Teachers, district reach tentative agreement

BY RACHAEL CRIBBS

Speech teacher Helen Aurora received her contract this week. "Celebrate!" she said. The Wednesday night bargaining session commences to a negotiated contract reached by district and union officials.

The three-year proposal contains months of frustration for teachers working without a contract. For teachers Wednesday evening, it was a time to party. Anonymity teacher John Aickland was delighted by the news. "When I got the news, I felt like I had lived an episode," he said. "I've been looking forward to this. It's been a long time coming."

The agreement was reached between the teachers' union and Kern Community College District officials at 10 p.m. Thursday. The agreement is tentative between teachers and faculty members at each college who must vote on the contract before it can be brought before the district board of trustees for approval. The agreement is expected to be voted on within a few weeks.

The teachers' contract included a four-year commitment, including agreements concerning terms of contract that may have to go through the same process again in those years, but it's a step forward. It's all there, at the Kern County Fair

By NICOLE PERRY

As you drive into the fairgrounds, you are greeted by rows of large, colorful tents and booths. The fair is bustling with activity as people of all ages enjoy the rides, games, and food. The aroma of various foods fills the air, making it difficult to decide what to eat next. The fair is a great place to spend a day, whether you are looking for a fun family event or a place to relax and enjoy the sights and sounds of the fair.

STAFF EDITORIAL

The students who attended this year's fair had a blast. They enjoyed the food, rides, and games that were available. The fair is a great place to bring the family and spend time together.

A few cousins who had been friends for years spent the evening together. They decided to order takeout from their favorite restaurant. As they waited for their food, they caught up on each other's lives and reminisced about old times. One cousin mentioned that she had been to a new exhibit at the museum yesterday and encouraged the others to visit it as well. Another cousin shared an interesting article she had read online about a recent scientific discovery and asked if anyone knew of any related events or talks they could attend. They all nodded in agreement, excited about the prospect of learning something new together.
AMERICA’S CHALLENGE

BY JARROD GRAHAM

Former Republican presidential candidate Alan Keyes believes the issue of abortion is not the political candidates, but that of the American people at large. It is "a personal matter for each person."

A standing ovation at this year’s Bakersfield Business Conference Saturday.

Keyes posed at the Bakersfield Business Conference Saturday.

He has seen experience in the arena of social policy, having served as ambassador to the United Nations Economic and Social Council, and various appointments within the United States State Department, including assistant secretary of state for International Organization Affairs.

He also is the author of two books, the best of "The Alan Keyes Show," America’s Wake Up Call," radio from 1994 to 1999, and was elected president of the Ronald Reagan Alumni Association in 1998.

A dynamic and articulate speaker, Keyes stood out among the many people who spoke at the conference, one of the few to receive a standing ovation at this year’s conference.

Israeli leader shares views

BY MICHAEL D. ROSS

A week earlier than he had announced, Israeli Prime Minister Ariel Sharon appeared on the 2009 Bakersfield Business Seminar's "The Renoir in the Limelight" stage in Beverly Hills, California, where he was greeted with a standing ovation.

"I found it very exciting to be here," said Sharon, who was in the United States for a week to promote Israel's economy and tourism.

Mr. Sharon, who is a former general and politician, was one of the key figures in Israeli politics. He was the leader of the Likud Party and served as the Prime Minister of Israel from 2001 to 2009.

Sharon spoke about the importance of economic development and the need for innovation and growth in Israel. He emphasized the importance of education and the role of the private sector in driving economic growth.

"Israel is a country of ideas," he said. "We have a strong tradition of innovation and entrepreneurship. We have a strong private sector that is driving our economy."

Sharon also spoke about the challenges of the Middle East peace process. He said that the goal of his administration was to achieve peace with the Palestinians and to establish a Palestinian state.

"Peace is possible," he said. "We have made progress in the past and we can make progress again."

Sharon's visit was well received by the audience, who listened intently to his words and asked questions. He signed autographs and took photos with attendees.

The Bakersfield Business Seminar is a annual event that brings together business leaders from around the world to discuss economic issues and share insights. The seminar attracts a diverse audience, including business executives, government leaders, and economists.

The seminar is sponsored by the Bakersfield Business Association, a non-profit organization that promotes economic growth and development in the Bakersfield area.

Patriotic theme takes wing during Business Conference.

BY RACHEL CRIBBS
Opinion Editor

Patriotism will continue to be a major theme during next year's Bakersfield Business Conference. Those attending the conference will see a bigger tent decorated with a huge American flag.

The new tent will be larger, it will hold fewer people.

George Martin, firm managing partner for Borton, Petrina, & Conron, outlined the plans for the new tent in opening remarks for the conference on Saturday.

"This new tent will be one of a kind. Our current tent has bad seating and bad sound, that's why we've commissioned a new tent for next year."

The current tent can hold around 14,000 people, and is 207 feet wide, 56 feet high. The new tent is 320 feet wide and 86 feet high, but will only hold 10,000 people. This larger tent is being fashioned especially for the conference and the large crowds.

"This new tent is almost nine stories high," said Martin. The new tent is 400 feet long and will have a 300 feet stage. The reason only 10,000 people will be seated is due to the problem this year.

"We could hold more in the new tent, but then we would get into the trap we did with this one: bad seating. Everyone will sit at least as in the new tent. No bad seating," he said.

The exterior top of the tent will be decorated with an American flag that can be seen from the sky. Due to the decrease in seating, 70 percent of the tickets for next year have been sold.

"We will continue our 16 amazing years. We have had some impressive people speak to us and we are going to have more impressive people involved in the future," he said. "Anyone can enjoy our conference, you just have to be interested in education."
A Bakersfield man has been arrested in connection with the recent series of car thefts that has left many Bakersfield College students robbed of their vehicles and other personal possessions.

Jonathan Isaac Simon, 18, was arrested Oct. 17, at about 11:30 a.m., when campus police received a report that a car was being broken into in the southwest parking lot.

Police responded, with Officer Joe Johnson and Officer Richard Cox, to investigate the report.

Campus police notified the Bakersfield Police Department, which brought in another officer as well as a detective. Simon was arrested on charges of burglary and possession of stolen items.

The arrest is the first for campus police in relation to the series of break-ins on the BC campus that began last September.

After receiving many theft reports, police set up a day and night watch as thieves are still in operation. Simon has been held on bail since his arrest.

Creating better conditions for students and teachers was the theme of the Kern Community College District Board of Trustees candidate's forum held recently in the Fireside Room at Bakersfield College.

The Oct. 18 event, sponsored by the Academic Senate and hosted by Philosophers Department Chair Dr. Jack Henderson, featured five candidates vying for the two open seats. The candidates pursuing the two open seats in the East Area seat in the trusteeship.

The five Trustee Area III candidates are: Dennis Johnson, John D. Gibson, Kevin McCarthy, Patrick O. Shaffer and Scott Tangeman. Baun and David B. Stanton are the two Trustee Area IV candidates.

Each candidate focused on the need for a harmonic relationship between faculty and the district.

"Each of those candidates knows that they have publicly promised to address those problems.

— John Gerhold
union president

"There really shouldn't be battles," he said. "There should be a solution that gets us the students, to make sure the student have a facility. I'm here to get an administration that has a vision that is righteous. I'm here to go get that happen." 

Gibson, an attorney who says he's been taught in the importance of a good and productive relationship, "my philosophy is to give the student and the faculty and the staff a place to work," he said.

"I'm not a good teacher," Gerhold said. "I'm not a good faculty." Gerhold went on to say that he was that only way to affect change was to get involved and become a candidate for the board of trustees." Tanger, a 25-year-old, is running for电机, Nuance.

"We are looking at the future, but we don't have a plan," Gerhold said.

"We have a plan to address the problems and to make sure that the students are getting the education that they need," Gerhold added.

Counsellors willing to help students lose academically

When I was first asked if I would like to write an opinion article on counselling of students, I initially thought it was aonderful opportunity. As a member of the BC Counseling Office, I have had the privilege of working with students in various capacities, helping them navigate through academic and personal challenges. This experience has taught me the importance of a supportive and understanding environment for students to thrive.

In my role, I have come across many students who face difficulties in their academic journey. Some students struggle with time management, others with motivation, and some with the pressure of meeting expectations. It is my responsibility to provide guidance and support to help them overcome these challenges.

However, I have also observed that some students may not seek help despite facing academic difficulties. This can be due to various reasons, such as fear of failure, fear of judgment, or simply not knowing where to start. As counsellors, it is our duty to make students feel comfortable and encourage them to seek help.

Ultimately, counselling is not just about helping students with their academic challenges, but also about empowering them to make informed decisions about their future. It is important that we create a safe and supportive environment where students feel comfortable expressing their concerns and exploring their options.

In conclusion, as counsellors, we play a crucial role in helping students navigate their academic journey. By providing support and guidance, we can help students overcome their challenges and achieve their goals.

Student has counseling woes while trying to transfer out of BC

By Michael D. Ross
Washington State University

I was never much of a student, but I can still remember the excitement of starting a new chapter in my life. I had always been interested in art, but I never knew how to pursue it. I was afraid of making initial decisions about what I wanted to do. However, I was determined to find a way to make my passion a reality.

I transferred from a high school to a community college and I was completely lost. I had no idea what I wanted to study, and I didn't know how to figure it out. I was still in high school and I had no idea what I was doing. I was in a constant state of stress and anxiety. I didn't know how to make the right decisions for my new goal.

Many of my friends were going through similar experiences. Some of them were even more lost than I was. I knew I had to do something, but I didn't know what. I was lost academically, and I didn't know how to get back on track.

I found a counselor at my community college who helped me to make sense of my situation. She talked to me about my interests and helped me to figure out what I wanted to do. She was incredibly patient and understanding. She encouraged me to explore my options and to make informed decisions about my future.

I eventually decided to pursue a degree in art. It was a big decision, but I was ready for it. I was determined to make the most of this opportunity and to achieve my goals. I was grateful for the support and guidance I received from my counselor.

In conclusion, it is important that students have access to counseling services to help them make informed decisions about their future. Counseling can help students to navigate academic challenges and to achieve their goals. It is a valuable resource for students who are facing academic difficulties.

It’s FREE!

The new GADES (Good And Desirable Services) Card will replace the existing GADES Card in mid-November.

The new GADES Card will offer more features, including:
- Parking card in Computer Center, Career Center, Learning Center and Allied Health
- Unlimited use to check out books
- Identification card

The new GADES Card is FREE! There will be a "winning" event in early November. All Babcock College students and employees must attend the "winning" event to receive the card and to be entitled to services at BC. After the early November "winning" event, students and employees can get a new GADES Card at the ASI Office (Campus Center).

All students with old printing cards should keep these cards. The value on each card will be credited toward the new card, along with an extra $5 per card (the card's value).

Until the new GADES Card is in place, printing will be free on campus.

Qualifying for Priority Telephone Registration

Early registration is available to all students who are eligible to schedule courses for the Spring 2001 semester and the following:

1. Continuing students who update by telephone or who have been cleared for registration by the Counseling Center.
    - 395-4421

2. Students who have submitted a new application or update forms, and copies of transcripts if they have attended another college since their last period of attendance at Babcock College. They must be cleared for registration by the Counseling Center (395-4421).

Early registration appointments are being scheduled to continue students who have enrolled for classes on September 22 (the last day to withdraw from classes without receiving a grade). Students who withdraw before the end of the early registration period must notify the college by telephone or web beginning December 6. Students who have not completed these steps will have their courses canceled and may be referred to a counselor for required registration by telephone or web beginning December 6. Students who have not completed these steps will have their courses canceled and may be referred to a counselor for required registration.

Before You Begin Telephone Registration

1. Codes and definitions you will need are located on page 13 of the class schedule.
2. Please verify the locations of courses before you make your telephone call.
3. Only touch-tone telephones may be used with the Telephone Registration system. There are free phones in the IMC of the Administration Building. There are computers with direct access to web registration in the lobby also.
4. If your telephone registration is "down", the phone will continue to ring without answer. Try again in about one hour.
5. If you get a busy signal, try again in 20-30 minutes.
6. If the system goes down during your registration, your registration could be lost. It will be necessary for you to try again when the system comes back up.
7. The normal maximum wait is 19 minutes. To carry overload, you must obtain counselor approval before over-loading. (395-4421)
8. Plan a list of alternate class selections in the event a class is closed. The telephone system will not tell you the Schedule of Classes for alternate selections. Web registration allows you to verify the open classes.
9. BOOG information is available on the telephone and online systems and will be reflected in the total amount owed. If the BOOG information is not updated, you may be cleared from the class. You are eligible for this award, contact the Financial Aid Office (395-4427).
