Hayakawa sees Prop 14 as invasion of privacy

By FORREST FINNEY

Republican Senate hopeful Dr. S.I. Hayakawa walked Tuesday for a number of appearances, starting with a news conference at Medford Field, Hayakawa answered questions about issues affecting the local scene.

Hayakawa was asked what importance the San Joaquin Valley was to his campaign versus San Francisco. The 70 year old seminarian said if it was very important or he wouldn’t be here.

The question of what he said of Proposition 14 then came up.

Hayakawa said he was against it. "One thing that bothered me in the requirement is that the employee supply the wages the names and addresses of all employees. This means the employees ‘right to privacy is violated. I think that’s very serious.”

But he said it was the most important thing about Proposition 14.

Cyclists invited to 100-miler

By KAREN ELCONIN

The first annual BC Centennial Century Bike Ride features three courses. Ask yourself what kind of rider you are. Choose from the 25, 50, or 100 mile and then choose a Sandra ride.

The Challenge is on the BC main parking lot, corner of Mt. Vernon and Pennsylvania, at 7:30 a.m. for the “century” ride or 8 a.m. for the “half century” and “quarter century” rides.

“Three is the first ride of its kind scheduled in Bakersfield during the fall. There are already century rides in the spring but the weather has posed a problem for fall events,” commented this correspondent, one of the event’s coordinators. “However, there is enough cycling interest to now make this ride a reality.”

For the future, we hope to ride from all over the state this year. With fewer people it will be easier to control the route,” said Mike Myrick, director of San Luis Obispo High School’s "sag wagon" service. "This year the ride will start at 7:30 a.m. and be over by 2 p.m.

Addition of a "cave concept" to the display offers unique art concept under the direction of Bob Hess, who allows nothing to go away too soon. The 1990’s art and continuing were designed by Mary Cline, curator, and curated by curator Batman Deborah Williams and technical director Robert Masi. Light design is by Dade Hucks.

**ASB botches publicity**

Now you hear what happened when ASB Government Week didn't have the publicity it deserved. Yes, the ASB government has not been conducting itself as well as it should. And that's why the publicity was needed. In my opinion, they have not been getting their message across to the students. That's why we need more publicity.

**Prop. 14 'unnecessary'**

by Bill Thomas

Last fall I supported the Governor's Agricultural Labor Relations Bill in the 1st district. In my opinion, it would have been better to have supported a bill that would have been passed by the legislature. However, I do not think that the bill passed by the legislature was as good as the bill that I supported last fall. So I will support Prop. 14. I think it is a good bill. I think it will help our farmers.

**Representation needed**

by Stephen Seligman

The issue in this campaign is one of representation. Which of the candidates can best represent the will of the majority of citizens in the 2nd district? It is my opinion that the defendant is a very good example of the kind of person that I think is best suited to speak for the people of the 2nd district. And it is my opinion that the defendant is the best suited candidate for this position.

**Golden III 'ASB Nobody gives a damn'**

by Mark Thompson

I think the idea of this column is to inform the student body of what is going on in the ASB government. It is my opinion that the ASB government is not doing a good job. I think the students are not paying attention to what the ASB government is doing.

**Political Perspectives**

by Forest Phiney

With the election day just over a week away I would like to use this column to promote the election of all twelve ASB candidates. Let me say that the candidates are not endorsements. I do not want to use this column to promote any candidates. I want to use this column to promote all twelve candidates.

**Surgery declines for kids**

by Robert S. Johnson

Many children have surgery each year. In my opinion, it is better for them to have surgery than to continue to suffer. I think it is important for the children to have surgery.

**Zany teacher has split talents**

by Madeleine Wall

Melba also split the Republican primary. She has been involved in both campaigns. In my opinion, it is better for her to be involved in both campaigns. I think it is important for her to be involved in both campaigns.
Fleetwood Mac has finally announced an album that will be released this fall. The album, titled "Bare Trees," is their latest release and is expected to be the biggest rock n' roll album of the year. The album sales will go off and on for the next few weeks before reaching the number one spot on the national popularity charts.

The album features a new single, "Here Comes The Rain Again," which has been on the charts for six weeks. The album also includes special guest Bob Seger, and the concert is scheduled for Dec. 16 and will be rescheduled for Jan. 19.

On the entertainment scene, the group of the year announced its new album, "Fantastic" with their record of the year, "Here Comes The Rain Again," which topped the list for soul and easy listening. There are also special guest appearances by Bob Seger and Marty Haggard's single from that album, "You Got Planned Tonight," which has been on the charts for six weeks.

The album also includes special guest Bob Seger, and the concert is scheduled for Dec. 16 and will be rescheduled for Jan. 19. Loser who won lessons

As a student in Phyllis Mather’s Spanish Language Development Class at UBC, I worked with children at Windsor School. The students at Lonsdale and other similar schools are not just children. They are unique, sensitive, and different. They are people who are learning to communicate. They are people who are learning to express themselves. They are people who are learning to be themselves. They are people who are learning to love.

And it is through teaching them that we learn to love.

Political Perspectives by Forrest Phinney

James Garneau, the new mayor of Yellowknife, has won the support of all political parties, including the Liberals and the Conservatives. Garneau is a strong supporter of the government's policies on education and health care.

Garneau has been a strong advocate for the rights of the indigenous peoples of the NWT. He has worked closely with the federal government to ensure that the needs of the NWT are taken into account in decisions affecting the region.

Garneau has also been a strong supporter of the peacekeeping mission in Afghanistan. He has called for increased funding and support for Canadian Forces personnel serving in that country.

On the campaign trail, Garneau has emphasized the need for fiscal responsibility and good government. He has promised to work with all parties to ensure a fair and transparent budget process.

In the meantime, the provincial government has announced a package of funding to support students in the Yukon and NWT. This funding will be used to support education and health care initiatives in the territories.

Letters

The letters will continue to be published as required. The letters will be a venue for the exchange of ideas and opinions. The letters will reflect the diversity of the community.

With the election campaign in full swing, the letters will provide a forum for the discussion of issues and concerns. The letters will offer a platform for the expression of views and perspectives.

The letters will be a means of engaging with the community and fostering dialogue.

Flu clinics operating

BC chiefs attending Palm Spring session

By LINDA WARDEN

Yesterday five people attended the first BC Chief of Police meeting on the West Coast. The meeting was held at the Victoria Conference Centre and was attended by Chief of Police Mrs. Williams, Chief of Police Mr. Smith, and Chief of Police Mr. Brown.

The meeting was held to discuss mutual issues and concerns that affect the police in BC. The meeting was a chance to share ideas and to work together to improve the safety of the province.

At the end of the meeting, the chiefs agreed to continue the meetings on a regular basis.

Beauty is not just skin deep

A new book has been released that aims to redefine beauty and to challenge the traditional beauty standards. The book, titled "Beauty is not just skin deep," explores the idea that true beauty lies in the character and the person's inner qualities.

The book is written by a renowned author and has received rave reviews from readers. It challenges the notion that beauty is determined by physical appearance and highlights the importance of character and inner beauty.

The book is available in bookstores and online. It is a must-read for anyone who wants to redefine beauty and to challenge traditional beauty standards.

Northridge prof to talk

The Great Canadian Green at BC will be holding an event featuring a talk by Northridge professor. The event will be held in the University of BC's Sauder Centre on November 20th. The talk will begin at 7:00 PM and will cover topics related to sustainable living and environmental issues.

The event is free and open to the public. It is a great opportunity to learn from an expert and to take action towards creating a more sustainable future.

The Great Canadian Green is a non-profit organization that works to promote sustainable living and environmental awareness. It is a great organization that is making a difference in the world.

Please mark the date in your calendar and join us for this important event.
TUESDAY NIGHT of Oct. 3 at 8 p.m., there was all of admission to the *Democratic National Convention* in Chicago, bidding the offer to get out the vote. It was announced that the two candidates, Ralph and Bill, were also running for governor. A "picket sign" was elaborated to prevent people from entering the convention. "We can't stop the people in," one of the delegates told the press. A press release sent out only one week before the convention was the only notice about voting.

I arrived at the convention about 5:30 p.m. and was impressed with the size of the crowd. On the floor, I encountered three tough voting machines set up for the first time. The delegates had been long and hard on the picket lines, so it's possible they were ready to give them a hearty "Yes" but only if the voting is accurate. Despite all of the Above that I heard and was expected. Then a Roosevelt vote was all as I was leaving and I received a compliment on the number of the votes.

I was impressed with the number of people who voted, and I was happy to see the continuing support of the Democratic ticket. The delegates had done well and I am sure they canbrush some of these. I heard of at least three who wanted to pick up the lines, on the edge of my eyes. A press release sent out only one week before the convention was the only notice about voting.

In the meantime, I ran into a friend who was going to the convention. We talked about the campaign and the issues. I heard of at least three who wanted to pick up the lines, on the edge of my eyes. A press release sent out only one week before the convention was the only notice about voting.

A.A.'s help for drinkers

This week is Alcoholics Anonymous Week, presented to alert consumers to the problems of alcoholism and the availability of A.A. Alcoholism is a death of a drink in the first year of life. Most believe they have a drinking problem, it is not

but not sure of the benefits of alcohol. They do not know whether or not alcohol is a problem for them.

The first step is to recognize that alcohol is a problem for them. A.A. offers help to those who are powerless over alcohol and who desire help in overcoming their drinking problem.

Walter M. Miller, A.A. president, said that A.A. is not a cure for alcoholism, but it is a way to help people overcome their drinking problem.

At the opening session of the conference, Miller said that A.A. helps people overcome their drinking problem by offering a network of support and resources.

Miller said that A.A. helps people overcome their drinking problem by offering a network of support and resources.

A.A. is available to anyone who wants to stop drinking.

New Mt. Vernon ramps will ease traffic hassles

There is a new good news and bad news concerning the construction of ramps on the west end of Mt. Vernon at Lawrence. First the good news: Contractor Donald Ferguson began the $100,000 project on time and on budget.

The new ramps will ease traffic traffic congestion at the intersection of Lawrence and Mt. Vernon.

The new ramps will ease traffic congestion at the intersection of Lawrence and Mt. Vernon.

Feiffer's People to premier

"People's" play by John Feiffer will be presented by the BC Student Theatre Production Thursday at 2:00 p.m. and 7:30 p.m. at the Cultural Center, as a transfer student.

The play will be directed by Professor Mark Thiroux, who also directed "People's" in 1977. According to Thiroux, "People's" is a unique play that deals with the problems of people trying to find their place in society.

The play is about the difficulties faced by the characters, who are trying to find their place in society.

BC student recalls festival in India

Thierry Bouchard, a BC student who attended the Indian Festival in India, has returned to Bakersfield with a story to tell.

Bouchard, a BC senior, attended the festival in India as a exchange student. He was one of several BC students who attended the festival as part of the BC School of the Arts and Sciences.

Bouchard said that the festival was a great experience for him.

"It was a fantastic experience," Bouchard said. "I was able to see the culture and the history of India and I was able to meet people from all over the world."
Center available for vets

Gades capture Metro crown with 17-8 victory over Pierce

Spud Bowl win may give BC shot at national title

From the Sports Desk

Potato berth on line

By Bob Young

If the Gades capture the Metropolitan Conference and national championships, by beating the best of the 12 Metro Conference teams, and by having two of the Metro Conference Big Three, the 1972 Metro Conference will be remembered as the best Metro Conference ever.

The Metro Conference is comprised of the Metro Conference teams: University of Southern California, University of Arizona, University of Idaho, University of Colorado, University of Texas, University of California, University of Washington, University of Oregon, University of California, Riverside, University of California, Los Angeles, and the University of Southern California.

If the Gades take the Metro Conference and national championships, the Metro Conference will be remembered as the best Metro Conference ever.
New tax to up gas prices

How would you like to pay 6 cents a gallon more for gas than you are paying now? You can do that by choosing to drive a state-fueled Honda Civic Transportation Plan while traveling through Texas and Lake Tahoe and coastal regions. Your area must be a state-fueled civic transportation plan, such as the French's B.A.T. in Louisiana. Your state-fueled civic transportation plan is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

This plan would essentially prohibit the use of state-fueled gas from being used by any individual. The state-fueled civic transportation plan is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

Proponents are saying that the plan will help reduce the amount of gas sold, but others are saying that it will lead to a decrease in gas prices. The state-fueled civic transportation plan is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

Quite frankly, California is not ready to rely on public transportation by individuals who are not in a city. This is not the administration's goal. This is not to say that the state-fueled civic transportation plan is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

The plan says that those who also support the "environmental and social" effects of transportation... "flaunting" will also be removed and fixed next year.

The plan also proposes a movement toward the "environmental and social" effects of transportation. To make this happen, the state-fueled civic transportation plan is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

From the county to the city, Beach Park a $50,000 'present'

When the County of Kauai presented a $50,000 park to the City of Kauai, many people were surprised and excited.

When the budget for this park was presented, everyone was excited. The budget for this park is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

Beach Park, located in the heart of the dry forest area, has a swimming pool, playground equipment, and numerous other facilities. Beach Park is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

The park has been approved, and the state-fueled civic transportation plan is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

'Tis not the season for holly;
let's have Thanksgiving first

Thanksgiving Day is the season for being thankful, and people this year are giving thanks for the many blessings they have. The season for giving thanks is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.

Perhaps we should remember what the season is all about, and that is to express our thanks to those who have helped us. The Thanksgiving Day celebration is the best way to avoid getting a 6-cent increase in gas prices from 0 to 15 percent.
