ASTEP

What is African-American Success Through Excellence and Persistence (ASTEP)?

African-American Success Through Excellence and Persistence (ASTEP) is a program that integrates academics, support services and African-American culture. We seek to educate the whole student -- body, mind and spirit -- through an ethic of love. African and African-American histories and voices are deliberately and intentionally acknowledged and are woven into the learning experience, and this integration is seen as empowering to students and as foundational for their academic and personal success. Students are full participants in their learning and growth. ASTEP aims to develop students into leaders and role models in their college and larger community.
