Light turnout fails to dim conference
Circle K continues to bar females from membership

Lately there has been a lot of buzz about the group Circular K of Bakersfield College. Rumors about the membership expansion of Circular K have been going around campus for the past week. The College Office of Student Affairs, however, has told the student body that Circular K will not be expanding its membership this year.

But who cares, you ask? Circular K is just a club of the many others on campus that exist to promote social activities. There are other clubs that do not have such restrictions, but why is Circular K so special?

The question of Circle K's exclusion of women as members has been ongoing for several years. The club has always maintained that it is a men's club and that it is for the benefit of men's interests. This policy has been upheld by the club's constitution, which states that the club is for the benefit of men's interests.

One of the reasons for this exclusion is that women have traditionally been excluded from the club's activities. The club has always been a male-only club and has been known to exclude women from its activities. This has been a source of contention for years, with many women expressing their discomfort with the club's policies.

One of the arguments against the club's policies is that it is discriminatory. Many women have expressed their discomfort with the club's policies, and have called for the club to be banned. However, the club has remained strong in its beliefs and continues to discriminate against women.

In conclusion, the exclusion of women from the Circle K club is a problem that needs to be addressed. The club's policies are discriminatory and need to be changed. The club should take steps to ensure that all students are welcome and that its activities are open to everyone.

Six-game losing streak shaken off by Pologades in tourney win

By KAREN ANDERSON

A & C's losing streak for the past two years was shaken off last week as the Pologades defeated the North California Junior College, 28-14, and qualified for the first time ever for the CCCAA State Tournament.

Bakersfield College results from FRIDAY, OCTOBER 4, 1974

Renegade's Tom Drake kicker with a purpose

By KAREN ANTHONY

Tom Drake was a little all right in high school. He was captain of both the football and soccer teams. But one thing was sure: he didn't want to play college football. He wanted to play soccer. After talking to his parents, they agreed he should try college football and soccer. As a result, Drake became a star at college and became a kicker for the Renegades. But in the end, he didn't do as well as expected.

Polio hits down FCC for second straight win

By KAREN ANTHONY

FCC had a hard time against Harriers in tough, double dual meet at Long Beach.

Gade gridders face Dons before entering Metro race

Supporting a 4-1 record and coming off their win against the young men, the Renegades, led by Tom Klein, took on the Fresno College. Klein kicked the winning field goal for a 37-20 victory.

Tom Klein's kick made it 17-14 for the Renegades.

Harriers in tough, double dual meet at Long Beach

The Renegades have not played well against the 4-1 Harriers. The Harriers have a high school record of 9-1 and have defeated the Renegades twice in the last three games. However, the Renegades have won the last two meetings.

It's the real thing, Coke.

Collismen 5-0 after pre-league: open Metro against Pierce Oct 26

By Brian D. Coleman

Gary Cole's Renegades on this week playing for the first time, Gary's goal was to prepare the team for the upcoming season. Cole explained that the team was ready to make a statement against Pierce.

Bakersfield College had the edge in the first half, with an early goal by Matt Takahashi. The Renegades continued to dominate the game, scoring a second goal by Mike Gonzalez early in the second half.

Opening the second half with one goal already, the team continued to press, scoring a third goal by Mike Gonzalez. The Renegades continued to dominate, scoring a fourth goal by Matt Takahashi late in the second half.

The game ended 5-0, with the Renegades looking good for the upcoming season.

Women's volleyball drops opening contest to Reedley College

Women's volleyball dropped its opening game of the season to Reedley College on Tuesday night.

The Renegades were downed by Reedley College 3-0, with scores of 25-23, 25-20, and 25-14.

The game started well for the Renegades, with the first set tied at 15, but Reedley College went on to win the first set 25-23.

The second set was also tight, with the Renegades leading early, but Reedley College went on to win the set 25-20.

The final set was the easiest for Reedley College, as they won it 25-14.

The Renegades will look to bounce back when they host City College of San Francisco on Friday night.
Equal equality advocated for all Americans

I am an American. The blood of 16 million ancestors flows through my veins, through my children, through my grandchildren. I am a citizen of the United States, a nation that has always been a leader in the struggle for freedom and justice. But we have a long way to go to achieve true equality for all Americans, regardless of race, gender, sexual orientation, or any other factor.

Our country was founded on the principle of equality for all. But unfortunately, we have not lived up to that ideal. Today, many Americans still face discrimination and inequality. We must work together to create a society where everyone is treated with dignity and respect, regardless of their background.

Equal rights for women

Women have made great strides in their fight for equality. Today, women can vote, hold public office, and pursue careers in any field they choose. But there is still work to be done. Women are still paid less than men for doing the same work, and they are underrepresented in leadership positions. We must continue to fight for equal pay and representation.

Equal rights for minority groups

Minorities have also made progress in their fight for equality. But they still face discrimination and inequality. We must continue to work towards ending discrimination against African Americans, Latinos, Native Americans, and other minority groups. We must ensure that all Americans have equal access to education, employment, and housing.

We must also work to end the systemic racism that has led to the perpetuation of inequality. We must hold accountable those who perpetuate it. We must also provide resources and opportunities to those who have been marginalized by it.

Equal rights for the LGBTQ+ community

The LGBTQ+ community has made great strides in their fight for equality. Today, same-sex marriage is legal in all 50 states, and many states have enacted protections for LGBTQ+ individuals. But there is still work to be done. We must continue to fight for equal rights for the LGBTQ+ community, including access to healthcare, housing, and employment.

Equal rights for all Americans

In conclusion, we must work together to create a society where all Americans are treated with dignity and respect. We must continue to fight for equal rights for women, minorities, the LGBTQ+ community, and all Americans. We must ensure that everyone has equal access to education, employment, and housing. We must hold accountable those who perpetuate inequality, and we must provide resources and opportunities to those who have been marginalized by it.
Anthem ruined at series game

by Milie Travis

Now that we've had the Los Angeles Dodgers win their first game of the 1974 season, when they beat the Giants in the record crowd at Dodger Stadium, the Giants are starting to look more vulnerable than ever to the Los Angeles Dodgers. The Giants' 1-0 victory in this game against the New York Mets, a team that has been struggling all season, shows just how far the Giants' win went.

The Giants' victory was the result of a solid pitching and hitting performance by their starting pitcher, Bob Baur. Baur held the Mets to one run in six innings, allowing only five hits. He also struck out three batters and walked none.

The Giants' only run came in the second inning when pinch-hitter Mickey Klutcher hit a solo home run off Mets reliever Dan Warthen. The Mets, who had been struggling with their offense all season, managed only six hits against Baur.

The Giants also got good performances from second baseman Edigin and shortstop Curt Flood, who each had two hits.

The Giants are now 4-1 for the season and seem to be building some momentum. They will face the San Francisco Giants in their next game, which should be a good test of their ability to continue their winning streak.
