ASB budget re-looked upon by Board of Reps and others

ASB budget re-looked upon by Board of Reps and others

By MARK KAPLAN

A special meeting of the ASB budget committee was held last week to discuss the budget for the 2015-16 school year.

Needless to say, the meeting was contentious.

The meeting was held in the Board Room and was attended by all members of the ASB budget committee.

At the meeting, members of the ASB budget committee discussed the proposed budget for the 2015-16 school year.

The proposed budget included significant cuts to the ASB budget, which was already low.

At the meeting, members of the ASB budget committee also discussed the need for additional funding to support the ASB budget.

Second glance at second man

With the confirmation of unrepentant Gerald Ford as the new president, it is particularly true to re-evaluate the way that small group in Congress, known as the "poor little republicans," could have possibly intervened in the whole Watergate fiasco.

All this is a story that has been played out in a sort of detached, impersonal manner, too detached and impersonal to be the sort of story that the American public expected to be given. And certainly, Ford had enough credibility to do his job and govern, but he was being used to make the story more exciting.

Senator Robert J. Byrd, Democratic minority leader, acknowledged as much in his Washington Post column.

"We're not looking for a major revolution," Byrd said. "We're looking for a minor revolution." But no one was looking for that.

A year ago, the whole Watergate revolution was engulfed by the story. But now, the story is being played out for a second time, this time with Ford as the new president.

The new president is not only a poor little republican, he's also a poor little rich man.

Byrd's column appeared on page 28, the same day that the House of Representatives voted to impeach Nixon. But the story was not about that. It was about Ford.

So perhaps Ford is just another poor little republican, a poor little rich man who is going to make a poor little revolution.

Society reflected in ads

Some of society's most basic assumptions are reflected in the ads that appear in the New York Times. One assumption is that men are always right and that women are always wrong. Another is that if a product costs more, it must be better. And yet another is that if a product is advertised, it must be useful.

These assumptions are not always realized in the ads themselves, but they are certainly reflected in the way that the ads are presented.

The Redgale didn't meet their football season on a sour note by way of a disappointing 38-35 loss to Long Beach. The Gades were trailing, 29-3, at 17 seconds left in the game a touchdown pass put the lid on the coffin. Coffins is an aggregation sound heard on the LBC campus assembled in English majors with a Franklinist able to think in the dark. It's quiet at offensive show and although the Gades came up short, it is still quite exciting. Nothing to be ashamed of, Gary Collins. This was a rebuilding year and a 6-4 record would be missed by most coaches on a season when some of your goddesses are freshmen.

Coc filled up on two things over last week's holiday period--Turd and football. The leisure element, of course, that I can't just get enough of. Sure got tired of turkey. ABC had, without a doubt, the finest lineup of college football ever to be shown on a holiday weekend. LSU-Arkansas was a Thanksgiving day classic. I knew it would be. Kind of liked the LSU but the Tigers chocked and the Tide just kept rolling along. Oklahoma-State were the way it was thought it would, but Saturday was surviving Michigan (at Ohio State) 10-0 and I was telling the Buckeyes had the better team. Apparently Big Ten representatives thought the same as they won Ohio State into the Rose Bowl. Just wish Michigan didn't get the nod once they lost this quarterback with a broken collarbone. Last little touch on the West Coast struggle when USC whipped UCLA in a tremendous upset in my book. Oh well, same two teams in the Rose Bowl this year--for Anthony Davis and the same outcome.

Notes I didn't even mention Art and his hith. As Bili Fleeting so reliably reminded viewers that the Albuquerque Sun was covering the Sugar Bowl on New Year's Eve could very well be for the national championship. I thought that Notre Dame really had a "rough" year. All they play, with the exception of Ohio State, is mediocre teams. Apparently Edward Alwyn of Chicago had the same feelings. In a letter published in November 26 edition of Sports Illustrated Alwyn wrote "Sir: My congratulations to Notre Dame. Once again they have overcome a viscious one-gallon utility."

Swim meeting Dec. 5

It may be a bit nippy for swimming this time of year but there is no harm in thinking about the season.

In lieu of this fact swim coach Jim Turner has announced a meeting of the Inter-Collegiate Swim Team on Wednesday, December 5, 1973 at 3:00 p.m. Coach Turner urges anyone interested to attend the meeting that will discuss plans for the coming season.

Milt Henderson warns up on the eve of the BC Invitational Tournament. Henderson averaging 19.7 points a game and leads the team in assists. Forward with the Gator EB star in a blossom attack couldn't handle the Redgale sharp-shooters and eventually surrendered to an 83-74 setback with 19-Kaye Smith had 16 and Gary Fair 14. Ed Hollenbach had 13 attempts.

Rockey became the second victim of the Redgale machine last Friday in BC's home debut. The Redgale jumped out to a 10-2 lead and went on to play fast break basketball for an incredible 110-10 victory. Ed Hollenbach scored the thirteenth point from a variety of locations and mostly because of Wayne Smith's 31-points and several spectacular assists from Bob Proctor, the Gades made easy work of the Rockey fine. Playing their second game in as many nights, the Redgale traveled to Vermont and promptly won their third straight, Vermont, playing similar West Bank, (like they were doing volunteers in a hospital attack) couldn't handle the Redgale sharp-shooters and eventually
