APPRENTICESHIP PROGRAMS

Apprenticeship courses are designed for indentured apprentices under the Shelley-Maloney California Apprenticeship Standards Act. The Apprentice Agreement states that the student will supplement on-the-job training with related classroom instruction during each year of apprenticeship.

Apprentice classes meet three to eight hours per week and yield two to six units of credit. Joint Apprenticeship Committees administering each program are composed of representation from labor, management, California State Division of Apprenticeship Standards, and Bakersfield College. These committees adopt state approved standards for operation and assure equal opportunity for applicants. Related training in apprenticeable occupations, in addition to those listed below, may be offered as the need arises.

Information for entry into apprenticeship programs may be obtained from the college coordinator of apprenticeship training. Interested persons are encouraged to apply for any of these programs and may contact the BC Apprenticeship Department at 395-4408 for further information.

- Carpentry
- Electricians
- Operating Engineers
- Plumbers and Steamfitters
- Sheet Metal

Suggested Transfer Programs for The College of Architecture & Environmental Design, California Polytechnic University, San Luis Obispo

The following curriculum is designed for students planning to transfer to the College of Architecture and Environmental Design at California State Polytechnic University, San Luis Obispo. The student is advised to keep a portfolio of *all* work done in all architectural classes, since the level of advanced standing is dependent upon an evaluation of this portfolio by faculty at Cal Poly, S.L.O. Entry as a transfer student to Cal Poly, S.L.O. is based upon a strong grade point average (G.P.A.), certification of general elective courses, including MATH B1b and MATH B6a, PHYS B2a and PHYS B2b and the architecture courses listed below for the Multi-Criteria Application (MCA) or supplemental information form.

In the College of Architecture and Environmental Design at Cal Poly SLO, there are five majors: Architecture, Architectural Engineering, Construction, City and Regional Planning, and Landscape Architecture. The Bachelor of Architecture and Bachelor of Landscape Architecture degrees are five-year programs. The other three majors are four-year degree programs. It is the exceptional student who is able to

complete these programs in the allotted time. Many students find that it takes an additional year or two of study to complete any of the five programs listed. This may mean taking course work during the summer or spending an additional year at Bakersfield College and/or at Cal Poly SLO.

In addition, Cal Poly, SLO offers two graduate programs. The Master of Science in Architecture and the Master of City and Regional Planning for those students interested in advanced professional studies.

Recommended courses for Cal Poly, S.L.O. common to all five majors. Key courses for transfer to all five majors are shown in bold below: The courses with an asterisk () should be completed by the Fall semester prior to transferring.*

Section One: Specific Coursework Requirements

- *English Composition** ENGL B1a
- *Critical Thinking** PHIL B7, B9, or ENGL B1b, B2, or COMM B5
- *Speech** COMM B1
- *Mathematics Requirement** See Major requirement(s) for each major.
- Physics Requirement** See Major requirement(s) listed below for each major.

In addition the following areas must be completed or addressed as well:

Section Two:

- *General Education (G.E. or IGETC) completion** (Certification of completion of General Education courses expected.)

Section Three:

- *GPA - Students must accumulate a high GPA while at the community college to be competitive for transferability.**

Section Four:

- *Work Experience and extra-curricular activity participation:** Work experience related to the major of choice over the most recent 12 months.
Involvement in community service, arts, clubs and other extra-curricular activities during the last 12 months.

Listed below is the *additional specific coursework* required by each major for Section One. These courses should be completed prior to transferring to be competitive at entry.

Cal Poly, Pomona

California State Polytechnic University, Pomona offers three undergraduate majors leading to the Bachelor of Science Degree in Architecture, Landscape Architecture, and Urban Planning. The student while attending Bakersfield College should plan on taking the same basic Architecture program as for Cal Poly, San Luis Obispo. Substitute MATH B1a for MATH B6a and take only one Physics course, PHYS B2a. Entry into Cal Poly, Pomona is based on a strong G.P.A., the above Math and Physics courses, ENGL B1a, ENGL B2, COMM B1 and PHIL B7. These critical general education courses should be completed by the fall semester prior to the student applying for transfer. The student should take as many architecture courses as possible. A portfolio will be required for advanced placement into the architecture program. A Master's Degree is available in all three areas of study.

UC Berkeley

Students planning to transfer to the University of California, Berkeley should expect to take the following recommended courses. Berkeley has a 4-year curriculum leading to the B. A. Degree in the College of Environmental Design, with majors in Architecture Design, Landscape Architecture and City Regional Planning. A Master's Degree in Architecture, Landscape Architecture, or City Regional Planning would require an additional two years.

Private Colleges and Universities

The following list are those private universities/colleges offering degrees in architecture within the State of California.

- California College of Arts and Crafts-San Francisco
- New School of Architecture-San Diego
- Southern California Institute of Architecture-Santa Monica

- University of Southern California-Los Angeles
- Woodbury University-Burbank

Students interested in one of the above programs offered at these campuses should consult with the individual dean of the college they are interested in as to entry requirements. UCLA offers an architectural graduate degree only.

BIOLOGY

See also Primary Care Associate

Biology is the study and application of principles of cell biology, ecology, evolution, genetics, anatomy and physiology as it relates to humans and other organisms. Laboratory and field trip activities emphasize the integrated and interdependent nature of living systems. Course work trains students to use observation and investigation to identify questions and pursue answers using the scientific method.

Graduates with biology degrees may pursue jobs in a variety of fields including; biochemistry, biotechnology, botany, ecology, entomology, genetics, health, immunology, medicine, molecular biology, oceanography, pharmacy, teaching, wildlife management, zoology and related clinical fields. Biology majors may choose to specialize in research based on a particular organism or an aspect of biology related to those listed above.

Candidates for an AS in Biology may select the emphasis that facilitates their interests most closely. The two areas of emphasis are General Biology and Human Biology.

Courses required for the General Biology emphasis include biology and chemistry courses necessary for transfer to 4 year institutions as a biology major, however numerous other courses as well as specialized requirements are necessary for specific institutions. Please refer to the Suggested Program information and check with a counselor concerning requirements for specific transfer institutions. Please note that some courses have prerequisites that should be taken in the appropriate order; it is essential to get counseling to facilitate a smooth pathway to transfer.

Courses required for the Human Biology emphasis include biology and chemistry courses necessary for transfer to allied health programs such as nursing, radiology and physician’s assistant. Please refer to the Suggested Program information and check with a counselor concerning requirements for specific transfer institutions. Please note that some courses have prerequisites that should be taken in the appropriate order.

Note: Students transferring to a 4-year institution for a B.S. in Biology generally take the CHEM B1a, B1b sequence. They should consult the university of their choice as to whether CHEM B8 and B9 should also be taken before transfer.

Note: Students transferring for a B.S. in Nursing should consult the university of choice as to which chemistry sequence meets transfer needs.

Suggested Program for Biology Majors

This suggested program meets all Intersegmental General Education Transfer Curriculum (IGETC) requirements. This program is a series of courses that community college students can use to satisfy lower-division general-education requirements at any California State University (CSU) or University of California (UC) campus. It will permit a student to transfer to a campus of the CSU or the UC system without the need, after transfer, to take additional lower-division general-education courses to satisfy campus general education requirements. The program also meets or exceeds the minimum entrance requirements for most medical schools and other health professional programs. This program assumes you are academically prepared for university-level courses. Students requiring additional preparation in mathematics, reading or English will require at least one additional semester and should consult a counselor for advice.

First Semester

Course Number	Title	Units
BIOL B3a	General Biology I	5.0
CHEM B1a	General Chemistry	5.0
ENGL B1a	Expository Composition	4.0

Note: Some UC campuses now require calculus-based physics for biology majors and other particular courses. If you are planning to transfer to a UC campus, contact their admissions office for advice.

Suggested Program for Nursing Majors (and Some other Allied Health Majors)

The following program of study for those interested in the RN degree encourages students to begin their science courses early and apply for the program during the fourth semester as they finish the General Education requirements. Science courses can be quite difficult; the suggested sequence of courses is recommended for students with the following assessment scores and life situations:

1. Reading: Level 5 or 6
2. Math: MATH BD (level 3) or transfer level (level 4 or higher)
3. Strong study skills and limited work hours per week

First Semester

Note: General Education courses should be completed prior to the Nursing Program. The following are required but not specified as to timing or sequence: COMM B1, B2, or B3; ENGL B1a; MATH BA; SOCI B1 or ANTH B2; PSYC B1a; HIST B17a or other social science course, PHIL B12 or other humanities course (all 3 units)

Note: Students who intend to transfer to a four-year program in nursing should contact the transfer campus in order to satisfy additional requirements. In addition to the requirements for the BC Nursing Program, many nursing schools require nutrition, lifespan, pathophysiology, and statistics.

BUSINESS ADMINISTRATION

The Business Department strives to promote and enhance the economic development of the community; to provide for lifelong learning and academic excellence through course content, application, and technology; to serve diverse populations with a sense of worth and dignity; to establish work ethics relative to a positive work environment; to meet workforce needs through skills development, training, and personal growth; and to communicate a sense of vision and renewal through a creative utilization of productive and innovative resources.

Note: BSAD B1 may be substituted for BSAD B53a and BSAD B53b.

Administrative Office Assistant

The Administrative Office programs are designed to provide the skills and competencies needed to become an efficient, productive member of an office support team. Courses are designed to help students learn to analyze and coordinate office duties and systems, develop proficiency in the use of integrated software, and improve oral and written communication. Emphasis is placed on non-technical as well as technical skills. Students have the option of completing certificates and/or a two-year degree program.

Office Assistant Certificate of Specialization

This certificate prepares students as entry-level office support staff. Students are urged to continue beyond this Completion Certificate and earn a Certificate of Achievement or Associate of Arts Degree.

Upon completion of the following courses with at least a “C” grade in each course, the student will be awarded an Office Assistant Certificate of Specialization.

Total Units: 11

Required Courses:

Course Number	Title	Units
BSAD B252abc	Computer Keyboarding, Parts 1-2-3	3.0
BSAD B287	Filing	1.5
BSAD B85/B285	Business English	3.0
COMS B5	Introduction to Microcomputer Applications using Microsoft Office 2007	3.0
BSAD B264	Ten-Key Proficiency	0.5

Office Assistant Certificate of Achievement

An Office Assistant Certificate of Achievement increases the student’s employability as office support staff. Students who have completed the Certificate of Specialization courses can quickly upgrade to the Certificate of Achievement by completing the following courses with at least a “C” grade.

Total Units: 27.5

Required Courses:

Business Administration Associate in Arts Degree

Effective Fall 2009 all courses used for meeting the requirements for degrees must be completed with a grade of “C” or better.

The general purpose of the program in Business Administration at the university and state college is twofold. First, it is organized to help students to develop a broad understanding of our economy and our society in order to serve as a basis for responsible administrative and executive positions in business and government. Second, it offers the opportunity for students to acquire skills in specialized and professional types of employment.

Since requirements vary, the current catalog of the chosen college or university should be consulted for specific requirements of the School of Business Administration.

This suggested program will meet most of the lower division requirements at the California State colleges and universities as well as fulfilling the major requirements for the Associate in Arts Degree from Bakersfield College.

EMERGENCY MEDICAL TECHNOLOGY

EMERGENCY MEDICAL TECHNICIAN (EMT)

The Emergency Medical Technician (EMT) course consists of 152 hours, which includes 24 hours of emergency room/ambulance experience. The course prepares the student to perform basic emergency care as part of a mobile emergency team. It also provides the student with an understanding of the skills and assessment techniques needed to care for an ill or injured person in the pre-hospital setting. Upon successful completion of the course, students are eligible to take an examination for certification as an Emergency Medical Technician 1. EMT's are employed by ambulance companies and some private industries to provide emergency care in case of illness or injury. The course is required for ambulance personnel, the California Highway Patrol and many other first care providers. Students may later choose to become paramedics.

ENROLLMENT

Enroll through the Bakersfield College Admission and Records Office. The course is offered each fall and spring two evenings per week for 16 weeks. This is a 4 unit course. In addition to the scheduled hours, students must arrange 16 total required lab hours.

PRE-ADMISSION REQUIREMENT

1. Each student must possess a current American Heart Association BLS -Healthcare Provider card. (BC offers a BLS course (MEDS B52).
2. Each student must be at least 18 years of age by the completion date of the course. .
3. Mandatory physical examination/immunizations must be completed 4 weeks after start of the course. Costs of meeting health requirements are paid by the student. Failure to meet these requirements will result in student ineligibility for clinical rotations.
4. Completion of the 3 unit Medical Terminology Course (MEDS B60) is strongly recommended.

PHYSICAL EXAMINATIONS AND DRUG/ALCOHOL SCREENS

1. Physical examination: A physical examination completed by a physician of the student’s choice is required when entering the Program to demonstrate that a student meets the technical standards necessary to meet the Program objectives. Appropriate immunizations and/or vaccinations are also required and are performed at the student’s expense.
2. Drug/Alcohol and Back ground Screen: As a condition of application in any Allied Health Program with a clinical laboratory component, students are required to submit to and pass a designated drug and alcohol screening and a comprehensive background check. These screenings are performed at the student’s expense.

LICENSURE/CERTIFICATION ELIGIBILITY

Students with a misdemeanor and/or felony arrest conviction, either current or prior, may not receive certification or licensure from the State or County. Also, proof of citizenship (social security card and certified birth certificate) and fingerprinting are required by State certification/licensure agencies. Anyone who wishes clarification may contact the Kern County Emergency Medical Services Office at (661) 868-5200. Upon successful completion of the course, students will be eligible to sit for the National Registry EMT-Basic Examination (NREMT).

ACCREDITATION AND PROGRAM APPROVAL

Bakersfield College is accredited by the Western Association of Schools and Colleges. The Emergency Medical Technician (EMT) Program is approved by Kern County Emergency Medical Services and meets all State and County requirements.

ENGINEERING

People working in the field of engineering and related technical fields “bridge the gap” between scientific principles and the application of these principles to the needs of society. The field is quite diversified with exciting job opportunities for people with varied mathematical, scientific, and technical skills.

An engineer uses experience and judgment, as well as advanced training in engineering, science, and mathematics to formulate ideas and designs, and to determine standards, specifications, work orders and schedules so that projects can be economically beneficial to mankind. A Bachelor of Science Degree in Engineering is required. Many engineers earn Master’s or Doctor’s degrees.

Engineering Associate in Science Degree

Effective Fall 2009 all courses used for meeting the requirements for degrees must be completed with a grade of “C” or better.

Total Units: 47

Required Courses:

Course Number	Title	Units
*MATH B6a	Analytic Geometry & Calculus I	4.0
MATH B6b	Analytic Geometry & Calculus II	4.0
MATH B6c	Calculus III	4.0
MATH B6d	Ordinary Differential Equations	3.0

* May be used to also fulfill general education requirements.
 **Meets student development requirement.

University of California, California State University and Private Universities

Working together with a counselor or academic advisor, a student may develop a program of study leading to transfer into the upper division of a Bachelor’s Degree program in Engineering.

Bakersfield College offers all of the courses required for two full years of engineering education. Completion of these courses, called the “engineering core” prepares students for transfer at the junior level to the colleges and universities offering Bachelor’s degrees in engineering. Four –year colleges and universities neither require, nor recommend, that engineering majors complete lower division general education requirements prior to transfer. Please check www.assist.org for complete transfer requirements. The following Bakersfield College courses satisfy the engineering core program:

Course Number	Title	Units
MATH B6a	Analytic Geometry & Calculus I	4.0
MATH B6b	Analytic Geometry & Calculus II	4.0
MATH B6c	Calculus III	4.0
MATH B6d	Ordinary Differential Equations	3.0
PHYS B4a	Mechanics & Wave Motion	4.0
PHYS B4b	Heat, Electricity & Magnetism	4.0
CHEM B1a	General Chemistry	5.0
ENGR B17	Introduction to Electric Circuits	3.0
ENGR B19C/C++	Computer Programming for Science,	

Engineering & Technology	3.0
ENGR B36 Engineering Mechanics – Statics	3.0
ENGR B45 Properties of Materials	3.0
ENGR B47 Introduction to Engineering & Design	3.0

The following technical electives may be required for particular engineering disciplines:

Course Number	Title	Units
MATH B6e	Elementary Linear Algebra	3.0
PHYS B4c	Optics & Modern Physics	4.0
INDR B10	Introduction to Industrial Drawing & Graphics	1.0
INDR B11	Introduction to Computer Aided Drafting & Design (CAD)	1.0
CHEM B1b	General Chemistry & Chemical Analysis	5.0
COMS B35	OOP and Data Structures with C++	3.0
ENGR B17L	Electric Circuit Laboratory	1.0

ENGR B37	Engineering Mechanics – Dynamics	3.0
ENGR B40	Surveying I	3.0
GEOL B10	Introduction to Geology	3.0
BIOL B3a	General Biology	5.0

The following general education courses may also be required for transfer:

- ENGL B1a
- COMM B1, B2, or B8
- PHIL B7 (CSU), PHIL B9, or ENGL B2 (One) Arts or Humanities course
- (One) Social and Behavioral Science course

Engineering Technology Associate in Science Degree

Effective Fall 2009 all courses used for meeting the requirements for degrees must be completed with a grade of “C” or better.

Cal Poly Pomona; California State University, Sacramento; California State University, Long Beach

Engineering technologists and engineering technicians are members of a technical team that also includes scientists, engineers and craftsmen. The members of the technical team perform job functions that are complementary and sometimes overlapping. By virtue of their education, training and interests, engineering technologists and engineering technicians are usually differentiated as follows:

An engineering technologist uses applied and basic training in mathematics, science, and engineering classes, engineering methods learned through classes and experience, and developed technical (hands-on) skills in direct support of engineering activities. A Bachelor of Science degree in Engineering Technology is required.

An engineering technician operates in a support role to aid in design, production, manufacturing, operations, and

maintenance. Under professional direction, the engineering technician conducts tests, trouble shooting and analysis, and other similar projects, or carries out functions such as drafting, surveying, designing and technical sales. An Associate in Science degree or a Certificate of Engineering Technology is required.

Bakersfield College offers courses required for two years of engineering technology education. Completion of these courses, called the “engineering technology core” prepares students either for transfer to the colleges and universities offering bachelor’s degrees in Engineering Technology, or for completion of an Associate in Science degree in Engineering Technology. A beginning engineering technology student should have completed high school mathematics through intermediate algebra or MATH BD at Bakersfield College, one year of high school drafting, and be eligible for ENGL B50.

The following courses are required to satisfy the engineering technology core and Associate in Science program:

Total Units: 40

Required Courses:

Course Number	Title	Units
**ENGR B47	Introduction to Engineering and Design	3.0
ENGR B45	Properties of Materials	3.0
ENGR B24	Engineering Graphics and Descriptive Geometry	2.0
INDR B10	Introduction to Industrial Drawing & Graphics	1.0
INDR B11	Introduction to Computer Aided Drafting and Design (CAD)	1.0

*PHYS B2a	General Physics-Mechanics and Heat	4.0
PHYS B2b	General Physics-Sound, Light, Electricity, Magnetism, Modern Physics	4.0
*MATH B6ab	Analytic Geometry and Calculus	8.0
ENGR B19C/C++	Computer Programming for Science, Engineering and Technology (C)	3.0

- * May be used to also fulfill general education requirements
- **Meets student development requirement

In addition, seven or more units from the following approved programs and/or subject areas are to be selected. See counselor or advisor for specific courses.

Electronics/Electrical Technology; Construction Technology; Manufacturing Processes Technology; Welding/Fabrication; Industrial Drawing and Graphics.

ENGLISH

Studies in English provide preparation for the professions, government service, and politics. Career opportunities in English include teaching, journalism, publishing, advertising, and copywriting.

Students seeking an Associate Degree must take the writing course English B1a and may take a literature class to fulfill

the humanities requirement. Students seeking a Baccalaureate Degree should take English B1a and may take English B1b and other literature courses to fulfill specific General Education requirements. Students planning to major in English should take English B1a and B1b and at least two of the following: English B5a, B5b, B20a, B20b, B30a, B30b. Students planning to transfer to the University of California should consider English B2. For specific information, students should consult the catalog of the school to which they intend to transfer.

FIRE TECHNOLOGY

Bakersfield College’s Regional Fire Technology Academy (RFTA) was authorized by the California Fire Service Training and Education System (CFSTES) in 1980, with programs of study leading to Certified Fire Officer, Certified Chief Officer and Certified Fire Chief. RFTA sponsors many cooperative training programs with federal, state and local fire protection agencies.

Individuals may develop a program suitable to their career goals with the aid of a college counselor. Courses may lead to the achievement of specific career goals, immediate employment, an Associate Degree, or transfer credits that satisfy requirements for a Bachelor’s Degree in Criminology, Police Science, Correctional Administration or Fire Technology.

HISTORY

The major in history is designed for students interested in gaining an understanding of our political, economic and social past. The major is an important part of the liberal arts program and can serve as preparation for graduate study in education, law, business, government and journalism. Many employers value the writing and thinking skills acquired by History

majors. The knowledge gained in history is fundamental for an understanding of many of the other fields of learning.

Bakersfield College offers a wide variety of history courses in addition to those listed below. The student should select courses according to his/her area of specialization as well as the requirements of the college to which he/she plans to transfer. The student should also consult his/her counselor and the appropriate four-year college catalogs in determining an appropriate minor, foreign language requirements, and other core requirements.

LIBERAL ARTS

Liberal Arts Associate in Arts Degree

Effective Fall 2009 all courses used for meeting the requirements for degrees must be completed with a grade of "C" or better.

The Liberal Arts major at BC is designed to provide students with the opportunity to earn an associate in arts degree in a broad area of study. The major is interdisciplinary and allows students to develop a variety of skills transferable to numerous occupations and fields of study. The major is intended to provide general knowledge and to develop the intellectual capacities, such as reasoning and judgment, as opposed to professional or vocational skills. This major is suitable for transfer students preparing for upper division study in a variety of fields in the liberal arts and for those students undecided as to major or further study. Students may satisfy requirements for the Liberal Arts major by completing one of the two options listed below. With any option selected, students must also complete all graduation requirements for Bakersfield College including a total of 60 degree applicable units with an overall grade point average of 2.00.

Select one of the following options:

1. Option One.
 - a. Complete the Intersegmental General Education Transfer Curriculum (IGETC) with a "C" GPA.
 - b. Complete at least 18 units from recommended lower division major preparation for the major at the approved university of your choice with a "C" grade in each course.

- c. UC transferable elective units, if needed, to total 60 units.
- OR
2. Option Two.
- Complete CSU General Education Breadth with a "C" GPA.
 - Complete at least 18 units from recommended lower division major preparation for the major at the approved university of your choice with a "C" grade in each course.
 - CSU transferable elective units, if needed, to total 60 units.

MUSIC

Students who plan to major or minor in music should commit themselves to the highest possible level of proficiency in theory, piano, literature, group performance, and applied (individual) instruction in their performance area. Students should take the required courses in music and complete courses in general education for the transfer college of their choice. Elective courses will both enrich the student's background and balance weak areas of knowledge for later academic growth.

NURSING

See also Registered Nursing, LVN-RN Program, Vocational Nursing, Nurse Assistant

The primary mission of the Bakersfield College Nursing/Allied Health Department is to offer academic and vocational education to prepare men and women for careers in health occupations. Through our commitment to excellence we will be able to improve and advance the health and welfare of our

community by preparing excellent, competent, safe, healthcare professionals.

Associate Degree Nursing Program

Effective Fall 2009 all courses used for meeting the requirements for degrees must be completed with a grade of “C” or better.

Mission

The mission of the Bakersfield College Associate Degree Nursing Program is to prepare entry-level registered nurses as providers and managers of care across the health/illness continuum and as members within the profession. Graduate nurses will collaborate with members of the health care team, be effective communicators, be politically aware, and demonstrate a commitment to life long learning.

Introduction

The study of nursing is the application of knowledge from the arts and sciences. The purpose of the Bakersfield College Associate Degree Program is to provide the foundation for students to become competent registered nurses. The ADN Program respects the individuality of students and recognizes that each student has different educational, experiential, cultural, spiritual, economic and social backgrounds and a unique support system. The aim of the Program is to provide a positive, innovative learning model that fosters the development of critical thinking and problem solving skills so that the graduate nurse is equipped to deliver care to a culturally diverse population in a variety of healthcare settings.

Application Period

The Allied Health office must receive all application forms and transcripts during the following filing periods (see Application Procedures). Forms received prior to or after these dates will not be accepted.

- March 1- March 31 for the program scheduled to start in the Fall semester
- September 1 – September 30 for the program scheduled to start in the Spring semester

Application Procedures

It is the student’s responsibility to do the following procedures listed below:

- Submit an application form to the Nursing Program during the appropriate application period – please note, applications must be filled out completely, all information requested must be provided.
- Submit either your unofficial or official Bakersfield College transcripts showing all pre-requisite courses.
- Bakersfield College transcripts must be received by the Nursing office before the last day of the appropriate application period.
- **Failure to meet all application requirements/procedures will result in an incomplete application and will not be considered for selection.**

If you have taken courses from any college other than Bakersfield College:

- Apply for Admission to Bakersfield College either in person at the Admissions and Records office or by going on-line BakersfieldCollege.edu, click on Admissions and Records and follow the directions under Enrolling.

Please note – the next step takes anywhere from 10-12 weeks and must be completed prior to the end of the application period:

Have your transcripts evaluated by:

- Ordering an Official copy of your transcripts from your previous college(s);
- Submit the Official copy of your transcripts along with a form “Request for Evaluation”. You can obtain this form from the Admissions and Records office or from the Admissions and Records web-page (see above) under Other Forms.
- Once your transcripts have been evaluated and posted to your Bakersfield College transcripts, either order an official copy to be sent from the Admission and Records office or print your unofficial transcript and submit it to the Allied Health Office.
- Submit an Application Form to the Nursing Program during the appropriate application periods along with either your unofficial or official Bakersfield College transcripts.

Prerequisite Requirements

- All prerequisites must be completed with a “C” grade or higher.
- ENGL B1A (Expository Composition) 4 units at Bakersfield College or equivalent course at another accredited college.
- MATH BD (Intermediate Algebra) or higher, 3 units at Bakersfield College or an equivalent course at another accredited college
- CHEM B11 or B2A or B1A (Chemistry) a minimum of 3-4 units is required at Bakersfield College or an equivalent course at another accredited college. (CSUB requires Chem B11)
- **BIOL B16 (General Microbiology) 5 units at Bakersfield College or equivalent course at another accredited college.

The Anatomy and Physiology requirement can be met by either:

- BIOL B32 (Anatomy & Physiology I) 4 units at Bakersfield College or equivalent course at another accredited college. and
 - BIOL B33 (Anatomy & Physiology II) 4 units at Bakersfield College or equivalent course at another accredited college.
- OR
- BIOL B14 (Human Anatomy) 4 units at Bakersfield College or equivalent course at another accredited college. and
 - BIOL B15 (Physiology) 5 units at Bakersfield College or equivalent course at another accredited college.

General Education Courses

General education courses are required to graduate from Bakersfield College with an Associate Degree in Nursing. It is suggested that most of these courses be completed prior to beginning the Nursing Program.

- *English B1A (4 units) (“C” or higher) – prerequisite course for the program
- Mathematics, Logic, Computer Science (3 units) – Math BD or higher (“C” grade or higher)
- Social Science (3 units) – Any course listed in Area A of the Bakersfield College Catalog.

- *COMM B1, B2, or B3 (“C” grade or higher) – COMM B1 is required for CSUB transfer
- Health Education (waived for RN students)
- Physical Education (2 units numbered 3-33) required for students who graduate under the age of 21)
- STDV B1, B2, B3, B6, or Nurs B100 (Recommended to be taken during the first semester of courses at Bakersfield College to assure priority registration.)

*Board of Registered Nursing requirement

Note: All graduation requirements of the college must be met to earn an Associate of Science (A.S.) in Nursing and to take the NCLEX RN – Licensure Exam.

Recommended Courses

- Nurs B100, Strategies for Success in a Nursing Program (this course should be taken one or two semesters prior to entering the Program)
- Nurse Assistant Certification (information available upon request)
- MEDS B60 (Medical Terminology) – highly recommended, prior to taking BIOL B32.

Application Selection Process

Students will be admitted to the program based on their scholastic eligibility and placement on a nursing assessment test as per SB 1309.

Scholastic Eligibility: Scholastic eligibility is determined through a statewide approved formula (California Community College Chancellors Office Pre-requisite Validation) which calculates the student’s probability of

successfully completing the ADN program. The formula uses the following criteria:

1. Core Biology GPA – all Anatomy, Physiology, and Microbiology courses taken at the college level.
2. Core Biology repetitions – the number of times a student has repeated a Core Biology course including withdrawals.
3. English GPA – all credit English course grades regardless of the level of the course.
4. Overall GPA – the college GPA as it appears on college transcripts.
5. Students must have a minimum score of 75% designating the probability of successfully completing the ADN program, to be eligible for admission.

Conditional Enrollment: All qualified applicants will be placed in a random selection which result in the conditional filling of the program enrollment seats plus selection of 20 alternates.

Assessment Test: All conditionally enrolled students plus alternates will be required to take a state approved nursing assessment test. Students must rank at or above the average composite percentage (67%) to be eligible for admission into the program. Students who do not meet these criteria will be offered a remediation program. Please refer to Allied Health/ Nursing web-site at www2.bakersfieldcollege.edu/alliedhealth/ or Associate Degree Nursing Program brochure for current remediation plan.

Essential Technical Standards

Nursing students must meet the following essential technical standards to ensure the safety and welfare of the patients, the healthcare team, and themselves. A physical examination performed by a medical doctor determines whether a student meets the technical standards or any accommodations that may be necessary.

- Standing and/or walking most of a shift.
- Bending or crouching several times per hour.
- Lifting and carrying a minimum of 30 pounds several times an hour.
- Lifting and moving up to 300 lbs. with the assistance of 2-3 persons.
- Reaching overhead above the shoulder 90 degrees.
- Utilizing eyesight to observe clients and manipulate equipment under various illumination levels.
- Hearing to communicate with the patient and healthcare team.
- Manipulating medical equipment and accessories, including but not limited to switches, knobs, buttons, keyboards, patient lines, and tubes, utilizing fine and gross motor skills.
- Performing the assigned job responsibilities with the intellectual and emotional functions necessary to ensure patient safety and exercise independent judgment and discretion.
- Utilizing sufficient verbal and written skills to efficiently communicate in English with the patient and healthcare team.

- Utilizing the above standards/functions to respond promptly to the patient’s needs and/or emergency situations.

Physical Exam Requirements

A physical examination completed by a physician of the student’s choice is required after acceptance to the Program to demonstrate that a student meets the following technical standards necessary to meet the Program objectives. Appropriate immunizations and/or vaccinations are also required and are performed at the student’s expense.

Drug and Alcohol Screening

As a condition of application in any Nursing/Allied Health Program with a clinical laboratory component, students are required to submit to and pass a designated drug and alcohol screening.

Background Screening

Every student offered space in the program will be required to submit to a background screening (at the student’s expense) as part of his or her clinical requirements for admission. Please note the following:

- A history of felony conviction(s) or any bar, exclusion or other ineligibility for federal program participation could render a student ineligible for clinical placement, as determined by the clinical agencies.
- If a student cannot obtain background clearance from the clinical agencies, it will not be possible to place the student in the clinical areas, which is a required component of the program.
- In the event that a student cannot obtain a background clearance, the space will be forfeited.
- Students who are found to be ineligible for clinical placement by the clinical agency after admission to the program shall be subject to dismissal from the program, as they will be unable to complete mandatory clinical rotations.

Basic Life Support – BLS (formerly CPR)

Prior to the beginning of the nursing program, and then throughout the program, students are required to show proof of a valid American Heart Association BLS – Healthcare Provider. This BLS card must be valid until the end of the 2-year ADN Program. It is your responsibility to provide a copy of the current CPR card to the nursing department and to carry a copy of this card while attending clinical in the healthcare facilities, preferably in your portfolio.

Program Supply Information

Students will be required to purchase uniforms, textbooks and selected equipment, provide transportation to off-campus clinical education sites and pay current college fees. An estimated cost for books, uniforms, fees and required equipment for the first term of the Program is approximately \$2500.00. Second and third semesters usually only require registration fees and books. In addition to registration fees and books, the ADN fourth semester’s expenses will include

Program Completion activities, Program pin, ATI test, Board or Registered Nursing application fees and NCLEX RN Licensure.

PROGRAM ACCREDITATION

The California Board of Registered Nursing accredits the BC Associate Degree Nursing Program. The Western Association of Schools and Colleges accredits Bakersfield College.

LICENSURE/CERTIFICATION ELIGIBILITY

Conviction of any offenses other than minor traffic violations must be reported to the Board of Registered Nursing at the time of application for licensure. For clarification contact the ADN Program Director or the Board of Registered Nursing, 400 R Street, Suite 4030, Sacramento, California, 95814, (916) 322-3350.

LVN to Non-Degree Nurse (30 unit option)

Students seeking information regarding the 30-unit option preparation for the registered nurse licensing examination may receive further information from the Director of the Associate Degree Nursing Program.

Transfer Policy

1. Academic credit earned in regionally accredited institutions of higher education for comparable prelicensure courses will be accepted for transfer.
2. A student who has successfully completed nursing courses in an approved or accredited nursing program may be eligible to receive credit for equivalent courses within the Nursing Program curriculum.
3. Equivalency will be determined on the basis of catalog description, course outline content comparison, and hours distribution.
4. A challenge examination may be required when equivalency cannot be determined.

Challenge by Examination Policy

1. Challenge examinations are available for all courses in the nursing education curriculum. Students seeking challenge by examination credit will be counseled individually by the Director.
2. Challenge examination for credit based on previous education/experience must be requested by the student six weeks prior to the start of the semester in which the course is scheduled to be taught.

Vocational Nursing Program Certificate of Achievement

Mission

The mission of the Bakersfield College Vocational Nursing Program is to prepare entry-level vocational nurses as providers of care across the health/illness continuum and as members within the profession.

Purpose

The purpose of the Bakersfield College Vocational Nursing Program is to provide the foundation for students to become competent vocational nurses. The VN Program respects the individuality of students and recognizes that each student has different educational, experiential, cultural, spiritual, economic and social backgrounds and a unique support system. The aim of the Program is to provide a positive, innovative learning model that fosters the development of critical thinking and problem-solving skills so that the student completing the program is equipped to deliver care to a culturally diverse population in a variety of healthcare settings.

Enrollment Period

The VN Program begins every fall semester. Enrollment forms must be received by the Allied Health office with all official transcripts evaluated, during the month of February for a program scheduled to start in the fall semester.

Enrollment Procedures

It is the student's responsibility to do the following things prior to the Program's enrollment period.

If you are a Bakersfield College Student with no other college courses other than Bakersfield College courses:

Apply to the program during the February application period as follows:

- Submit completed application form.
- Provide the program with either an official transcript from Bakersfield College, or you can print your unofficial transcript off the Web and submit it to the program.

If you have taken courses from any college other than Bakersfield College:

Apply for Admission to Bakersfield College either in person at the Admissions and Records office or by going on-line BakersfieldCollege.edu, click on Admissions and Records and follow the directions under Enrolling.

Please note – the next step takes anywhere from 10-12 weeks and must be completed prior to the end of the application period:

Have your transcripts evaluated by:

- Ordering an Official copy of your transcripts from your previous college(s);
- Submit the Official copy of your transcripts along with a form "Request for Evaluation". You can obtain this form from the Admissions and Records office or from the Admissions and Records web-page (see above) under Other Forms.

Once your transcripts have been evaluated and posted to your Bakersfield College transcripts, either order an official copy to be sent from the Admission and Records office or print your unofficial transcript and submit it to the Allied Health Office.

All Applicants

- Obtain application form from the Allied Health Division office located in Room 178 of the Math-Science Building on the main campus OR in the counseling center located in the Student Services Building on the main campus OR by telephone at (661) 395-4281 OR download one from our website at www2.bakersfieldcollege.edu/alliedhealth/ select the Program Brochures tab, then select the VN Application.

Program Accreditation

The California Bureau of Vocational Nursing and Psychiatric Technicians accredits the BC Vocational Nursing Program. The Western Association of Schools and Colleges accredits Bakersfield College.

Licensure/Certification Eligibility

Conviction of any offenses other than minor traffic violations must be reported to the Bureau of Vocational Nursing and Psychiatric Technicians at the time of application for licensure. For clarification contact the VN Program Director or the Bureau of Vocational Nursing and Psychiatric Technicians, 2535 Capitol Oaks Drive, Suite 205, Sacramento, California, 95833, (916) 263-7800.

Nurse Assistant Certificate of Specialization

General Information:

The Nurse Assistant (NA) course prepares the student to provide services to those who need health care. The student will learn the role of the caregiver, the healthcare environment, healthcare safety; adult needs in health and illness and basic care giving skills. Upon successful completion of the Nurse Assistant course, the student is eligible to take the competency exam as a Certified Nursing Assistant by the Department of Health Services. Students with a misdemeanor and/or felony record may not receive certification or licensure from the State or County - clarification can be provided by the Nurse Assistant Coordinator.

Fees Information:

Students are responsible for enrollment fees, physical examinations, immunizations and/or vaccines, drug and alcohol screen and uniform attire. The estimated cost of fees, examinations, textbooks and uniforms for the program is approximately \$1,000.00. Financial Aid may be available.

Program Requirements:

- A physical examination completed by a physician of the student’s choice will be required after enrollment into the program, to demonstrate that the student meets the technical medical standards necessary to meet the course

objectives. Appropriate immunizations are also required and are performed at the student’s expense.

- As a condition of enrollment to any Allied Health Program with a clinical laboratory component, all students are required to submit to and pass a designated drug and alcohol screen. Background Screening/Drug/alcohol/ testing may be required at anytime during the semester.
- Student must submit fingerprints.
- Student will need to provide a social security card.
- Student will need to purchase the required uniforms, shoes and sweater or lab coat and equipment.
- Student will need to provide transportation to off-campus clinical education sites.

PHILOSOPHY

A major in philosophy has always been and continues to be one of the strongest traditional liberal arts majors in higher education. Some students major in Philosophy as a precursor to graduate work and academic careers, teaching and doing research in Philosophy and Education. Philosophy's emphasis on critical thinking, theories of knowledge, value and reality, truth, rational argument and proof make it an excellent pre-professional undergraduate major (e.g., for law, theology, medicine, business, computer science) or minor (e.g., for the natural, physical and social science and humanities majors).

Philosophy Associate in Arts Degree

Effective Fall 2009 all courses used for meeting the requirements for degrees must be completed with a grade of "C" or better.

All Four-Year Colleges and Universities

Before planning a study list, the community college student should consult a counselor and study the catalog of the senior institution to which he/she intends to transfer.

The introductory courses in Physics (Physics B2a-B2b or B4a-B4c) and Chemistry (Chemistry B1a-B1b, B2a) are designed to provide a foundation and understanding of the laws and principles of the physical world (matter and energy). These courses should be completed early in a student's academic program to insure greater success in subsequent courses.

POLITICAL SCIENCE

Political Science Associate in Arts Degree

Effective Fall 2009 all courses used for meeting the requirements for degrees must be completed with a grade of "C" or better.

The majors in Political Science are designed for students interested in gaining an understanding of the structure and functions of governments. The majors are an important part of the liberal arts program and prepare students for further study and careers in education, law, business, government, international relations and journalism.

The student should select the major emphasis, and courses according to his/her area of specialization as well as the requirements of the college to which he/she plans to transfer. The student should also consult his/her counselor and the appropriate four-year college catalogs in determining an appropriate minor, foreign language requirements, and other requirements.

PRIMARY CARE ASSOCIATE (Physician’s Assistant)

Stanford University Medical Center administers a program to train individuals who function in association with physicians in the maintenance and delivery of primary health care to medically underserved communities.

Upon completion of the prerequisite pre-clinical program at Bakersfield College or other accredited institutions, students admitted to the program have 15 months of clinical experience coordinated through Stanford University Medical Center. Students participate in didactic course work full-time for the first quarter (3 months) at Stanford Medical Center in Palo Alto, California. Then they complete an equivalent of five days of didactic instruction each month (12 months) thereafter. All clinical experience occurs in an office practice preceptorship. Contact Counseling Department for further information.

Prerequisites:

Minimum requirements for application and admission include:

1. United States citizen or permanent visa.
2. High School Diploma or equivalent.
3. A minimum of 18 months direct patient care experience.
4. Satisfactory completion of the following academic prerequisites or their equivalents.

General Education courses are required for the P.C.A. Program. It is recommended that an AA or AS degree at BC be completed prior to applying to the program.

The student must have a preceptor site established in order to complete the clinical experiences necessary for the program. Some assistance may be available in locating a preceptor.

Upon successful completion of the P.C.A. program. The graduate will sit for a certifying examination administered by the National Commission on Certification of Physician’s Assistants. Passing this examination allows the Physician’s Assistant to perform direct patient services under the supervision of primary care physicians certified by the California Board of Medical Quality Assurance.

Pre-Clinical Program Requirements

A minimum grade of “C” must be attained in each of these courses. Only work from a regionally accredited college can be accepted.

Algebra - Elementary. One year of high school math or MATH BA at Bakersfield College.

Chemistry - Introductory. One year of high school chemistry or equivalent.

Cultural Anthropology or Sociology: ANTH B2, SOCI B1 at Bakersfield College, or another acceptable course.

English Composition - Freshman level: ENGL B50 (formerly ENGL B1), ENGL B1a at Bakersfield College, or other acceptable course.

General Psychology - PSYC B1a at Bakersfield College or other acceptable course.

Microbiology with laboratory; BIOL B16 at Bakersfield College, or other acceptable course.

*American History and Institutions. See Graduation and General Education Section of this catalog.

*Computer Literacy - Two semester units. Must include experience at a terminal (COMS B2) at Bakersfield College, or other acceptable course.

*Ethnic Studies - A course that reflects the experience of an American ethnic group.

*Humanities - One course from List A and one course from List B. (A) Literature, Philosophy (not Logic), or Western Civilization. (B) Art Appreciation, Music Appreciation, or Theatre Arts Appreciation.

*Physical Education - Four quarter courses or three semester courses.

*Speech - Public Speaking or interpersonal communication: COMM B1 or COMM B2 at Bakersfield College, or other acceptable course.

*These courses are required if candidate does not possess an A.A., A.S. or higher academic degree.

PSYCHOLOGY

Psychology Associate in Arts Degree

Effective Fall 2009 all courses used for meeting the requirements for degrees must be completed with a grade of “C” or better.

The major in psychology provides a study of the behavior of individuals and groups. The four-year degree in this major prepares the student for positions in research and teaching,

counseling, and working in clinical settings.

RADIOLOGIC TECHNOLOGY

Radiologic Technology

Radiologic Technology is a health care profession whose practitioners work in hospitals, imaging centers, and private physicians’ offices. The radiologic technologist (radiographer) is a member of the health care team who works directly with the patient and the physician performing a wide variety of diagnostic x-ray procedures. The role of the graduate radiographer may be that of staff radiographer, special imaging radiographer, supervisor, administrator or educator, depending upon the level of education and experience obtained.

The Bakersfield College Associate in Science Degree Radiologic Technology Program provides concurrent didactic and clinical education. The program is 24 months in length (excluding prerequisite coursework) and begins each year in June.

Students should anticipate making a full time commitment to the program during the school year. Summer sessions are required and semester/terms may be scheduled beyond the regular college session dates. Clinical education sites include hospitals and imaging centers affiliated with the college. Current clinical education settings include sites in Bakersfield, California and Delano, California.

The program provides the theory, skill and experience necessary to apply for admission to the certification exam administered by the American Registry of Radiologic Technologists (ARRT); and for certification from the State of California, Department of Public Health, Radiologic Health Branch, as a Certified Radiologic Technologist (CRT). The student is also eligible to write the State Fluoroscopy Permit exam. Students must earn a minimum of “C” in all

radiography and related general education courses, have met the State mandated curriculum and clinical hours and have met all clinical education competencies to be recommended for these examinations/certifications.

For program information, brochure and enrollment application form, consult the following website at www2.bakersfieldcollege.edu/alliedhealth/

Radiologic Technology Program Mission and Goals

The mission of the Bakersfield College Radiologic Technology Program is to promote student success by providing quality instruction for graduates to competently practice radiography at the entry level.

The Program goals are; 1) Students will be clinically competent. 2) Students will critically think and problem solve. 3) Students will demonstrate effective communication skills. 4) Students will demonstrate professional growth and development. 5) The Program will graduate entry-level radiographers.

Radiologic Technology Program Prerequisite Requirements

All prerequisite coursework must be completed prior to the start of the program. When there are more applicants than space available, priority is provided to applicants with all prerequisite courses completed at the time of submitting an enrollment form and to students enrolled in the Kern Community College District.

Students are strongly encouraged to complete prerequisite courses prior to enrolling in general education courses. This will improve a student's opportunity to apply for program enrollment. The following prerequisite courses must be completed with a "C" grade or higher (except where otherwise noted):

1. BIOL B18 (Essentials of Anatomy and Physiology)
OR
BIOL B32 (Human Anatomy and Physiology I) **and**
BIOL B33 (Human Anatomy and Physiology II)
OR
equivalent course(s) at another accredited college.
Note: BIOL B14 (Human Anatomy) and BIOL B15 (Human Physiology) were previously taught at BC and they meet this requirement.
2. MATH BD (Intermediate Algebra) at BC
OR
equivalent course at another accredited college
A higher level college math course will be accepted in lieu of this algebra requirement. Note: MATH BD is the minimum requirement for math to earn the Associate Degree beginning in fall 2009.
3. MEDS B60 (Medical Terminology - 3 units) at BC or equivalent course at another accredited college.
4. Eligibility for ENGL B1a as demonstrated by qualifying scores on the BC assessment tests; or completion of

ENGL B50 (previously ENGL B1) at BC; or an equivalent course from another accredited college with a minimum grade of "C." If you qualify for this prerequisite through an assessment score, you must provide this score to the Program. Note: English B1A is the minimum requirement for English to earn the Associate Degree beginning in fall 2009.

5. Graduation from high school or an equivalent education (GED/CHSPE).

Enrollment Procedures and Filing Period

Enrollment forms and all required documents (transcripts) must be received by the Radiologic Technology Program Office during the enrollment month of February.

Enrollment Application Procedures

1. Complete required prerequisite courses (see above).
2. Obtain enrollment application forms from the Allied Health Department located in Room 178 of the Math-Science Building on the main campus; or by telephone at (661) 395-4284; or on the website at www2.bakersfieldcollege.edu/alliedhealth/.
3. Arrange for an official copy of your high school transcript to be mailed directly to the: Radiologic Technology Program, Bakersfield College, 1801 Panorama Drive, Bakersfield, California 93305. A copy of High School Equivalency GED or CHSPE is required if your high school transcript does not identify graduation. Note: You may also hand deliver this transcript providing the transcript is "official" and sealed.
4. If you are a Bakersfield College (BC) student with no other college courses other than BC courses: Provide the Program with an unofficial BC transcript from the college web site or an unofficial transcript from the Admissions and Records Office. If you plan to qualify for the English prerequisite through an assessment score, you must also provide this to the Program.
5. If you have taken courses from any other college other than Bakersfield College:
 - a. Apply for admission to Bakersfield College either in person or online at BakersfieldCollege.edu, click on Admissions and Records and follow the directions under "Enrolling".
 - b. Submit an official copy of your transcripts from your previous college to the Office of Admissions & Records and request an evaluation of your transcripts. This process requires the form "Request for Evaluation". You may obtain this form in the Office of Admissions & Records or on-line under Admissions & Records- "Other Forms." Note: This process can take up to 10-12 weeks. Once your transcripts have been evaluated and posted to your Bakersfield College transcript, the student must either print a copy of the Bakersfield College transcript from the website or request one from the Office of Admissions and Records. This evaluation must be completed and then submitted to the Program prior to the end of the Program enrollment filing period during the month of February. **It is the responsibility of the student to supply this information**

to the Program during the month of February prior to the end of the enrollment filing period.

6. Late application materials will not be considered for the current application period. Applicants are responsible for ensuring that their application is complete. The program is NOT responsible for late materials.
7. Students not enrolled and those on the Wait List must reapply annually during the enrollment month of February for each program cycle to keep their file active. If the student does not reapply, the student will be removed from the wait list.
8. If the Radiologic Technology Program has more applicants for enrollment than space available and the current Wait List will fill the next program class of students, priority is provided to residents of the Kern Community College District.

General Education Requirements

General education courses are required to graduate from the Bakersfield College Associate in Science Degree Radiologic Technology Program. It is suggested that most be completed prior to program enrollment. Refer to the BC General Education and Graduation Requirements in this catalog for more specific information and requirements for the college.

1. Student Development: It is recommended that students complete this component as they begin college coursework.
2. Computer Studies (3 units) - COMS B2 or COMS B5 or equivalent is *necessary* to meet radiologic technology program completion.
3. Behavioral Science - Psychology B1a recommended
4. Arts, Literature, Philosophy and Foreign Language-Humanities - Philosophy B12 recommended.
5. Health Education - Students that successfully complete the Radiologic Technology Program are waived from the Health Education requirement for graduation.
6. An individual who has previously received an associate degree or higher must meet and earn the Associate in Science Degree requirements for the Radiologic Technology Program to meet eligibility requirements for certification and licensure.

Health Requirements and Screenings

1. A physical examination will be required after the students receive notification of enrollment into the program to demonstrate that a student meets the technical standards necessary to meet the objectives of the program. A copy of the *Essential Technical Standards* required for Radiologic Technologists may be obtained in the Allied Health Division Office located in the Math-Science building, room 178 or on the program website at www2.bakersfieldcollege.edu/alliedhealth.
2. As a condition of enrollment to the Radiologic Technology Program, all students are required to submit to and pass a designated drug and alcohol screen.
3. As a condition of enrollment in any Allied Health Program with a clinical component, students are required to submit to and pass a designated background check. Every student

offered space in the program will be required to submit to a background screening (at the student's expense) as part of his or her clinical requirements for admission. Please note the following:

- A history of felony conviction(s) or any bar, exclusion or other ineligibility for federal program participation could render a student ineligible for clinical placement, as determined by the clinical agencies.
 - If a student cannot obtain background clearance from the clinical agencies, it will not be possible to place the student in the clinical areas, which is a required component of the program.
 - In the event that a student cannot obtain a background clearance, the space will be forfeited.
 - Students who are found to be ineligible for clinical placement by the clinical agency after admission to the radiography program shall be subject to dismissal from the program, as they will be unable to complete mandatory clinical rotations.
4. Immunizations/health tests are needed for acceptance in a clinical education center and to protect the health and welfare of the student and community. Immunizations may include, but not be limited to, rubella, varicella, and Hepatitis B. Tuberculosis screening is also required.
 5. The medical exams, drug/alcohol screens, background screen, immunizations and tests are performed at the expense of the student.
 6. The student must possess a current CPR (cardiopulmonary resuscitation) card by the American Health Association (Healthcare Provider card). This card must be provided at the start of the program and be kept valid during the entire 24-month program.

Program Supply Information

Students will be required to purchase uniforms, textbooks and selected equipment, provide transportation to off campus clinical education centers in Bakersfield, California and Delano, California and pay current college fees. Estimated costs for books, uniforms, fees and required equipment for the first year of the program are approximately \$1,000 to 1,200. Subsequent semesters usually require college enrollment and other fees, supplies, books and course syllabi. Expenses for the last semester of enrollment also include the program pin and application fees for national and state licensure/registration examinations (approximately \$350).

Licensure/Certification Eligibility

The American Registry of Radiologic Technologists (ARRT) requires review of any conviction, misdemeanor or felony, or a sanction by the Program regarding an academic honor code, or review of suspension or dismissal by a radiography program. This review may be conducted prior to or during the program. For more information contact the ARRT at: 1225 Northland Drive, Mendota Heights, MN 55120, (651) 687-0048, or www.rrt.org.

The State Department of Public Health, Radiologic Health Branch and the American Registry of Radiologic Technology

requires possession of either a Social Security number or Tax payer ID number to apply for licensure and/or registration.

Accreditation

Bakersfield College is accredited by the Western Association of Schools and Colleges. The Radiologic Technology Program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT), 20 N. Wacker Drive, Suite 2850, Chicago, Illinois 60606-3182, (312) 704-5300 or www.jrcert.org. The program is also approved by the State of California, Department of Public Health, Radiologic Health Branch, P.O. Box 997414, MS-7610, Sacramento, CA , 95899-7414, (916) 327-5106 or www.dhs.ca.gov/rhb.

WELD B1b	Introduction to the Welding Processes	1.5
WELD B53ab	Shielded Metal Arc Welding	3.0
WELD B74a	Introduction to GMAW & FCAW	1.5

Shielded Metal Arc Welding Certificate of Specialization*Total Units: 12*

Required Courses:

Course Number	Title	Units
WELD B1a &	Introduction to Oxygen Acetylene Welding and Cutting	1.5
WELD B1b &	Introduction to the Welding Processes	1.5
WELD B53ab &	Shielded Metal Arc Welding	3.0
WELD B54a &	Blueprint Reading for Welders and Machinists	3.0
WELD B54b	Template Development and Layout for the Welder	3.0

Welding Certificate of Achievement*Total Units: 25.5*

Required Courses:

Course Number	Title	Units
WELD B1a	Introduction to Oxygen Acetylene Welding and Cutting	1.5
WELD B1b	Introduction to the Welding Processes	1.5
WELD B53ab	Shielded Metal Arc Welding	3.0
WELD B55ab	Structural Plate Certification	3.0
WELD B55cd	ASME Pipe Certification	3.0
WELD B65ab	Welded Steel Structures	3.0
WELD B74a	Introduction to GMAW & FCAW	1.5
WELD B74b	Introduction to GTAW	1.5
MFGT B1a	Machine Tool Processes	1.5
WELD B54a	Blueprint Reading for Welders & Machinists	3.0
INDT B10 or Equivalent	Occupational Readiness	3.0

Industrial Technology, Welding Option Associate in Science Degree

Total Units: 37

INDR B10	Introduction to Industrial Drawing and Graphics	1.0
INDR B11	Introduction to Computer Aided Drafting and Design (CAD)	1.0
MFGT B50	Industrial Control Systems	3.0
INDT B271	Special Problems in Welding	2-3.0
INDT B10 or Equivalent	Occupational Readiness	3.0

WOODWORKING/CABINETMAKING

Woodworking/Cabinetmaking Certificate of Specialization

Total Units: 6

Select 6 units from the following courses:

Course Number	Title	Units
WOOD B1	Creative Woodworking	3.0
WOOD B2	Furniture and Cabinetmaking	3.0
WOOD B5	Intermediate Cabinetmaking	3.0

Cabinetmaking Certificate of Achievement

Total Units: 33

Required Courses:

Course Number	Title	Units
WOOD B1	Creative Woodworking	3.0
WOOD B2	Furniture and Cabinetmaking	3.0
CNST B1	Introduction to Construction	3.0
CNST B54a &	Cabinetmaking and Millwork	4.0
CNST B54b or	Cabinetmaking and Millwork	4.0
WOOD B5 &	Intermediate Cabinetmaking (3.0)	
WOOD B65a &	Advanced Cabinetmaking (3.0)	
WOOD B65b	Advanced Cabinetmaking (3.0)	
ENGL	Approved Course	4.0
MATH B50 or	Modern College Arithmetic & Pre-Algebra	4.0
Math Placement	Assessment Level 2 or Above	
INDR B10	Introduction to Industrial Drawing and Graphics	1.0

INDT B10 or Equivalent	Occupational Readiness	3.0
