Class poll reveals 2/3 reject gays

By JANCIE BLAACK

Do you think homosexuals on the Bakersfield College campus should be allowed to form a club? If you say yes, you're not alone. A majority of the students, according to the latest trustee poll, think homosexuals should be allowed to form a club. The poll was conducted by telephone, and 2/3 of the students polled (696) said they favored allowing homosexual students to form a club. The remaining 1/3 (277) said they were opposed.

The poll was conducted by the Board of Trustees, and the results will be presented to the Board of Trustees at their next meeting.

Mr. Blaack, a representative of the college, said, "This poll was conducted to determine the feelings of the student body on this issue. The results will be presented to the Board of Trustees at their next meeting."
