

Bakersfield College

Welcome to Bakersfield College!

Bakersfield College has a tradition of over 90 years of excellence that I am committed to continuing into the future. I am sincerely honored to be of service to the college. This college clearly has the ability to help you succeed. The faculty truly care about the success of all our students. They will go the extra mile to help you achieve your potential. Our faculty is supported by a superb group of staff and administrators who spend each day working to provide and improve services to promote your success.

As a student, you have the primary responsibility to give your best in participating in this opportunity to grow through knowledge. We will give you every opportunity to grow and succeed, but we ask that you commit yourself to giving the time and effort required to learn. We can help you grow intellectually and Bakersfield College will do its best to provide you the opportunity and support to become a successful student.

You will be academically challenged by our faculty. They are committed to your intellectual growth, and they will expect you to do your best in striving to meet each course's learning outcomes. Anticipate, appreciate and meet that challenge.

Regardless of whether you select a course sequence that leads to a baccalaureate degree or select a program that prepares you for a career in today's workforce, we will do our best to prepare you to succeed.

Sincerely,

Dr. William M. Andrews

History

Established in 1913, Bakersfield College is one of the oldest two-year community colleges in the nation. The initial program offered a one-year curriculum, and in 1915 the trustees of the Kern County High School and Junior College District authorized a second year of junior college and normal school courses. The college opened its present day campus high above the Panorama bluffs in 1956. Bakersfield College offers courses at its satellite campuses located in downtown Bakersfield at the Weill Institute, at its Delano Campus and other locations in Kern County.

The 153-acre main campus features a state-of-the-art library and technology center and a newly renovated 19,000-seat stadium that is the crown jewel of community colleges nationwide. With the dedication and opening of the William A. Wheeler Aquatic Center in 2003, an expanded fitness center, and a student success center, BC students now enjoy the ability to experience growth in academic, as well as physical and social activities.

Bakersfield College boasts top-notch facilities that are second to none among California Community Colleges. New bond-funded construction will continue to upgrade facilities to help students achieve their academic goals.

Department of Institutional Development and Foundation

Mission

The Office of Institutional Development promotes, develops and supports Bakersfield College students, faculty and staff. It is guided by the educational master plan and is committed to provide service to this institution of higher learning. The College goals provide the direction and vision upon which the office focuses to support its purposes.

Purpose

The office exists to support Bakersfield College in the following areas: creating resources from community and business partnerships, developing and disseminating information to meet the needs of the institution, enhancing the institution's image, supporting the development of educational programs, and supporting student scholarship and student aid opportunities.

The units within this department are Foundation, the BC Graphics Center, and the Alumni Association.

Foundation

The purpose of the Bakersfield College Foundation is to provide capital campaign support, student support through scholarships and community contact for mentoring and curriculum resources, faculty and staff support through grants and aid, and numerous supplemental educational opportunities for staff and students. Foundation activities provided funds to finance scholarships and awards last year which directly benefited over 450 BC students including the President's Scholars. The Foundation and its Board of Directors provide a direct liaison for financial support between the College and the community. The Foundation also assists Bakersfield College students, administration, faculty and staff to attain the College's and community's educational goals.

Total 2006/2007 Foundation assets exceeded \$15 million of which the majority is invested in bonds, equities and short-term notes. Income is derived from contributions, investment earnings, dues, and program income. Expenditures are primarily for scholarships, program expenses, student loans and awards, public relations and Foundation operating expenses. The Foundation provided nearly \$480,000 last year to students.

The Bakersfield College Alumni Association is available to all individuals who have a benevolent interest in the College to keep in contact with friends and maintain an association with the College. BC Alumni solicit contributions and participation through dues and events, including the annual BC Barbecue in September. All monies collected by this active volunteer group directly benefit BC students through student awards and scholarships as well as contributions to many other student affiliated school programs.

The Foundation and Alumni Offices are located at Bakersfield College in the Administration Building, Room 19, 1801 Panorama Drive, Bakersfield, CA 93305. Telephone (661) 395-4273. Website address: <http://www.bakersfieldcollege.edu/foundation/>.

Delano Foundation

The Delano College Center Foundation was established in 1975 to ensure that no student would be turned away from the Center for lack of money. This Foundation has distributed over \$250,000 in scholarships, grants, and gifts to the students of the Delano Campus. The Delano College Center Foundation holds a yearly scholarship awards night near the end of each Spring semester. This yearly event honors contributors, scholarship award winners, and their families. This annual event is held in Delano and the public, including civic, business, and educational leaders, students and staff, regularly attend. The Delano Foundation can be reached through the Bakersfield College Foundation or directly at (661) 725-8020. Friends and supporters of Bakersfield College are invited to support the Foundation and its activities.

Accreditation

Bakersfield College, approved by the Chancellor of the California Community Colleges, is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, 10 Commercial Boulevard, Suite 204, Novato, California, an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. It meets all standards of the California State Department of Education and is listed in the Education Directory, Higher Education, Part 3, published by the United States Office of Education. The University of California, the California State University System, and other colleges and universities give full credit for appropriate courses completed at Bakersfield College.

Student Right to Know

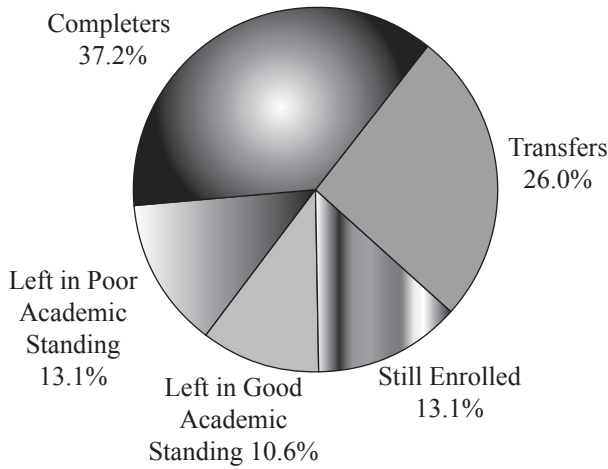

In compliance with the federal Student Right-to-Know (SRTK) Act of 1990 (Public Law 101-542), Bakersfield College is publishing the following information about Completion and Transfer Rates. These rates are based on a very limited cohort (or group) of students. The cohort of students is tracked over a period of three years to determine their academic outcomes. This year we are publishing information about the 2002 cohort, which was tracked from Fall 2002 through Spring 2005.

The cohort is limited because it includes only students who entered BC in Fall 2002 as first time, full-time students seeking a degree, certificate or transfer. For perspective, in Fall 2002, 16,496 students were enrolled at BC but the 2002 cohort included only 716 students or 4.3% of the total enrollment. The cohort excludes continuing students and students enrolled in less than 12 units during Fall 2002. It also excludes students who attended BC to upgrade job skills, gain new job skills, maintain licenses, improve basic skills, formulate career interests and complete credits for high school. Further, it excludes students enrolled in classes for personal enrichment, general interest and intellectual/cultural improvement.

Each student in the cohort can be counted in only one of the categories below. A student who fits into more than one category is counted in the one that is highest on the list. For example, a student who receives a degree and transfers is only counted in the Completion category.

1. Completion – The student completed an AA, AS or certificate within 150% of the normal time required to complete the program or completed 56 transferable units with a 2.0 or better GPA.
2. Transfer – The student transferred to another postsecondary institution.
3. Still Enrolled – The student is still enrolled at the college.
4. Left in Good Academic Standing – The student is no longer enrolled, but left in ‘good academic standing.’
5. Left in Poor Academic Standing – The student is no longer enrolled, but left the college on academic or progress probation or was on Academic Suspension.
6. Other – The student left the college to serve in the armed forces, to serve in a Federal Foreign Aid Service (such as the Peace Corps), to serve on an official church mission, because they became permanently and totally disabled or because the student died. These students are removed from the final cohort.

The figure below depicts the results of BC's 2002 SRTK Cohort. This data suggests that 86.9% of BC's first-time, full-time students in Fall 2002 achieved some level of success – either program completion, transfer, departure in good standing or continued enrollment.

The table below compares BC's Completion and Transfer Rates to the statewide community college average.

2002 SRTK Cohort	Completion Rate	Transfer Rate
Statewide	36.0%	29.6%
BC	37.2%	26.0%

Please note that these rates are not representative of the entire student population at BC, just a select group. Nor do they account for student outcomes achieved after the three-year tracking period. For further information on SRTK methodology, interpretation and rates at other community colleges, you can visit the CA Community College Chancellor's Office web site at <http://srtk.cccco.edu/index.asp>.

Students with Disabilities

Bakersfield College will make reasonable accommodations and/or academic adjustments to ensure that students with disabilities have an equal opportunity to participate in the college's courses, programs and activities, including extracurricular activities. Students with disabilities who

are requesting academic accommodations or auxiliary aids should contact Disabled Student Programs and Services at (661) 395-4334. Participation by students with disabilities in Disabled Student Programs and Services is voluntary. Any student choosing not to participate in the program may elect an alternate path for services through the office of the Dean of Students.

The Bakersfield College Curriculum Committee approved the following Accessibility Statement: “Bakersfield College recognizes the importance and benefits of using technology to enhance student learning, especially as it helps students, faculty and staff communicate more effectively. Every effort will be made to ensure that the design of instructional material and activities for ALL classes taught at Bakersfield College, both face-to-face and at a distance, are accessible to all students, including those with disabilities.”

Estudiantes Incapacitados

Bakersfield College proveerá servicio y/o arreglos académicos para asegurar que estudiantes incapacitados tengan oportunidades iguales para participar en las clases de esta escuela, incluyendo actividades extraescolares. Tales estudiantes que piden arreglos o aparatos auxiliares deben llamar a Disabled Student Programs and Services a 661-395-4334. Participación es voluntaria. Estudiantes que no desean participar en este programa pueden ponerse en contacto con la oficina del Decano de Aprendizaje/Servicios Auxiliares.

Access to and Confidentiality of Student Records: Privacy Act

Student records are protected by the Family Educational Rights and Privacy Act, state law and Kern Community College District Board Policy from access by casual or unauthorized persons. Access to records is provided to the student; appropriate college staff members, persons having written consent of the student; or by court order or subpoena.

The Privacy Act affords Bakersfield College the right to release such “Directory Information” as the student’s name, address, e-mail address, photographs, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended. If a student does not want this information released, the student must check the privacy requested box on the admission/update forms.

Present and former BC students are given the right to inspect, review and challenge the contents of all educational records related to them. No information contained in their educational records may be released without their consent, except to those agencies or individuals authorized by the Act.

Students wishing to inspect, review, or challenge any of their educational records must make a request in writing to the Director of Enrollment Services.

Copies of the Bakersfield College FERPA Policy are available in the Office of Admissions and Records.

Policy Concerning Sexual Harassment

Bakersfield College is fully committed to all federal, state, and local human rights and equal opportunity laws. *Title VII of the Civil Rights Act of 1964*, amended 1991, and Title IX of the Educational Amendments of 1972 are strictly enforced. This legislation specifically prohibits sexual discrimination in employment, and educational programs and services respectively.

Students have the right to gain access to and complete an educational program at Bakersfield College. Interference with students’ admission to and successful completion of their education by any person through unlawful sexual conduct will not be tolerated. The college will initiate disciplinary action against persons found to have interfered with a student’s education through any means of sexual harassment or intimidation.

The Bakersfield College Student Handbook sets forth a statement of Students Rights and Responsibilities, including the complete sexual harassment policy and grievance procedures. Students should refer to this publication for further information.
