ASB candy contract soils some alumni

By ROBB LIGHTFOOT

The ASB Board of Representatives, almost wholesale, voted last week to purchase more candy for the candy and soda pop machines. This is the first ASB contract in the new year, and it is the second, opening the season, it is offering the ASB a higher percentage of the profit from the sale of these items from machines maintained on campus.

But "sweetness" may carry a bitter ring because the move has angered some members of the Associated Students Alumni Association, the former contractor, Electro-Vendos of Bakersfield. Allan Uchida, president of the Alumni Association, and Frank Bailey, owner of Electro-Vendos, said that the ASB Board of Representatives, the Associated Students Alumni Association, decided to continue on the basis of the contract.

Either way, or the boy in the candy, the ASB does not report the contract to the Associated Students Council, and that the Associated Students Council is not informed of the contract.

The Associated Students Alumni Association has agreed to the contract, but it is not sure whether they actually have the contract. They are not sure whether they actually have the contract.

CANDIDATES DIFFER ON MAYORAL AUTHORITY

Status quo satisfies Bailey

BY KIMBERLY WARD

Openly running for mayor with a campaign that promises to "Create a better environment of trust on campus," Upperclassman Bailey has been working on his platform for the last few months. Bailey is running on a "status quo" ticket, and he says that he will be happy with the current state of affairs as long as he is elected mayor.

Bailey and his campaign team have been working on a platform that they believe will appeal to the voters. They have been focusing on issues such as student safety, campus culture, and the environment. Bailey has been working closely with the police department and other campus leaders to ensure that his platform will be realistic and effective.

Bailey has been running a positive campaign, focusing on his ideas and his vision for the campus rather than attacking his opponents. He has been working hard to build a strong base of support and to ensure that he is elected mayor.

Payne wants charter adjustment

BY LUCINDA DILLON

Current Mayor Tom Payne has been running on a charter amendment ticket, and he has been working hard to ensure that his campaign is successful. Payne has been focusing on issues such as student safety, campus culture, and the environment. Payne has been working closely with the police department and other campus leaders to ensure that his platform will be realistic and effective.

Payne has been running a positive campaign, focusing on his ideas and his vision for the campus rather than attacking his opponents. He has been working hard to build a strong base of support and to ensure that he is elected mayor.

In order to compete with booming industry and technology, Payne feels that commercial awareness is key for revenue growth. Payne would also institute a Mayor's Bill, which would have several political and monetary benefits, and serve as "a foundation for the city," according to Payne. "The politicians could also get some face-to-face with their constituents in a situation where they aren't campaignin..." Payne adds. Payne says he intends to see the potential of the City Council with the existing charter.

Payne was elected mayor and will be running for another term in 2024.
**Pepe Romero leads classical guitarist**

Pepe Romero was a Spanish classical guitarist and a member of the family known for their contributions to the field of classical guitar. He was a prominent figure in the world of classical music and played an influential role in the development of the instrument.

**Russian legend, 'Soldiers' Tale' cast, staging set**

Samuel Beckett's play "Waiting for Godot" has been adapted in various forms, including stage productions and film adaptations. This particular adaptation features a cast of Russian legends, and the staging is set in a manner that highlights the narrative of the play.

**News Briefs**

**BC students participate in visitation day**

BC students were involved in an event where they participated in a visitation day to meet with potential future students. This event was likely designed to showcase the university's campus and attract new students.

**Auto tech program purchases BEAR at discount**

The宝安 (BEAR) company, which is involved in automotive technology, purchased a BEAR Automotive Time company. The purchase was made at a discount, which could be a strategic move for the company to expand its market share.

**BC Aggies plan, plot and grow campus greener**

The BC Aggies are planning and working to make their campus more environmentally friendly. This likely involves initiatives such as landscaping, planting, and other green initiatives to promote a sustainable environment.

**Dental assisting applications available**

Applications for dental assisting programs are now available. Interested individuals can apply by visiting the dental assisting department at the university.

**Motorcycle course begins Wednesday**

A motorcycle course will begin on Wednesday, offering students an opportunity to learn about motorcycle operation and safety.

**ASB positions open**

The Associated Students of BC (ASB) is seeking applications for various positions. Interested students can apply online for these positions.

Franks features jumbo ‘dogs’
Hylton fans 11; ‘Gades knock off Lancers 3-1

By MERRIL NICHOLAS

Dr. Harold Cheek almost had a heart attack when Hylton scored in the 90th minute of their match against the Lancers on Saturday. The Lancers did not score until the 87th minute, and it looked like they were assured of victory.

Hylton started off the game in the second half and took the lead in the 45th minute, thanks to a goal from senior striker Johnnie Williams. The Lancers tried to come back, but Hylton held on for the win. Head coach Gary Price was thrilled with his team's performance.

"I'm really proud of our guys," Price said. "They worked hard and showed up today."

The Lancers did not score until the 87th minute, when senior striker Frank Rodriguez equalized, making it 1-1.

"It was a tough game," Rodriguez admitted. "But we fought back and showed our resilience."

The Lancers ended up conceding a late goal in the 90th minute, giving Hylton the win. It was a heart-stopping moment, but the Hylton fans were jubilant.

The Lancers, coached by Gary Price, are now 3-1-1 on the season, while Hylton, coached by Tim Wright, are 5-0-1.

BC loses heartbreaker to Pasadena netters 5-4

By MICHIE JOHNSON

The BC women's tennis team suffered a tough loss to the Pasadena College Lady Eagles on Saturday, falling 5-4 in a heartbreaker.

BC started off strong in the doubles matches, winning both 8-5 and 8-3 respectively. But the Lady Eagles took the doubles, as BC lost both 8-6.

In singles, BC was able to grab the first point of the match when senior Maria Hernandez won 6-2, 6-1. However, the Lady Eagles took over from there, winning the next four matches to take the victory.

"It was a tough day," BC coach Cindy St. John said. "We fought hard, but the Lady Eagles were just a little bit better today."

The BC women's tennis team is now 1-1-1 on the season, while the Lady Eagles are 3-0-1.

Beyeler organizes Scholarship group

By KEN PRENO

Planning an event can be stressful. The Scholarship Committee of the Beyeler organization is doing just that.

The Committee is currently attempting to form a committee that would be involved in the planning and fundraising of the scholarship program. They plan to meet with representatives from each department at BC.

"The College of Arts and Sciences is in charge of the scholarship program," Beyeler said. "We are looking for volunteers to help us with the planning and execution of the event."

The Committee is also seeking out potential sponsors to help fund the scholarship program. They hope to have a list of potential sponsors by the end of the month.

"We are looking to have a variety of sponsors, including local businesses and individuals," Beyeler said. "We want to make sure that our students have the support they need to succeed."

The Committee is working hard to make sure that the event is a success. They are confident that with the help of their volunteers and sponsors, they will be able to raise the necessary funds to support the scholarship program.

"We are really excited to see what the event will look like," Beyeler said. "We want to make sure that it is a fun and successful event for everyone involved."
**ASB Jog April 26**

By RICHARD WARD

At 6 p.m. on Sunday, April 26, at the field behind the senior parking lot, the ASB Jog will be held. This event will be a great opportunity for students to get some exercise and support a good cause. The ASB Jog is an annual event that has been a part of the school's tradition for many years.

The event is open to all students and will include a variety of activities, including a 5K race, a 10K race, and a fun run. The proceeds from the event will be donated to the Bakersfield Children's Home, a worthy cause that supports children in need.

Participants are encouraged to sign up in advance, and they can do so by visiting the ASB office or the school's website. The registration fee is $10 for adults and $5 for students. The event will also feature food vendors, music, and entertainment.

"Register early," said ASB President Emily Adams. "The event is always a lot of fun, and we want as many people as possible to participate."

**Shepherds support deputies**

By BENNETT NAY

A day may be the last chance for the dogs to interact with their herdsmen as well as with the public. The event is scheduled for Saturday, April 26, at the Kern County Sheriff's Department. The dogs that have been trained to herd sheep and cattle will be on display, and visitors will have the opportunity to interact with them.

The event is open to the public and is free to attend. However, donations are welcome to support the Sheriff's Department's efforts in training these animals. The event will also feature demonstrations of the dogs in action and educational talks about their training and care.

"We're excited to share these remarkable animals with the public," said Sheriff's Department spokesperson, "and we hope everyone will come out to support our efforts to train these animals properly."

**Campus prepares for Health Fair**

By KENDALL LINDLEY

The Health and Wellness Center at Bakersfield College is holding a Health Fair on April 27, from 10 a.m. to 2 p.m. The event will feature a variety of health-related activities, including free health screenings, fitness classes, and educational booths.

"We hope everyone will come out and learn about the importance of maintaining a healthy lifestyle," said Health and Wellness Center Director, "and we'll have a lot of fun activities for everyone to enjoy."

**Water park plausible plus for Bakersfield**

Summer, Fall registration begin

**Letter to the editor**

Dear Editor,

As a result of the recent lack of facilities for the local community, I have been talking to some local residents about the possibility of building a water park in our area. I believe that this would be a great addition to our community and would provide a much-needed recreational option for all ages. Please consider this proposal for the future of our community. Thank you.

Sincerely,

[Name]

Ford's cookies don't crumble

By LUCINDA DULLON

A cookie is a cookie is a cookie. So says the old wisdom of the food world. But what happens when you find a cookie that doesn't fit into that category? When you find a cookie that crumbles when you try to eat it? That's what happened to a customer at one of the many cookie shops around the country. The customer bought a pack of cookies and was disappointed when they started to crumble. He tried to eat one, but it fell apart in his hand. He was upset and decided to return the cookies to the store. The store manager said that they would replace the cookies, but he asked why they hadn't tried them before. The customer said that he had tried them before and they had always been good. The manager said that they had been made that day and that they were still fresh. The customer was still upset and decided to write a letter to the editor of the newspaper. He said that he had never bought crumbly cookies before and that he thought it was a sign of something wrong with the cookie factory. He said that he didn't want to eat a crumbly cookie ever again. He thought that the cookie company should be punished for making such a bad product.

Ford's 'bake shop' a hit

Ford's 'bake shop' is the latest addition to the Ford family of products. The shop is located in the Ford mall and it offers a wide variety of baked goods, including cakes, cookies, and pastries. The shop is open from 8am to 9pm and it is staffed by a team of experienced bakers. The food is fresh and it is made on the premises. Customers are welcome to take a tour of the shop and see how the food is prepared. The shop is very popular and it has a long line of customers every day. The food is delicious and it is a hit with everyone.

"Smith responds to laughter stimulus"

By LUCINDA DULLON

"Smith responds to laughter stimulus" is a fascinating study that explores the link between laughter and the human brain. The study was conducted by a team of scientists who were interested in understanding how laughter affects the brain. They used a new technology that allowed them to monitor the brain activity of people who were watching funny videos. The results of the study were quite surprising. They found that laughter had a direct impact on the brain, and that it could change the way people think and feel. The study has important implications for the way we understand the human brain, and it could lead to new treatments for a variety of conditions, including depression and anxiety.

DO YOU NEED MONEY FOR COLLEGE?

The California Army National Guard has money available for College Students. If you are a High School Graduate, you can have up to $14,000 for your College education.

Bonnies: 1. $2,000 Critical Skills.
2. $4,000 Educational Assistance.
3. $10,000 Federal Loan Repayment Plan.

If you would like more information, call SSgt Bill Phillips at (805) 831-9280 and find out how the National Guard can pay your school costs.
Debaters in top 10 at nationals

By LUCINDA DILLON
Editor-in-Chief

Forensics and Front Page staff writer Scott Prater and Paul Cary were named to the all-tournament team as debaters and front page staff writer, respectively.

"All Bakersfield College Students, as well as members of the community, are invited to attend," Prater said. "This tournament is not only a great opportunity for debaters to compete against other schools, but it also gives us a chance to showcase our skills and represent the college.

In addition to the tournaments, there are several workshops and seminars available for debaters to attend. These sessions cover a range of topics from argumentation strategies to public speaking techniques.

The debate team is looking forward to the tournament and is excited to face off against some of the nation's top debate teams.

Law enforcement agencies, oil companies, banks, such as Bank of America, and businesses, such as Miller's Outpost, will be present to discuss attack from a variety of Kern County businesses.

News Briefs

No fees for summer school

Summer school registration is underway at BC for the June 11 to July 10 session. With funding from Sacramento recently secured, BC is able to offer a full summer session this year. Students will be able to take up to seven units for a cost of $50 per unit. The deadline for registration is May 31.

Registration for the fall semester will begin from May 8 until July 15. A two-day orientation is recommended to get the classes needed before they fill up. Counseling and assessment services are available for help with class selection.

Both day and evening classes will be offered for the summer session and all students are required to register at the Downtown Center or the main campus.

Last night concert May 8

The final instalment of the Campus Concert series will be held on May 8. The event will feature live performances by local artists and bands. The concert will be held at the Downtown Center and is open to the public.

ASB Election Dates

Anyone interested in running for an ASB office should be aware of the following dates:

 Candidate sign-ups begin April 25—Candidate sign-ups end May 2, 2 p.m.

 Balloting begins April 30—Ballots cast through May 8

For further information contact Dennis Fitzgerald, Chief Justice in the ASB office.

Music Festival here Thursday

The Bakersfield Music Department will host the annual High School Vocal Solo and Small Ensemble Festival in Thursday. The competition will be held at the BC Downtown Center and is open to all high school students.

The winners will be announced on Thursday night. The top winners will be invited to perform at a special concert.

Childbirth, Parenting series Tuesday

Kern County Health Centers of Kern County, Inc., 601 California St., will offer its free Childbirth and Parenting Series on May 10. The classes will be held on Tuesday nights from 6:30 to 8 p.m. in the conference room.

The public is invited to attend the series for free. The series will cover topics such as prenatal care, newborn care, and infant care.

Visiting educators will be Richard Bush from Orange Coast College and Mike Schone from Long Beach City College.

King Center hosts dinner

The Martin Luther King Jr. Advisory Committee of the Bakersfield College Foundation will be hosting a Scholarship Fund Dinner at the Renaissance on May 18. The dinner will start at 6 p.m. The cost is $15 per person.

The committee hopes to raise $50,000 to establish a perpetual scholarship fund for local students. The first awards will be presented to local high school and BC students at the dinner and will consist of the sum of the scholarship funds.

Alcohol responsible for 3

"You stop this person and ask them to tell you what they have in their pocket. If they have an alcohol, you can confiscate it. You can also confiscate it from the other side," he said.

This is not a new policy, but it is being enforced more stringently this year.

The police department is working with the BC Athletic Department to enforce the policy.

Car seat safety workshop

In honor of Kern County Child Passenger Safety Awareness Month, BC will be hosting a car seat safety workshop on May 19. The workshop will be held from 9 a.m. to 1 p.m. at the BC Downtown Center.

The workshop will provide valuable information for parents and caregivers on how to properly install and use car seats. Participants will learn about the types of car seats available, as well as how to choose the right one for their child.

Lancer hoosters dump Renegades in Metro game

DO YOU NEED MONEY FOR COLLEGE?

The California Army National Guard has money available for College Students. If you are a High School graduate, you can have up to $14,000 for your College education.

Bonnuses available:
1. $2,000 Critical skill.
2. $4,000 Educational Assistance.
3. $10,000 Federal Student Loan Repayment Plan.

If you would like more information, call SSgt Bill Phillips at (805) 831-9380 and find out how the National Guard can pay your school costs.
Debaters in top 10 at nationals

By LOUISA FISHER

All Bakersfield College Debate Team members are excited about the upcoming national debate tournament, which is scheduled for mid-April in California. The team has been working hard to prepare for this event, and all members are looking forward to representing our college on the national stage.

News Briefs

No fees for summer school

Summer school registration is underway at BC for the June 30-July 21 session. Students who have previously registered for summer school will have the opportunity to sign up for the same classes again. Registration for new students will begin on May 24. More information about the summer school program can be found on the BC website.

Last night concert May 8

The next free concert of the season will be presented at 7:30 p.m. on May 8 in the Fine Arts Theatre. The featured artist is the Bakersfield Community Chorus, directed by Dr. Susan alcohol. The performance will include a variety of classical and contemporary pieces.

ABSA Election Dates

Attention interested in serving as an ABSA officer should be aware of the upcoming election dates. Nominating petitions are due by 4 p.m. on May 1, and ballots must be received by 4 p.m. on May 15.

Music festival here Thursday

The annual Spring Festival is this week, featuring live music from various local bands. The festival will take place at the BC Student Center from 6 p.m. to 10 p.m. on Thursday. This event is free and open to the public.

Childbirth, Parenting series Tuesdays

A series of childbirth and parenting classes will be offered at BC this spring. The classes will cover topics such as antenatal care, newborn care, and infant feeding. Both breastfeeding and bottle-feeding methods will be discussed.

Kingers hosts dinner

The Kiwanis Club of Bakersfield will host a dinner at 6:30 p.m. on Friday, May 5. The event will feature guest speaker Dr. Susan Bakersfield, who will discuss the importance of early childhood education.

Letters to the Editor

Dear Editor:

As a parent, I wholeheartedly agree with the article in the News & Observer about the importance of summer learning programs. I strongly support the idea of maintaining a strong link between school and home during the summer months.

The study cited in the article highlights the significant academic decline that occurs during the summer break. This decline can have long-term effects on a child's academic success. It is crucial that we find ways to engage students in meaningful learning experiences even when they are not in school.

I urge the school district to consider implementing summer learning programs that are both educational and fun. These programs should include a mix of online and in-person activities to prevent burnout and ensure engagement.

Sincerely,

[Your Name]

Papers: what's in a name?

By BERT BAY

As I walk through the halls of the library, I am always struck by the variety of names that adorn the books, newspapers, and magazines that fill the shelves. Each name has its own story to tell, and every day provides a new opportunity to learn something new.

Why does the choice of a name matter? It is more than just a label. A name can represent a person, a place, or an idea. It can be a symbol of identity, a statement of purpose, or a reflection of history.

This week, I came across a fascinating article about the history of newspapers. It highlighted how the names of newspapers have evolved over time, reflecting changes in society and culture. It was intriguing to see how the name of a newspaper can tell us about the values and priorities of its era.

As I reflect on this, I cannot help but wonder about the future of newspapers. Will they continue to evolve, or will technology and changing reader preferences lead to a decline in print media? Only time will tell.

In the meantime, I will continue to explore the world of newspapers, seeking to uncover the stories and secrets hidden within their pages.

Sincerely,

[Your Name]

The Elk Grove Warriors combined two three-consecutive wins and the stellar pitching of Dennis Brady to down the BC Bearcats squad 7-1 at Elk Grove last Tuesday.

The Warriors broke open a 1-1 tie in the fourth, as the Renegades committed three errors. Mike Myers opened the inning with a walk, and Chris Plank followed with a grounder to second, which was booted for an error. BC pitcher Don Hall was then hit by the ball into the right field corner allowing Myers to score, and sending Plank to third.

Chad Leery then singled to score Plank, and later scored on an error by third baseman Mike Hiedel. The Warriors sealed the game in the fifth with another three runs on two hits and a walk, off of reliever Don Hall.

Loes Richley walked, and went to third on Don Beader's single and scored on a ground out by Myers. Beader then scored on a fielder's choice, and the Warriors tallied one more on Brian Fisher's second double of the game scoring Leery, who had reached on a fielder's choice.

The Renegades took the lead 1-0 in the first inning, when Greg Cox walked, and scored on a single by Pat Haines, but the Elk Grove came back with a run in the second, as Fisher doubled home Plank.

After a shaky first inning, Brady settled down to shut down the 'Gades on just three hits over the last eight innings, striking out seven and walking two.

It's only other threat came in the eighth inning, when Bruce Mason led off with a double, but Brady struck out two of the next three batters to thwart any come back effort by the 'Gades.

BC Manager Pete Langlo, who substituted seven players for the starting nine in the game, and started pitching ace Rich Chanter as the designated hitter, said, "We're (BC) trying to find the right combination. The guys we're counting on aren't playing, so I'd first we owe it to the freshmen who have waited to play to have an opportunity to play."".

In the first meeting between the two teams, Brady went ten innings before the Warriors were able to supply him with a 5-2 victory.

J.L. STROOP/Rep Staff

Largo was unable to give a reason for Brady's success against BC, and said, "It's (Brady) just got our number."

Largo, whose team is 3-0 in Metilans Conference action, and 5-7 overall, added, "It's disappointing that we are not playing as well as we should, but we haven't won a game on the road in Metro play this year, and we need to set some definite goals for the remainder of the season."

BC will host Los Angeles Pierce College on Tuesday.
