicious cuisine.
Water polo –
FACT OR FICTION?

No pigeon in the picture.

Water polo, once an overly suggested to any student of the Greater Los Angeles Ex-Students Association, would have a reputation for being a sport that featured only the strong and the skilled. However, in the last two years, water polo has seen a resurgence, with teams from around the area joining in and gaining recognition.

Many former water polo players report that the sport is now more accessible than ever, with local clubs and teams providing opportunities for anyone interested in giving it a try.

To join a team, interested individuals can contact local clubs such as Bakersfield Water Polo Club or inquire about opportunities at local schools and universities. With proper training and dedication, anyone can develop the necessary skills to enjoy this sport.

Karate club: Students Come to Blows

By SARAH TUCKER

It’s 9 A.M., and the Buena Vista Karate Club’s regular training session is underway. The group, consisting of students from various grade levels, is gathered in a spacious room, their faces serious as they prepare to perform their routine.

Under the guidance of instructor Mr. Lee, who has been teaching karate for over 10 years, the students are practicing various moves and stances. They move with purpose and precision, their bodies in sync with the music playing in the background.

Mr. Lee emphasizes the importance of discipline and dedication in mastering the art of karate. He encourages his students to practice regularly and to apply the principles of discipline, focus, and self-control both on and off the mat.

After the training session, Mr. Lee reflects on the progress his students have made.

“With continued practice and perseverance, I have no doubt that these students will continue to improve and reach their full potential in karate,” he says.

History in the making!

By TERRELL V. WILSON

Great numbers of people are on the move today as they prepare for the upcoming spectator games. This year, the commemorations are expected to draw thousands of onlookers.

The events are being held in honor of a historic milestone, marking the 50th anniversary of a significant achievement. The celebrations will feature performances, exhibitions, and other activities to highlight the importance of this occasion.

Through passionate speeches and dramatic reenactments, the story of the accomplishments will be told, inspiring future generations to follow in the footsteps of those who came before.

The day is expected to be filled with excitement and enthusiasm, as the community comes together to recognize the legacy and contributions of those involved in this significant event.

**Menu now calls for Catch-up**

By JIM LEWIS

The administrators at Bakersfield College have decided to change the athletic director's name to a new one: "Catch-up." This move is part of a larger initiative to improve the college's overall performance, especially in the area of student retention.

**Pollogade get a hold of Hancock**

BY JIM LEWIS

The Pollogades have managed to secure a tie against the opposing Hancock team. The game was marked by intense competition, with the Pollogades managing a final score of 3-3. "We're in it for the long haul," said team captain Mike Pollogade, "and we're not giving up until we've made our mark on this campus." The Pollogades' next match is scheduled for next week, and fans are encouraged to come out and support their team.

**New format planned for Homecoming**

By PERRY SEARS

The Homecoming committee has announced a new format for this year's event. Instead of the traditional parade, a series of flash mobs will be held throughout the campus, incorporating student groups and organizations. "This will be a fun and exciting way to celebrate our students," said committee chairperson Linda Homecoming. "We're looking forward to seeing everyone out and about." The flash mobs are scheduled to take place on October 22nd, the day of Homecoming.

**Handicapped students ask for equal opportunities**

A group of students with disabilities has called for the college to implement policies that ensure equal opportunities for all students. "We should be able to access the same resources and opportunities as everyone else," said Jennifer Handicapped. "It's time for action." The college administration has promised to look into the matter and make changes as necessary.

**Debate continues on Fedway**

The debate over the future of Fedway continues as the Student Senate and the administration clash over the fate of the campus center. The Senate has proposed closing Fedway due to budget constraints, while the administration argues that it serves an important role in the campus community. "Fedway is a vital part of our campus," said Senator Mark Debate. "We can't afford to lose it." The debate is expected to continue in the coming weeks.

Convocation: Cohen relates first-hand Perspective of drug problem

Drugs Topic of Convocation

By JACKSON HUTTON, Staff Writer

Dr. Allen V. Cohen, world Harvard professor and noted psychiatrist, spoke at the Fall Convocation on Thursday morning, appealing to students to do their part in the battle against drug and the Yerkes Center's problem. A major theme of the lecture was the importance of preventing drug use in the modern world. The lecture was attended by a large crowd. Cohen also emphasized the need for a more comprehensive approach to drug problems, including education, treatment, and prevention.

Harrier aces in Ryan mold

By ROBERT COX

Rip $20,000 for the very first time, and then get out of there. Nobody is going to tell you why. But, you know, you can't argue with that. The Noriega's is a great place to hang out and have a good time.
By FRED LEWIS

GEORGE PAUL, McFarland's all-time leading scorer, had three two-pointers in the first half and added a three-pointer at the free throw line in the second half to lead the Bobcats to a 75-69 victory over St. Mary's. Paul led all scorers with 21 points. McFarland was able to take the lead early in the first half and never looked back. Paul had been one of the key players for McFarland in recent games and was expected to lead the team to victory.

McFarland will now face off against a tough opponent in the next game. The team is currently ranked number three in the region and will need to continue their winning streak to remain in the top tier of the standings.

For more updates on the McFarland Bobcats, visit their official website or follow them on social media.

**Will Pierce's Harmony be out of tune?**

By FRED LEWIS

Woodland Hills, CA - Pierce High's Will Pierce is a force to be reckoned with on the court. The senior guard has scored over 1,000 points this season and is considered one of the top scorers in the state. However, Pierce's recent performance has left some fans questioning his play.

In their upcoming game against Santa Monica High, Pierce will look to lead his team to victory and quiet the critics. The game is set to be an exciting one, with both teams vying for the top spot in the league.

Will Pierce's performance will be the deciding factor in the outcome of the game.
